

2nd King of CIG

Midnight Prayer 01.01.13th Year of Cheongi

(Unofficial translation)

Our loving Heavenly Father,

Father, we give You thanks and even more thanks, and we express our great love to You. Father, today is the first day of the thirteenth year on the Heavenly Calendar, God's Day, which is also the commemoration of the Holy Birth of True Parents, the Holy Birth of Jesus, and the Coronation of God's Kingship.

Father, already ten years have passed since You victoriously ascended; ten years now. With Your triumphant ascension, You established the Four-Position Foundation, the unity of Cain and Abel, which You hoped and wished for, and You appointed Your sons who would not betray You.

At that time, the Han mother, Han Hakja, was left with the duty of fulfilling her final responsibility. She had the choice in such a moment to decide whether the Kingdom of Heaven on Earth would come quickly or through hardships. You took hold of Cain and Abel, who are your lineage and bloodline, and through the guidance of the Holy Spirit, You brought them to You. You saw the painful and tragic corruption of the Han Tribe on earth and in the spiritual world, which could not be imagined in history. In the midst of inexplicable pain and sorrow, You, Father, led the providence and shared every step with us, Cain and Abel that You had anointed.

Father, in the midst of that tremendous history of cosmic depravity and betrayal when she even deleted Your words and blasphemed against You, as You started the providence again, centered on the lineage of God and the Three Generation Kingships that You established with the unity of Cain and Abel, You held us in Your heart that overflowed with tears, and for seven years, in the deep forest and cold wilderness of PA, we established the foundation of the rebirth period, and welcomed the Kingdom of Heaven! Thank you, Father, for granting us the time to victoriously re-build the

foundation.

Father, in such a time of distress and confusion, as we looked at the history of the disobedience of Han Hak-ja, the whore of Babylon, we saw that Your Heavenly Holy Scripture was revised. The Word was revised, false things were published, and Your Second Coming Lordship and Christhood were denied. She even began to deny Your lineage.

When I think of how great a failure and mistake would have unfolded if your Three Generation Kingships, and Cain and Abel, had not been courageous in the face of that cosmic failure, as she spread the astonishing lie to the world that she had saved You, and as she falsely prophesied that the world would come to her by 2020, I would like to thank You from the bottom of my heart, Father, for giving us the power to completely separate ourselves from Satan.

Father, Your two sons entered the wilderness of the deep forest on Your destroyed foundation, and became the people of the crown who could understand Your inexplicable pain and suffering. While the people who had been part of the Kingdom of Heaven all over the world were singing the false Cheon Il Guk national anthem, we sang Your glorious gift of the Cheon Il Guk national anthem with the bears, deer and nature in the deep forest, and we could bring victory.

In that dark night, as the whole world was cursing and blaspheming against Cain and Abel, whom You had appointed, Father, Your great love and the amazing work of the Holy Spirit comforted us and we gathered our families together so that the Three Generation Kingships would be able to live in one place in this wide world. You gave us life again through the great work and love of the Holy Spirit, who enabled us to protect Your tradition, even if only in this one place.

In the midst of this work, little by little, each one of us in our families were awakening, and coming to understand how the appearance of the whore of Babylon, Han Hakja, and the astonishing corruption in the spiritual world and on earth were huge historical events and tragic failures. Then we could break the silence, shed hot tears, look at the camera, shout, and spread the truth. Father, You have been with us, and You have made a way for the people of the Kingdom of Heaven in distant countries, the people You love, to wake up one by one, and to get out of that trap with the love You have given us.

As a result of the betrayal, not only the culture and civilization, but also the leaders of the Family Federation had been corrupted by Satan, so we had no choice but to separate from them. Now I have come to regain the land of Cheongpyeong.

Due to the cosmic fall and the tragic failure of the Han mother the whole world came to be on the path of judgment. In complete opposition to her false proclamations and prophecies, instead of the whole world coming to worship her, the whole world came to be on the path of judgment. Now the world judgment that You prophesied, Father, through the Three Generation Kingships, and True Cain and Abel has arrived. The false prophecies and lies of the Han mother have been completely revealed to

the world, and it has become clear that she has not only become physically blind, but also spiritually blind and has become one with Satan.

