Expanding the Kingdom of God

April 3, 2022

All right, folks! Let's go to our Scripture today. We are in Luke chapter 7. We'll start in verse 1 and let's read together; if you have your bibles, please join along with us.

Luke chapter 7

The centurion servant healed

7 Now when he had ended all his sayings in the audience of the people, he entered into Capernaum.

2 And a certain centurion's servant, who was dear unto him, was sick, and ready to die.

3 And when he heard of Jesus, he sent unto him the elders of the Jews, beseeching him that he would come and heal his servant.

4 And when they came to Jesus, they besought him instantly, saying, That he was worthy for whom he should do this:

5 For he loveth our nation, and he hath built us a synagogue.

6 Then Jesus went with them. And when he was now not far from the house, the centurion sent friends to him, saying unto him, Lord, trouble not thyself: for I am not worthy that thou shouldst enter under my roof:

7 Wherefore neither thought I myself worthy to come unto thee: but say in a word, and my servant shall be healed.

8 For I also am a man set under authority, having under me soldiers, and I say unto one, Go, and he goeth; and to another, Come, and he cometh; and to my servant, Do this, and he doeth it.

9 When Jesus heard these things, he marvelled at him, and turned him about, and said unto the people that followed him, I say unto you, I have not found so great faith, no, not in Israel.

10 And they that were sent, returning to the house, found the servant whole that had been sick.

Amen! All right folks! Well we've heard this story a million times. If you grew up in the Christian world and you grew up in the body of Christ, you've heard this story a million times: "The Healing Power of Christ." Now of course what's interesting about this scripture is that we are now meeting a centurion. He is not a believer in Christ; he is under the Roman pantheon and many believe that he still is part of that culture. He's in the army in which you pledge allegiance to the Roman pantheon, to the Roman Caesars etc.

And remember: that is not a monotheistic culture or tradition. This is a culture of deviant, devilish gods, like Zeus who come down as animals and has sex with women and his other goddesses and things like that. So you're talking about a whole pantheon of devious anti-Gods in the Bible which are enemies of God, and this centurion is under these auspices; he's in the army that is representing this culture.

But in Luke chapter 7 when Jesus meets him and the centurion has faith to come before him, he says, *"I say unto you, I have not found so great faith, no, not in Israel."*

Old vs. New Covenant

Remember in Israel are the Jews. There are Pharisees, Sadducees, there are ALL the Orthodox Jews, the regular Jews, all the people of God; the chosen people since Abraham, Isaac, Jacob, Moses, et cetera. And Jesus is saying, *"This Roman pagan has greater faith."* He's saying, *"I have scoured all of Israel and I cannot find one that has greater faith than this man."* Now obviously it's not because this person is a pagan that Jesus is saying this right, but because he's demonstrated tremendous faith in Christ even though he came from such background.

That's very important because the New Testament brings us of course to Paul letters etc. The advent of the church comes and opens the way unto salvation to the gentiles, whereas it was just for the chosen people or the people of Israel in the Old Covenant past. At the advent of Christ and at the advent of the church, then you have the opening to the gentiles. That is a very big thing; that's a cultural shift.

We have to understand that's a very big cultural shift, because remember the people of Israel are a people chosen by God and separated from the world by God. So they have the insight of being special, and also when they meet other Jews they will feel that camaraderie etc. But anybody outside that's not of the chosen people would not be saved, and to get into the Jewish community of course it's very difficult. One would have to marry in; one would have to have lineage with children, etc.

But in the New Covenant we see the opening from just the Jews to the gentiles and that in Christ *"There is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female: for ye are all one in Christ Jesus."* (Galatians 3:28) Amen!

That is when everybody comes together in Christ, through their relationship with Christ, and their relationship with the Father through Christ, His only begotten son. Amen!

That center is so critical, folks; that center is the center of civilization. It's the center of our whole identity as a Judeo-Christian culture; it's central to the way we live our lives, the way we see the universe, the way we see our existence and this tiny planet in the midst of a massive universe, cosmos and galaxies etc. It is the identity that brings us to the purpose of the universe, the purpose of our lives, and that cannot be found outside of that relationship with Christ, outside of the relationship with the Creator. Amen!

A Mind behind the entire cosmos

Now in the scientific world more and more scholars are coming to the theistic side, deistic and theistic side. It's not only dominated by atheists anymore, because the philosophical arguments, scientific arguments etc, are growing in larger and larger fine-tuning arguments. The arguments from ontology, the arguments from the beginning of the universe etc, all those kinds of arguments are now coming to the point where many, many atheists, scientists and/or doctors in their fields of science are converting. They're realizing that, *"My God! There seems to be a mind that is behind the entire cosmos."*

Like **Dr. Michio Kaku** who is teaching at CUNY up in New York. He's very famous; you'll see him all times on Discovery Channel, that Asian physics guy that looks like Mozart with the long hair. He explains through the double slit experiment that science has discovered that observation changes reality; that particles change into wave patterns and wave patterns change into particle patterns when there's an observer. Studies like that which show that observation changes in each of our reality, and thus you end up in a never-ending series of observers that ultimately has to end up at a COSMIC observer. Why? Because there's a limited number of observers on the earth, a limited number of people on the earth; it doesn't go on *ad infinitum*.

Okay folks? But anyway, this is not a class on apologetics!

The point is: there's so much in the modern scientific world, physics, etc, that is now pointing to the reality of a cosmic mind as the Great Architect of this universe. We have so many incredible constant conditions - and if you study apologetics you all know - that even having one of these fine-tuned elements changed, like the force of gravity or the weak force or any one of these constants, the size and weight of the atom, from an electron to a proton etc; if any one of those things are changed by even a minutia the whole universe collapses. But it's not enough to have it one time; you have to have all these constant conditions that have to match up PERFECTLY for the entire universe to exist.

