Let No man Take Thy Crown

May 29, 2022

Praise God! Praise God! Thank you King Kyle! Shout out to all the folks up in PA! Please be seated. Folks, relax, relax. Praise the Lord Almighty!

It's so amazing to be back in *"the land of the free and the home of the brave!"* We're able to actually carry our guns here. Praise God! We don't just have airsoft. But it's been a tremendous, tremendous month! One month just disappeared and went so quickly; incredible! We're still on jet lag time so I apologize if I collapse in the middle of the service because it is night time over there. But I got to slow down because there are so many things we got to cover; so many things! And if I get moving with the Holy Ghost it's going to get too quick, so I got to keep it slow. Let's try to keep it slow! All right folks! Well, it's great to be back, and shout out to all the folks who have been praying for us across the world. So many things are happening.

The NRA Show

Before I get into it, everybody please pray for all the folks at the NRA show and convention that's going on right now. The KAHHR booth is down there. **Lieutenant Colonel Allen West** was just at the car booth a couple of days ago, so praise God for that!

<https://www.facebook.com/100035986551888/videos/5045599912224214>

He has shown himself to be a tremendous patriot.

We have to also be on the alert for the fakers like **Abbott**; Abbott canceled from being at the NRA. What a coward! What does any of the millions of gun owners and their good families and good law-abiding citizens, what the heck did any of them have to do with this insane psychopaths transgender-dressing, no father at home, abandoned children who go up on mass shootings? What does any

honest family who owns the tools of defense have ANYTHING to do with that? Every single one of them condemned that demonic possessed child.

So, Abbott: what a tremendous coward that ridiculous Texas fake patriot is! Not only did he not close the border, but he pulled out of the NR; basically blaming all the people who are gun owners again for other psychopaths.

And **Lee Greenwood**: a country music singer, total coward, total fake; making money off the backs of good patriotic families; total fake! Don't ever buy that fool's music again! He has also pulled out, basically blaming; pulling out of the NRA show because of political pressure and because of psychopaths doing shootings. He cowardly pulled out but Thank God! **President Trump** didn't do that!

Senator Cruz he didn't pull out. Cruz! It's interesting how politicians are. You got evil-evil people and you got good-evil people or better-evil people, and you got to work with the good-bad ones, just like our Green Beret friend CJ Thompson explained; he's coming to the Festival, and he's going to be teaching. So sign up for his class; on Monday after the Festival, we'll be training with a Green Beret. He just retired in 2018; ten plus deployments, etc. A tremendous hero for the country and worldwide; wants to train good patriots. Check out his interview with us on the King's Report.

<https://rumble.com/v1129x9-fight-for-freedom-interview-with-christopher-j.-thompson-04142022.html>

Folks like that! I mean, think about it: he's coming to train people! What do people like that anything have to do with a psychopath who decides to kill people because he has no dad in a home, he has a broken family and he's crazed out on psychotropics and video games? And then of course everybody who's honest gets blamed for it! This is total, total ridiculousness; complete irresponsibility!

And the folks who are pulling out of the NRA show? What cowards you are! Shame on you; total shame on you! You're exposed, you're a fake and nobody likes you. Even though we're praying for you, we don't like the cowardice that you portray.

So please pray for all the **patriots** down there at the NRA show! The leftists are already calling to bomb it. Literally leftist TV broadcasters are saying, *"Somebody should bomb the NRA show! They are evil white supremacists!"* These people are crazy; they're totally insane. They're calling for the death of honest patriotic families who have the means and tools of defense. Because the tyrants hate it; they hate it, they hate it! And that's why evil people HATE the Rod of Iron Kingdom, because it's a place where good people have the ability to defend their countries, their values, their states, their families, their neighborhoods, etc.

So please pray for the folks at the NRA show, and for the good folks that are all gathering down there; that they may do it safely and of course have a great time celebrating freedom, even though the NRA is collapsing and last year declared bankruptcy.

Lieutenant Colonel Alan West is announcing that he wants to run for NRA head. Get the fake Wayne LaPierre out who is killing the organization; absolutely destroying and demolishing the organization because there's total corruption. He's a neocon as well. But Lieutenant Colonel Allen West: you know him. He stands with folks like us and folks who actually want to protect the country and want to preserve Christian American values. That man is hopefully going to be running for NRA HEAD and THAT would TOTALLY transform the NRA, get it back on track, get it back on par again with GOA and folks like that. So please pray for Lieutenant Colonel Allen West who was at the KAHHR booth with us talking about the Thompson and all that. Just a shout out to him! What a tremendous patriot and we hope that he does indeed become the next NRA person.

To the young kings and queens

Also folks, the young kings and queens are reproducing like bunny rabbits; which is a good thing. That's a good thing! Let's give it up for our young kings and queens! Hallelujah! Praise God Almighty! That's beautiful! That's how it's supposed to be, because you young people you don't know, but you are giving the gift of your YOUTH to your children. What a PRECIOUS gift; taking that gift of youth which you don't have forever by the way. I'm 40; I got bad knees because of Jiu-Jitsu and I'll tell you what: you get to forty and you started feeling that! But I'm not going to get into that.

The point is: you, young people who are now investing you're smart, you're wise. You're investing in your future. Your future is not just materialism and hedonism. That's a future for destruction and collapse; sadness, isolation, depression and many times suicide. No! Your future is for investing into things that have true value: your relationship with God, your relationship with your family, your wife and your husband. These are the key relationships of the Kingdom of God because the stronger those relations are, folks, the stronger the Peace Militia is. Amen! The stronger the armed citizenry is, the stronger the families are, the stronger the Peace Police is; the stronger the Peace Militia is. Amen!

So it's absolutely critical that you are training. That's why before you get married all the young people need to be training in the martial arts; your tolerance for discomfort and your tolerance for pain is high compared to the normal person because you've been unlocking epigenetics and training and you've been doing MMA and Jiu-Jitsu and jumping out of planes with parachutes and scuba diving - I guess some of you are scuba divers; not everybody- and riding motorcycles safely and in a godly way, etc. And by doing those things, unlocking those epigenetics and becoming a stronger male and female before you get married, you are investing in your future.

Why? Because those skill sets are all going to be part of your family life.

You'll be training your kids.

You'll be working out with your children.

You'll be powerlifting with them.

You're going to be their first powerlifting coach.

You're going to be their first Jiu-Jitsu coach.

You're going to be their first skydiving coach.

You understand? When they're scared of something and all their friends are scared,
 You're going to be the ones,
 You're their first coach.

You're going to be the first one training them to overcome their fear because all kids are going to be scared of those things as they grow up. They want to get recognition from their peers and friends and other kids their age, but they're too scared because they don't know how to do it. But you as parents have gone through that training and you have taken the path of the straight and narrow and not chosen the way of the world.

The world tells you to go into debt and to live in utter slavery to the debt slavery system, the bankers et cetera. Your twenties and thirties are just wasted playing and going into debt, destroying your future, destroying all and just focusing on career and money.

Let me tell you something: Your career and your money will NEVER, never, never, never; NEVER be able to buy your relationships with your children and/or with your spouse! NEVER! You CANNOT with money; you CANNOT with money buy good relationships with your children and/or with your spouse! Amen! You can't! It's not possible! Now, with money you can buy other things, but look at all those billionaires who become evil and wicked and they get sucked into elitism. Why? Because they think they can solve everything with money. This is the problem: people who think they can solve everything money get a BAD, bad reality check once their marriage starts collapsing. Once their relationship with their children start collapsing, they realize, *"What the heck is going on?"* Are you with me folks? You CANNOT buy that with money!

Father is the one who chose

This is what the big thing was about in Korea, after True Father passed and the heresy of the Han mother began, the harlot of Babylon heresy began. Nobody knew it because it was still under wraps. However we knew because she was telling us this craziness and total heresy that she's God, that she's the savior, that all of Christian history has been waiting for the only begotten daughter. Sorry, I didn't find that in the Scripture.

She was telling us this so obviously, we knew, *"Mommy, we can't go along with this; we can't. This, we cannot go along with."*

So now you have the Han group and you have the Kwak group that have developed; both those groups have stolen things and billions of dollars from Father who were not given to them. There's only one successor to True Father; whom I did not choose by the way. I did not choose that person; whoever that person may be I did not choose him, okay. That's what people forget. Out of all the three groups we're the only group that did NOT choose ourselves. We did not appoint ourselves. I was actually appointed by True Father as his heir and successor.

