We are in Leviticus chapter 22 today. Let's start verse 17 and let's read together let's read.

Leviticus 22: 17- 33

17 And the LORD spake unto Moses, saying,

18 Speak unto Aaron, and to his sons, and unto all the children of Israel, and say unto them, Whatsoever he be of the house of Israel, or of the strangers in Israel, that will offer his oblation for all his vows, and for all his freewill offerings, which they will offer unto the LORD for a burnt offering;

19 Ye shall offer at your own will a male without blemish, of the beeves, of the sheep, or of the goats.

20 But whatsoever hath a blemish, that shall ye not offer: for it shall not be acceptable for you.

21 And whosoever offereth a sacrifice of peace offerings unto the LORD to accomplish his vow, or a freewill offering in beeves or sheep, it shall be perfect to be accepted; there shall be no blemish therein.

22 Blind, or broken, or maimed, or having a wen, or scurvy, or scabbed, ye shall not offer these unto the LORD, nor make an offering by fire of them upon the altar unto the LORD.

23 Either a bullock or a lamb that hath any thing superfluous or lacking in his parts, that mayest thou offer for a freewill offering; but for a vow it shall not be accepted.

24 Ye shall not offer unto the LORD that which is bruised, or crushed, or broken, or cut; neither shall ye make any offering thereof in your land.

25 Neither from a stranger's hand shall ye offer the bread of your God of any of these; because their corruption is in them, and blemishes be in them: they shall not be accepted for you.

26 And the LORD spake unto Moses, saying,

27 When a bullock, or a sheep, or a goat, is brought forth, then it shall be seven days under the dam; and from the eighth day and thenceforth it shall be accepted for an offering made by fire unto the LORD.

28 And whether it be cow, or ewe, ye shall not kill it and her young both in one day.

29 And when ye will offer a sacrifice of thanksgiving unto the LORD, offer it at your own will.

30 On the same day it shall be eaten up; ye shall leave none of it until the morrow: I am the LORD.

31 Therefore shall ye keep my commandments, and do them: I am the LORD.

32 Neither shall ye profane my holy name; but I will be hallowed among the children of Israel: I am the LORD which hallow you,

33 That brought you out of the land of Egypt, to be your God: I am the LORD.

Amen!

Okay, I know, when we're talking about the Old Testament Scripture, it seems very outdated, very far away; it seems very disconnected. We're talking about the book of Leviticus or even of the time of Moses, you understand folks? We feel this too. God has led us to Texas and also to expand in Tennessee, and remember this happened after the 1/6 event.

We had seen it right before our eyes

Remember the 1/6 event and a million patriots were down in DC? A MILLION! You remember that folks? You remember seeing that ocean of people? Of course everybody was there exercising their right to assembly, exercising their right of expression, of free speech and redress of grievances. My goodness! We had WITNESSED an election stolen before our eyes the likes of which we had never seen because we didn't have this type of social media; we didn't have all these hidden cameras that could expose and videos that people could upload and show. You can have whistle blowers that just post stuff up, and we can get access to it. There's not the same level of control that they had in the 80s and the 90s when you had to get everything from the mainstream media. Amen!

So we had SEEN the vertical statistical jumps! Remember these humongous jumps in the middle of the night? The voting boxes were shut down, and all of a sudden you had these humongous jumps. Trump was winning in almost all these swing states the day before; we wake up the next morning, and now he lost. This was not in some kind of matrix or some kind of la-la land or something we were imagining or some video game. No, this was reality. We saw it with our own eyes; we experienced it. Everybody saw it.

There's no way Biden is the most popular president. Anyway, he's not even president; he's a usurper. He's not even popular; he can't even get fifteen dead people to show up at his events, let alone some living people that are not stoned or on drugs or something like that! I mean give me a break! Oh Lord, we're driving back here to PA; we fill up on gas. \$77 to fill up a jeep, \$77! Thank you Brandon! \$77 dollars to fill up the jeep! Are you kidding me? And then we're driving down the highway: they're going to rub it in calling it *the Biden Expressway*. Are you kidding me? And they even got to put *President* with it: *President Biden Expressway*. It's a total insult!

Anyway, we had seen this happening. We had seen the vertical statistical jumps; we had seen Trump winning the day before, and the next day he was losing. We have seen all the mail-in voter fraud; all

of a sudden they're counting hundred thousand, hundred and fifty thousand votes in the middle of night. You'll remember this: Trump had eleven million more voters that voted for him. The history of the presidency never had anybody with that much of an increase in his base AND HE LOST! NEVER! NEVER! NEVER! Never did it happen.

We had seen the black boxes. You saw the video from Philly; they had people pulling out black boxes, stuffing them in a voting machine. We had seen it with our own eyes. We SAW IT! They can't make you un-see that; we saw that!

It's like they had robbed a bank, and they said,

"No, we didn't rob any bank."

-"Well, I see you in the video."

"That's not me!"

-" I see you in the video! Look at the video; I see you in it!"

"That's not me! Your eyes are lying; you're living in a delusion land. You have some type of trauma or you're some kind of domestic terrorist; you're envisioning something that's not real."

These people were telling you to your face their constructive reality that they were trying to force on you AFTER they had been caught; they completely cheated, they completely stole the election! That's a big deal, folks; stealing an election is a big deal. Who is the king, and the Caesar of America or in Democracy? The king and the Caesar is not a person; the king and the Caesar is what? *We the People!* That's what Democracy means.

I love it when they say, *"Surrender unto Caesar what is Caesar's."* If you render under Caesar what it Caesar's you have to render unto Caesar -which is the American people - the rights of the American people. So if you are VIOLATING the Constitution as a public official, you are committing sin not only against people, but you are committing sin before GOD, because you're not rendering unto Caesar -which is the people - what is THEIRS. Are you with me, folks?

So, we had seen all that fraud; we had seen it right before our eyes, and we're not all delusional. 80 million plus people saw it; we saw it, we saw all the videos. Remember this? Remember how Fox News was throwing Trump under the bus, and everybody was jumping to Newsmax because they were actually trying to cover the news? Remember this? Fox was calling it already; they were calling it with the New York Times and LA Times, and all these other leftists. We had seen this happening before our eyes: an election stolen which is a big deal, because if you don't have the ballot box what do you have? They're supposed to be a representative government. You're supposed to be able to vote for your representatives; they're supposed to represent *You the People*.