So it's like playing somebody in blackjack or poker with the full house and different things. Imagine you're playing an opponent and that person is getting full house maybe by chance, maybe 1 in 32 or

whatever the probability is. Okay, you can get that one time; you can get it one time. But then I play you a second round and you got another full house! And I got scattered cards again! Oh my Gosh! That's not a victory! Now it may be fishy. I play you a third time and you get another full house; you kill me again! I play you a fourth time; you get ANOTHER full house! You smash me again! You've got a Royal Flush every single time I play you; you defeat me with a Royal Flush every time.

Now, I know that's done by intelligent design; that is not done by chance, that's not done by probability; that is purely by intelligent design that you are cheating me! I know this is by intelligent design okay. Why? Because I see the probability of the Royal Flush but then I see the pattern; the pattern that keeps on repeating and repeating and repeating, and thus I know this cannot be due to probability of chance alone; it has to be done due to intelligent design.

And that's what we see in the universe! We see all those things, all those fine-tuned dials: the proton mass, the electron mass, the weak force, the force of gravity etcetera, and there are about thirty plus constant conditions which don't have to be set at the dials that they're set in, but they are set in and they work perfectly together in perfect orchestration for the universe to permit this type of life, and the cosmos that we can actually now reach out to and see.

So even the top scientists now are starting to come to the realization that there's got to be an intelligent design, and not only because of the probability as in the poker game and the Royal Flash. No, it's the pattern. One after another after another have to work together in an incredible mathematical symmetry otherwise the universe collapses; it totally collapses. Thus, the pattern plus the probability show that the universe has an intelligent designer. That's just one argument that is laid out in books with all the data, etc.

I'm just giving you a very cursory breezing- over real fast, but the point is that now even atheists are starting to turn and realize, "*Wow! This universe seems to have a telos*"; that's Greek for a purpose or a goal. Teleology is the study of God's goal or His purpose in the dispensation of His work through the Scripture and through His history. So it seems that the universe has a purpose; it seems that it has a goal. It seems that if there's an intelligent design and we are also creative beings within that design, then that Creator must have a *telos* or a goal for us. Amen!

That of course in the end, it's getting to know Him, get in that relationship with Him, get close to Him and of course find salvation through Him! Amen!

Free will

Folks, there are incredible things going on. You know in 2012, Father ascended to the spirit world and all sorts of things happened. Now, we know free will is here. God gives us free will because otherwise we'd be automatons, we'd be robots, and we would not be able to actually give and receive LOVE with God. I can't have the Queen as a robot and give and receive love with her! The young boys in Japan that are trying to marry their cell phones with their anime girls on there! Ah, that's not real!

That's totally archangelic, it's wicked and of course it's programmed; everything is programmed, and so fake.

We cannot give and exchange love between parents and children, and husband and wife, if we don't have free will. If it's done by coercion; if it's programmed in and we're just supposed to do that, then of course we've made no choice, and it's just the way that mechanically it should work. It's just the way that robots should interact with one another. Are you with me folks?

That's why that element of free will is so important and that's why God told Adam and Eve, *"Of the tree of the knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die."* (Gen 2:17)

But of course the Devil came and said, *"Ah! No, no, no, you're not going to die; you are not going to die!"* The Devil was sowing seeds of doubt into Eve's heart saying, *"You won't die Baby, don't worry! You trust me; I got power. I got the bling-bling."* The Bible says the angel he's got the music coming out of his wings. *"Trust me. I'll tell you. You're not going to die; you're not going to die. You're going to be fine. We're going to have power together; we're going to have power. We're going to become as gods; we'll have power together."* Are you with me, folks?

And of course we see the fall of humanity leaving the relationship with God, whereas we should have stood up and said, *"NO!"* to Satan. Even if Eve fell, Adam should have said, *"NO! Eve, I'm not going to relate with you! I'm not going to until we go to God and we repent of what you have done."* There was always a pathway but it required free will.

Love vs. power

You see the things going on with covid; you see the things now going on with the war in Ukraine that's escalating potentially to World War III, a thermal nuclear war! We live in an unreal situation.

But of course we're not surprised because at the time of Father's ascension we knew that there was a course. *"The Han mother in that position of Eve, will she choose to love her husband and choose love over power? Will she choose to take billions of dollars, or will she choose love? Will she choose to HONOR the wishes of the King and will she chose to honor the lineage of the King? Which one is it? Is it going to be love or is it going to be power?"* And of course at that time because of free will she had to make the choice, and depending on the choice, because of the micro and the macro there would be consequences that would be WORLD-LEVEL, because this is a world- level decision and a world-level weight of consequence that is upon us.

So we knew when she was doing those things and she was starting to move the assets to herself - at that point Kim Hyo-nam was still there etc- and we knew that these things were moving. Then of course she started changing the Scriptures. Remember that? She started to create the boards. And of course at EVERY stage of the way we were BEGGING her, CRYING and trying to grab her waist, *"Mom, please don't do this; don't do this! This is going to DESTROY not only the Church but to destroy*

YOU in the end. Seeking now to be exalted, you will be humbled." "For whoever exalts himself will be humbled, and he who humbles himself will be exalted." in Christ." Amen! (Luke 14:11) That's what the Scriptures say. But she chose the billions and billions of dollars!

We see this many times in families- we call them 'chaebols' in Korea like big conglomerates; when the husband dies and the wife takes the money and she becomes complete leftist, funding all these leftist things. Steve Job's wife as well; she's using all that money that he made to now fund Communist leftist ideology in America, to destroy the country where he became a billionaire! So we see this kind of thing throughout the world.