If you've seen the videos of the tour, Reverend Lee gave a beautiful synopsis of the Three Generation Kingships, of True Father's anointing and the coronations. Even in 2008 when Father appointed me as

the international world president of the entire church and the movement, he said it all there. He talked about kingship, he talked about sovereignty; all that stuff was in there. People forgot about it, but in Father's prayer it was all there, and then of course he had the three different crowning ceremonies on two different continents.

Anyway, the point is: nobody can deny that Father chose his heir and successor and he did not choose himself; whoever he may be, he did not choose himself.

The power of money

So it's been an incredible month, an incredible month! Father sent us there because there are so many things happening behind the scenes. It's been ten years now! ten years is a long time. We lost everything. You understand folks? People cannot fathom the power you have with billions of dollars; people cannot fathom, especially in Korea and Japan and even in America. People just CANNOT fathom the type of power you have. For example billionaires are used to buying off judges. You can buy off judges. In Korea and Japan if you have some issue with your child who did something stupid, you buy up the local police chief. That's no problem, no problem; you buy them off and they'll sweep that under the rug.

Folks, you don't understand what type of power that is! So, when people have that kind of money, they literally think they've become God. You see that with the Han mother; she literally thinks she is God. She became so high on power, so drunk with power, that she literally thinks she became God.

Because you actually have a TREMENDOUS amount of power! When you walk in the airport, the international airport staff is waiting for you to escort you through; do you understand? Normal people do not understand this. Now, people see this and are salivating, saying, *"Oh, I wish I could live like that!"* No! You see you don't understand what comes with that kind of money: there are all sorts of problems, all sorts of fraudsters everywhere. You can't trust anybody. ALL sorts of people just there for the money; ALL sorts of people trying to get a piece of the rice cake! So there are no real people. You understand folks?

And at the same time you have so much power your children become corrupt; they become evil, they become selfish, they become weak. You understand? They become people who are totally incompetent. They can't even tie their shoelaces. They never cook a meal for their children, like the Han mother. I never ate scrambled eggs, never ate over easy, never ate a sausage; never ate a bagel that my mommy made. I never ate it. Never! She never made even a toast! I don't mean to fuss or anything, but you understand at that echelon people literally don't know how to make a phone call. You understand? The Han mother literally has a staff to call the next staff person who makes the phone calls. She has literally a staff to turn on the TV. People laugh at it but you just don't understand; you just don't get it folks. People just don't get the type of luxury she's been living in.

Anyway, the point is: that's the same type of crazy people like Bill Gates and these billionaires who are trying to worldwide take away all people's sovereignty. Why do they become psychopathic like

that? They've never been in a darn grocery store! They don't know prices are rising; they don't care. They've never been at a gas pump; they don't know how to pump gas! Dang on it! You understand? They never got dirty! Their children get a little mud on their pants and they got to buy them another pair of Louis Vuitton pants or whatever it is. That's how pathetic these people are; you understand?

They are in this little club, and all these people are trying to get into this club, trying to go to the schools which are basically the funnel into this club, thinking that you get material success. But look at all those people! They're all screwed up; they're all psychopaths. All their marriages are totally decimated and if they're still married it's a fake marriage because behind the scenes they got all these mistresses and girls or men or whatever the case may be. And at the HIGHEST level they're literally pedophiles. They're raping and selling children and killing them, eating them; they're literally cannibals. This stuff existed in the biblical world and it still exists today; these people are still doing that in satanic rituals.

You are separate from the world

So, what the young people are doing is very important. You young people, you are standing separate from the world; you're in the world but God has separated you from it. By your own free will, you are making your own decision, *"I am going to invest in things that are important long term."* You're not going to invest in what the world just COMMANDS that you must do:

You MUST be in debt.

You MUST go through all the government education and get brainwashed, indoctrinated.

You MUST become a leftist.

You MUST be for killing babies.

You MUST be for centralizing the means of production and socialism.

You MUST be for all those things, and then you can get into the club.

You MUST go to college even though you'll never use it.

In many cases it's a totally useless degree, unless you're an engineer or you're going to be a doctor or something like that and you have to get the stupid medical licenses through the different levels of education; the program is made like that. So unless you go into those specialized fields, a lot of liberal arts programs are TOTAL junk; they're total fakery! The people come out of them not only mentally insane and mentally unhinged, but they come out totally brainwashed into leftism, socialism, communism and political Satanism. They lose all their fundamental ethical values that get totally reversed.

AND of course they become slaves to debt. They start believing that going into debt as a young person is a great idea, but that's probably the stupidest idea, the STUPIDEST idea you can have as a young person. You understand? You don't have the years of experience and you can't bring in all that money. So you'll be paying off that debt slowly; twenty -thirty years of a school debt. So that you literally throw away your twenties and thirties to pay the banks back for this "loan." You were promised that

you have to go there, because you never can succeed, and you'll die immediately if you don't; that if you don't go to college your life will be RUINED- which is not the case at all.

You have so many people that went into specialized schools like for plumbers or electricians and these people are making already \$50,000, \$60,000, \$70,000 in their twenties. Meanwhile, the kids in college... No, no! They got \$100,000 of debt, and \$200,000 if they are in the Ivy League schools. They come out, and they're so arrogant; they're so incompetent. They haven't lifted a darn finger doing anything and so now they're working at Dunkin Donuts with their stupid \$200,000 debt degree PAPER! RIDICULOUS! You're totally retarded! You could have started after high school working at Dunkin Donuts and in two years you would have become a manager; you would ALREADY have made more in terms of your career than you DID in four years and now you're \$200,000 in debt! Oh, it's just such a ridiculous, ridiculous system!

That's why in the CIG culture: no!

You'll be starting EARLY!

You're building assets EARLY!

You're investing in those relationships EARLY!

You're investing in your relationship with God and community EARLY!

You're investing in learning the skill sets EARLY!

Building your house EARLY!

Being a homeowner by 18, being a land owner by 22!

These are just general estimates but you understand what I'm saying? EARLY! EARLY! Not when you're 60, 70, 80, and then they put the laws in, so you can't pass it down to your children because the state takes it. So RIDICULOUS! What a TOTAL, total scam! It's unbelievable that the modern Western world lives like that, and now is totally collapsing; totally utterly collapsing!

Satan's plans through the WHO

So folks, this is the kind of craziness we are dealing with on the micro and on the macrocosmic level: you have the World Health Organization signing a treaty which will be released today or tomorrow and they're trying to get every nation state to sign into this. The whole tour in Korea we've been warning about this in every city we went to. Korea, Japan, America and of course every freedom-loving country that actually wants to defend God's gifts of liberty for humanity and for their countrymen, for their people, for their nation, you must ABSOLUTELY, ABSOLUTELY, throw this out. You have to call your senators, you have to call your congressmen; we have to put pressure on the politicians. ABSOLUTELY, they must not support allowing WHO to determine what each nation will do in terms of the pandemic issues.

They call "pandemic" anything that has to do with a health crisis. What do they identify as a health crisis? It's very BROAD; they don't identify it clearly. You know what another health crisis is by the way? CLIMATE change is another health crisis! Are you kidding me? GUESS what another health

crisis is? WHITE SUPREMACY! Uh-huh, yeah! You know those Trump supporters? You know the domestic terrorists, white supremacists? THAT itself is a health crisis according to these crazy people!

Now they want all nations to sign their treaty. This is not a pie in the sky; everybody even in Washington is talking about it.

Rand Paul was on Fox News yesterday actually for the first time talking about this. These people are trying to literally make a world government, and he said, *"Imagine you're trying to deal with these bureaucrats and Deep State in America and look how we can't control these people."* Right, does that make sense? You can't even control the dang Deep State bureaucrats who are in the SAME country as you. How ON EARTH are you going to control BUREAUCRATS in a freaking different country across Europe somewhere? You understand folks? Do you see how crazy this is?

The **WHO** is being led by **Tedros** who is a COMMUNIST! He was head of the Communist Party of Ethiopia. Hello! He was an actual Commie! He ran and won as a Communist, folks; he is the Communist Party HEAD of Ethiopia where they've committed UNBELIEVABLE massacres and genocides and destruction of economy and slavery of innocent black people! THESE are the slave handlers that are literally in CHARGE of the WHO which then want TOTAL power over the whole world, and every country has to sign their sovereignty over to them during a "pandemic health crisis" WHICH they can define as anything! Do you understand? You see why my blood pressure goes up? You see folks? You see, that's why it happens. (*Laughing*)

So this has to be on everybody's radar. We have to be praying that Satan's plans be undone, foiled; that his machinations, his desires and wishes for total destruction of humanity be totally overrun and be upturned. Amen! So please be praying for that too, that's very important; that's a big fight.