If you don't have that you don't HAVE a country, you don't HAVE a Democracy anymore; you don't have a Republic, because the whole premise of the Republic or the Democracy IS representative government. Are you with me, folks? Those votes have to count.

So it's not like we were complaining about some small thing. This is fundamental. In Iraq when you're complaining about, *"Oh there's no proper and fair elections in Iraq because they're stealing the vote,"* okay we understand it to be a big problem. But, when it's done in America, it's not a big deal!!! We'll go in

and blow up cities to make that voting straight in Afghanistan, in Iraq, but if it happens in America it's okay. It's utter lunacy; it's total, total, craziness!

And of course there are the ones that said, *"Oh no, you people are the crazy ones. Trump is unhinged and Trump is deranged and he's against females and he's against the American people. He's against black people!"* I mean give me a break! He had the biggest SURGE in the black vote, he had the biggest surge in the Latino vote; he had the biggest surge in the Asian vote! But yet he's a white supremacist, he's a domestic terrorist, and now they want to prosecute him for January 6 incitement. All this kind of craziness!

So remember after all that lunacy people were outraged, because they just saw their country being stolen by major powers, tech giants, and big pharmaceuticals. Zuckerberg has been pouring hundreds of millions of dollars even in the PA local election. Remember this, folks? Facebook was putting hundreds of millions of dollars in to get their algorithms, to get their people and their Democrats pushed up to the front. We were seeing this on a DAILY basis, and people who were speaking out against it were getting censored immediately. We were seeing that; we were experiencing that! How many people have been banned from those social media platforms and/or have been given warnings? Okay, that's everybody.

We had seen all that happen. We're not making this up. This was not some bad dream; this was reality. But then they want to tell you, *"Of course no. All reality is quantum physics, and you know reality is not real; it's all illusions."* They're trying to tell you this because they're stealing reality; they're stealing EVERYTHING from the people!

Some mysterious people on 1/6

So the people gathered in DC; President Trump had a big rally there. All the patriots out there were singing; everybody was singing the National Anthem, everybody was seeing *God bless America*. It was a patriotic peaceful UNARMED event; UNARMED! Nobody had guns in that event. You can't walk up to a Trump rally in Washington, DC, which is 93% Democrat run, in that city on complete lockdown; you can't just walk up there with your CCW from Pennsylvania or Utah or Wisconsin! They're going to catch you and throw you in the bin. It was an unarmed peaceful assembly of people.

Now Revolver News, Tucker Carlson and all the top media, even neocons; even people on Fox News like Laura Ingraham who was throwing Trump under the bus right after the elections, but now even SHE's coming out saying, *"Wait, something's not right with this January 6th narrative."* We're now having video of Ray Epps, probably totally a Fed operative, in different videos saying, *"Hey, we've got to enter the Capitol! Do you hear me? We've got to enter the Capitol!"* Ray Epps was telling people this, and he's on film. Look it up; he's on films.

There are other mysterious people like the people on the towers or the people just CASUALLY cutting down fences in the middle of the field. How are you going to cut down fences in the middle of the Capitol square and that's not a federal crime? If any Trump supporters started cutting down fences in

the middle of DC, you don't think that person would be put in prison? How do you get these guys with the beanies on and the sunglasses walking up the fence, cutting it up and casually rolling it? Did you see these videos, folks?

(Showing Revolver News) There you go; there's Ray Epps right here! He's caught on multiple video footage of him saying, *"We've got to go IN the Capitol!"* He's clearly inciting people to try to break the law. Tucker Carlson has already exposed this; mainstream Fox News is now starting to hit this more.

Tucker Carlson & the Murdochs

Kook-Jin-hyung was saying, and it's probably true: remember Benjamin Franklin was in charge of the media; he was like a media king in his day. He was also part of the Hellfire Club which is a Satanist club and allegedly they do pedophilia there. So Benjamin Franklin probably was a pedo, so he was a bad evil wicked man. But again God even divides the wicked; he divided the wicked between Cain and Abel, and He used that media king power to actually help the Revolution. So even though he was a wicked evil man, he helped the Revolution.

So the point is: the Murdochs looked like they were going to throw Trump under the bus. They looked like they were going to fire Tucker Carlson as soon as he started talking about these kinds of things. He started playing Project Veritas videos of them catching people on the BLM organizations and the Antifa organizations, talking about wanting to blow up America, blow up buildings. He caught them on film folks; he had them on undercover film. He had them: major political leaders within those leftist political campaigns; he had them all on film. Remember James O'Keefe with Project Veritas? We met them a couple of years ago when he came to PA with Vince.

And Tucker was exposing that. Every time Project Veritas put something up, Tucker Carlson was playing it. Let's give it for Tucker Carlson, folks! God is using that man; God is using Tucker Carlson! *(Applause)* He used to look like an Ivy League prep boy with a bow tie on. You remember he used to have to bow tie? But it doesn't matter; he is a patriot. Of course they're trying to say, *"Well, he has ties to Hunter Biden. He has emails that would seem he was friendly with him."* He didn't commit any crime talking to people. He's a pundit; he's talking to every single person in politics. I'm sure he got emails with Nancy Pelosi. Does that mean he's in Nancy Pelosi's closet? Well, he'd probably like to go into her closet to see what kind of skeletons are there!

But you remember when Tucker Carlson was coming out with this stuff, when he was putting out the Project Veritas' videos and everybody was thinking, *"Oh my Gosh! This guy's going to be fired; he's talking way too much truth on Fox News. The Murdochs are going to get rid of this man."* Sean Hannity is a lot less subdued; he's not as hardcore as Tucker. But Tucker just kept on going up and up and up. And then some of the other anchors started incorporating some of the reports that he was doing, like Jesse Waters or Ingraham; they actually had a conscience, thank God, and they started saying, *"Hey, we got to cover this stuff. This is actual real news and this is important."* Then many of their stars started talking about it, and it looks like the Murdochs are not firing them as of yet.