But of course on this level with Father, then this woman has to make the right decision. She has to show the world that she will choose HONOR and not POWER; that she will choose to do the right thing and choose to love Christ and to love God first, and not just choose billions of dollars. Because that's very tempting and it seems that you have power if you have those things.

Unfortunately everybody knows she chose the money instead of love and because of that we knew that we could not support that way, especially when she started declaring herself as God and things like that, *"I'm sorry even though you're my physical mom I love you but I cannot support that."* Amen!

I cannot support that; I cannot be a part of that because we see in the Scripture that goddess worship is associated with what? The fallen Eve cultures. Goddess worship is associated with Asherah, temple prostitution and the killing of babies. All those cultures always end up in doing such things. Why? Because the goddess has to differentiate herself from the other gods of the pantheon, and the way the goddesses do it in terms of worship is through SEX. That's why you see temple prostitution with EVERY single goddess worship cult in almost every single civilization from Egypt to even in the Yellamma cult in India under Hinduism, and of course with Baal and his consort etc. All those ancient cultures that lead to goddess worship in the end lead to selling the children into temple prostitution and pedophilia and of course the KILLING of children. Because once you have rampant sexual terrible demonic values you have all these children that you don't want and then of course the civilization starts murdering them; those gods lead to this ancient world systems of abortion.

Two prophecies

So folks, we KNEW at the time when she was going on that path that it was going to be bad and it was going to be terrible. That so many people would be led away from God and would be led into darkness; so many people would separate from their relationship with God and become one with Satan, and unfortunately that would lead to a place of damnation, of separation from God and HELL.

At that time, everybody in the world saw that two prophecies were made:

*One was made by Father's heir and successor, the representative heir whom Father chose. I didn't choose myself; I had no authority to choose myself. Father chose me as his heir and successor by his

own hand, and he crowned me three different times, in three ceremonies on two different continents and everybody saw it.

The prophecies that WE made versus the prophecy that the Han mother made were done around the same time.

*The Han mother predicted that by 2020 the entire world would be coming to her feet, and they would be adopting the goddess theology; they would be embracing the goddess worship and there would be a new era of radical feminism that would actually be good for the world. Even though it's an arm of the Marxist takeover plan, and feminism is a way to divide and de-structure the family, so that you don't have strong relations between husband and wife and children and parents, folks.

She had made those prophecies by her own free will, taking the money, and removing us from all the boards etc.

You remember, up to the 2020 point, it was just as if time was going and there was no real calamity happening in the world.

Preparing for judgment

And of course on the other side we were saying, *"There's going to be world-level judgment; we have to start preparing."* God gave the word to prepare our community and that's why our community is so prepared. That's why when BLM rolled through PA or we got the word that any of those threats were coming, our community was up on the road with body armor and our riffles, and our first-aid kits and trauma kits. Why? Because we are a prepared community! God gave us words during that time that there would be a world-level judgment and that even though it looked fine then, it was not going to be fine a couple of years later. God gave a couple of years for our entire worldwide community to prepare and we praise God for that. Amen!

But the point is: 2019 rolls in and it's the seven-year course we had built up quite a substantial foundation in Pennsylvania due to God's grace. The Rod of Iron Freedom Festival had just started at the time in October 2019, and at that point when everything had been going okay for seven years, we could look at the world and think that it was just going to continue on with peace, and that we were going to have fifty more years of peace and everybody was going to grow up without wars or thermal nuclear threat. Remember this time, folks? You remember this; the 'pre-covid days' they call it? Everybody just thought it was going to go like that.

They've done studies on disasters including Ukraine now and they found that people are so brain-dead; they're so unbelievably unprepared that they can't process information. That in the modern day 70% of the population of any country will stay in the disaster zone, even though they've been warned; they've been told that there is a big tsunami coming, or they've been told *"rockets and bombs will be falling on this city; please evacuate!"* 70% of the people have cognitive dissonance, have separated the realities of the world with the own inner workings of their mind, so they cannot realize that this will be a threat. 70% of people, folks! Isn't that incredible? There are studies on that.

Only 30% will heed that call and say, *"I'd better prepare!"* As the Scripture says, *"I want to move to the hills!"* They want to move to the hills. *"I may want to be ready for what is coming."* And this level of awareness and preparedness is absolutely critical. It's called 'survival instinct' that most human beings up to this point in history had, because we had to survive the Dark Ages. We had to survive fighting lions and serpents and tigers and bears and dinosaurs (*laughing*) or whatever it was; big predators. Every human who didn't have a survival instinct would die, would perish; wouldn't exist. It would be wiped off the earth.

But in the modern day we've lived so comfortably; technology has given us such comfortable lives, such sanitary lives! People don't realize, but the young people who've been here with us a couple months volunteering, different volunteer teams coming in and cleaning up Cheongpyeong helping us beautify this place, they understand. There's no running water here; we have no bathrooms here; we have no hot showers. We have to drive 20- 30 minutes to get to the Pilot gas station down there to take a hot shower. And the porta potties, boy, when you got a whole bunch of people using them they fill up FAST, real fast; you don't even know how fast they fill up unless you've experienced that. You get a mount of aggregate real quick. I don't want to get nasty, but you have to push over the mount with sticks.

The point is: people in the West have become SO SPOILED, just taking for granted a flashing toilet, just taking for granted pure clean water; just taking for granted a hot shower.

Of course with Father when we were young we had to go to the Amazon jungle to train in Father's workshops down there in the baking Amazon jungle in Campo Grande; there's nothing out there, just Amazon jungle. And then I got dysentery from water poisoning and cryptosporidium; went to a Third World country hospital and all that. We had to see that because we were getting sick in these alligator infested lakes and rivers.