While doing so, Father, You have led us year by year, as if one year was a thousand years; You could lay a substantial foundation in Pennsylvania, and You allowed the Rod of Iron Festival to proceed victoriously. You have made such an event appear before our eyes where Christians and patriots can now meet You, rediscover You and believe that You are the Second Coming of Christ, and now the strong base of the Southern Bible Belt with the Baptist and Protestant Churches who persecuted us the most can connect with You. Contemplating the history of the Unification Church, we remember that we were unable to enter these Southern regions, but now You Father, have brought the Cheon Il Guk Kingdom to Texas and Tennessee through the work of the Holy Spirit.

Father, when I look at Sanctuary Church and how we have been welcomed in these rural areas where we could not enter before, and the amazing role You have played in allowing the citizens to see our community in such a positive light, I realize how much You have led us through the hard work and the hot and fiery hand of the Holy Spirit. When I think about it, Father, I am repentful.

Father, I am once again attending You in Cheongpyeong.

Throughout the past seven years, You have been searching for President Trump as You did in Las Vegas; looking for Trump to sit in the position of king of the United States and king of the world. And for the past four years, Your Three Generation Kingships and Cain and Abel have been doing a lot of work for President Trump, and the micro and macro have been changing and transforming the world. Now, You have created such an environment where all the countries of the world are going toward the Cheon Il Guk Constitution.

Father, at the start of the year 2021, the whole world was watching and hoping that President Trump would not concede and not leave the White House because of enmity and fear. But as he handed over the position of President of the World to such a dangerous thief, patriots, gun owners, bikers, Abel Christians, and families of the United States of America gathered in Washington, D.C. for the 1/6 event, to pray that Your people would be able to serve the people of the world as Your heirs and successors, and Three Generation Kingships.

A million people went to Washington D.C. together to offer passionate praise and prayers on behalf of all the nations, and on that historic day, they went up to the highest altar in the world, and the micro and macro were completely united with one heart, to fulfill Your Will and with the Holy Spirit to create Heaven on earth.

When Abraham told Isaac to go up on the altar, he went up with an obedient heart. It is with that kind of heart that the micro and macro representing the whole world went up on the altar, and on that historical moment, the whole satanic sphere was watching the passion of the patriots who were not just thinking of their own grievances, but who were singing "Hallelujah!" Going up to that altar singing, "Hallelujah, Amazing Grace, God Bless America," and praising You, Father!

Father, as Satan's small and large spheres of influence are feeling their power collapsing, and as each and every one of them is attacking the patriots and preparing for a genocide in order to completely destroy the United States, Your amazing micro and macro victories remain in the face of Satan and his people who are trying to eliminate Christian culture and global freedom.

Father, through an amazing foundation that Satan cannot exploit, You have extended Your providence not only to Pennsylvania, but also to Texas, so that the state of Texas will be completely in line with this battle. We can only give thanks to You Father, for Your great favor and grace as You seek to restore Christianity and make it alive with the work of Your hands and the Holy Spirit.

You granted us the blessing to come to Cheongpyeong, Tennessee, to the land of the New Jerusalem where the Water of Life flows as in Gihon. It is higher than the fallen Cheongpyeong Mountain in Korea, and its mountains and environment are more beautiful. With the heart of attending True Parents, we are doing our best to prepare the land, open the way, and make the world a better place, knowing in our hearts that True Parents are always walking around here.

Father, just as You walked with Adam and Eve in the Garden of Eden, You are with us in the restored Cheongpyeong. With the same heart as You had with Adam and Eve, You've cut the branches of the trees, cleared the trees, and prepared a place where we can train the Peace Police- Peace Militia with Your people, and You also have prepared a place where we can train the residents and patriots of the surrounding areas. You have opened the hearts of these residents and patriots, and we have created such a warm relationship with them that they can spend time with us and be close to us. I would like to express my gratitude and appreciation to You, Father, for the fact that You have done that.

