CHRISTOPHANY of the Completed Testament

July 31, 2022- TN

God bless you all! Thank you so much King Kyle for holding it down over there in PA, and of course everywhere across the world. It's been a crazy time; crazy time! But folks, we are finally back in America. My God, it is so incredible to be back in the United States of America! Oh my gosh! Folks, we don't know what we have here; how unbelievably precious the United States are; how much freedom we have here. We just take it totally for granted, and this is the problem with all these woke crazy kids that are being brainwashed by these commies in the academies. People don't understand how unbelievably incredible what we have here in America is. It's unbelievable!

To imagine that now in this day and age we are sitting on the precipice of the potential death of this freedom! The potential death of America is literally before our eyes; it's happening, it's unfolding. That's how serious of a time we are in, folks! I don't want to get into doom and gloom because those who are in Christ, we do not live in fear; we have joy, we have hope because God's Kingdom is coming. Amen! We don't live in fear, we don't live in doom and gloom but that doesn't mean we're not aware of what's going on. Amen! It doesn't mean that we're not aware; we are aware of what is going on and we can see the wiles of the Devil; we can see the evil that is covering our country and covering the world.

Let's get to Scripture. I got a very important rhema today. I wanted to actually preach on something else. I wanted to preach on Joshua chapter 5 or Daniel chapter 3 but Father gave me Matthew 21, so that's where we're going today. Matthew 21 verse 33. This is important; this actually clarifies a lot. I wanted to preach on Christophany, and we're going to get to that a little later. It's a very interesting and fun topic; a very powerful topic.

We just got back from Japan and Korea this past Wednesday or Thursday and we're still not off jet lag. We've been away for a month and a half on the front line, the mission field. The move of the Holy Spirit was so powerful! I explained this during the weekly reports; I hope everybody enjoyed them. We were trying to give you guys weekly updates to kind of report what was happening on the ground in Japan and Korea; it was unbelievable, folks!

All right before I get there let's get to Scripture first because we don't know how the Holy Ghost is going to hit!

Matthew 21:33-43

33 Hear another parable: There was a certain householder, which planted a vineyard, and hedged it round about, and digged a winepress in it, and built a tower, and let it out to husbandmen, and went into a far country:

34 And when the time of the fruit drew near, he sent his servants to the husbandmen, that they might receive the fruits of it.

35 And the husbandmen took his servants, and beat one, and killed another, and stoned another.

That's what they did!

37 But last of all he sent unto them his son, saying, They will reverence my son.

38 But when the husbandmen saw the son, they said among themselves, This is the heir; come, let us kill him, and let us seize on his inheritance. Whooh! Oh Lord have mercy!

39 And they caught him, and cast him out of the vineyard, and slew him.

40 When the lord therefore of the vineyard cometh, what will he do unto those husbandmen?

41 They say unto him, He will miserably destroy those wicked men, and will let out his vineyard unto other husbandmen, which shall render him the fruits in their seasons.

42 Jesus saith unto them, Did ye never read in the scriptures, The stone which the builders rejected, the same is become the head of the corner: this is the Lord's doing, and it is marvellous in our eyes?

43 Therefore say I unto you, The kingdom of God shall be taken from you, and given to a nation bringing forth the fruits thereof. Amen!

Folks, there's so much craziness there; I can't even say. For a month and a half, we've been on the mission field, and it's been a crazy time. We had the first tour in Korea in 10 years; 10 years after Father had passed. We had not been back in 10 years! We did the Korean tour it was pretty quiet on the fallen Han mother's side or the Kwak group; pretty quiet because they were of course watching what we were doing.

It's interesting how Satan's side watches the closest, more than anybody, what God's side is doing. Amen! Even on the macrocosmic level, the people who are on Satan's side they watch the Trumps, the

Mastrianos, the De Santis in Florida; they watch these guys the closest. They watch the Steve Bannons and Alex Joneses and even the Joe Rogans; he's more conservative than liberal now so they watch him. Even from the micro to the macro they watch them the closest because they're always out to destroy them.

Now it's amazing; look at the scripture in Matthew 21. You have this situation where Father, the Returning Jesus, has selected his heir. I didn't select myself. Again, I don't know why I got to remind everybody about that; the Kwak and the Han group they just keep forgetting the ceremony that Father did three times, and the crowns, and everything. The point is: I didn't select myself; I didn't want to do this job. I didn't want to be reviled and hated by the world and cursed and ostracized and exiled; I did not desire that. All we desired is for Father to be happy and for HIS desire to be fulfilled; that's all we desired. That's why we didn't sell out for money, that's why we didn't sell out for positions; that's why we didn't sell out for power. That's why the billions and billions of dollars that I controlled was nothing to me.

If I have to CHOOSE that over the honor of serving my father and doing his wishes? No! It means nothing.

That's not the real FOUNDATION of the Kingdom of God,

That's not the real FOUNDATION of righteousness; money, position, knowledge,

That's not the foundation of righteousness!

The foundation of righteousness is what? LOVE between the FATHER and the SON!

THAT'S the FOUNDATION of righteousness!

THAT'S the FOUNDATION of the Kingdom!

THAT'S the FOUNDATION of God's work and His Will!

It's that connection; what Father calls 부자 (父子) 관계 (*buja gwangye*) the father-son relationship.

Why? It's the same relationship between God the Father and Jesus; it's the critical relationship which all men and women must be ENGRAFTED TO. Amen! That's the whole purpose of the Blessing, folks!

Eight-and-a-half-hour service

Before we left Korea, we had a very short Sunday service which lasted about eight and a half hours, but you know compared to 23 and a half hours, it's quite short. I'm quite pathetic compared to Father; I've got to say. But I mean eight and a half hours, that was totally the move of the Holy Spirit! That day, I didn't drink one drop of water; not one drop! Honestly speaking, usually if I speak more than five hours I start cramping in my ribs; like a normal person, okay. (*Laughing*) Especially with me ranting and raving, and shouting, and I hoot and holler! I do a lot of that. You know Asians are supposed to be reserved, but not the Moons; we're not reserved. We get riled up when we fight Satan.