Vertical split vs. horizontal split

So maybe, hey, we got to pray for the Murdochs too, because you need the billionaires; you need them all. You need the whole strata. You need a vertical friendship between all strides of society to stand up against communism; otherwise you can't win. You need to have the billionaires; you need to have the upper class, middle class and lower class all together- a **vertical** split.

The Marxists want to do a **horizontal** split; they want to split the lower class from the middle class and the middle class from the upper etc. They want to split us so we can't unify to see that they're the real predators. They exist in the upper class, they exist in the middle class; they exist in the lower class. The Communist Party people and political Satanism, they exist in every single social economic strata of society. So, THEY make a vertical alliance but they want to split us horizontally.

That was the difference between the French Revolution and the American Revolution.

The French Revolution split horizontally; it was the mass of people versus the upper class. You see, it was a horizontal split. So they got rid of the aristocracy, but what happened? They replaced it with themselves and they became tyrants; they were not able to stay in freedom or liberty, because you have to split it VERTICALLY. You have to have the billionaires.

Guess what? George Washington in terms of the monetary value of today probably had about two billion dollars; he was a billionaire. George Washington is kind of like a Trump figure. Remember he was more of a neocon. He was against the Boston Tea Party; he saw that as radical. He didn't want to be associated with the people who carried out the radical Boston Tea Party, while all the leftists at the time were saying, *"Terrorism! Terrorism! How dare you toss the tea? Terror! Terror!"*

George Washington was against it; he was against it. Fifty years later after he won the war, after the Revolutionary Period had finished, and after he stepped down from office, he admitted that the Boston Tea Party was the beginning of America. It was; that one act was the change in history. Of course there were many bubbles that were bubbling up in terms of the anxiety and the stress load and people being oppressed and being terrorized by British troops that were housed in their houses, quartered in their chambers whatever the case may be, and they had to endure this for decades at a time. It's not like it happened at 1773-4. No, it was happening twenty, thirty, forty years in advance. It was just a slow and steady continual ravaging of their constitutional rights or at the time just their *Magna Carta* rights, because they didn't have the Constitution yet, right after the Revolutionary Period.

George Washington was against that. He was kind of a neocon sitting on the fence, taking care of his political image, but then later on he admitted the Boston Tea Party was that tremendous shift; it was a shift. It was the people of America saying, *"We've had enough; these British soldiers will no longer be quartered in our houses. We've had ENOUGH! You can't tax the ammo, you can't tax the black powder; you can't go in and start taxing the tea. We're going to drink coffee!"* That was a good decision; I like tea but that was a nice decision.

On the 1/6 event

It was the same kind of thing that happened at the 1/6 event. You had patriots there, and EVERYBODY was so frustrated, because we had seen these federally chargeable criminal offenses happening in front of our eyes, and they were acting with impunity. They were acting like nothing had happened. They were acting like YOU were the crazy one; you were the person seeing this or envisioning this or hallucinating this.

NO! We saw the undercover cameras; we saw the actual black boxes coming out of the tables, stuffed with ballots, thousands and thousands of ballots. We saw the mail-in voter fraud. We saw thousands and tens of thousands of people and even scientists coming out and saying: "*There's no way to stop this.*" We saw people who made the actual counting systems coming out and saying, "*No, no! I can hijack this; all I need is a USB port and I can hijack this whole box.*" We had people and experts coming out saying this, but yet the mainstream media covered it up, "*nothing's happening, nothing to see; keep walking by.*" You remember this, folks? (Yes)

That's the reason why the patriots were gathered on 1/6, and for no other reason. We weren't there to have a picnic; we weren't there to listen to a concert or something like that. NO! We had just seen the country being stolen, and the next group of people that would probably be coming in was radically aligned with the Chinese Communist Party, one of the biggest terrorist organizations on the planet, one of the biggest human rights violators on the planet.

Atheists run, which means that they have no morals and no mercy; they'll do whatever they want to do for power. And that's of course how the Left behaves as well, don't they? And we see this MASSIVE surge of evil now coming in, and it's not like they even came in winning a fair contest. They LOST the contest and they CHEATED. And they're trying to say that we're the crazy people for NOTICING," *you noticed that we cheated, you noticed that we stole from the bank, you noticed that we stole your car; you notice that, so you're the criminal. You have us on tape coming in and robbing your house, but YOU are the bad one!*" Are you with me folks?

It has now come out that the Feds were trying to set up the patriots; the Feds were trying to lure people in. That's called entrapment, folks. That is a federal CRIME! You cannot do that to people who are not criminals. That is a federal crime! So they're BREAKING the law doing it! And now more and more as the media comes out, as all the social media and all the people are uploading videos, it shows that in the protest people were singing songs, people sang waving flags; people were singing *God bless America*.

And then you saw a few people like Ray Epps trying to lure people in, "*We got to go in; we got to break in.*" And then of course these people are not on the FBI wanted list; they're free. There are over 600 people in solitary confinement with no trial, no jury, like the Q- Shaman guy. Those people they're in solitary confinement, but yet the people who were on camera saying, "*Let's go into the Capitol; we'll break the law,*" they're running around scot-free! How is that happening, folks? Huh? Isn't that a mighty coincidence that they're walking free? So we had seen all this. The evidence is coming out and now what's happening?

Damning names after the 1/6 event

After the 1/6 event happened, I remember everybody driving out of Washington, DC, and the first thing we see on the news: Nancy Pelosi and Chuck Schumer coming out, *"They have DESECRATED our HOLY TEMPLE!"*

Remember Schumer who was big buddies with Epstein and Ghislaine Maxwell! Oh, I wonder why nothing came out about Schumer or Cuomo and all these people in the Ghislaine Maxwell case! I reposted on the Instagram page a post from Kookyeong in London, showing that after Ghislaine Maxwell case finished a whole bunch of Democrats and Republicans resigned. They all SIMULTANEOUSLY resigned on the same day all of a sudden; with no warning they all resigned! Could it be that maybe they were tied to Epstein Island and the raping of children? Huh? Uh-huh

So we had seen all this craziness and I remember we were leaving DC, everybody coming back in different ways, and our family we stopped at a restaurant to get Vietnamese Pho- you know the Foe rice noodles. Oh, the Queen is a fanatic about those. I can't take her traveling; she always desires Pho! So we're sitting there and they're playing CNN and everybody was on CNN. All the Dems, remember they stayed in the Capitol building; they stayed until the wee hours of the morning. You remember this? They were all there and they were all giving their comment, *"Oh, I almost died! Oh my goodness, this was an INSURRECTION! It was a DESECRATION of the HOLY TEMPLE of democracy!"* Temple would be a word that we'd use in a religious context, NOT for legislatures and elected officials; they are not priests. They are supposed to be what? Servants!