In the midst of this global judgment, and the world dying, as all the people in this area see the general churches of a weak beta Christianity just being quiet and not fighting, when they observe who is courageously fighting this political satanic narrative, they will be able to say, "Thank you, Father! We saw that only Your sons and daughters, Your people, brothers and sisters under Your authority, especially Your Three Generation Kingships, Cain and Abel, and the kings and queens of Cheon Il Guk, have been fighting against the narrative of this political Satanism."

Father, through the Rod of Iron Festival, patriots learned about Your ordeal in Heungnam Prison and Your history of suffering, and how You fought against Communism and Satanism as a global hero.

I hope that You will allow others such an opportunity to fully testify to You in Newsmax and the world media, and that the world will hear and see Your name again, and that Your bloodline and lineage will be recognized. As the world hears and sees Your lineage, Your bloodline, Your Kingship, Your victorious sons Cain and Abel, and the kings and queens under Your authority who pursue Your tradition and desire and try to establish the Kingdom of Heaven on Earth, they will be able to see and hear Your name again.

Father, we are grateful to You for granting us such an amazing missionary task whereby people from the Baptist Church, Methodist Church or from any Protestant Church that have persecuted us the most, will be able to learn the Principle, attend You through the 40-day consecration and 3-day ceremony and become the king and queen of a Blessed family.

I thank You from the bottom of my heart.

Through these "Hallelujahs,"

We have come to love Jesus with all our hearts,

We have come to love our Christian brothers and sisters,

We have come to love the Christians that You longed for, Father,

We have come to love the people that You prepared,

We have come to love the sons and daughters that know You, and

We have come to love the people that are most able to attend You.

Father, I would like to express my gratitude and thanks for granting us such an amazing mission.

In the midst of these global judgment and crises, people and nations are

*awakening to the content of the Rod of Iron Kingdom,

*awakening to why citizens must stand as kings and not as servants,

*awakening to the value of the Cheon Il Guk Constitution and what the Rod of Iron Kingdom means to the world.

I would like to thank You from the bottom of my heart for the role You have played, and for the amazing blessings You have bestowed upon us.

Father, in the past, when we tried to explain to the Baptist and Protestant Churches about Your heart and Your teaching, they rejected us, insulted us, and treated us as complete heretics. Now, Christians as the Pharisees who blasphemed against You, are repenting and discovering that You are the Christ, and we can only give thanks and glory to You for the resurrection of such new lives through the gift of your Holy Spirit- and not through our ability.

Father, in Cheongpyeong, your strong alpha male nature and your strong fatherly figure will make sons and daughters stronger, couples stronger, children stronger, grandchildren stronger, the Peace Police -Peace Militia who love God and love their neighbors stronger, through the Rod of Iron shooting range and the Rod of Iron dojo, and so on. And as we study Your Word, our mind, body and spirit will be strengthened.

As we see that You are creating Your nation, Your Kingdom, Your cultural sphere and civilization, and re-creating people who can love God and love their neighbors, we can feel that, Father, You are with us day in and day out. The residents around here have welcomed us with such warm hearts and have come to visit us with such interest to see how Cheongpyeong is developing!

Father, we don't know how many things You have prepared for this place of Cheongpyeong, but You know everything and You are working on everything, so we are clinging on to You and working to

complete the foundation of this long growth period, shouting, "Father, thank You! Father, thank You! Father, thank You! Father, we thank You, and we thank You even more!"

Father, ten years after the utter failure of the people of Cheon Il Guk, together with Your Holy Spirit, we are going out to bring Christianity into Cheon Il Guk, on the foundation of Cheongpyeong that You have restored. We give thanks and even more thanks to You!

Father, if it weren't for Your efforts, if You hadn't walked the path of blood, sweat, and tears, we would have been completely living in hell. The people who were building a world of lies, in unity with Satan, were given permission to go 180 degrees in the opposite direction, to be with You, with True Parents, with Jesus, to be with Father in the spirit world, to know and establish the CIG Kingdom that all Christians have wanted to behold. We have become a people who can be resurrected, recreated, and born again.