So, I don't know how I made it through. We started at 11 am and it was 7:30 pm by the time we ended. I said, "Oh, Lord!" It was getting dark, people were heading back to Seoul, so there was maybe 30% of the folks over there at the end because everybody had to head back; they had to catch trains, buses, etc. The previous Sunday was maybe two or three hours or something like that, so you know relatively

short. In America you do a Sunday service like that, then nobody wants to come. Of course, hey, if God wants me to do eight hours in America, I'll do it, because I'm not here for the numbers of people; I don't serve any butt cheeks in seats. Amen!

We serve the LIVING GOD! We serve the Living God and it is **His Will** that we desire to do! Amen!

Oh, look at all these folks back here on the floor! Folks, let's give it up for all these Cheongpyeong teams! (*Applause*) They're hiding behind the other people sitting high and lofty in these chairs! (*Laughing*) Hey, I got to joke around sometimes. You can't joke around in Asia, folks; in Asia it's such a strict society, you can't joke around. That's why probably Father did it so much during service, and his services were so long because every time you make a joke you have to spend about two hours contextualizing that joke. No! No!

Anyway, the point is: before we left Korea, we had a nice eight-and-a-half-hour service folks, and the spirit was so powerful in that place; there was so much joy and so much peace and Father's presence there.

Why was the Family Fed so scared?

But you understand for one and a half months -one and a half months- from the beginning of the Japan tour the Family Fraud was freaking out like crazy people. They were behaving like children; they were behaving like chickens with their heads cut off, running around crazy. From the very first service they disrupted the public religious gatherings that we were doing.

They had teams, they actually made teams. You heard about this, right, folks? They made teams: they had A-team, B-team, C-team. A-team would get up and start hooting and hollering, shouting and cursing me and B-team would be filming. So, when our young people were escorting these people out, they'd be filming them, "*Look! Violence! Violence! Violence!*" They would be shouting, "*Look at the violence! They're using violence! Violence!*" They acted like Antifa; they acted like these crazy commie lunatics on the Left. Then they would settle down, "*Okay, okay, okay, we're just sitting; we're just sitting!*" after A-team had been escorted out and they had been screaming, "*Violence! Violence! Violence!*" This is how crazy they were! 15 minutes later B-team would stand up. They were like robots and they set their timer or watch. It didn't matter what I was saying. I could be talking about the stars and the galaxy and Orion's Belt, and they would get up 15 minutes later and start hooting and hollering, "*Whaaah! Stop cursing Mother!*" or whatever. Okay, and then C-team would be videotaping and say, "*Look, look, look how violent they are! Look how violent!*"

By the way they're doing illegal acts; in both Korean and Japan you cannot disrupt a religious service. That's a crime. They were coming into a religious service at hotels that the Japan Sanctuary Church had secured; they had paid for these hotel rooms. They were coming into the conference rooms and they were hooting and hollering, acting like lunatics; shouting and disrupting another church's events. Obviously, we're not the same church; we're DEFINITELY not the same church.

Now when they started doing this kind of craziness and this insanity, we reacted, "Okay, okay, you people you're acting like children," and as they'd leave, I'd ask, "Why are you so scared? WHY are you so scared that I'm here in Japan? We're here with people with no money; our people don't have any money; we don't have any power or positions. Why are you so scared that we are having a meeting? Why are you so scared?" Oh! Because people will see the legal cases. People will see that the Han mother was suing her own son - that's me - trying to destroy everything we're doing and every type of ministry; trying to ban us from using the Tong-il mark and all this kind of stuff. Because all their lies the last 10 years would be found out. People would have the opportunity to hear the different reports from Tim Elder from the World Mission Center and all the details from the legal cases, the different reports from Korea and Japan etc.

People would be able to see, for the first time with their own eyes after 10 YEARS of the Han mother's reign, when all her prophecies have failed; all her prophecies have failed, every single one has failed. The Bible warns us about that. It says, "*Do not fear the prophet whose prophecies fail; fear not that person.*" Ten years of her tyrannical exploitative administration!

Idolatry in the Owl-worshipping Vatican

Now they're building this despicable disgusting owl-worshipping Vatican with dozens of buildings and each one has an owl on each pillar, and that of course biblically is Satan. It's Moloch; it's one of the anti-gods in the Bible and he's symbolized by the owl which they worship. Why? Because Satan

worships knowledge and in these occult traditions the owl is a symbol for knowledge. They say "wisdom" but it's not true wisdom; it's just knowledge and it's a special type of knowledge, it's a cult knowledge. It's that which is not seen, so it's in the dark. This owl has knowledge of what is in the dark; that's why these occult satanic traditions choose the owl as a symbol because the owl can see relatively well at night. They can hunt at night and do that kind of stuff.

So usually, those occult religions see the owl as an animal with some type of mystical power that can see where other people cannot see. But of course, this is Satan! Satan is the one with the secret knowledge; Satan is the one with the knowledge. He promises you that if you follow him, he will give you the inner secrets to the universe; he will give you that which you can UNLOCK and then YOU can basically become God and control the universe. Which is baloney; which is total baloney!

Anyway, they're building this MONSTROSITY of a replica of Saint Peter's Basilica and you know the Catholic Church; how fallen it is and how evil and wicked the organization is! The people are wonderful; they're misled and of course they need to be saved from that church. But at least the Catholic Church in Saint Peter's Basilica they put biblical figures on top of their building! Even though they're a fallen church, at least they put Peter and Paul! They didn't put owls and Moloch! I mean, oh my Gosh! It's the height of lunacy! Look, I'm not trying to just make fun and mock them. No! I'm just stating historical facts!

Then she made a statue of herself; a 12-15-foot statue of herself in marble where all the people in the world are literally on their knees worshipping her and Father's there as a small figure on the side, worshipping her. And they're literally doing services where they're bowing! Give me a break, folks! This is the HEIGHT of idolatry; HEIGHT, HEIGHT of idolatry!

We know about the new fundraising campaign through the many spies that we have within those organizations. See, you can never hide from Father's heir because we have many eyes everywhere. We have people of righteousness that don't care about money and don't care about power.