But it shows you how they see themselves, *"Oh, the holy temple of Democracy was DESECRATED and we must go after everybody who was at that event because this was DOMESTIC terrorism and white SUPREMACY!"* You remember, folks? This was not even the first DAY; it was literally an HOUR after and they already had constructed the narrative. Now they were ready to go; it was ready to roll out, *"Every Trump supporter, you are a domestic TERRORIST and a white SUPREMACIST!"* And there was no evidence of that other than you saw the Democrats steal the election. Are you with me, folks?

So the whole thing was about *"oh they're domestic terrorists. These people who voted for Trump, these people who stood up for religious liberty and just protesting by singing songs are DOMESTIC TERRORISTS!"* That language is used for Al-Qaeda and the Taliban, folks; we BOMB and blow them up, and that was now being put on the normal person: the school teacher, the gas guy, the trucker, the small business owner. You name it. Now everybody's a domestic terrorist and a white supremacist. They say *I am a white supremacist*. Brother Brock who's a black man, they call him a white supremacist; he's a BLACK MAN and they call him a white supremacist! Are you kidding me, folks? This kind of craziness!

But you saw that narrative being rolled out and everybody was DAMNED; why? What are these kinds of labels? These are DAMNING labels. This means we should use the full force of the government apparatus to KILL these people; that's what it means. I mean if you're a terrorist what do we do? We go in and kill you; that's what we do, right?

Have you ever seen this kind of reckless language thrown around like this? You've probably never seen anything like this; WICKED, DANGEROUS language that was being thrown out! And of course

it seems reckless, it obviously appears reckless, but it's not. It's STRATEGIC, and its purpose is to isolate, to stratify, to galvanize, to demonize; to OSTRACIZE is what they're doing. And of course to make it part of the culture to say: *"These people are domestic terrorists. It is okay for us to SWAT team them and kill them and throw them into dungeons in solitary confinement with NO DUE process! It is okay because they are in a Trump cult or they are domestic terrorists or they are WHITE supremacists."* You understand the message there, folks?

So we had seen that NARRATIVE roll out immediately, IMMEDIATELY, on the same day as the 1/6 event. I remember, oh my Gosh! Nancy Pelosi up there, and Chuck Schumer and all these wicked political satanists up there, all of them spitting out the devil's words; all of them trying to condemn good righteous people, all of them trying to bring in the blood blanket of political satanism, communism, socialism! Because these are the same people that brought the Leviathan waterfalls of blood genocide of 200 plus million in the last century alone, and they're trying to BRING this in! They're trying to bring that Leviathan in and they're succeeding, and they call all people who politically disagree with them these types of incredible DAMNING names.

Neocons & Republicans

And then what happened with the cowardly neocons and Republicans? They didn't come out and say, *"Wait a minute! You people stole the election! Wait a minute! You people are the ones. We SAW the vertical statistical jumps, we SAW the mail-in voting fraud; we saw the videos of your staff members saying 'we're going to steal the election,' saying, 'we're going to do the voter fraud.' We have you on video!"*

They didn't come out, they didn't come out for the American people; they didn't come out and try to stand up for their own people. They're supposed to be Republicans. At least the Democrats protect their own. But the Republicans were throwing their own patriots under the bus! Remember this?

I don't remember ONE senator coming up saying, *"Wait a minute! Stop saying all this crazy stuff! YOU people are the ones who stole it; YOU people are the ones who caused an incredible criminal enterprise to take over our country!"* Not one of them! I think Senator Ted Cruz was probably one of the rare ones there. But remember on the day that this happened, they were rolling out that narrative, *"All the Trump supporters are white supremacists and domestic terrorists."* Where were all the Republicans that say they represent us, that say they would go to bad for us, that say they would protect us from the wickedness of DC?

No, they were all sitting there with white knuckles, terrified, *"I dare not be associated with this, my Gosh!"* Cowardly! And we saw it happen, them throwing their own constituents who voted for them under the bus, COVERING up for MASSIVE criminal activity, voter fraud and the stealing of an election, covering up completely; not doing the audits. Where were the Republicans?

Now that was January 6th, January 7th, the Democrats, the political satanists, they had come out and they had completely dominated the narrative. They're the people by the way who are completely representing Satan; that's why Father always called them political satanists. Because obviously they're not angels; they're demon-possessed people. They want to kill babies, they want to WRECK your

family, they want to wreck your marriage; they want to impose sexual deviancy on every person including children. They want to mask and muzzle your children; they want to give them unproven chemical formulas being jabbed into their body nine to twelve times a year!

Folks, let me tell you something: if you don't have sovereignty or autonomy over your body, you have nothing; you have no rights. What is the definition of a slave? A slave does not have bodily autonomy; he has no rights over his body. Do you understand? People cannot just inject you with stuff and people cannot just come up and penetrate you with some chemical concoction without your consent! You understand? By the way God gave you these rights, and your body is supposed to be the temple of God and the dwelling place of His Holy Spirit. So if you have no rights over this sovereignty, you have no sovereignty. You have no property rights, you have no free speech rights; you have nothing. People are saying, *"Oh what's the big deal? It's like you're just getting a job. Just slow the curve and try to help people; stop being so selfish!"*

Drs. Robert Malone & Mike Yeadon

I told you a million times Dr. Robert Malone the actual inventor of the mRNA vax, he is out in public saying, *"Do not take this!"* Dr. Malone, literally the top vaccinologist on the planet; he is the inventor of the mRNA and he's saying, *"No, especially for children; do not give it to your children!"* and he explains why.