But guess what? All of that is to be fought on the local level. The reason why the UN and the WHO able to implement their programs down low is because they've put in their people. They've invested hundreds of billions of dollars across the globe "educating" these people, building up "Young Global Leaders" through the World Economic Forum, the Davos group and all these political Satanist Communist organizations.

From the Ivy League people they've been taking the most radical ones; the ones that are radical but intelligent as well. It's a bad combination! You're both a Satanist and you're intelligent, so you're both a psychopath and intelligent. That's a bad COMBINATION! By the way, did you know that many psychopaths are quite intelligent? That's what people don't realize; they have extremely high intelligence and of course they WORSHIP intelligence. These are the people that believe that THROUGH intelligence you can dominate, you can win; you can have power. That's what Satan did, right? He believed, *"Oh, I am wiser than God. I have more knowledge. Children, you listen to ME!"*

So again these are the same type of people that are DESTROYING our country, trying to destroy our families, trying to introduce pedophilia and transgenderism and confusion and trying to destroy the

nuclear family. Husband and wife, and male and female don't even exist! Come on! These people are TOTALLY crazy, and these are the same people that want TOTAL control of EVERY nation, folks! You understand how dangerous that is, and that treaty is going to be signed TODAY probably; this weekend when they're finishing their meeting up.

This is coming down the pipeline in every single country. We've already alerted Korea, we've alerted Japan; America of course has to be alerted. Everybody has to be aware of this on a local level. PLEASE get this message OUT to people; get it out to everybody you know. This is absolutely dangerous. It will KILL America; it will effectively kill America. We have signed over our sovereignty. UN troops are coming out saying that they got a health crisis, so they got a national emergency and war powers to disarm the citizens, and tracking tracing you everywhere. You got forced quarantines, curfews; everything. Everything that you see in the Communist totalitarian states, they're trying to bring here.

This is not a joke, folks; this is a life and death, life and death; life and death battle. And again the enemy doesn't stop; the enemy does not stop. So we have to remain EXCITED, filled with the Holy Ghost, ready to battle; get recharged and get ready to whoop their face. You know what I'm saying? Amen!

Let's get to our Word today! We are in

Luke chapter 15: 1-7

The Lost Sheep

1 Then drew near unto him all the publicans and sinners for to hear him.

2 And the Pharisees and scribes murmured, saying, This man receiveth sinners, and eateth with them.

3 And he spake this parable unto them, saying,

4 What man of you, having an hundred sheep, if he lose one of them, doth not leave the ninety and nine in the wilderness, and go after that which is lost, until he find it?

5 And when he hath found it, he layeth it on his shoulders, rejoicing.

Hallelujah! Praise God! *"He layeth it on his shoulders, rejoicing."* Thank you Father! Thank you Jesus! Thank you Holy Spirit! That's incredible that's exactly what's happening!

6 And when he cometh home, he calleth together his friends and neighbours, saying unto them, Rejoice with me; for I have found my sheep which was lost. Hallelujah! Praise God!

7 I say unto you, that likewise joy shall be in heaven over one sinner that repenteth, more than over ninety and nine just persons, which need no repentance.

Lord! You understand? You hear that? You hear that folks in verse 7?

The Lost Coin

8 Either what woman having ten pieces of silver, if she lose one piece, doth not light a candle, and sweep the house, and seek diligently till she find it?

9 And when she hath found it, she calleth her friends and her neighbours together, saying, Rejoice with me; for I have found the piece which I had lost.

10 Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.

Praise God! Praise God Almighty!

Then of course it goes into the parable of the prodigal son that we're all familiar with.

On Repenting

But you understand folks? You see this in Luke Chapter 15: the greatest miracle, the greatest thing that brings joy to God is when the person repents. Repenting means what? This was something we explained in Korea before we did the prayers for folks and the laying on of hands when the Holy Spirit, the Father's Spirit is pouring out fire.

But before we did that we always reminded people, especially in Seoul:

Remember: repentance is not, *"God, I did this bad. I did a-b-c, and I also did d-e-f-g-h-i-j-k-l."* That's centered on ME; that's not repentance. That's moral posturing, *"Look how GOOD I am, because I've made a list about how many bad things I've done; that's how honest I am to God!"* God hates that; He doesn't like that. You know why? Because He already knows! He knows not only a-b-c-d but He knows the A subcategory of a-b-c-d-e-f; He knows the B subcategory of a-b-c-d-e-f. He knows the C subcategory of a-b-c-d-e-f. Amen! Are you with me, folks?

You can't play that game with God. That's the FOOLISH game religious people try to play; FOOLISH game they try to play! This is not repentance. Repentance means *metanoia*; means "change your mind." You have to CENTER it on God. Repentance is about, *"Oh, I have had something ELSE in the center!"* For example even people who morally posture, they think they're repenting to God because they say, *"Dear God, I've done this a-b-c. Look how many times I've repented before God, etc."* But God is then saying to him, *"No, no, no! At the center it's still you, fool! Still it's you! It's negative, yes okay; you're admitting your negative things, but the center is still YOU!"*

God can see that. It's not supposed to be centered on you whether you're doing positive things which are like, *"Oh, I'm so great because this, this, that, that."* Everybody knows that's kind of not good, but people don't realize that doing the same thing NEGATIVELY, giving yourself negative attention is the same thing. *"God, I did this a-b-c-d wrong. Look how great I am! Look how honest I am"* (*Laughing*) that is the conclusion. God hates that; He will not receive that. Amen! He hates it! It's fake.

It's like the lefties that say, *"Oh, we're killing the environment. I care for the planet!"* They don't give a crap about the planet. They don't care about people! They want to kill babies in the womb; they want to control every single thing we do as human being. They don't want to let people even OWN a house; they want no POSSESSIONS for people! Are you kidding? No sovereignty! Are you with me, folks? So this is the same thing!

But repentance is not about that! Repentance is not about giving God a LIST and saying, *"Here you go! Here you go Jesus! How impressed are you about how honest I am?"* That's wicked! It's deceit; it's deception! Repentance is about saying, *"NO! My heart has been here trying to get praise from people."* -Whether or not that's positive or negative praises, I'm still trying to get praise from people- *"God I've been in the center of that. I'm going to take that out; I want YOU at the center!"* He'll say, *"Okay!"*

That's repentance! It means change your mind, change your heart; completely change it. Not the LIST! God already knows the list; He knows all the details about the list better than ANYBODY. Amen! He knows all our secrets, EVERYTHING! EVERYTHING! So you can't impress God with a list, but foolishly people believe they can.

Because in other religions you may get praised for that, *"Oh, look how pious that person is! Oh, look how much REPENTANCE they're doing!"* But inside? Look the Pharisees were pretending they were repenting before Yahweh. But Jesus said what? *"You BROOD of vipers! You're whitewashed in the TOMBS with the saints' blood. Demonic! You, sons of Satan! You're children of Satan; you're of your father the Devil. You are CHILDREN of SATAN, you fakers!"* That's what he's saying. And these are the "religious people" of the day; the Pharisees? *"Very religious, very RIGHTEOUS!"* No! God knows all that fakery!

I've been to the highest levels of Buddhism, have met the highest monks in the whole world: the Dalai Lama, the top Buddhist monks of Korea and Japan, etc. Because at the time when I was younger and growing up in the Christian culture you were kind of attracted to other exotic ideas, *"Oh, maybe these exotic ideas have something that the Christian world doesn't have."* Young people get attracted to that kind of stuff. God used it in the end; it's incredible.

So I literally was thinking, *"Oh, you know Christianity has this or that problem, but Buddhism, see; it won't have that."* How stupid that was; how stupid and ridiculous that was! These monks are good people; they're trying, but no, no, no, NOT ONE of them is perfect; not one is without sin. Even the highest levels! The highest levels I've seen them and I realized, *"Wow! These people are sinners; they're sinners too!"*

So, in other religions you might get praise; you might get A LOT of praise for doing those outwardly forms of religion, but that's the difference between religion and relationship with God. With relationship with God you don't get any credit for that; you don't get credit for that because God knows.