They were going to do a whole new fundraising campaign, and guess what statue they were going to replicate and then sell at exorbitant prices? That one, folks! The one with the Han mother there and everybody worshipping her! Boy, oh boy! This is the height of heresy, the height of idolatry; this is ABOMINATION! The Bible PROMISES that if you do that, you'll get ALL manner of curses; ALL the curses shall fall upon you. It is also important for the young people in Japan to realize.

The Family Fraud is here!

So, in Japan they started acting like fools. Why? Because the heir had come back and I was talking to the people and showing the evidence. They hated us, they cursed us for 10 years; all right, fine, you did that. We're not children; we took all those insults, took all those curses and we continued to work for Father's providence with NOTHING. I had to build the foundation from scratch. Now, 10 years have gone by, and our community is major in Pennsylvania and of course we started in Tennessee, and we have Sebastian Gorka, and top White House officials now coming to the Rod of Iron Freedom Festival.

This is not the work of Sean and Justin. This is the work of our Father in Heaven who has opened up that dispensation and the blessing of the Holy Spirit, so that his sons Cain and Abel can work and push through with all the kings and queens of the Kingdom of God who have united with them and have come back under Father's authority. So, it's ALL the glory and all the credit to Father that this has happened from literally zero to that level of foundation with nothing, nothing, nothing; we had nothing!

We were in Japan and they were acting like fools; they were disrupting our events under planning from the headquarters. They actually told their own members, *"Don't go to their events,"* because they were worried that they were going to be witnessed; they were worried they were going to get convicted; they were worried they were going to convert back to Father and away from the Han mother's heresy. Which of course happens when you start hearing the truth of the matter and you start realizing, *"No! We're not frauds and we don't like stealing from people and we like to pursue and serve our Father."* You see what I'm saying? And we ate all your curses and we ate all your insults and death threats and all that, but that didn't faze us.

We don't bow to you; we don't serve you; **we serve GOD and CHRIST in HEAVEN**. Amen! That's why in the end people listened to whom Father selected as his heir.

In the second event they did the same thing. I had told them, *"Hey! You're so pathetic! Why did you come with 7 people? Why don't you bring 300 people?"* So, they showed up with 150 people; all staff by the way, all staff. They were scared that if they brought the normal folks they were going to be convicted. But the staff they're being paid, so they're incentivized to stay and they're the ones that are invested in keeping the Family Fraud alive. Why? Because that's who pays them. So, it's not really a matter of faith. They're supposed to have the greatest faith and that's why they're promoted to those positions, but really, it's not. It's about preserving their money and their money stream.

So, they only had about 150 disruptors that time; I asked for 300 but they fell short quite a bit and could not even produce 300. But 150 came and they started trying to act like fools. From the very beginning we heard that 150 were there and that they were going to do stupid stuff, so from the very moment that I got on the podium I said, *"Well, you know, I heard the Family Fraud is here."* That's the first thing I said. I didn't get up there and say, *"Hey, folks, how are you doing?"* No! I said, *"Well, I heard the Family Fraud is here. We asked for 300 but they only brought 150,"* or something like that.

But it's interesting: they listened; they sat there listening for 15 minutes because that was their plan. They're like robots; if the leader said, *"15 minutes,"* they literally wait 15 minutes. So, they heard me for 15 minutes telling them, *"What are you people doing? You people are not fighting me, you are fighting Father! We have no money, we have no power, we have a position. Why are you so scared that we are here; you should ignore us. Why are you so fearful that we're here? What is in your heart that you are convicted to come out here and disrupt our meetings when we say everything publicly online ANYWAY? You heard everything we're saying. It's not like we're saying anything new; in the last 10 years we've been saying the same dang thing, so why are you so afraid?"*

They heard me ranting on them. I wasn't shouting; I was just asking, *"What are you people doing? You people are crazy? You're selling out Father. You're following the Han mother who says that Father has failed and that she's the savior and she's God and Messiah. Give me a break! You never believed that!"*

I went on for 15 minutes. They had their little stop watches or something and then they got up, *"Whaaah! Hyung Jin Nim... Stop! Stop!"* They behaved like children and lunatics.

So that A-team came up; there was a ruckus and our young people got them out.

Let's give it up for Victor Moon and the young people in Japan! (*Applause*) Victor Moon by the way collapsed on the final day of the 8-hour-30-minute sermon after a month and a half of being head of securing; the poor kid! So, I told him, *"Hey, young man, you got to go see your queen. Go back to Japan and have wonderful absolute-sex-and-romance dates. Do all the romance and do all the wonderful things you need to do."* Because if he came back now, his wife is not coming back for about a month and a half, and that is not good for a young king. You cannot be separated from your queen. The Devil will send destructive harlots and prostitutes to try to kill you and destroy you. You cannot be separated from your queen. That's the tradition; you have to stay completely one with your queen at all time, especially at that early stage of marriage. So, Victor Moon is trapped in Korea for a week because his Japanese visa

didn't come out yet; he's going to be shortly getting his visa and going to Japan to spend one nice week with his wife; which he highly deserves.

So, our young people would escort the first group out and then they'd be quiet again and they'd hear me talking to them again. Their group of 150 people was sitting right in the corner back there, and I was literally zooming on them, *"What do you say about this? Why are you following when the Han mother's clearly anti-Principle; when she's cursing Father? What are you people thinking? Are you there just for the money?"* I talked to them like this for 15 more minutes, and then like clockwork they came out and shouted that, *"Whaaaah!"* They were filming and shouting, *"Violence! Violence! Violence!"* Then they got escorted out. The third group was sitting there quietly and when their 15 minutes came up, they were so weak they didn't even shout. They stood up; our kids started coming closer and they left. They had lost all their spiritual oomph and pizzazz and yahoo and how!

Why? Because they're fighting a stupid battle. You're not fighting me; you're fighting Father's lineage and his Kingship; you're fighting his Kingdom. You're not fighting me! I mean oomph and pizzazz and yahoo and how; it's so ridiculous!