But the normal American now, the normal Westerner who has grown up in America has never seen that reality; it's almost as if they're living in a shelter, a bubble which is so fragile and which can collapse at any time. For the first time, as people are waking up and the economy is collapsing because of the corona WORLDWIDE lockdowns and coordination from the worldwide top elites, people now realize that it's not a conspiracy, that they were wrong and that the people who were warning were right. But of course many times they're too crazed to admit that they were wrong, even though they were TERRIBLY wrong.

New understanding on the world level

The point is: those two prophecies came down the world at the time and seven years later you see the collapse of all the billions that the Han mother stole, and she even used that inheritance that Father passed on to myself; she used that inheritance to do what? To sue her own son! I did not sue my mommy; she was suing me, even though she had taken all the assets that Father had given me. Of course that was a great exposure; people at the time didn't understand or they were just trying to keep their head under the rugs.

But WE KNEW, we knew we were being persecuted; WE KNEW she was trying to destroy and bankrupt anything we were doing. Why? Because we were pushing and continuing the legacy of Christ, of the Father, of the alpha male God who is a protector, (*Applause*) and we were not bowing down to the goddess worship and her false demonic teaching that she was of course spreading through the church as she was separating people from God.

So during that whole process of time, obviously we knew there was going to be a world-level judgment, and that came to pass in 2019. Remember the first seven-year course passed, and literally as we had the Las Vegas ceremony - some of you were there; as we were in Las Vegas there celebrating God, then literally it's like corona started hitting the world. You remember this? Corona started hitting the world. WORLD-LEVEL!

Remember, before that when you talked about world- level coordination and international communism, and when Father was talking about the satanic UN bringing in international communism, people thought Father was CRAZY, folks!

There were all these people that were saying, *"Oh, there's NOT that kind of synergy between international leaders; they're all elected officials by their own people. There's no way they can actually coordinate or even have the power to be able to effect worldwide this or that. You people are just conspiracy theorists, you people are paranoid; you people are deluded! We're just going to go about our lives. We're going to continue to believe that we're going to be whisked away before the Tribulation comes. We're going to just go on and just keep on indulging in hedonism and we're not going to take any heed to the warnings."* Warnings that Father for decades was saying about the UN, through the Washington Times especially!

But NOW people can see, NOW there's not one person - unless they have literally the memory span of a goldfish which is about seven seconds and unfortunately many people actually do have a seven second memory span - but if they can actually remember what happened TO THEM, what happened TO THEM, the last two years, they can see that there is massive worldwide cooperation, a MASSIVE global elite that controls the power, that buys up politicians and political bodies. Klaus Schwab is bragging about Justin Trudeau and the deputy prime minister under him who is LITERALLY a graduate of the World Economic Forum, one of the alumni with Bill Gates and she's directly associated with the Rothschild bank.

So this is all unbelievable! People never believed that the world elites could effect world change and FORCE; coerce the entire world to do something against their will. Nobody believed that, *"No, because we elect our officials, WE are the power; WE have the power to change everyone!"* REALLY? Really? Is that true?

People saw it with Trump being taken out; a usurpatious administration coming in and STEALING an election before our eyes! Now there's a new investigation with Zuckerberg putting over 400 million dollars into getting Biden elected, and to election- meddle all throughout the contested states which we saw in PA. We saw that; Zuckerberg pouring hundreds of millions of dollars to aid and abet to the

stealing of an election. All that kind of reality is coming out.

<https://www.breitbart.com/politics/2022/03/31/documentary-blows-the-lid-off-the-400-million-zuckerberg-effort-to-elect-biden/>

Most people now are waking up; the conservative movement is waking up because most conservatives now see CNN as propaganda news, folks. Do you understand? Before President Trump conservatives still watched CNN; they actually believed that it was real news! WE knew it was Communist for decades because Father ran the Washington Times and the Washington Post was our arch enemy and the New York Times was our arch enemy, and of course that's why they were saying that *"we're brainwashing everybody, we're a cult and we're going to brainwash everybody, and all the Americans are going to follow Rev. Moon and there's going to be some kind of theocracy."* NO! They hate us because we don't like commies and they're COMMIES!

But even though Father had made the alarm, even though we were talking about all those things, people did not want to believe it. It was too much, too much to admit, because if you have to admit that this is reality you MUST change your fundamental worldview about the world. ALL the lies they've told you, you have to start realizing, *"Whoa! This is much more coordinated than I thought it was! We have a lot less power than I thought we had. These elections are not as clean as I thought they were!"* You see what I'm saying? EVERYTHING starts unraveling and that's a lot of information to have to now sort out.

That's why for people it's more convenient to say, "
No, no, no, no, no! It doesn't exist!
No, no, no, no, no! That's exaggeration!
No, no, no, no, no! That's hyperbole!
No, no, no, no, no! I imagined something else!"

NO! But the reality shows what? That we are run by criminals; the FBI organizations and the intelligence organizations are being turned onto people. Journalists at Project Veritas are being arrested, raided for NO constitutional reason, and they're getting FISA warrants from around the courts, even though judges are telling them they can't raid the journalists. But the FISA has been doing it and they've been caught doing it, folks.

The 666 Beast

The point is: how many years were they saying, *"Russia, Russia, Russia,"* about President Trump? After Biden got in, how many months were they saying, *"There is no laptop of Hunter Biden; Hunter Biden's laptop does not exist!"* CNN was for MONTHS denouncing anybody who said that Hunter Biden's laptop could be a national security risk! For MONTHS they were lambasting you for being a conspiracy kook, for being some kind of crazy person, paranoid person. Meanwhile they were engaging in CRIMINAL activity!