It's not like when you go to your wife and say, *"Honey, I apologize for a-b-c-d."* She may like that but she's not God. She may actually like that, *"Okay, all right; okay!"* But she doesn't KNOW every single thing about you; neither does your husband. You may go to your husband and say, *"I'm sorry for a-b-c-d,"* and he may like that. But he doesn't know EVERYTHING about your inner world; the things that you HIDE from the world, from other people, from our public persona, etc. God knows! You see, that's the difference; God knows those things. He knows it all; He knows those inner secrets. So there's no playing that game with Him; there's no impressing Him with that game; that game doesn't work

on this One. Hallelujah! Praise God! Praise God it doesn't work, because how many people are fooled through that game? Amen!

So, *metanoia* means what? *Metanoia*, repentance, means changing your heart, changing your mind; this is the biggest miracle. The biggest miracle is the heart transforming; that's the biggest thing. Why? Because the heart transforming CHANGES the trajectory of ETERNAL life! It CHANGES where you will be forever: whether you'll be in Heaven with God or you'll be in hell with Satan. It LITERALLY goes like that; that's how much the change of heart matters.

It's All about Lineage!

We don't think that matters too much, but think about it! I was telling the Korean folks when I was over there, *"Look, all we had, we lost everything. The Han mother stole everything."* We didn't want to fight her for that and we just went. For ten years she's been calling me and Kook Jin-hyung, *"폐륜자"* (*paeryunja*); that means like the worst evil, evil children like unfilial evil. In English you don't even get close to that level; you don't feel that kind of emotional content in that at all. *"폐륜자"* is like *"REMOVE HIM from the family register!"* which in Asia is a big deal! America lost that kind of tribal mindset, and I don't think the Western world has that as much either. But *"폐륜자"* is just like the worst thing that you can be called.

TOTAL character assassination! Why? Because I stood up for Father! All the leaders there went along with it because they believed that they could bamboozle her and get money from her; they're predators, they're parasites, predators. Those leaders were saying, *"Yes, yes! Oh, yes! They're wicked evil! Father's lineage means nothing; the kingship lineage means nothing; it's all about whom we select"* -the Han mother selects. *"It's about the Supreme Council!"*

Even though the whole teaching is about the lineage that was lost in the beginning, taken by Satan, and the original sin being passed through lineage!!! ALL of THAT is about LINEAGE! It's a fight over lineage; it's a fight over whether we will be on God's DNA or be Satan's children. That's the WHOLE battle! We had a service called *"Gene Wars"*; remember these gene wars?

<https://www.youtube.com/watch?v=3trWDKEg2tE> (*Blood Wars- 2015. November 8*)

So the whole Scripture is about the battle between the gene wars; whether we're going to be God's children or be Satan's children. And that has repercussions because that sin will be passed down; that's what we call *"original sin."* It was passed down from the original point.

The point is: they literally took tens of billions of dollars of assets away, which Father entrusted to his successor who wears the funny bullet crown, etc. He entrusted that, but they took it all, and kicked me out of the board. They did that.

All I had was the Word, truth; that's all I had. I literally had nothing, literally lived in a basement. I was literally out as a beggar, a vagabond, a pariah, a rodent. I literally had nothing; kicked out of every property and not allowed anywhere. All I had was truth and the Word! That's it; literally that's it. I didn't even have a lot of guns then either. Well, LITERALLY all I had was just truth and the Word!

And of course they had power, they had the media, they had all the news outlets, they had the clout that Father had built up, the network, and they've used that to slander us, slander us; not only slander us but to sue us constantly, and to destroy us out of existence. EVERYTHING we do! Trying to sue us to get us out of existence, to bankrupt us! So it's interesting that they call me the "unfilial" child because I told the truth! I lost everything in terms of material stuff and all I did was speak the truth; that's literally all I did, speak the truth.

Christian vs. Confucian culture

But they say, *"That's BAD Korean! That person doesn't understand Korean tradition."* So I told the Koreans, *"Well, I guess, it's Korean tradition then for your mom to erase your daddy, to go after and destroy her husband's foundation and to steal that foundation from the son he chose and then try to sue him out of existence! I guess that's what all Korean moms do! I guess THAT'S understanding traditional Korean culture!"*

By the way the only people who can say those kinds of things about us being "폐륜자" etc; they are coming from a culture of Confucianism, which the Lord doesn't return on. He didn't come on Confucian values. Confucian values may have some good ethics but you understand, Confucius was a slave of the state, so all his major conclusions are SLAVERY under the state including seeing the GOVERNMENT as your FATHER! This DEMONIC Satanic TEACHING was from Confucius!

So the people say that about Korean tradition, *"Oh, those boys don't understand Korean tradition,"* because they're supposed to just bow down to whatever their mommy says. Even though she destroys Father, tries to erase him; she tries to deny his true identity, she tries to claim that she's God! I mean just the most ridiculous, ridiculous things! You understand? The ONLY way you can do THAT is if you're centering on Confucianism or some other thing.

Not if you're focused on the PERSONAL God of the Bible, Jesus Christ, Yahweh, the Father! In NO WAY can you do that! Because even though the sixth commandment is, *"Honor your father and mother,"* you CANNOT blaspheme God. If your mommy is BLASPHEMING God, you CANNOT help her do it. You understand what I'm saying? You CANNOT! NO Jewish family sees that as real! NOT ONE! NOT ONE Christian thinks that if their mommy is going on PAGAN Egyptian deities they have to support and follow that! NOT ONE!!! Why? Because they have their relationship with the personal God, personal God; not traditional Confucian culture or traditional this or that culture!

No, it's with the God of eternity, the God of time, the God of human history, etc.

All I had was Truth & the Word

So in Korea I told them, *"Look, all I had was literally those two weapons. I had two weapons: truth and the Word. That's it; nothing else."*

We're in the wilderness; we can't even imagine how we're going to build back Father's foundation. Are you kidding me? How is that possible? It's so ginormous, and we have nothing, nothing. Then

one or two people start showing up; and more and more people start showing up. And all we can do is just tell the truth.

And remember the resistance: people DID not want to hear! People were telling ME who never even met my mommy, never even SAT DOWN and had an egg McMuffin with her- not one time, NOT even ONE. These kinds of CRAZY lunatics are telling me how bad I am and how I don't understand my own mother! That's the height of arrogance; seriously. If you're living with your mom and SOMEBODY comes to YOU and starts TELLING you that you have to listen to them because they know your mom better than you, I mean these people are CRAZY! They're totally unhinged crazy; it's just TOTAL lunacy!

But that's the thing: LITERALLY people's relationship with the Han mother was stage, public event, like, *"I see her sitting there. I know her BETTER than her CHILDREN!"* Ah! It's just incredible, it's incredible; it's unbelievable the arrogance! You understand? The vitriol, the hatred, *"Die! Dig a hole and die you piece of crap!"* All this kind of crap; all this kind of ridiculousness!

Why? Because we told the truth, we told the truth; we had to tell the truth. We TOLD it like it was. NOBODY BELIEVED us! Everybody said, *"You're crazy! You're making stuff up; you're making this up. Why would anybody...? She SERVED Father for fifty plus years!"* Okay; fine! You remember this folks?

Now, fast forward ten years! We have not stepped back in Korea, not even one foot for ten years; neither in Japan where we are going back in a couple of weeks after more than ten years. We gave them full monopoly; we didn't plan it, God did. We were so busy just trying to build up from NOTHING to now this year at the Freedom Festival **Dr. Sebastian Gorka** is coming, **Ambassador Alan Keyes** too. I mean we're talking about the next level, national- level figures now coming back. Why? Because they know Father's foundation; they know the boys, they know us, they love what we stand for, but they know FATHER.

Both the thief and robbery organizations the Han and the Kwak groups, they NEVER mention FATHER! All they do is they slam on his head all the time. We're the ONLY ONES that say who HE IS: he's the RETURNING JESUS! Look at the Constitution which he released and the PROTECTION of all human FREEDOM, the Rod of Iron Kingdom! What a TREMENDOUS gift to all humanity! (*Applause*) We're the ONLY GROUP that actually TELLS the PEOPLE what it is. Because they DON'T KNOW that if Jesus returned he would DO THAT! He wouldn't create communism. No! Because every other Satanic pagan tyrannical group ALWAYS creates communism, totalitarianism, centralized government, etc.

The CONSTITUTION of the KINGDOM of God is OPPOSITE; TOTAL opposite! You thought the American constitution was good; but the Kingdom of God Constitution will knock your sock right off your feet! (*Laughing*) Are you with me, folks?