But they were petrified. Now, right after the second event the head of their church put out a memo saying, *"We recommend people not to go to the Sanctuary events. We find that if young people go, they get shaken tremendously."* So, in that memo they said, *"Don't go!"* They obviously ordered people to not go, and just in case people DISOBEYED the organization headquarters of Family Fraud there would be a couple of spies there not to disrupt the event but to take pictures of the people, to doxx them and to rat them out. No, seriously; that's how it was!

By the third event in Osaka, they had given up because they had found that their people were shaken like crazy when they came to the event because I just talked to them; I would just challenge them, *"Well, how do you explain this? What are you people doing? How can you say you believe in Father when you're doing this for an organization that teaches totally the opposite, that Father is a fallen Antichrist? What are you doing?"* And I would go on, *"Did any of you people join for this? You're telling me you joined 60 years ago because the Divine Principle said that Han Hak-ja was the only-begotten-daughter; which doesn't exist in Christian history or prophecy? She says it's the culmination of Christian history! But the only-begotten-daughter does not exist in Christian prophecy! What are you talking about? It's the most anti-Christian thing you can ever say in your life."*

I would just talk to them like that and they would shake; they would try to shout and get emotionally charged up *"I am so loyal,"* because they wanted to have a video of that and then send it up to the Han mother's palace and say, *"Look how hard our staff is fighting for you!"* They basically wanted to make a little show. But in the end, we were not there to help them make a show or whatever; they were acting crazy and we were asking them, *"What are you doing? How come you can't answer these questions about what the Han mother's claiming? We told you 10 years ago and you all cursed us and hated us and damned us to die, but what we said was true AND it was even WORSE than what we said. It was WORSE than what we said!"*

The husbandmen

So, they were upset, they were crazy. Why? Because they were *the husbandmen* and now the *father has sent his son* to go see them because he's the rightful heir and he's the rightful inheritor and he didn't choose himself. But they're there to try to *kill the son* and kill the heir. Father chose, not me; Father chose. He has the right to do so; he's Father. He's the Returning Jesus; he can choose. NOBODY else gets that choice, nobody.

From the beginning until the end, it was the same spirit; they were just there trying to create a ruckus and of course you could feel, *"Wow! These people are petrified; they're scared."* Because see, it's not about the money; our organization has no money compared to the billions of dollars of assets that they've stolen. So, in terms of a behemoth, well they shouldn't fear us. We're so tiny, we're such a small little insignificant thing; we have no foundation, then it's much better to just ignore. But of course, they acted crazy, acted like fools; going totally lunatic at each of these events.

From the third event there were no more big groups; they were only sending key staff. So, there were literally only about 5 or 6 people and those were people that would record, videotape or take pictures of any other Family Frauders that disobeyed headquarters and attended; they were there basically just to keep a tab on people so these were kind of hardcore people.

In Osaka there was a Christian pastor there who donated; he felt the Holy Spirit and he stayed the whole time. These Family Frauders were watching and they could see something else was happening; they were getting petrified. In the fourth event their staff came with I think 5 people, and we got news that right after that service one of them said, *"I am coming back to True Father's authority!"* Bam! Just by listening! (Applause) Yeah! Let's give some glory to God. Amen! Amen!

In the fifth event 6 people came and AGAIN we had people that said, *"I'm going to return to Father's authority."* These are core staff that are being PAID by the Family Fed; they're not just lay members who have to donate. They're PAID, so they're supposed to have greater faith, but every time they sent groups people would be converted. Why?

Because we're not fighting over assets, we're not fighting over power or position; we've given all that up. All we have is honor and righteousness; that's all we have! And our desire is to do our Father's Will in Heaven; that's it. That's literally all we have, and people could sense that and feel it.

They would be asked,

"Why are you coming back under Father's authority?"

"Well, I felt Father's presence. I felt Father's presence!"

You had people repenting, from their STAFF that were coming to the event! Then of course they were being petrified and they were getting really freaked out.

The hammer of judgment has fallen

Then the whole Abe thing happened! Oh my Gosh! The lunatic kid! Some Japanese young people got confused thinking that, *"Oh! Father's Holy Spirit is making this crazy lunatic kill Abe."* No! Don't be stupid! You have to have a biblical worldview, a BIBLICAL worldview. A biblical worldview is what? If you leave God's hedge to protection, what's out there? Wolves, lions, demons and everything; you are going to get hit and cursed. Why? Because you're leaving God's protection. God doesn't have to send demons out for you; you are going into demon territory yourself. Are you with me folks? He doesn't need to send them out to go destroy you. You are LEAVING God's hedge of protection and YOU are going out into demon territory, so you're going to be destroyed!

That's what happened with the Family Fraud; the hammer of judgment has fallen. This was literally within 10 days of the time when they came to disrupt our events and we were telling them, *"Hey, you're fighting Father; you're going to get judged. What's wrong with you people? You have to think; use your brain. Use your HEART; you know this is wrong."* Of course, they were laughing.

We actually felt, *"The events are going to be completed and it's just going to be a slow process of finding these lost sheep and saving these people's souls; it's going to be a slow process."* Of course, they felt that too, *"Maybe us acting like this in these events is maybe good for us."* I told them, *"Do you not know what age you're living in? We have it broadcasted live; people can see you acting like CHILDREN and disrupting other people's events, as we're presenting FACTS of the lawsuit where you people sued me!"* I mean, give me a break! I was warning them, *"Look, look, you're going to INCREASE the number of people that are watching the service by you acting like children!"* And of course, exactly as we said! In every service where they acted like fools, 8 to 10 times more people watched. They would normally get 1,000 views, but if they disrupted in big numbers, it was 12,000, literally in two days!

Just as I told them! I guess I was trying to help them saying, *"You're so stupid! I mean do you know"* and it turned out just exactly as we said. If you're going to do that you have to have some brain in your head, not just act emotionally and do outbursts. Of course, it backfired, and I think they started realizing, *"Oh my Gosh! If we show up there are 10 -12 times the amount of people that watch it."* That's why they started complaining to YouTube, *"Take that video down! They're giving anti-vaccine information."* That's what they were saying; that we were giving anti-vaccine information. Those services actually got pulled out by YouTube, because the Founding Fraudsters complained about it saying that we were spreading MISINFORMATION about the vaccine! This is how paranoid they are! They're so pathetic! They're so pathetic; it's ridiculous!