And now that has come out that Hunter Biden's laptop is real, and Matt Gaetz has put it into the congressional record; he actually put the file in. God bless Matt Gaetz! He put it into the Congressional Record, and now everybody in Congress can access that and see ALL the terrible things that are there which is a tremendous natural security risk. Not only was he accessing different pornography or strippers or something like that. NO! He was getting PAID by Chinese oligarchs and getting paid hundreds of millions of dollars by different organs in China, Ukraine. More and more will be coming out.

Remember? If you brought any of this up, people would say, *"Oh, you're crazy! You're crazy! You're listening to this and that!"* They used to just spew out hate on you, and all you were trying to do was to tell them reality and information. But what they'd been told, the bubble of solace that they had come to believe in and trust in, which is that their daddy government *"could never lie to me because I elect the officials!"* Oh boy, the people have woken up BIG TIME to how evil and wicked these things are!

That's why Father called it the Beast! The 666 Beast is not some Godzilla chimera monster that comes out of the oceans and out of the land with different heads: the head of a leopard, the head of a lion and the head of a goat, etc. No! It's not an actual Godzilla monster in that apocalyptic literature in Revelation - which is the genre of the book! It's not an actual monster that coming out of the earth!

This is the system of control that is destroying humanity and leading it to enslavement under Lucifer and under Satan. If you understand the Beast as such; if you understand the nature of government, you know that it is supposed to be the servant of the people.

Lucifer was supposed to be what? The servant of the people, Adam and Eve!

But what did he choose to do?

He chose to be what? The MASTER of the people Adam and Eve, and thus he REVERSED dominion. That was not God's plan!

God's plan was what? To bequeath all creation to His children, and that's why the Three Blessings exist: *"Be fruitful, multiply, have dominion and subdue the earth."* That blessing was not given to Lucifer. It was given to whom? Humanity! It was given to ADAM & EVE. Amen!

But Lucifer subverted that from the time of the Garden and has continued through the apparatuses that he has led throughout time. That's why every civilization on the planet has been in the form of socialism, communism, political Satanism; centralized Beast, 666 Beast governments which have ruled over people, and of course enslaved them, as opposed to giving them freedom, protecting their freedom and responsibility and allowing them to flourish in their relationship with GOD.

Corona 19, work of the Beast

That seven- year period passed and now you see the world-level judgment. You've seen the world-level crisis happening; you've experienced it for two years. It's so sad because ... *(no audio)* ...because we knew of course how they were scrambling and how they were getting misinformation. You can see the data actually coming out, and how they're trying to suppress the real data and how

they're trying to suppress the real doctors like Dr Robert Malone who is the actual inventor of the mRNA vaccine. He's the actual inventor dang-on-it! Dr Peter McCullough, one of the top virologists in the world and that other doctor that worked under Pfizer as a VP are coming out, but they are all being censored.

It should be clear to anybody who has discernment that this is obviously the work of the Beast. This is not to help liberate the people and give them the information they need to make the right decision. No! They have created peer pressure especially among the young people to brainwash them and to make them scared, *"Oh, you're going to lose your job, you're going to lose your friends; you're going to lose ALL the things that you deem as valuable."* And of course all the young people, because they're still weak in their minds and hearts, they just collapsed and they got sucked in into getting jabbed. Now it's come out that of course Pfizer and Moderna CAN produce this in a lab. The CEO of Moderna has come out on CNN admitting that this may have leaked from a lab even though for two years they've VEHEMENTLY denounced it and anybody who said it was from a lab; even Epoch Times who exposes the reality of satanic Chinese Communist government and the CCP,

They made a whole investigative report on the science behind the different codes that are connected with the corona 19, and they show that there's an actual autoimmune dysfunction spike protein in there that is associated with AIDS or what people get when they get AIDS. If that is replicated in the body you are going to have VAIDS or vaccine-induced autoimmune deficiency syndrome, a type of destruction to your immune system, and of course through cell replication the spike proteins will just multiply, and you WILL, you WILL be irrevocably damaged.

Of course that's what we see. We see top level athletes from FIFA, from tennis, from golf or football; young people at their highest level. They're the healthiest in all of society, but they are collapsing; falling over on the field, dead by myocarditis, swelling of the heart, heart attacks. This should never be happening to those athletes who are the healthiest; they have the best cardiovascular health in the countries that they exist in. But yet they are dropping like flies because these organizations are FORCING them to get the V.

The point is when the V. was coming out, remember? You couldn't mention ivermectin; you couldn't mention the "I" cure. You couldn't mention hydroxychloroquine. Oh, Trump was a conspiracy theorist for believing in hydroxychloroquine which the FDA has approved for the last 50 years! But if you mention that you are a conspiracy theorist. You are crazy if you mention ivermectin which farmers feed to their animals to de-worm them, and that people use all over the world!

Ivermectin is a normal part of the Korean diet; Korean people eat ivermectin twice a year and that is to de-worm, in case it is needed. You can buy it at the equivalent of Rite Aid or Walgreens in Korea for literally a dollar, a dollar! You can get ivermectin for a dollar! In Korea people eat it all the time. But if you mention ivermectin, you mentioned the "I" word which clinical studies have shown has devastated the corona virus? No, no, no, then you are a conspiracy theorist! You are not lining up the

pockets of Pfizer and of course you are not helping Thomson Reuters who is partly owned by Pfizer, and you are not cooperating in the whole scheme to weaken humanity and of course enslave it.

