What Can't Be Learned at the University!

But seek first the kingdom of God and his righteousness, and all these things will be added to you. Matthew 6:33

If you sincerely give yourself and truly manifest the love of God, the world and God will return it to you many times fold. SMM, The Way of God's Will

Hello,

Assistant Pastor Kyle Toffey gave the announcements including one for the [Building Fund for an Outdoor Playground for Sanctuary children](#).

George Kise gave an impassioned prayer that we can "take back what has been stolen by Satan" in order to rebuild our nation and establish God's Kingdom. Dorit Smith gave testimony about several Matching/Blessing workshops held this past month.

In his sermon broadcast from Tennessee, Hyung Jin Nim discussed how we are in a pioneering stage like True Father did in the Pantanal wetlands in Brazil starting in the late 1990s.

Building the new Chung Pyung has been like pioneering a wilderness. It is truly beautiful. For instance, the stunning Lake Cherokee. When the volunteers cut the vines hanging from the trees, and tried to pull them down, the vines were so strong they could swing back and forth like Tarzan. Through the efforts of the volunteers, a "jungle" is developing into a beautiful garden and kingdom.

The water system and septic systems have been created, but still not hooked into a water source. It makes you grateful for running water and plumbing, things we often take for granted.

Then he shared about his experience as a child when True Father took him and his brothers to the Pantanal jungle in Brazil. He remembers being in a rowboat hitting alligators with oars and drinking the local water and having to go to the local 3rd world hospital because of a bacterial infection. In this untamed wilderness there were HUGE toads, snakes, ants, etc. Father wanted them to encounter the

challenges of nature's disorder and chaos. You can't get that direct experience and love of nature from a video game or even a university!

Several weeks ago we prayed fervently for the collapse of the corrupt media structures. That week it was revealed through Project Veritas about a CNN producer's pedophile sex scandal.

The worldwide pandemic is a judgment for our society's abandonment of God. In Matthew 6 Jesus taught us to seek first God's Kingdom. Christianity should have united with True Father, but at least now they are waking up. Many believers are being prepared right now to work to fulfill God's purpose. We must learn to control our own hearts and faith from satanic attacks and misinformation. Let us oppose what God hates. Take action to resist satanic efforts to promote mandates and censorship. God can use repentant sinners.

There is now a Cain-Abel split within the Billionaire class between those introducing totalitarian control versus those fighting to stop that. We must have self-control of our motives and emotions. Be ready for everything.

We should reassert personal sovereignty over our lives and bodies. Stand for the truth and righteousness which are rooted in God.

May God bless you and your families!

Sincerely,

Richard