So that's ALL we HAD; at the time all we had was just telling truth. That's all we had! People didn't want to hear it, because you're not supposed to criticize a woman in the Western world; that's illegal. You are a bigot, you're a misogynist. Even if she's a wicked evil harlot or a wicked demon witch, you

cannot criticize any woman in the Western world, otherwise you're a misogynist and you'll be bullied into BELIEVING that THAT is TRUE!

Which it is NOT! Because women are not perfect; neither are men of course. Women are DEFINITELY not perfect either, even though in the Western world they try to pretend that they are and can't be criticized. RIDICULOUS! All human beings before God are sinners.

That's all we had; we had the truth and the Word. That was it! The amount of cognitive dissonance people had! They could not believe that was true, *"You liars! You're destroying True Parents!"* All this kind of crap! No, no! We were just telling you what we saw.

For ten years we haven't gone back to Korea or Japan. So for ten years the Han mother has had full monopolistic reign to do whatever she wants. She can throw on hundreds of millions of dollars; she can do whatever she wants. And now we're in the beginning stages of World War III! All her prophecies have failed; every single ONE! She PROMISED the entire world that nations would be coming to bow at her feet, and all Christians would come to the only begotten daughter; to whom NOT ONE has come! Because it's obvious; it's Satanism. Any Christian can see, *"No, no! In that place they're putting up owls and putting up statues! No, no! I don't think I'm going to go there. I thought God said something about the Moloch stuff!"* You know what I'm saying? Give me a break! And all her prophecies that she was going to usher in a world of peace! No!

Father's foundation in Korea

People didn't realize how much Father was fighting Satan's kingdom. How MUCH behind the scenes, in front of the scenes, everywhere, Father had to use the entire worldwide foundation to fight this worldwide communism; beat it back constantly. And of course he entrusted that helm to his sons whom he picked, the kingship line, to continue that battle. Because really in the end, it's the battle of human free will; whether or not it's good or evil the choice is there. And the Kingdom has to stand on the side of good, has to FIGHT for the side of good; has to *"RESIST the Devil and make him flee."* Amen!

So it's this kind of EPIC battle! Ten years we haven't showed up so she's been able to do everything she wanted, and NOT ONLY in the outside world from the top elites to the business world. Do you understand?

Folks, I mentioned that last week, when the General Inspector was there, our Tong-il business group - how much blood sweat and tears were poured into those businesses! - Our business group became the number 18 in all of Korea; when Kook Jin-hyung was there within a number of years. It was never even in the top 200! Every single ONE was not profitable; every single ONE would be mismanaged.
https://www.youtube.com/watch?v=IYZ0_woFdSs&ab_channel=KookJinMoon2008-2012

In fact Yonsei University which is the Harvard, Yale, Princeton of Korea. You have Seoul University, you have Yonsei, you have Korea University; these are literally the top three universities in Korea. In Yonsei University Business School they had a CLASS, a case study on Chairman Moon Kook Jin,

General Inspector. They had a CLASS on HIM showing how this young man CHANGED this entire business group and made it number 18 in the whole country. You imagine if he continued to do that, continued on that path for the next ten years, where he would be now; he would literally be up there with Samsung and LG!

I mean these people are so weird. It's so RIDICULOUS! The Han mother; and it's so sad but true, she can't pump gas, she can't even make a sandwich, but that kind of person believes that they can do this better than somebody who's a professional at it!

That YONSEI University, the HARVARD of KOREA, is teaching a dang CLASS on our business group to the young KIDS going to BUSINESS school! And it's a Christian school; it was founded as an evangelical church. So them talking about the MOONIES, Rev. Moon's SON in their Yonsei university BUSINESS school, they're going to be called heretic for that just for that! You understand? I mean people don't UNDERSTAND what was happening. Imagine if that continued on for ten years!

We were meeting the TOP-LEVEL generals, TOP-LEVEL military, TOP-LEVEL politicians, telling them what? Arm Korea! Arm Korea! Arm Korea! STRONG Korea! STRONG Korea! China is coming! China is coming! We were saying that ten YEARS ago, folks! Ten years! Imagine South Korea with our massive influence there, if the Han mother JUST said, *"I honor True Father. He's been victorious and I thank him for choosing the Three Generation Kingships."* Do you understand? South Korea TODAY would be a different country, a totally different country. We are one of the big families in South Korea; do you understand? We are one of the BIG families in South Korea; EVERYBODY knows Father.

So, do you understand? Ten years! How much that would have changed. It's UNFATHOMABLE! It would literally be a nation going in God's direction; literally. That's what Father has desired; it's the fatherland, the place of the Return. That would have been a starting point. That's where the Abel UN was supposed to be to start spreading the Rod of Iron Kingdom culture to the whole world.

*STRONG good countries making BAAAAAAD countries scared; that's the Kingdom.

*Satan's kingdom is BAAD countries making good countries scared.

*On the micro level: citizens being scared of their government BAD! That's Satan's kingdom.

*Government being scared of CITIZENS? THAT'S the Kingdom of God.

Very simple; very, very simple, and it's real. It's also scientifically backed up, sociologically backed up with all the studies etc.

DAVID slew Goliath!

So, that's all we had; all we had was the truth. We explained that to the people in Korea.

We did not go back for ten years; we did not do anything. Imagine if I kept going back every year, every two years. No! The Han mother may have never exposed herself. This was the will of Father; he made it like that. My PASSPORT EXPIRED in 2019 or 2020! That's HOW MUCH I thought, *"I'm NOT going back to Korea!"* Are you with me folks? My PASSPORT EXPIRED! It was long gone, many years

past! That's why we had to do the run around, going to Arkansas, do this crazy driving; forty hours of driving and plane riding just to get to Korea!

We never thought we were going to go, but then all of a sudden right before True Parents' day! Bam! They were suing us, suing us, trying to destroy us! They hired the top lawyers in America in the Rockefeller Center; ROCKEFELLER Center, the top lawyers! When you hire them you win! We had to spend \$2.1 million fighting this, just fighting them, and that's with everybody putting in their little change money or whatever they could do to help. You understand what I'm saying, folks? Because we were fighting for the Tong-il mark!

They were pouring MILLIONS and millions. We don't know exactly the number but with TOP-LEVEL lawyers! With TOP-LEVEL lawyers, you're talking about six thousand, eight thousand, or ten thousand dollars an hour. You understand what I'm saying folks? I mean it's not cheap; people who don't know lawsuits, they don't fathom how expensive this IS! They just don't get it.

The Kim & Chang of America, TOP-LEVEL out of Rockefeller Center, on big major floors there, this MASSIVE Goliath legal company who has inroads and access to EVERY Obama judge, EVERY single judge in the country, and can pull all the back strings, etc, coming after us! We have nothing; we literally have nothing. For ten years the Han mother continuously tried to destroy her own sons; she was not chosen by Father to be the successor, so she stole everything. Ten years of trying to destroy her sons legally, to bankrupt us, bankrupt us, bankrupt us, and then seven years down the road she lost; they lost that battle. DAVID slew Goliath! (*Applause*)

That's why we knew, *"Oh my Gosh! We just won back the Tong-il mark! They cannot stop us."* The Tong-il mark is not only a symbol. It symbolizes EVERYTHING: the Principle, The Eight Great Textbooks; it symbolizes ALL of Father's words. And now we have the lawsuit WIN. But look at this! We're not like them. We didn't say, *"Okay, now we're going to try to trademark this for ourselves."* NO! The WHOLE world must have access to it; EVERYBODY must have access to it. Father's words must now be published in and out and EVERYWHERE freely. They can't go after our win because that's legal victory.

So upon that foundation then we knew, *"Okay, God is speaking. We got to go, we got to go; we just got to go to celebrate with our folks in Japan and Korea who've been massive in the HELP of even fighting these law suits. Even if it's just to celebrate with THEM! Even it's just to give praise to God and just cry together; we just GOT to celebrate with them!"* That's why we had to run around to Arkansas back and forth 20 hours, 20-hour plane ride, 7- day quarantine; all that kind of craziness just to get back and spend time with them.

Oh my Lord! Folks, you understand? So we were quarantined for seven days and by the work of the Holy Spirit I was able to see a lot of Korea in my spirit, in the spirit realm; I was able to go around and see the spirit realm everywhere.

The first event was in Yeosu after the seven -day quarantine.