So you had all these people moral posturing and virtue signaling, thinking, *"Oh, you're so selfish! Why wouldn't you be wearing a mask? You're killing people! You don't care about anybody else but yourself; you're going to kill grandma and grandpa. You're going to kill everybody!"* You met all these crazy people who were saying, *"I believe in the science, I believe in the science!"* But yet were not reading one scientific journal, not reading one clinical trial, not really listening to one major virologist not connected to Pfizer, who was coming out and telling people, *"Hey, this is an experimental vaccine. I don't think you should be taking it; if you take it, just know it's an experimental vaccine."*

Well it's now come out that if you've taken it, since your life insurance determines your shot as an experimental vaccine -it's categorized as such- if you die by adverse effects due to the V, you will not be covered! Oh Okay! Oh, Lord, have mercy! Then we had to go through this trying to explain to people, like trying to plead with people to *"please just wake up! Stop behaving like slaves,"* and you would get attack, you would get vitriol; you would get hatred, *"You are a terrorist! You are killing people, etc..."* You would just get total insanity WHILE trying to help people.

The same thing has happened with a Han mother. She put out memos saying that all of the "Family Fraud" had to be vaccinated; all their leaders had to be vaccinated. They had to wear the slave mask. You can see the dichotomy.

On population replacement

You can see that the Kingdom of God Constitution, which we released, is about freedom and liberty and responsibility; freedom and liberty and responsibility, i.e. the Constitution defends PERSONAL liberty. But also as citizens of the Kingdom of God we have a collective RESPONSIBILITY to what? PROTECT those rights for every other citizen. Amen! That's what Father called the Peace Police - Peace Militia, that's why it's the Rod of Iron Kingdom; that's why it's a kingdom of armed citizenry. Because you and I, we are each other's brothers and keepers; we are each other's protectors. It is not outsourced to the Beast. This responsibility is given to whom? The brothers and sisters in Christ! It is given to the children of God who actually have love in their heart. They are not trying to become corrupt government oligarchs. They have love for their families, their neighborhoods, their children and their grandchildren, and they want them to have a future.

The Beast system does not care about that. All they want is temporary power, folks, and that's why they'll wreck the country by opening the border on May 23rd by executive order; opening the border on May 23rd! Biden is doing this. He signed to open the border May 23rd for anybody who is at the border on May 23rd! Title 42 has been struck down by this usurpatious administration and that will allow anybody to come in and apply for asylum. There's already a 1.5 MILLION people backlog, but they don't care; they're flooding the system and they're letting people come and pour in. Do you understand?

He's already announced to the world, folks, that on May 23rd he's going to open the border, and that border patrol cannot prosecute these people. They're going to come in and they're going to get a court date within four to six years and they're going to be allowed to be in the country for four to six years. Of course, they're not going to appear on their court date. You have potentially millions, millions of people coming through from March 23rd daily; not only monthly but now daily!

Folks, this is what happened with China and Chinese population replacement. I have been to Tibet. I've been at the top of the world in the Himalayas. In Lhasa I met the Dala Lama in Dharamshala, India. In Tibet, China has replaced the Tibetan people with the Han Chinese people, the bureaucrats from Beijing. I trained at Shaolin Temple when I was younger and Shaolin Temple has been taken over. They took the Buddhist abbot out and they put in a CCP official who dresses like a Buddhist monk, and he's the one that runs it.

So they did this in Tibet as well! They eradicated the Tibetan people and they put in the Han Chinese culture. I went to Tibet twenty years ago. I'm banned from China now; they banned me from China because I'm a threat to their country apparently, and Father was too. So, I cannot go to China. But twenty years ago when I could go to China I saw that Tibet even twenty years ago, it was like Chinatown; you had Chinese restaurants, Chinese bookstores everywhere. The Tibetan culture is basically gone; it's only inside the temples but it's basically gone, and you see that all the top leaders and the monks have been replaced out with CCP officials.

“Give me liberty or give me death!”

This is how they do it folks; this is how they take over civilizations, and that is now happening in America. They're HELL bent on destroying American Christianity because this is a unique type of Christianity. It's a Christianity that is TIED with the founding of this country by the hand of God that had ALLOWED the Founding Fathers to stand up against the largest tyrannical power on the face of the earth at the time, and this country was formed with an allegiance to Jesus Christ as KING, NOT King George in Britain. *(Applause)*

That was what ALL the ministers were saying when they were taking their congregations to the front line, to the battles of Lexington and Concord and all that. Guess what? That all started in churches, folks! Do you understand that in the initial battles those were all church people and their brave ministers? The Black Robe Regiment they were the brave ministers of many nominations that came out and said, *“We will stand against this tyranny!”*

But at the time folks, people were saying, *“Hey! No, no, don't fight! We can't fight them. We're going to be whisked away! The Rapture is coming, the Rapture is coming; we're going to be wished away! Don't listen to these preachers that are saying the British are bad! The Rapture is coming, Jesus is coming back! We don't have to do anything; just wait; just wait and have faith!”* This is the same thing, same thing that they were telling the people at the time of the Founding Fathers!

But the Founding Fathers were saying, *"No, the hand of God is here and we are standing at a critical turning point in history. We HAVE to face this!"* Nowhere in the Bible does it say that we're going to skip tribulation, or that it's not going to come; that we're going to be whisked away before tribulation, and that we are going to meet Christ in the clouds. Scripture comes AFTER tribulation! People don't even read the Bibles.

The point is: at that time too, they had to make the determination, *"We're going to fight this power and it's all or nothing! Give me liberty or give me death!"* That was really all or nothing. *"You're trying to destroy my family, my children, my grandchildren, my country; you are trying to take it all and we have to draw a line in the sand!"*

Folks, that HERITAGE is so critical. Why? Because

- that becomes a foundation for the growth stage Kingdom of God
- that becomes the foundation of understanding the right of self-defense
- that becomes the foundation for the blessing of human liberty and responsibility and to SPREAD that culture to the rest of the world.

Imagine if Korea and Japan and all the allied forces with America could adopt a Second Amendment to their constitutions! Imagine if more free people of this world could carry the banner of self-defense and stand as armed kings and queens in their respective countries! How beautiful and amazing would it be, and it would be scientific too because the criminals can't succeed where there's an armed population. Statistics show that.