Why? They know that their staff went to these events, so the normal lay people are going to watch that event even though you tell them, *"Don't watch it";* your staff WENT to it to disrupt it so your people are going to watch it! I mean just imbeciles! Stupid, stupid people! Very sad, very sad; they're trying to lead good-hearted people that are HORRIBLY misled and are heading to hell. But many people are waking up, because every time they created a ruckus more and more people saw it, and it backfired exactly as we told them it would, Because of that now so many people's hearts are opening and they're searching and they're again asking Father for forgiveness and guidance.

The Kwak & Han groups robbed Father, the owner of that vineyard

Of course, we never knew that this kind of huge event would happen in Japan. You understand folks? We're in the tour of Japan and all of a sudden Abe is assassinated. You understand, folks? This is not a joke! People in America and in Korea you don't get it: he was the past president of the country! You understand? To you, here in America he's just some politician. NO! To the Japanese people he was the past PRESIDENT! They called him prime minister but he was the president basically. So, this is a big deal!

We're in Japan and we get news that this kid is potentially a Jacob child, and we get news that his family is related to the Unification Movement in some way, and we're like, *"Are you kidding me? How crazy is that? CRAZY!"* Mass media everywhere, helicopters, police cars! It's like if in America Trump was assassinated and it came out in the news that it's some kind of Family Feder or someone like that. That's incredibly shocking, isn't it? And it would be on the news. You understand folks? Abe was an anti-Communist hero there, he was fighting communism very strongly; so, he was on the Abel side, but the lunatic wanted to get at him to harm the UC and the Unification Movement in general.

The point is: from the minute that news broke out, with no evidence, the Family Fraudsters and the Kwak group, they go online and they proclaim, *"This is Sanctuary! Look, he shot him with a gun! It's Sanctuary! It's Sanctuary because they're the gun cult; they wear bullet crowns!"* You understand, folks? They're doing this INCREDIBLE LYING! I mean you think about these two organizations: they are criminal organizations, literally; they behave TOTALLY like criminal organizations. They have no evidence! Did we do any of that? We stayed completely silent, we didn't say anything and that's why I didn't do a Sunday service that week; of course, everybody understands now. I'm not going to say anything until the evidence comes in because I'm a grown man and I act like an adult; I don't behave like a lunatic and we don't behave like a criminal organization.

So, they're spreading, *"Oh! It's Sanctuary! It's Sanctuary!"* They're doing this and because they're creating that ruckus online and spreading it on their Facebook pages and everywhere, and because all these people who are not affiliated with the church in general are spreading and spreading, WE are getting DEATH threats! Our SANCTUARY people and the phone number that we have on the Sanctuary website in Japan THEY are getting DEATH threats, *"Why did you kill Abe?"* What the hell are you talking about? There was absolutely NO EVIDENCE for that whatsoever! So of course, Erikawa Kaicho called all the Sanctuary leaders in the church. This family never came to Sanctuary Church! This crazy lunatic never came in; they didn't donate even one yen, not one! Then she made her public statement.

But you understand, in the interim they were hammering it on the internet; pretending like Communists that if they say it enough it will become true. You know this strategy from the Commies? They tell a lie enough times, and it becomes true.

The problem for them is that it wasn't true and it came out that what? This whole family was involved in the Family Fraud! That started being broadcasted over the news EVERY day and continuing to this

day. Now apparently, it's moving towards attacking about 120 CONSERVATIVE politicians that have had relations with the Unification Movement in Japan; there are a lot of politicians that have worked with the Unification Movement in Japan for the last 20-30-40 years. Now it's been moved more towards the Han mother's palaces and how she's been creating all this stuff but also how they're connected to all these "conservative" politicians in Japan.

But you understand how evil, evil, evil, these people are! They were creating images of me praying over people at our event and saying, "Look! It's the killer!" They have a picture of the killer with a mask on, covering 70% of his face and then they get a picture of a skinny Japanese kid at our event where we're praying for him and they say, "Look! Look! He was there!" No, that's not him, you idiot, you imbecile; you, criminal organizations! That's not him! That was totally another kid from Yamaguchi. But they don't care! See, they didn't care about truth; they just wanted to put the BLAME. Why?

Let's see why! Both those organizations did what? They *robbed the owner of that vineyard*, didn't they? They ROBBED Father! BOTH of them STOLE! The Kwak groups stole 2 billions, and the Han group stole more than that. Both those organizations are CRIMINAL organizations, ROBBERS, THIEVES! WE didn't do that! Even though Father gave it to us we let go of it all!

So, they have no moral high ground; they have nothing to stand on because all they did was pursue the money and the assets, which of course they can't maintain and they're all going bankrupt because they're very incompetent. They are a den of thieves, and they backstab one another constantly.

The point is: when this kind of incredible terrible news for Japan comes up, the first thing they want to do is attack Father's heir with NO EVIDENCE! Three days later they did a press conference; we got news that in the press conference they were going to try to put the blame on Sanctuary because of the gun. But there was no evidence for that, so in the end they had to take responsibility. They had to say, "Yes, okay, this family is in the Family Fraud."

AND the Japanese news played a report before that news conference. What did they play? That assassin, that crazy lunatic that was possessed by Satan, what did he do? He took his homemade shotgun and he did drive-by shootings at the church that he was angry towards. Well, which church was that? Did he come and do drive-by shootings at Sanctuary Church? No, the night before he killed Abe he did a drive-by shooting to test his homemade shotgun at what? The Family Fed Fraud Church in Nara Japan! He did a drive-by shooting at 3 in the morning.

You Western folks, did you hear about this on the news? You didn't know that, right? I forgot to mention it, because while I was there, I had to try to get across about a billion points to you guys; this was one critical piece that I forgot. He had done a drive-by shooting; he had shot at their church! When that came out, the Kwak group and the Han group shut their mouths because it was pretty clear that they are lying, thieving criminal organizations that try to destroy INNOCENT people. Father's heir is moral and we didn't ROB HIM as you did! That's what they did; this kind of crazy stuff was going on.