Dr. Mike Yeadon, he was the chief scientific advisor for PFIZER. Hello! He was the chief scientific advisor for Pfizer. Let's see what these doctors say.

Wouldn't it be important to hear what the doctors say, especially the inventor? You know if you want to fix your jeep, it may help to go to a jeep dealership who knows how it's made. Are you with me, folks? If you want to fix that Samsung TV it may be good to be able to go to a Samsung outlet and ask them, *"What is the problem with my Samsung TV?"*

But you're told by all of them, Pfizer, Moderna, Johnson & Johnson, that if you listen to the inventor of the mRNA vaccine, you are a conspiracy theorist. If you listen to the person who made your Jeep on how to fix your Jeep you are a conspiracy theorist. Hello! Folks, if you drive a Ford Explorer and you went to the Ford dealership to ask them what the problem is with my Ford Explorer, you are a conspiracy theorist because you're not supposed to listen to the inventors or people who know about the mechanics of these things! You should listen to non-doctors like Bill Gates or mainstream media people who have NO medical training, NO vaccinology training, NO PhDs, NO double PhDs! No, you should just listen to pundits who are on CBS, MSNBC funded by the Gates Foundation!

Let's see what the INVENTOR of the mRNA vaccine says.

Dr Malone (Video) Inventor of mRNA vaccines:

"The first is that a viral gene will be injected into your parent cells. This gene forces your child's body to make toxic spike proteins. These proteins often cause permanent damage in children's critical organs. These organs include their brain and nervous system, their heart and blood vessels -where blood clots can be created- their reproductive system, and most importantly this vaccine can trigger fundamental changes to their immune system. The most alarming point about this is that once these damages have occurred, they are irreparable;

they cannot be reversed. You can't fix the lesions within their brains, you cannot repair heart tissue scarring; you cannot repair a genetically reset immune system."

Dr. Mike Yeadon Former Pfizer chief scientific advisor:

"Medicines' regulators have said, "Because they're quite similar to the original vaccines, we won't be asking them to do any clinical safety studies on the ones that are being given now." So let me just say again: the variants are not different enough to represent a threat to you; you do not need to top up vaccines. Yet they are being made, and the regulators have more or less waived them through. I'm very frightened of that. There's no possible benign interpretation of this. I believe that they're going to be used to damage your health and possibly kill you; seriously!

I can see no sensible interpretation other than a serious attempt at mass depopulation. This will provide the tools to do it, and plausible deniability because they'll create another story about some sort of biological threat and you'll line up and get your top-up vaccines in a few months or a year or so. Later you'll die of some peculiar explicable syndrome and they won't be able to associate it with the top-up vaccines.

That's my belief that they're lying to you about variants, so they can make damaging top-up vaccines that you don't need at all, and I think they'll be used for malign purposes. And if you don't wake up that's what's going to happen, I think, during next year."

Folks, that was the top vaccinologist in the world: **Dr. Robert Malone**. He is the inventor of the mRNA vaccine; he's the inventor, he's the creator. Dr. Mike Yeadon is not some British buffoon. The guy was the chief scientific advisor for PFIZER Corporation which is rolling out the main vaccine with Moderna and Johnson & Johnson.

Dr. Malone was on Steve Bannon's War Room the other day. You can look it up at *Steve Bannon War Room Dr. Robert Malone*. These are top scientists, real scientists; not your ridiculous news anchors who have no medical or vaccinology training whatsoever. These are top scientists in the WORLD saying that the damage will be irreversible.

But I am a conspiracy theorist! The Moonies are a cult that's telling you conspiracy theories because I show you the actual videos of the top vaccinologists and scientists! If you've seen this man talking to Steve Bannon on his own show, you're a conspiracy theorist. Dr. Malone, who's developed almost every vaccine that we have with various teams throughout his career, is not anti-vax. He's pro-vax; he's been making vaccines his entire life! They call Dr. Malone an anti-vaxxer because he's warning people about the deleterious irreversible effects that the mRNA vaccine will have on your reproductive system, on your health, on your cell replication system, the non-homologous and joining system of your immune system; you name it folks. And all the most modern studies coming out of different universities in Europe now are confirming that.

And you saw **Dr. Yeadon** right there. He said this is a massive DEPOPULATION strategy. You all heard that. That's not Pastor Moon saying that. It was Dr. Yeadon who believes there is no benign REASON for which this is being forced upon, HOISTED upon the entire world's population, breaking all medical protocol; no benign reason for it.

But *"If you don't get your vax, you are the reason why everybody's dying,"* even though statistics show that 90% of the people hospitalized for Covid are vaxxed; even though the statistics show that in New York City over 50% of people hospitalized and dying of Covid are vaxxed.

You were promised that if you get faxed you will be immune, because that's usually how vaccine's supposed to work. You were told to just help slow the curve two weeks, *"Oh, you just listen to your pundits; you be a good little boy. You listen to your government school teachers; listen to them. They don't have any private interests; they don't have any unions behind them holding millions and billions of dollars. No, no, no, no, children don't look at that! No, no, just listen to your Ms Sally and listen to Ms Elliott. Be good little children; wear your mask!"*

Children are passing out and falling over because they have an oxygen deprivation: *"it doesn't matter; don't be complaining. We're going to call all the vaxxed children up to the front. Let's give them all applause because they were vaccinated, they're helping save lives, and all of you unvaccinated children, come out here to the front. Oh you haven't been vaccinated! Now let's hope all of you, children who are unvaccinated, you get vaccinated."* They are now shaming children in public schools folks, government schools.

Department of Education brainwashing

See this is why in the Kingdom of God Constitution the Department of Education is illegal, because every, EVERY country that historically has tried to create a centralized department of education has ended up doing BRAINWASHING on the people. By the way at the time of the Pilgrim Fathers when they had almost no big government at all, they had like a 90% literacy rate. All they had were Bible schools, and all they had were provincial and rural places of study and little public libraries, but the literacy was over 90%. You can't find a 90% literacy rate in almost any city in America now. In some cities it's below 30% literacy rate, while the government funds like \$10,000 plus per child, and yet they don't know how to read.