God's victory & world tour

The point is folks, at the micro level two days before Parents Day, we had an amazing victory. Family Fed was suing us, trying to make us not use the Tong-il mark which is the light of Christ to the rest of the world centered on the 4-Position Foundation i.e. our families, husband and wife and that SWAT team which stands together in the unity with God that destroys the spiritual warfare of the Beast. They were suing me about this symbol that Father made, saying, *"I can't use it because it's copyrighted."* Well two days before True Parents' Day, as a gift from Heaven, the Pennsylvania courts threw out that lawsuit. So we have won that, we have totally won! (*Applause*) We can use the Tong-il mark.

They, of course, will appeal. They'll try to sue me again but it doesn't matter, they will lose. Because three federal judges have already ruled that they will not intervene and that this is part of our faith, part of our symbol and part of our pride. So in that case it's not only the symbol of the Tong-il mark but also it symbolizes the Divine Principle with God at the center and the 4-Position Foundation of the family and the give and receive of all humanity and the universe centered on God's love. And all that is tightened with what? Father's words and his teaching! So now we will be able to print any and all of Father's words. (*Applause*) And even though they try to sue me and try to stop it, they will never be able to defeat us or win; they will never be able to STOP Father's word and also the Principle! So this is an incredible crushing victory that God has given us!

We're now preparing for a tour to Korea and Japan especially at this time of great crisis, to console our thousands and tens of thousands of brothers and sisters out there in the churches that have been suffering so much. Not only at the hand of their government, not only at the hand of their Antichrist system and being mass muzzled and forced vaccinated, and all that crazy stuff, but also under the tyranny of the Han mother. There are so many people that no longer are going to the churches, and there are so many people that want to be saved, want to come back to Christ; they want to come back to the truth. They have seen the false prophecies come to life; they have seen all the lies, the corruption and the stealing of the money.

Look, out of all the groups I'm the only one who didn't steal money! So yes, I lost everything in terms of finance; that is sure. But I always say, "*I'm the richest man in the world.*" Why? Because I did not throw away my father, I did not throw away Christ, and I did not throw away God! (*Applause*) So, all that is coming back; all that is coming back, because the real asset is what? God's Words! It's His love, and the light of salvation; it is the people that are the body of Christ that BELIEVE in God. That is the real asset of Christ's Kingdom; it's not just the billions in business and real estate that these Korean people were receiving and lusting after.

But the point is: they have no moral high ground and so they have seen the collapse of those different groups in the churches, and so many people are waiting and so many people are being prepared by God in a tremendous harvest, especially as they're having to ADMIT the fact that there has been a world-level curse, that there has been a world-level judgment and that it's only getting worse.

A massive harvest of souls

It's not like the corona is done and now it's over; that we're back to our lives and shopping malls and movie theaters and everything's fine and we're pre-covid days. No! They're now escalating to the next level which is warfare; escalating further and further to include thermal nuclear wars, to get the superpowers to fight each other and eventually kill America. They are now going along with their plan to destroy humanity and bring in the satanic social credit scores, the Chinese CCP system, with the digital currencies which they will control; all that wicked demonic Satanist implementation of systems that they will be putting in. So we are only on the beginning of this.

But the point is: people are waking up in droves and God is preparing a massive harvest of souls. People who will come back to Christ, repent and realize that they've gone the wrong way, and they want to *metanoia*, they want to change their mind and heart and come back to Father; come back to Jesus, come back to God. They want to come back to the truth. They don't want to continue on with the whore of Babylon; they don't want to continue on seeing their families being destroyed and seeing them EMBRACE all the satanic culture that Father hated, like feminism and transgenderism and homosexuality, and all that. They don't want to see their organization support Communist leaders - which they did unfortunately. They did that; they supported the commie that tried to win in Korea.

So we will be going over there; we're now working on the passports this week and we'll probably be moving very quickly with the World Mission Department, and of course some of our other leaders from across the world will be joining us there to do our first tour back in Korea after 10 years. It's been 10 years! People in Pennsylvania folks, we love you all, but you haven't seen me in just six months. Our folks in Korea and Japan haven't seen me 10 YEARS folks! 10 YEARS! I understand that you want to see me and have pizza with me once in a while; I get it. But you understand our people have not seen us in 10 years in Korea and Japan; they've been in that darkness and we need to go stand with them.

“Peace through strength”

And of course try to meet the new president that's been elected in Korea, try to tell *him*, “*South Korea has only one more chance. Just like Ukraine did and just like Switzerland has done, since all men have to go to the military, when they come out let them keep their issued weapons. Let them have the Second Amendment; let them be a citizenry that can be armed.*” So that just like Hitler didn't touch Switzerland, China will be scared to hit South Korea; China or any other big force will be afraid of an armed people. Why?

Because being an armed people is not only just about AR15, folks; it's not only about a Rod of Iron piece of equipment. No! It's about a CULTURE. When you have a civilian population in which everybody is involved in that culture of self-defense that means you're going to have bigger weapons all the way up; you're not just going to have everybody armed with ARs. Everywhere up the ladder of strategic defense you will have bigger and bigger things, so that bad big predators are scared to bite you. Do you understand how that works? It creates a culture that starts from the bottom up. The Left of course wants to destroy that culture at the bottom and that's why they've been denuclearizing all of Europe, denuclearizing all of America and that's why we're standing in this dangerous position where now we have tactical nuclear capabilities that are LESS than Russia and China. That's a very dangerous situation to be in.