Disarmed in a war zone!

You understand folks? During that couple of days between the terrible tragedy of Abe getting shot and that news conference, that's when they're spreading these lies, totally unfounded, no evidence; they're just trying to put the blame on us. So now OUR churches are getting death threats from the conservative camps, but conservatives like Yakuza. They have gangsters on both sides, folks, like any party. Democrats got gangsters and Republicans got gangsters too. That's just how the world works! So, the Yakuza on the Republican side they said, *"We're going to freaking shank you guys! We're going to bring knives and we're going to freaking kill you because you killed our hope, the hope of Japan which was Abe."* We were like, *"No, we didn't! What are you talking about? No, we did not; that person is not even associated with our church."*

It was that kind of high alert situation. So, every night our young people are doing security; every night there's a potential threat of these people showing up in a van with eight guys coming out with *Wakizashi* or *Katanas* swords, or shanks or whatever they produce.

And we're just totally disarmed! In America if you come shoot at me, I'm shooting back; I have weapons and my teams have weapons. If you try to do stupid stuff and act like criminals, you are going to get hit back. But in Japan you're completely defenseless. You're disarmed, you can't even have a knife; you are COMPLETELY defenseless!

You understand folks? It's like a war zone. People don't understand it; I mean it's hard to explain unless you live through it. It's like being in a war zone and you're totally disarmed you have no ability to defend your people or your children; Junior was there too. You have no ability to defend yourself. What about these young people? What if they got hurt by some lunatics, through the lies that the Kwak group and the Han group were spreading, completely unfounded, because they're robbers and they're GUILTY and they want to attack the INNOCENT group which is Sanctuary? Imagine if our young people got stabbed, got killed; imagine that! That could have happened! It obviously shows these people are such evil, wicked! Not only irresponsible, but they're evil; they serve Satan! They literally put innocent people's lives at risk by LYING and spreading lies!

God turned everything around

The leftist Japanese media in the end vindicated us, and they actually reported on the fact that Father DID make me heir and successor; they reported on that, and also that I don't have any power at all because the Han mother took it all. They reported on that: that she took everything, and that actually she's the head and that this guy, that's number 7 - I'm called number 7 there- is gone and he wears a bullet crown, etc.

So, from the disruptions, God used everything against them; everything! Since they were disrupting our events and those were live and they were video-taped and we broadcasted and everybody saw it, they can't say that they're part of our church or that we're the same church because clearly, they wouldn't be disrupting their own church event. So again, even the disruptions became LEGAL evidence that they were clearly antagonistic and HOSTILE towards our group. God literally turned EVERYTHING around; all the lies they were trying to spread.

They were trying to get us killed by trying to get the conservative Yakuza upset. Remember, I was in Japan; I was still there, *"Rev Moon's son is there! He's there in Japan; go get him!"* They were trying to get these people to kill me.

But what happens? Even the leftist media comes out and totally vindicates us, and not only that, but has video of this crazy lunatic shooting up the Family Fraud Church the night before at 3 in the morning. Of course, that's literally a smoking gun because it shows that he was targeting THEM. So now the entire hammer of the Japanese CIA, IRS, FBI, the Japanese secret police; the entire Japanese government is coming after the Family Fraud.

You talk about the hammer of judgment! I was literally telling them 10 days before, *"You people what are you doing? You're not fighting me, you're fighting Father,"* and literally in 10 days this tsunami of a hammer falls on them!

That's like **Revelation 19**.

1 ---saying, Alleluia; Salvation, and glory, and honour, and power, unto the Lord our God:

2 For true and righteous are his judgments: for he hath judged the great whore, ---

3 And again they said, Alleluia ...

This is the proper attitude that we have to have. Why? Because the Han mother is not just a person. The Han mother has become a treasonous criminal against the Kingdom of God; there's nothing personal about that. Because of the terrible decision that she made against her own sons and her own husband who was Christ, she has become an enemy of the Kingdom of God, a treasonous enemy. When Absalom, King David's son, became an enemy of the kingdom of Israel and tried to kill him, the Jewish troops killed Absalom and King David had to do what? He had to celebrate. Why? Because it was not personal; his son was now killed but his son had become an enemy of the country. Same thing!

Judgment is coming

The Family Fraud will be under total investigation for all the terrible things that they've done. The Family Fraud is being hit every day, but also every day the media is trying to attack the entire history of the Unification Church, so they're attacking Father too; they're lumping it all up. Can you imagine turning on your TV every day, CNN, MSNBC? I know you folks don't watch that, but I'm saying imagine if the whole nation was waking up to that Morning Joe or whatever, and every day they'd be talking about, "The Unification Church, the Unification Church, Han Jak-ja, Rev Moon." You understand? That gets old very quickly and it starts becoming heavy; even for our Sanctuary young people in Japan it's heavy. It's definitely not easy; they're not being uplifted by this.

But again, it has nothing to do with our feelings; it's to do with the reality of the treason, of the betrayal, of the FALL at the cosmic level- that high of a level. Of course, for 10 years we've told Family Fraud, "Judgment is coming", and not only to them but to the whole world. We've told them for 10 years; all of you people heard it. And within 7 years there was a worldwide economic judgment and a

plague that the Chinese Communists created, the Covid poison that spread over the world and brought lockdowns. Authoritarianism has risen, all economies have collapsed other than China, so everybody is living now poorer and in more authoritarian governments. At the same time Russia is at war in Europe. We were talking to our continental leader over there who said that now because 70% of the gas comes from Russia to Germany and Austria, gas prices have doubled and tripled there because they can't get gas.

We prophesied by faith

So, World War III is coming. We've told people about that; we told everybody many years ago that a world-level judgment was coming. This was when everything was going fine by the way; the world was going fine. Everybody was still shopping, going out to Red Robin and hamburger houses, and just living their life thinking nothing was going to be wrong, nothing was going to change. That we were going to continue living in this kind of peace and prosperity, in this wealth that human societies have never seen, and we only had for about 60 years; that we were going to keep living in it. EVERYBODY believed that!