But you see *"if America went back to Bible schools, we would all be oppressed; we would be unscientific!"* The literacy rate was higher under Bible schools; people learned ethics and learned how to sacrifice for their country and for larger causes and purposes. They didn't become hedonistic, depraved, degenerate sexual addicts to pornography and licentiousness by the time they were 12 years old! You understand, folks?

Because if you have people that mentally ill, and they can't even tell which GENDER they are! Oh my Gosh! Oh my Lord! What has happened to our country folks? Seriously, what has happened to our country? 72 genders? What? 80 genders?

"Male and female are different according to biology."

-"Oh well, there's a difference between gender and gender IDENTITY."

"Really? So all your chromosomes are wrong; your DNA is wrong? They don't understand your gender IDENTITY? Oh, I see; I see. Ah, yes, yes!"

The fact is that of the people who go under hormone therapy for gender reassignment, the vast majority REGRET it, especially if they did it when they were minors. You know children change their mind on a minute-by-minute basis, folks: one minute they're Superman, one minute they're

Spiderman, one minute they're Batman; one minute they're Wonder Woman. You understand? That's how children behave. That doesn't mean they're really Spiderman or really Superman or really Batman, even though they think it is their IDENTITY at the time. Hello! We have DESCENDED into ludicrously.

And of course how can a nation sustain itself without a population of warriors and righteous ethical people that know how to sacrifice for something greater than themselves, and don't live for PLEASURE and hedonism and sexual LUST and every manner of degenerate perversion? How can a nation sustain itself without that type of ethics, if everybody is degenerate, if everybody is a hedonist; if everybody's purpose in life is to "*pleasure me,*" claiming, "*this is all we have anyway. We know evolution and there's no real meaning to the cosmic dust that we're on, so we just got to enjoy life and seek happiness for today!*" Even though it's at the MASSIVE EXPENSE of society; even if it's at the expense of losing ALL liberty! No, no, you must seek your happiness and your pleasure TODAY, because you've become a narcissist, you've become a hedonist; you've become a self-absorbed degenerate Leviathan. That's what the brainwashed kids have become.

We have a sin problem

But no, no, in church you're not supposed to talk about this! No, no, no, no! And near Christmas day, how dare you? What do you think the reason was for Jesus to come, or the reason Christ had to go on the cross? To pay for the sins of the world! We have a sin problem, folks, and it's BAD! It's getting worse and worse in America; it's getting real bad.

What do you think the hope for Christmas and for the season is all about? Well it's about grace; it's about a SINFUL world: "*For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.*" (John 3:16) That's what it's all about, folks! (Applause)

So, what does that acknowledge? That acknowledges that this world is sinful and filthy; it's degenerate, it's wicked, it's satanic. The Bible said that the world is under the domain of the prince of the world, Satan who comes to do what? Kill, steal and destroy.

He comes to kill. What is he doing to America? He's killing it.

He comes to steal. What is he doing to your children and grandchildren? He's STEALING their inheritance.

What is he doing to America? He's DESTROYING it.

And he's not just some metaphysical little Shadowy Man, or like in Tom Cruise's movie that big red man with the big black horns. The Bible depicts Satan, Lucifer, the archangel, as beautiful and filled with light; Lucifer means the "*bearer of light.*" He does not look so obvious, like a giant bodybuilder with red paint on and black horns; even a two-year-old CHILD would recognize that's bad and run from it. No! The devil is like Bill Clinton or Obama or Nancy Pelosi. They dress up in Versace, or AOC who dressed up in an \$18,000 dress talking about "*tax the rich,*" at a rich persons' event.

But you see they don't care about those principles, they don't actually believe in "*tax the rich*"; they don't believe in it. Those are all RICH people there, all BILLIONAIRES there, all multi-millionaires there, who made their money in free markets and capitalism in a free country, but yet they will go and parade themselves around, "*Oh I'm so cute in this Versace dress!*" They're not interested in the principles of "*we want to serve the poor, or, we want to help the poor.*" They DON'T CARE about the poor! Does Nancy Pelosi care about the poor? Her city is falling apart; people are excreting feces on the street and we have hundreds of thousands of video evidence of that. She doesn't care about poor people; she couldn't care less about poor people.

No, they care about the APPEARANCE of virtue, you see; they don't care about real virtue. They don't care about all the hard work that goes into actually serving and helping a community. They don't care about ANY of that. They just care about the appearance of virtue! This is all about appearance; it's about creating the illusion that they are good and virtuous people in Hollywood and the political class. And because they're good and virtuous: well, we should bow down to them. Just look at what the Catholic Church pope is doing. He's saying all the Catholics now have to get vaccinated; all his priests and the people in the Vatican offices have to be vaxxed. It's all about appearance of holiness.

That's why the Bible refers to the body of Christ or Christians in general as what? The stones of living flesh; we are the ones that create and construct the temple of the *ecclesia* which is the church. It is not these separated elite priests. No, God wants to make all of us His children, God's children, sons and daughters, to be what? To be kings and priests, queens and evangelists! Incredible!

But yet if you show scientists and if you present evidence like this, you are the one that's crazy! You all have heard me talk about Dr. Malone so many times, so I got to show you the video, but now he's banned from most networks. He is the top expert in vaccinology and he's saying, "*It's dangerous!*" So, whom would you rather trust: Brian Stelter and Chris Cuomo? Or would you rather trust one of the top vaccinologists on the PLANET who actually made the mRNA gene therapy? It's unbelievable, folks!

I can't give you *hopium*

The reality of the matter is that America does not have a lot of time. I understand that everyone wants to come to service and get a little bit of hope, and I'm telling you there's always hope with God, but I can't give you *hopium*. I'm not a drug dealer; I can't give you *hopium*. Are you with me folks? As a pastor I can only give what the Word says and the promises that God gives, but not the *hopium* of the world. The *hopium* wants me to come here and say, "*Okay, we have all these problems, but you know what? Trump is setting them up.*" Trump is coming out saying he supports the vaccine; everybody should get the jab. He's got the booster and the double boosters, he and Bill O'Reilly. Did you see that, folks? Did I show you that clip with Bill O'Reilly and Trump on the stage?

"Mr. President did you get your vax?"

"Yup, I got the booster."