Father, we did not become who we are by our own ability, but by Your grace and favor, Your hard work, and Your love that we breathe in the beautiful air under the starry sky. Father, we thank You from the bottom of our hearts for bringing us to the Holy Mountain of Cheongpyeong and the training grounds where we can organize the Garden of Eden, make it beautiful, and where the whole world can come and feel Your love, beauty, goodness, and glory.

You always trained us in nature, choosing the Amazon jungle, Alaska, and other challenging natural environments, and You allowed us to mature and grow in the midst of these difficulties. You also gave us the ability to love God, love our neighbors, and protect our neighbors.

The Three Generation Kingships of the Heavenly Kingdom, the Three Generation Kingships of Christ, the victorious Cain and Abel of Christ's family, and Christ's victorious family are now going forward reflecting the completed Four Position Foundation you established with True Mother Kang Hyun Shil. Father, now, Your Three Generation Kingships in the form of Your perfected Four Position Foundation are protecting the world from microcosm to macrocosm, together with Your Cheon Il Guk kings and queens and Christianity, and are exposing the corona narrative fraud of this leftist group. Now that the power of the Holy Spirit has been used to expose the corona scam of this leftist narrative, the micro and macro have gone up on the altar.

Father, we give You thanks and glory, for we know that You are perfecting the foundation on which the Rod of Iron Christianity and the Rod of Iron kings and queens through whom Christ is working, can go out to the world.

We may think that Satan's kingdom and Satan's power are growing even larger in front of us, but actually they are falling down, so we give You glory, Father, knowing that You are laying the foundation for Your Kingdom to come even sooner. All things are now fulfilled and finalized. The day is coming quickly, day by day, when Your Kingdom will conquer the world, no matter how much Satan opposes it.

Father, with such a joyful heart, please allow us to be the kind of people who, while reestablishing the mission of Christianity centered on Cheongpyeong, will make it possible for Christians to become completely united with Christ, and become the Rod of Iron kings and queens of the Rod of Iron Kingdom, that carry out the Peace Police- Peace Militia, and have the ability to "Love God and love their neighbors". Please grant us to be such people.

Through the work of evangelism, grant that through an extended process, we may be capable of recreating the U.S. and protecting the world so that each nation may seek the Constitution of Cheon Il Guk and that such spiritual culture and civilization may be substantially realized.

Grant that through the victory of the Seven Deaths and Resurrection, we will be victorious over the mountain passes of life and death, and that even if we die, we will become Cheon Il Guk heroes who are not afraid of death, suffering, persecution, blasphemy, and hatred, but who are able to go forth clinging to Your amazing love.

Father, at the magnificent summit of Cheongpyeong, while looking at this wide and beautiful Cherokee Lake and its islands, I realized how happy You are that Your sons and daughters have been preparing such beautiful nature with the magnetic clay that becomes mud when it rains. You gave us a sign that we could be reborn here.

The Book of Revelation shows us that the spiritual world and the physical world can be united, that the spiritual and physical worlds can be set in order, that the center of the world can be established, that the United States can be a line of defense for the world, that the United States can create the foundation and the environment to fulfill its responsibilities, so that we can attend You, Father, meet You again, discover You again, and attend You as Christ. We can meet You, we can see You again, we can find You again and we can attend You as Christ, as we are facing such an amazing task. Father, every day with a joyful heart and a heart full of hope, we go out to evangelize, meet new people, and as we work, we say, "Thank you Father, thank you Father!"

Heavenly Father, although our sincerity is insufficient, I sincerely hope that You will use our inadequate selves and change our insufficient attendance into a victorious attendance, and that You will guide us so that the Cheon Il Guk Constitution and the Cheon Il Guk cultural sphere and civilization, that are on the Holy Mountain of Eden, the Holy Mountain of Cheongpyeong, can spread and go out to the world. Aju!