The Han group blocking us

Now, when the Kwak group goes to Korea they can't fill 100- 200 seats. Everybody who's there is PAID as staff; every person there is related to someone who's being PAID! They're literally buying butts to sit in seats, they're buying booties to fill up seats, you understand? They got caught, you remember, when they were doing their events; they got caught getting senior folks in the parks. In Korea the grandmas and grandpas hang out in the parks. So they go there and they say, "*Okay we're going to give you free trips but we're going to make one stop,*" and that will be the Kwak group speech. So they do a speech, but they're really going touring to this or that mountain and that's why these older folks say, "*Okay! It's a free trip; okay I'll go.*" Remember? They got caught; there's photo evidence of them changing the bus panels to say that the next destination was a tourist destination after the event. So they got CAUGHT doing that kind of tour figuring; that's how they "fill seats." They can't fill 100-200 seats; everybody who's there is being paid.

In South Korea we have a lot of brothers and sisters but many of them have been lost. Just like we saw in Luke 15, there are a lot of lost sheep; a lot of the shepherd's sheep have been lost. Gone for the money, gone for this or that; they have family that is connected for the money, etc. We have probably three to four hundred brothers and sisters and related people in Korea, but still we just don't know.

It's not only that we're showing up and people try to come to the event; it's also that Family Fraud's ENTIRE apparatus trying to STOP people from going to the events. That's why they used the *Segye Ilbo* to block the meeting with the president of South Korea; they used the newspaper that we own to STOP me from going to visit the president. We have evidence of that because the organizing committee chair that was sent to us later was at the giant palace in Cheongpyeong, and a photo of him was leaked to us. So we have TOTAL evidence that they were involved in the blocking of that and blocking Reverend Lee as well.

So they're behind the scenes; it's not like they're trying to ignore. They're FREAKING out because for ten years the Han mother's exposed her total demonic heresy; they've been following a lie. AND at the same time it's just one donation after another; right now everybody's being forced from the top down to give another \$12,000 donation for another big building at the palace in Cheongpyeong.

But it's after ten years of every single failed prophecy, no preparation for anybody; just living in hedonism and luxury and having a hundred people staff for one house! I mean give me a break! Okay, some people can tolerate that. But the point is erasing Father; claiming that Father in the spirit world is being dominated by Satan and that now these people have to do conditions to free him! TOTAL demonic SATANS! You understand what I'm saying?

It's like saying- unfortunately many Jewish rabbis say that- "*Jesus is boiling in FECES in hell!*" That's what they say: they literally teach that even in the modern day. They teach that Jesus is boiling in feces in hell! It's LITERALLY that kind of heresy that the Han mother is spewing, and there's ONE heresy

after another, year after year after year! Of course we've been vindicated because everything we told you about what she was saying has come OUT.

Mr. Kwon Young-pil made a VIDEO; I think everybody's seen it but we'll translate it into English and into Japanese as well. He outlines and he shows her OWN video of herself saying those things by her own mouth: *"All of Christian history has been for ME! I am the ONE! Nobody taught me anything; the only begotten son taught me nothing!"* All this kind of total ridiculousness! And of course putting herself as the savior! Total Satanism! This is a video Mr. Kwon Young-pil made; it's very short but very powerful and we see her expose herself by her own words.

We had reported everything; everything that everybody cursed us about with, *"DIE you piece of crap! I hope you DIE and rot in the pit!"* To all those people that we told the truth to, what are you going to say now? She said it with her own dang mouth, just like she said it with her own dang mouth to us, and we then realized, *"Oh! This, we cannot help! No! This, we're not helping!"*

Now in a new mandate - and that's why internally they're collapsing totally - she has commanded to rewrite the Principle to include the only-begotten-daughter theology as the center of it; which is Asherah and Satan. So I believe that even on the INSIDE two people have already quit in the historical archives committee; already two of them. She's now starting to go to the point where even her own STAFF is saying, *"No, no! This is going too far; it's going too far."*

Now you're totally validating what the "페륌자", the "evil son", says about you! They call me like that; I'm the "evil son" because I told the truth and I didn't sell out Father for money. So I'm the evil one! They sold Father for money, stealing the money and they use it to try to destroy me; I'm the EVIL one! Okay, got it! It's just like the commies, just like the Left. So they're trying to do that, and internally collapsing; internally death, desert, total desolation!

Remember when Father passed? They were not letting people say *"Heavenly Father"*; you had to say *"Heavenly PARENTS!"* In the video she talks about, *"Oh, Heavenly Father... but Heavenly Mother is ..."* Oh Gosh! This is the oldest heresy in the book this is fallen Eve THEOLOGY! It's the OLDEST dang heresy! God doesn't have a Heavenly Mother; that's why He made humanity so through Adam He can experience Eve and have a wife through Adam and Eve! You don't have another heavenly deity who can VETO HIM! Give me a break!

It's on this internal verge of utter collapse, utter embarrassment because of everything she says including the deposition! All our depositions are out for the public to see, but why don't they release their depositions? They should release the depositions. Amen! Why not? You're hiding something. Why are you hiding it? Ten hours: this should be EXCITING news because the only-begotten daughter HERSELF has given a ten-hour lecture about herself; ten hours about herself. So it should be the most exciting news to all humanity, and all of Christianity should be rejoicing right now. So release the dang video!

No, no! Because they know, they KNOW she's a heretic, but they are holding on for what? For money, MONEY; they're nothing but prostitutes and adulterers, harlots - so the Bible says. They're now being EXPOSED as being those low-level harlots and adulterers that sold out the Lord for money. They were just as pathetic as I said ten years ago; they were just as evil. We told everybody the TRUTH and we've been totally vindicated, so their whole organization is collapsing. All the contacts that we have think that the way they're destroying every organization from the business group to the newspaper is a total joke. Everything is being destroyed, wasted; purposely, frivolously just destroyed.

And these guys thought they'd get power after they helped to kick us out. They were saying, *"No, no! Lineage is not important now; it's the heavenly law."* The "heavenly law" that they created was what? INTERNATIONAL COMMUNISM led by a SUPREME COUNCIL! That sounds like something from the UN and the WHO and the BILDERBERG group! It's EXACTLY out of the SAME SATANIC BOOK! What the HELL are you TALKING about? OPPOSITE to everything Father did! Are you freaking kidding me? And then of course using the money to HELP the Commies, HELPING the Communist Party POLITICIANS! Rooting for HILLARY!!! Are you kidding me? Oh, this gets my blood boiling, folks! You understand? Are you kidding me?

Anyway, everybody who had a brain knew it was a joke. The point is there are so many people that are there for the money and they've now been exposed. It's collapsing, collapsing. They were saying, *"Nobody's going to go to the 'Second King' event! Hahaha! What a joke!"* The Han mother has a picture of herself sitting at the 400 million dollar palace, because she's a victim. Okay? Just remember that: she's victim in a \$400 million palace with one hundred paid staff: chefs, people who turn her TV on. Victim; total victim! She's a total victim. She took that foundation and used it to sue her son whom Father chose, but remember, she's a victim, and so as a victim, she is sitting there looking out into the WORLD from her lofty palace; weeping and waiting for the "evil son" to return and repent. Okay, all right! If that's the level of your propaganda, you have already been defeated. I mean it's just so ridiculous! The point is nobody's going to go to the events; they block everybody from going to the events.

The Yeosu event

We started in Yeosu. Because we don't have spaces that big, they rented places -at least for 300 people and above- but everybody of course was worried. We just didn't know what was going to happen, what kind of pressure they were putting on people, and whether bribing. We didn't know what was going on, so we were prepared for anything, *"Whatever Father wants we are prepared."* We didn't care; I was not going for my glory, not going for my personal fame. I'd already been slandered up the wazoo, and I wore a bullet crown- and that doesn't help in Asia. But we were not doing it for the image, and we were not doing it for the fame.

There were like 400- 500 people at the freaking event; there was an overflow of people. We started speaking and then we started praying for people. At the first event I felt, *"Oh my Gosh!"* The Spirit of

God came down SO HOT on that place! The FIRES of GOD were pouring out from Heaven. People were literally like on fire; people were being slain in the Spirit.

Shin Joon and Shin Deuk did a great job. (*Applause*) These young boys did a great job serving brothers and sisters and serving Daddy and Mommy and being our security. Also Victor Moon, he did a great job, and all the young people that helped there.