Why is he pushing this? The top scientists are warning him saying, "*President Trump, what are you doing? This is going to kill potentially millions of people across the world. You talk about protecting the children and protecting the borders. This could potentially kill millions, wreck millions and millions of children's immune systems.*" You heard it for yourself: Dr. Malone said, "*You're going to have irrevocable scar tissues on your brain and scar tissue lesions on your heart.*" This is not Pastor Moon telling you this; you heard it for yourself coming out of the top vaccinologist. It's going to be irreversible, folks, and of course you die of some other problem. About 150 plus FIFA Pro-soccer athletes in Europe have collapsed on the field and died. They're the healthiest people in society by the way; they can run marathons and run on the soccer field for an hour or two hours straight. They have the most healthy hearts, but the people with these healthy hearts at an abnormally, ABNORMALLY high rate are collapsing and DYING on the field! Professional athletes, the healthiest people in the society, collapsing and dying by myocarditis, swelling of the heart, lesions in the heart!

"But it may just be a fluke!"

It just so happens that all these people are dying on the field after they've been forced by their different sports authorities to get the vaccines, and all of a sudden they're dying on the field in front of people; everybody's seeing them die. But no, you can't talk about that because it only started to happen four or five months ago; it didn't happen before. How come they weren't collapsing and dying on the FIFA field, on the soccer fields four or five months ago? Well, it just so happened that coincidentally the Johnson & Johnson, the Pfizer and the Moderna vaccine mandates came about just about four or five months ago. But there's ABSOLUTELY, no absolutely no connection to that! Okay, folks? No, no, no, don't listen to what the Moonie pastor is telling you; he's trying to brainwash you. I'm trying to brainwash you folks, trying to use my magical powers to brainwash you to not get a potentially deadly IRREVERSIBLE chemical concoction wrecking your God-given body.

Why? Because if the political Satanists can take the sovereignty of your body, folks, you have absolute nothing; you are owned by the state. You have ABSOLUTELY no rights. Legally you are a slave of the state; you have no autonomous rights. That's kind of a big deal! It's like the whole worst nightmare!

Oh boy, look at Australia, look at Germany! The police in Germany folks, they're acting like Nazis. I'm sorry they're Nazis. The police in Germany right now, they are behaving like Nazis! Just like New York City groups of the NYPD are acting like Nazis: they're kicking black women out of restaurants. They're segregating black women because they're unvaccinated, arresting them because they didn't show their papers. That's what Nazis do, folks.

That's why in the Kingdom Constitution, centralized law enforcement and centralized military is illegal. The law enforcement and military has to be what? It's the sheriff's model; it's the militia model. It's where CITIZENS are the protectors of their families, neighborhoods and country; not an elite state-trained organization. Why? Because it always devolves, always! Historically look at it: in every country that does it, it devolves and it becomes a weaponizable organization for tyrants.

The Flaming Sword

That's why in the Garden of Eden, if Adam and Eve had not fallen, they would have had the power of the Flaming Sword to keep the evil out. They sided with Satan, they sided with the first pedophile, they sided with the sexual deviants, they sided with the evil; so they were kicked out, and now that sword is against THEM. And that's why in the millennium Kingdom, Christ rules with the Rod of Iron and His people rule with the Rod of Iron as Revelation 2: 27 says, "*As I myself have received authority from my Father.*"

In God's Kingdom, Adam and Eve God's children the citizens of the Kingdom inherit the Flaming Sword. Why? Because WE are the protectors; it's not some specialized elite group of state-trained people. No, it's people who first have allegiance to GOD, and not to organizations. The problem with the state is that the allegiance must be to the state which is not God. Are you with me, folks?

Because when you die and you believe in God and you've been saved by the blood, you are not going to be accountable to your government or to some organization on the earth; when we die we are going to be held accountable to whom? To the Lord, to God Almighty! We are not held to account by the powers of this world; we are held to account by the Creator of all things, the benevolent magnanimous magnificent Creator.

That's why the fundamentals of conservatism which is tied to Christianity are: learning to sacrifice. God's commandment of "*Love God, love your neighbor,*" what does that mean? It means: sacrifice your desires, put God first and love your neighbor.

"But God, I don't like my neighbor! He's got an ugly dog; it's always barking and it pees on my yard!"
-"So what? Love your neighbor! Convert them!"

Negative rights vs. positive rights

This is the difference in philosophy between negative rights and positive rights. We talked about negative rights versus positive rights; not negative as bad and positive as good. No, *negative* meaning you don't have to FORCE somebody to do something for you to have that right. That's called a 'negative right,' like the right of self-defense. No person has to be forced; the state doesn't have to use force or to take anybody's labor to give me the right of self-defense. I have it; nobody else is impinged, but I have it already. Are you with me, folks? There's no positive action that must be taken for me to have that right. Do you understand 'negative' in this context?

A positive right is what? The positive right is what the Left always pushes: "*I AM ENTITLED to health care! YOU must pay for it!*" See? A positive action must be forced on other people in order for you to have that right; that's called entitlement. You see the difference in philosophy? The Left is about positive rights; positing, forcing you to take actions so that they can get their entitlements. Whereas conservatism is based on Christianity; it's based on "*love God, love your neighbor.*" You don't have the right to positively force somebody to give you something.

In fact YOU yourself are commanded by God; YOU are called to be benevolent towards another person. Your neighbor may make you real angry and you don't want to see him and his yard is a mess and his dog is barking all the time; all those kinds of things may be true, but because of that you can't say, *"My neighbor should have no right to defend himself."* That would be evil. You have to subjugate your own desire and feelings of safety, *"Well, I would feel safer if he didn't have a gun."*

Those are your subjective feelings. The right for him to defend himself and his family is a right given to him by God. So which one is higher: the right that God gave to mankind or your feelings?

Some people have guns and you may personally feel, *"man that person shouldn't have a gun,"* but the proper way to go about it is not, *"that person would be dangerous with a gun so the state should go and take it."* That's not the proper way. The proper way would be: *"Let's train him, let's train him! Let's empower him so he operates it more safely and exercises his rights more safely. We can't force him to do it but let's talk to him; let's have coffee with him. Let's just meet with him; let's invite him to a barbecue."* You understand what I'm saying, folks? It's calling the person to sacrifice; sacrifice your own subjective feelings and remember the larger picture of God-given rights and protect those things. Do you see that, folks? That's a big difference; big difference.