People are now starting to realize what Reagan meant when all our people were standing with Reagan. We had 5, 000 people in the Reagan campaign. True Father won New York for Reagan! How many folks were involved in that in New York? We won it for Reagan, and of course Reagan held up the News World because we prophesied Reagan landslide, and he held up that paper to be shown all over the world; that was The News World and Father was doing that. Reagan was saying, “*Peace through strength!*” You have to be a strong nation; you have to be able to bite back. The enemy has to know that you can bite back; then he will be scared of you and he won't try to destroy you and rape your women and kill your children. He won't do that if he understands that if they bite, they're going to be hit hard.

But because of the liberalization of the Left and the destruction of America from the inside out culturally, we have allowed our entire culture and country to be weakened. We have thirty- year old nuclear systems that have never been tested; meanwhile Russia and China have been testing tactical and hypersonic missiles even in the war in Ukraine. We are in a dangerous precarious situation, and we are on the edge of a sword, folks teeter-tottering between World War III and basically Armageddon

So, at this time it's going to be critical for us to be praying for those countries. Of course that's why we're going to be heading out into those mission fields and be missionaries into those fields. We'll be trying to get people to wake up and get them back onto True Father's authority, get them back onto the train with Christ, so that they can be the movement to stand and be strong in Korea, strong in Japan, strong in other parts of the world and RESIST this Devil that is trying to take over and destroy the world.

So folks it's crazy already in Korea and Japan. All the rumor mills are going nuts: *"Oh, the Second King is coming back after 10 years! The Second King is coming back,"* and they're already writing Korean dramas about it!

But the point: we're going there to do the Will of God and to stand with the people and to be a part of the tremendous harvest that God has prepared to alarm and alert the leaders that are there; the top-level politicians, top-level people in ministry and in all religions. Just as in the story of the centurion, God wants to gather all my former friends in the Buddhist world. Korean Buddhism by the way is conservative; it's not like the Left Buddhism here that's like radical Left. No, in Korea actually they're known as conservatives; the monks actually fought in the wars against Japan. It's a different type.

Those "centurions" don't know Christ, and we pray that they at some point do, but we hope that eventually they can stand with us on the side of liberty and they can warn the president that's coming in to strengthen Korea, strengthen its posture, be the first in Asia to give the Second Amendment and create that culture of the Peace Police -Peace Militia, *"Love God, love your neighbor."*

Put that culture in Korea,
Put that culture nationwide.
Let it spread to Japan!
Let it spread to Taiwan!
Let it spread to the Philippines!
Let it spread everywhere!

Because at this critical time where China is salivating over destroying the whole half of the world, and aligned with Russia to kill America, we need all the help we can get. We need all the folks in every country, standing with their parliamentarians or congressmen who will align with them, to say, *"We need to be like Switzerland. All of Europe needs to be like Switzerland; all of Europe needs to hurry up and get their people armed and create that culture of self-defense."* That is the only way to stop the wars. You can't stop the wars by negotiation; once countries have big enough weapons they are coming. We see that now with Russia's aggression and of course China is doing it as well.

So folks, there are so many things to do. Please pray for us. It's going to be an INTENSE couple of months. We're going to be back and forth between Japan, Korea, America and everywhere, so it's going to be a crazy mission field.

But the point is: Please pray for us! Please pray for the world, and pray for President Trump.

That American people may stand up, that people may become awake, and that they may be alerted to the dangerous false flags that these criminals can make. And that they may be ready and strengthened, so that once again they may believe in Christ, in humanity and in one another, and realize that in the end *We the People* must stand against the tyrants, or the tyrants we'll be victorious.

But of course they will not be victorious because God in the end will win and God's Kingdom WILL COME! *"Seek Ye first His kingdom and His righteousness and all these things shall be added unto you!"*

Pastor Sean's Prayer

Father God, we thank You this day, and we thank You for the word that You've given us today, reminding us of the centurion, and that people of any background now can be totally awakened unto Christ, that they can come to know You; that they can come to have faith greater than He found in ALL of Israel.

Because in their faith they have LOVE!

Let that LOVE Father, come out through all Americans at this time!

Let us LOVE our best heritage!

Let us LOVE the gifts of freedom that You have given us!

Let us be willing to DIE for that love,

To STAND against tyranny for that love

To STAND up against EVIL, and socialism, communism and political Satanism and all this wickedness that the Left and the LGBTQ is pushing!

Let us have LOVE for humanity and for the family and for the marriage that You have blessed upon humanity as the social unit and fabric of society!

Let us PROTECT those values!

Let us STAND up against the wolves that seek to devour and destroy those values!

Let us be victorious in You always, and

Let us be strong and courageous and BRAVE in You always!

Dear God, we want to give You the praise today because You are moving through all the hearts of the patriots right NOW! Throughout the entire world, in Europe, in Africa, in Asia, people are being awakened and brush fires are being set in the hearts and minds of men in this animated contest of liberty.

Dear God,

Give them the strength to know that they are not alone,

Give them the strength to know that they are not going to be overwhelmed by Satan;

Give them the strength to know that they must RESIST even if it is at the cost of their lives, because, we are fighting for the great Kingdom which You have planned and prepared for us.

We are so grateful that You are moving at this time. Please work with ALL the world leaders that are on God's side to stop the Communists and the evil political satanists that are machinating to destroy this world. Let ALL their plans be foiled, let ALL their machinations be entangled, and let them have confusion in their encampments, because we FIGHT and stand together in the battle line with GOD ALMIGHTY, Jehovah, the Lord of Hosts, the Alpha and the Omega.

We stand with You, dear God, and in the end YOU are victorious, YOU are the Creator and YOU have won from a time immemorial til now.

We want to give You the praise, glory, honor.

We want to thank You with all the kings and queens that are gathered here from all the kinship lines, and in Your precious name we pray!

Amen! Amen! Aju!

Let's all rise! God bless you!