Anyway, people were slain in the Spirit; people were palpitating on the ground. There was weeping and gnashing of teeth. These kinds of incredible miracles were happening; people were slain in the Spirit. Hundreds just slain in the Spirit and we were thinking, *"What the hell is going on here?"* That video had almost ten thousand views already in a week. People started hearing about it, *"What the heck has happened?"* That "evil son" returned after ten years and they said, *"Not one person is going to go to that event."*

The Kwak group can't even gather 100 -200 people; the people all are paid. I went to our event and asked, *"How many of you have been paid? Have you been paid one cent to be here?"* In fact you got to pay a lot more because you're going to be slandered, you're going to be cursed at, you're going to lose friends, you're going to be hated on; there are a lot more things you'll be paying to come and see the "evil son," Father's successor. They're making you pay it in other ways. So it's not even, *"Did you all come here because they gave you twenty dollars?"* (*Laughing*) It's such a joke! It's so funny because that's what they do. But it shows you how pathetic it is, how ridiculous it is.

I said, *"NO! Not one of you is here because you're being paid. EVERY SINGLE ONE of us is suffering; every single one of us is being slandered, losing friends, being blocked, being hated, called heretic, etc. EVEN THOUGH we're the ones telling the truth! So all of us have paid the price of losing the things of this world. But the reason why we're gathered here, the reason why any one of you would gather here is because we have love; you see we have love. That's why we're gathered; we have love. We LOVE God the Father, we LOVE His son, we love the Holy Spirit, we love one another; we have love."*

I told them. *"In the end look, the Family fraud and the Kwak group they can rob me billions and billions of dollars, I'm still the richest one: I still have ALL the blessings."* (*Applause*) The real blessings of God are not just the material things. That's a MANIFESTATION of the blessings that go with providence, but that is not the central thing.

In the Scripture, in Luke Chapter 15, we saw that the angels rejoice, God rejoices when there's the change of the heart. And EVERYONE THAT'S GATHERED HERE, in Korea, in Japan and everywhere, we're here because God changed our heart at some point in our life, and He gave us the truth. That's why we're here; that's why we're willing to endure the hate and all the attack and all the lawsuits and all that crap. Because we're not here for the earthly fame; we're here because God gave us new life, and we've earned so much more.

“Just be my hands & feet!”

So the fire of God hit that place and then also in the next city and in the next city. There are eight provinces in Korea; we couldn't hit all eight but we hit five and we hit the holy sites in each one of those other provinces. Every single one was just on fire, and everywhere was different as the spirit moved in different ways; sometimes silent, sometimes burning people up, running around on fire, slain with the Spirit. They'd be on the ground like a salmon on fire. And we just praised God. You'd see somebody flopping around like a salmon in fire, *“Praise the Lord Almighty! Thank You Lord Jesus! Thank God for that!”* Hey, I'm not going to judge that. I don't know what's going on. NOBODY KNOWS what's going on in the heart. GOD KNOWS! Boom! In that person some kind of release POWER explosion HAPPENED! Nobody knows what's going on, but that person knows and God knows.

That's why I said, “I'm not going to stress myself out. I got too much pressure right now coming back to Korea. I got a whole multi-billion organization trying to stop everything I do when I'm moving here in Korea. I got enough pressure, I got enough stress; I'm not going to worry about what the Holy Spirit's going to do.” Father told me, *“Just be my hands and feet.”* That's all I got to do. I'M NOT going to create any miracles! I'm not going to heal ONE PERSON! I AM not going to do any MIRACLE! If the miracle happens it will be God! *(Applause)* I am just to be His hand and feet. As His successor, as heir and representative I'll just be His hand and feet; that's it.

And then God moved; God moved!

What a great training also for the Third King to see this ministry! I've explained this to him and explained it to everybody. I've been open with it. I'm just sharing my feeling; I share my heart. I told them that it is an important part of the ministry; that you got to share your heart because you ain't perfect and you're stressing out the same way, okay? And probably more because it's on you; all that is on you, *“HOW will he DIFFERENTIATE from the Kwak group and the Han group? He's going to come back and just do another small failing event like the Kwak group! Hahaha!”* I got to deal with all this stuff in my mind, *“I got to somehow differentiate myself in the marketplace.”*

Give me a break! I just got to go with faith I got to CELEBRATE the victories God gives; be His hands and feet and do what Father wants. Bam! That's all I got to do. But of course as a person I stress myself out; everybody can understand that. Everybody does it so this is totally understandable. But I had to get out of the way and then God could move! Bam! Bam! Bam! Every city was just like a miracle.

Miracles in Seoul

***A traditional martial arts group**

In Seoul, the final city, they even rented a bigger room and when Rev Lee came out to give his presentation only half the room was filled. So he was like, *“Oh my Gosh! This is death! This is TERRIBLE!”* He was thinking, *“Oh my Gosh! Nobody's showing up!”* They blocked Seoul because that's their biggest stronghold. They're blocking! This is heavy; they push it hard on us. He was worried, *“Oh my goodness!”* But later he reported that at the end of the event there were all these people that he had never met. He wondered, *“Who are all these people in this hall? We've got to FIND OUT!”* Some

traditional martial arts group called Chung Do Sool; Hyo Jin-hyung trained in that and I think one of Father's securities also did. Chung Do Sool is a TOTALLY separate outside organization not related to us one bit; it's a TOTALLY different martial arts federation.

They heard, "*Rev Moon's successor is coming to Korea.*" with all the posters. Those posters got me more stressed, folks; they had me up there with the Washington Post and the bullet crown and everything. But that's fine. They named it: "*The KING has RETURNED!*" That was the tour name. Oh Lord! My freaking disc is going to pop out of my neck again! Talking about giving me stress! Man! You're giving me stress; you're escalating the stress on me!

So, this outside organization, they saw this poster and they got TEN instructors; TEN of their national instructors came. One instructor brought fifty of his students. This is not even RELATED to US! You understand folks?

THEY SHOWED UP! I SAW all these young people and asked, "*Who the heck are all these young people?*" We were inviting people up to do a prayer of repentance and accepting True Father and repenting about how the Han mother had tricked them for the last ten years. THEY WERE ALL UP THERE, they were all up there praying. I didn't know at the time; I just thought they were second generation kids who wanted to come back. That's what I thought at the time; I had no idea. They seriously sincerely wanted to repent.

Later on I hear from Rev Lee, "*I don't know these people. Who are they?*" It turned out that it was that group. If you say Chung Do Sool in Korea, people know that's traditional martial arts; that's what Taekwondo came out of. That WHOLE ORGANIZATION, somehow the HOLY SPIRIT touched it, and they ended up coming up to the event; they ended up filling the whole dang hall. And NOT ONLY did they just SIT and LISTEN! We had a speech and then we invited people to pray and get slain. These are martial artists and they want to get slain in the Spirit!

Usually, for young people that is hard to do because young people are very skeptical; young people don't believe in God so much. They have a lot of the secular brainwashing. And these are GOOD-LOOKING YOUNG MEN! They are fit. "*Man! Who are all these young kids? Where are they coming from?*" It turned out it was a totally outside organization and they just got touched by the Spirit. They were saying, "*We've got to come because we know what Rev. Moon did; he was a super patriot. We knew he fought the Commies.*" So they said they HAD to come. Somehow the Spirit moved in them and they had to come. Now they're of ALL DENOMINATIONS! Some of them are Methodist, Baptists; some of them are Catholics; some of them are non-religious; some of them are Buddhists. You know it doesn't matter; they're part of a martial arts group but the Spirit of God led them. How incredible! It's CRAZY! (Applause)

We're getting over time. I can't do any seven-hour service here; if I do a seven-hour service in the West people get real mad. You know, Father did twenty three and a half hours!

***A senior 2nd generation**

One brother there he's amazing. He's one of the older senior second generation young people who was blessed by Father and I think he's in his 50s; so he's one of those senior ones. A lot of his friends are in leadership position in the Kwak group and the Han group. He's one of the special ones that came to be under True Father's authority. He's got nine kids and he lost one of the children; she was 13 years old when she was killed in a car accident.

You understand, we didn't only have events. In between there were all these meetings with the staff and in Asia every time people gather I have to speak; I have to speak hours upon hours, so daily probably five to ten hours. This man every time we gathered for lunch or whatever the case may be, he was always trying to not sit next to me. He's part of our staff, he's under Father's authority a long time but he kept on running away. So I said, *"Hey brother, you got to come sit with me; come over here sit with me."* Anyway, he's quiet. Maybe he just wanted to leave everybody alone, and he just wanted to be in the background; maybe he was kind of embarrassed to be in the front. Or maybe he didn't want to get too much love; he wanted to let that love spread around to the younger, or whatever.