We have to get back to God!

As America becomes less centered on God, now you know why we start going towards POSITIVE rights instead of negative rights. As WE forget God and His Commandments and how He's been so good to us, we start forgetting how to be good to other people, we start getting on the government dole, we start just wanting to live for this lifetime and this *"pleasure now; MAXIMIZE my enjoyment in life,"* and we won't even think about fighting for our children, fighting to protect this country from wolves that are coming to destroy our grandchildren. We won't even think about it. We're too busy on the couch watching TV or Jeopardy every night. We have a little routine; meanwhile our enemies are taking over. That's how a country dies, folks.

So I REBUKE that SPIRIT in the name of Jesus; in the time of this season of Christmas I rebuke that spirit because that spirit cannot capture America, it cannot capture the body of Christ; it cannot capture our hearts. But we have to be aware that the spirit of Satan is trying to POISON America and Americans with that evil wicked selfish hedonistic depraved heart.

And if we don't return to the love of God and grace, if we don't return to believing and trusting in our Father and to being strengthened and empowered by Him to become kings and priests, queens and evangelists, to become people that are on fire for Him, this country has no hope, folks. See, in the end it's the Word of God, it's God's Holy Spirit; **it's our relationship with God that's the hope.** I can't give you *hopium* with President Trump or any politicians; that's *hopium*.

In the end we got to get back to God. Amen! **We got to get back to God!** (Applause)

Pastor Sean's Prayer

Father God, we thank You for this day. We give You the praise, glory and honor today. We thank You that You have Your hedge of protection upon Your people; the people that are gathering every week and every day praying in Your name to protect America. You are organizing the real patriots that are standing together, being brought together by Your Holy Spirit in a decentralized fashion. You are bringing the pieces together so that America CAN be the light on the hill, it CAN fulfill its portion responsibility and it CAN continue to protect freedom and liberty worldwide.

But dear God, our EYES are telling us a different thing! What we see and what is real and happening all around us is telling us the opposite. It's telling us, *"Be hopeless!"* It's telling us, *"There is no hope. Have despair! All these politicians are lying to you. All these politicians are part of the apparatus; there will never be hope!"* And in some way that is true. But our faith should not rest in these political leaders. Instead it should rest in our relationship that we have with You. And if America could get back to that FUNDAMENTAL relationship, that fundamental commitment and covenant that we will be truthful and that will be faithful to You and Your ethics and Your virtue and Your righteousness and Your purity and Your love, dear God, we could turn this around in a matter of years.

But of course there are so many hardened hearts; there are so many that are living in total and utter despair. Dear God we ask right now for the hearts of those who think that it is hopeless and think that only darkness is in front of them; we pray Your Holy Spirit upon them right now. We pray that You would penetrate that hardened heart. Just like Your Word cuts through and reaches the bone marrow, we pray that Your Word, that Your light of truth would enter into their life right now, and transform their heart. It wouldn't give them the *hopium*, it wouldn't give them a false hope, but it would give them a STRONG hope, knowing that in the end You win, in the end Your Kingdom comes.

And yes there is tribulation, and yes there are martyrs along the way, and we don't know what You have in store for us or for all the patriots. But we pray that we can transcend that anxiety and fear and that chaos, that DANGER that lurks in the darkness ahead; that we can transform it with Your Spirit, with Your power, Your love and the sound mind that You blessed upon us, as Timothy says.

Dear God, we ask that all the body of Christ WAKE UP at this time!

*that they be brave and filled with audaciousness for the Gospel,

*that they be filled with the Holy Spirit,

*that they not bend their knees in cowardice and in fear to the establishment or to the narrative or to the political Satanists that rule above them, but

*that they would be brave,

*that they would not seek fame and fortune and big congregations or this or that, but

*that they would do the right thing at the right time!

So they can stop this worldwide potential genocide, this worldwide potential TYRANNY that is unfolding before our eyes.

And dear God, we need to have courage at this time. As You said in Joshua, *"Be strong and of good courage!"* We need to have courage. As Americans we need to have the courage of Joshua, of Abraham, of the Founding Fathers, of JESUS; we need to have that courageous love at this most critical time. The entire world is praying for this country to NOT FALL, because if it does, THEIR countries will be under utter despotism. The entire world is praying for US to succeed. The ENTIRE world from Australia to France to Europe to Sweden to Japan to Korea to Africa, they're all praying that America DOES NOT FALL, because they know China and the dragon is waiting, Russia and the evil parties are waiting. Right now there are floods of prayers, millions and millions of prayers rising up to Heaven like a sweet aroma for Your glory and for Your enjoyment.

But all those prayers are for us Americans to be brave in this hour, to not fear death, to not fear the THREATS of the wicked ones, but to realize that our Founding Fathers who were just normal men also stood in a time such as this.

Give us Your strength dear God!

Clothe us with Your armor!

Place upon us *"the helmet of salvation, the belt of truth, the breastplate of righteousness, the shield of faith, the sword of the spirit, the feet shod with the preparation of the Gospel of peace."*

Clothe us in Your mighty armor and

Let us realize that we are the last line for this world.

Let us have FAITH as true warriors for Christ, as true soldiers in Your army as Paul referred to the believers as.

Let us be prepared both externally and internally for that COMMITMENT to You, and for the greater cause, the epic quest, the heroic call to be Your son and daughter, and to protect Your children and the world

Father God, we are so grateful for all the things that You are doing! We are grateful for all the families that are celebrating Christmas and the New Year now, and we know that You are working in the hearts and minds of men. We pray that those brush fires will be set this year, that's the fire of liberty shall not perish but BURN even more brightly in our hearts, in our minds and in our spirit and soul.

We give You the praise, the glory and the honor. We thank You for this day and for all those who are assembled in this Sanctuary.

We pray in Your precious name with all the kingships that are gathered here. Amen! Amen, and Aju! All right, folks, let's all rise up and give Him the glory! Amen! Praise God!