You remember in 2012 everybody thought it was just going to continue on, and we told you all, *"No, it's not! There's been a tremendous treasonous betrayal at the cosmic level."* We told you, *"Judgment is coming!"* And we're not bragging; it's just the truth. We told you that 10 YEARS AGO! Name one person who told you that 10 years ago other than us! I mean nobody, nobody saw that coming.

We had to do it by faith because we knew Father is who he is. He IS what Christians referred to as "the Second Person in the Trinity"; he IS Jesus Returned, so if you betray him at that level, there are going to be consequences. Look at the Providence: there are consequences! If you don't cut the dove in HALF, there are consequences! You understand what I'm saying? Are you with me folks? Especially for the central figure, that responsibility is even GREATER. You understand? Not everybody is a center figure; the center figure is selected by God not by man, so if those people screw up, there's HUGE judgment! We knew that. At the time we had no evidence for it because the world was going fine; we had no evidence that it was going to go south real fast. We just proclaimed it by faith.

You know how dangerous of a proclamation of prophecy it was at that time? Just imagine how dangerous a prophecy that was! I was literally hanging EVERYTHING on the line, everything, because it looked like the world just kept going well. If we had given a wrong prophecy, right now, in 2022 I don't know what I would be doing okay; I may have just become a Jiu-Jitsu instructor or something. What a dangerous risk and what a dangerous prophecy to make 10 years ago when everything was going "fine!" SO dangerous!

But we did it by faith. The heart was this: if Father is truly who he is then we're going to see what we see in Providence, i.e., if the central figure or family fails at that level there are going to be repercussions for the world; you're going to have it. If Divine Principle is true, if Father is who he is, you're going to have it. Literally that's all we had! We didn't have anything else. We didn't have a

crystal ball where we could foresee into the future. No! We had faith; that was all! And we hung our neck on the line and put all chips on the table; we put it all in.

And lo and behold 10 years later all the prophecies of the Han mother have failed and our prophecies have come true. There is a world-level judgment starting 7 years later with the plagues. A worldwide war is now starting, with Russia killing tens of thousands in Ukraine, and that is now spreading with all of NATO and the US involvement. I don't need to explain this, folks, you all know.

At the same time China is over Taiwan and Pelosi wants to go visit Taiwan at this incredible tense time. Obviously, China said, *"If you do that, we're going to shoot your plane down."* They say they're going to take it as an active invasion, and now that makes America at war with what? TWO superpowers! RUSSIA through NATO, and CHINA. I told you that's very bad; that's very bad, very bad! You're not talking about some tiny countries fighting. No! These are the superpowers of the world! There are only three of them and all THREE are getting into war! And if you know history, if you know anything about World War I and World War II, you understand that we're already IN IT!

Okay, so Pelosi wants to have a great time and she wants to go to Taiwan; they say they're going to shoot her down because that'll be an active invasion, and they'll fight with military power. Russia has now come out saying what? They back the Chinese 100% and they say that no country -which means America- should take away Chinese sovereignty. So, they're saying, *"We stand with the Chinese."* At the same time last week, North Korea came out saying, *"We're ready to nuke South Korea."*

Woah! Great! Thank you Han mother! Thank you for what you've done! It's just as we said: a world-level judgment is coming. We told you 10 YEARS AGO when you were busy CURSING us, ROBBING Father, stealing the money and padding your pockets; we told you that judgment was coming. We risked everything; we didn't have anything but we risked everything including our faith and our honor and everything.

But being vindicated is bittersweet. Why did we have to go through all this ordeal?

You could have just done what you professed your whole life that you loved Father and you obeyed him. You could have honored him! You could just have honored him and supported the sons that he chose as Cain and Abel!

They would have glorified the Han mother; they would have glorified her. Not to become GOD! We would never make her into God! HECK no! We would never make her into Christ because she is not! If she is the Christ that is the Messiah who saved Father and ALL of Christian history is for her as she has claimed, if that is true then her prophecies should have all come to fruition. There should have never been this world-level judgment collapse right after her usurpatious reign. Aha! See? It's a big problem!

God clearly has His hand over this

So, we're dealing with this kind of immense spiritual battle, and it's not only spiritual because you can get killed here; there are people out trying to kill you. If I didn't have diarrhea! Obviously, we knew it

very quickly after the whole thing happened. Some guy wrote me on the internet and he said, *"I have received from the spirit world that if you didn't have diarrhea the shooter may have tried to shoot you."* I said, *"Buddy, I said that two or three weeks ago; you're not telling me anything new."* These people always have a message from the spirit world. You're not THE HEIR! If Father wants to talk to me, he talks to me directly. You don't need any medium; that's why he has a kingship.

The point is: the debilitating "supernatural diarrhea," (*Laughing*) was insane; I mean what else can you call it? I had five Imodium A-D! By the way, if you had Imodium A-D one gets rid of it; one kills the diarrhea. I always have it in my bushcraft kit, in my first aid kit, my trauma kit. Anybody who's trained in bushcraft and in survival, you know that diary is going to kill you; that's the primary cause of death. Dehydration prevents thermal regulation etc., and the most prolific means of death in the wilderness is what? Hypothermia where you cannot thermoregulate because many times you're exposed to weather and you're dehydrated. Diarrhea does that, so every bushcrafter, every wilderness survival person knows you got to have anti-diarrheal medicine. I've never in my life had five Imodium A-Ds; never, never, never! You understand? This was crazy.

At that point I was saying, *"What the heck is going on?"* I told the Queen, *"This is crazy! There's a reason why I'm getting this "supernatural diarrhea"; there is a reason. I don't know what it is now but there's a reason."* It turned out that, oh, my Gosh! I was an hour away from that lunatic shooting Abe; an hour! If I was healthy, I would probably be at that event shaking Abe's hand. You understand what I'm saying folks? I'd probably be at that event and that lunatic would probably try to shoot both of us or the Queen or whatever. You know what I'm saying? It could have been crazy.