At the final event he received a prayer. This man was on the ground probably for an hour and a half or two hours; he didn't move. Later on he told us in a testimony that his hands and feet were stuck; that he was paralyzed and could not move. He said he tried to get up but he could not.

For years Father had not visited him not even in dreams, but Father came at that time. And whom was he holding? Whom did he bring? He brought that daughter! That daughter was right there with Father; he brought her right to him and she was smiling. He said he never had closure, even after fifteen years since his baby died; he always had the pain of losing his baby. And that time, in the Seoul event, he was out.

All the younger people were like, *"What the heck's happening? What's wrong with him?"* The whole event had finished. And just like in Yeosu with the other brother whose wife died and who was on the ground until eight o'clock even after the event ended; that happened in Seoul with Mr. Chin. The event had ended and the man was still on the ground, so everybody was wondering, *"Oh my Gosh! Should we take him to the hospital? What's going on?"* He was not responding and no one knew what was going on. But Father came at that moment. Boom! He said he didn't know that two hours had gone by. Father came, brought his baby and showed him, *"No, no! She's with me! She's standing with us."* He said that the pain in his heart was washed away, washed away, just WASHED away by the Holy Spirit, and that after the experience he got up, and he was just rejoicing; he was so happy, so thankful.

Transformation of the heart

Incredible miracles like that! We have some testimonies from other folks about healings and all sorts of things, but there are too many. I mean lot of the churches in the Pentecostal world and others, they focus on the healings, but really the Scriptures show that the biggest miracles are not the healings. A lot of people were healed by Jesus but they didn't follow him; some even betrayed him. Remember in

Pennsylvania some folks were coming for healing when we were doing the Holy Spirit service there; people not even a part of our church organization. Remember the guy with the diverticulitis? He got prayed on and was healed of that. God touched him; you remember? He was healed of diverticulitis but he never showed up again. He said, *"Thanks! Hey! I'm done!"* - Or whatever.

So the healings are one thing but many times they get used in a selfish manner; they get used for self purpose. People forget the reason why God may have given them that.

Whereas the transformation of the heart and the repentance or closure - in that type of traumatic terrible event, some type of closure, of transformation of the heart - this is the really big miracle. And the crux of testimonies is the transformation of the heart, and not only the repentance but the true transformation; the heart being set ablaze to *"Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."* To fulfill that, that heart is being set on fire again. THAT'S the real miracle, folks! THAT'S what we saw in Korea! That was the fire of the Holy Ghost pouring out.

And in Japan, you better get ready you all, because we're going to be hitting you in three weeks. Lord, have mercy! They were freaking out with just hundreds gathering in Korea. In Japan we now have over 2,000 people that have returned under Father's authority; over 2,000 that we know of. So, in these big cities they're already renting stadiums with a capacity of over thousand seats. The Family Fraud is collapsing and freaking out NOW and trembling and shaking their boots NOW! So imagine once we get to Japan, they'll be trying to kill me; they'll be trying to assassinate me.

Folks, pray for us because they see Japanese members as their money bags and they'll see THOUSANDS gathered at the "evil son" who had his inheritance stolen by his mom and has been constantly sued by his mom. But yet I'm the "evil son"; because I'm the one that Father chose I'm the "evil one." I guess because Father is apparently in hell under Satan's thumb and she's got to liberate him! Ah!

So you imagine when we go to Japan and thousands are gathering, you imagine how much and how fast the heresy and the wicked demonic things that they thought were the center of Father's inheritance will collapse. They thought that stealing the money would get them the power, would get them all the fame and everything.

No, that's not the thing! The real thing God really wants is what? He wants the hearts; He wants the love. He's got all the money in the WORLD; he built the whole UNIVERSE! He doesn't NEED any money! But He wants the hearts to be freely choosing, freely giving, to *"love God, love your neighbor,"* seek His will and His righteousness- not theirs.

THAT'S the true miracle!

THAT'S the true joy!

THAT'S the true REJOICING of heaven and earth when those hearts are transformed.

We're not celebrating the death of a heretical organization because they've killed themselves. We didn't do anything; all we did was telling the truth. They've destroyed themselves. Always liars,

thieves and robbers, they destroyed themselves. *"There is no honor in a den of thieves!"* That's how it works; in the end there is justice because God is just! Amen! And their TIME is now coming. So when they see thousands gathered in Japan, how much freaking out; how much more tyranny they will put, *"ABSOLUTELY YOU MUST NOT GO!* And the more they freak out, the more tyrannical and the faster the shell of the evil heretical things that they try to do will fall apart.

And of course the new Divine Principle they're trying to make! What a laughingstock! What a joke! What a TERRIFYING failure! Not one person joined because of any of the brides. People joined because Jesus had returned. People joined because of Jesus; people joined because Father is here and the lineage is going to be established. PEOPLE joined because of THAT! They joined because of FATHER, because when you heard the Principle, you realized Father is the One; he's the Returning Christ. He's going to start the Kingdom, the Kingship is going to be established and the Kingdom of God will come. It will not come like the Communists want it; it's going to be the opposite. It's going to be freedom and responsibility. Praise God for that because that's a place where actually GOOD can flourish and evil can be squashed! (*Applause*)

Pastor Sean's Prayer

Father God, we thank You for the beautiful things that You are doing across the world. We thank You for all the things that You've done and how You touched the Korean people this time on the tour. We thank You for all the folks in the West and everywhere across the globe who've been praying and standing with us and under Your authority;

- protecting You;
- protecting the Bible;
- protecting Jesus,
- protecting the providence.

So we thank You for that bravery.

Every single one of us has paid the price of worldly things and being attacked and slandered and mocked and hated and reviled, etc., but You warned us of course through the Scriptures that we must endure all that. So even though we had to bear all those things, Father God, we are so grateful and so happy. We are rejoicing with You. Why? Because the transformation of the hearts is starting to happen; the fall of Babylon and the burning of the harlot of Babylon's civilization, culture, harlotry is now AT HAND!

We are now witnessing that incredible miracle happening in Korea.

Let it be multiplied even GREATER in Japan when we go there!

Let ALL the connections of ALL their organizations and all the money streams they believe they have, be CUT off and run dry and return back to You for Your purpose and Your will!

We thank You dear, God because You are moving in a MIGHTY WAY, not only through healings and not only through miracles, but the TRANSFORMATION of eternal life is happening through the

transformation of the HEARTS that are coming back to You. The LOST SHEEP have now been FOUND and they are now hearing the voice of the Shepherd once again, dear God! So we thank You and we praise You. We want to give You the glory because in this incredible time we are the microcosm that is fighting for the macrocosm.

Father, we pray also that all the wicked mechanisms of the MACROCOSMIC evil Communists WILL be destroyed because they MIRROR the harlot of Babylon, they MIRROR the same culture on the macro; they MIRROR the same evil and the same heresy.

Let that at the macrocosmic level COLLAPSE as well.

Let all the evil treaties that the WHO and the UN are trying to make to steal sovereignty from the people of the world, LET THAT UTTERLY COLLAPSE and run dry in the name of Jesus!

Let this be DESTROYED and be dried up at the ROOT!

Let YOUR Kingdom of God, the Rod of Iron Kingdom of freedom and RESPONSIBILITY, of protecting one another, of *“loving God and loving your NEIGHBOR,”* let that FLOURISH and spread with YOUR HOLY FIRE across the globe!

Dear God, we give You the praise, glory and honor today. We pray for ALL of those.

Let all the hearts be set ablaze to STAND for *“Your kingdom of God, and Your righteousness; and all these things shall be added unto us”* as You promised!

Let us *“RESIST EVIL and the Devil and he will flee”* as You promised!

Dear GOD, we BELIEVE at this time!

Let us be REJUVENATED and energized to fight this EPIC battle, this HEROIC battle against the EPIC enemy and the adversary who will be CRUSHED at this PIVOTAL moment in history.

So, Father God, we give You the praise, glory and honor for all that You are doing, for all the hearts that You are transforming. We pray and we stand here rejoicing and EXCITED to SEE what You are going to DO in the next couple of weeks and spreading out to the rest of the world.

We give You the praise, glory and honor with ALL the KINGSHIP lines that are gathered here together with Your Three Generation Kingships, and in Your precious name we pray.

Amen! Amen! Aju!

God bless you folks! Let's PRAISE Him! Hallelujah!