I had just an insane diarrhea as I never had in my life because they gave me horse meat; even that got used for God's purposes -not like I'm going to order horse meat or have it on my future table anytime soon. But we look back and say, *"Oh my Gosh! All those things lining up, it was the hand of God; the hand of God upon God's Kingship. The hand of God! He protected us."* You understand? We're told we can't carry any guns; we can't take anything for protection. We have NOTHING! We're completely NAKED in that environment! It's literally by the hand of God and the hedge of protection that He put upon us that we were able to make it out of that crazy lunatic situation.

And it's amazing: that whole Abe thing exploded; they're hitting the Family Fraud with the news media EVERY single day. Then we got calls from Korea; the leaders were reporting, *"Please, please, we want the Second King to leave Japan quickly; he must leave quickly. Quickly, quickly get him out! Get him out, get him out quickly!"* They were reporting this because they were concerned and they didn't know what was going to happen; we didn't know either what was going to happen.

They reported to me, *"Second King, you got to get out of here! You have five or six days before you leave; we want to change the tickets."*

I answered, *"NO! When your people are going through crap you stay with them; you don't walk away! We are leaving at the date that we planned to leave; you're not changing tickets. I'm going to stay until we're normally scheduled to leave. You don't blitz out or run. Let's see what happens the next couple of days; what God will do, because God clearly has His hand over this. God is using even the wickedness and wiles of the Devil."*

You young people, don't get twisted or confused! God doesn't have to make evil people do evil things; evil people DO evil things. You understand? HE doesn't have to make them do it; THEY do it themselves. But even in that evil action there are repercussions which God can then use for His glory. Are you with me, folks? So again, Father's Holy Spirit, Jesus' Holy Spirit didn't go and possess this man to do something evil. No! Don't be stupid; of course not! The Han mother has LEFT God's hedge of protection, so now what happens? All the demons are out; ALL the curses are on her, just as we told her! God doesn't have to make people do something evil; He doesn't need to do that. She LEFT the hedge of protection of God; she LEFT His grace. When you leave God's grace the target is now on your back from the evil spirit world. You see what I'm saying?

The Form of God Divine Principle

I promised you that we're going to study Christophany. It's very interesting! Do you even know what that is? Theologians call it "Christophany." Which is when Jesus or Christ appears in the Old Testament, not in bodily form but usually as "THE Angel of the Lord." Then he appears in the Old Testament before he was born. Now, we know that Father talked about the God of Night and the God of Day; God before creation, God after creation. Same God but now time starts and it's being recorded with the God of Day; the same God. Father said he comes from the God of Night, that means before creation. He comes from the God of Night and everybody else comes from the God of Day.

<https://www.youtube.com/watch?v=xRjrYf5QDLU&t=2740s> (Pastor HJ Sean Moon's sermon 2012.01.29)

Now remember in the past when we taught Principle, we didn't used to teach this. But Father was teaching this quite frequently in his 90s because of course he was preparing for the betrayal of the Han mother, as the level of her betraying and going against Father was getting higher and higher and higher. Then, a lot of people who even taught Principle were like, "What is Father talking about? What is he talking about?" What he was doing was he was revealing - what we call in theology- a higher Christology. That he's not just a man; he's both man and God.

You remember the Original Substance of Divine Principle *본체론*- Boncheron? The crazy scholars in America translated that into Original Substance of Divine Principle; did they not? In Korea it's called *본체론 원리*- Boncheron Wonli. But the point is: the term *본체* Bonche as Father named it, guess where that comes from? Which book does that come from? There's a book that we all study: the Bible! That word *본체* Bonche comes from the Korean Bible!

Philippians 2 verse 6

6 Who, being in the form of God, thought it not robbery to be equal with God:

You see that word "the Form of God" in the Korean Bible that is the word *Bonche* *본체*.

People didn't understand when Father was naming it, that he was using a biblical term. Actually, it shouldn't be "Original Substance of Divine Principle"; that doesn't make any sense. We don't know where the heck that came from, and it doesn't even sound biblical AT ALL! It's actually called the

“Form of God”, so it's “**The Form of God Divine Principle.**” You see how different that feels? Original Substance of Divine Principle? You don't know what that means; it's a wacky translation. This is the problem with translation by the way. You don't have any of the flavor of the biblical tradition in “Original Substance”; that sounds like some kind of Daoist Asian text or something like that. “Original Substance,” that does not sound Christian; doesn't sound biblical.

Father named it “The Form of God Divine Principle” where he puts an emphasis on what? The lineage and what? The SEED! The seed of God; the blood lineage and the SEED of Christ to make the entire world Christ's family. It comes from this verse right here: *Bonche* *본체*, the “Form of God.”

So Christophany is when you see Jesus in the Old Testament; this is before he's incarnated into the physical body of the Middle Eastern Jew named Yeshua. Before that you can see Jesus appearing in the Old Testament; that's called Christophany. Well Jesus is one with whom? His Second Coming! He's one with FATHER. Therefore, if we see Jesus in Christophany in the Old Testament, the One Christians call the “Second Person in the Trinity”, well we see Father in the Old Testament too!

Christophany & The Commander of God's Army

Joshua chapter 5 and verse 13-15 KJV

Before they enter Jericho and they blow the trumpets and destroy it all, what happens to Joshua the night before on the eve of battle before the trumpets and all that? He sees a vision; somebody appears to him. Let's take a look at it!

13 And it came to pass, when Joshua was by Jericho, that he lifted up his eyes and looked, and, behold, there stood a man over against him with his sword drawn in his hand: and Joshua went unto him, and said unto him, Art thou for us, or for our adversaries?

14 And he said, Nay; but as captain of the host of the LORD am I now come.

The translation here is “captain of the host” but other translations say “the commander of God's army.” That's what “captain of the host” means; it means “the commander of the army.” For example, the Bible mentions the captain of the host of Israel, the captain of the host of Syria; it's just the ancient English way of saying “the commander of the army.”

So, he said,

No! I am the commander of the army of the LORD and I have now come. And Joshua fell on his face to the earth, and did worship, and said unto him, What saith my Lord unto his servant?

15 And the captain of the LORD's host said unto Joshua, Loose thy shoe from off thy foot; for the place whereon thou standest is holy. And Joshua did so.

How do you know that's God? Because in the Bible when people try to worship angels they're rebuked by the angels; the angel actually says, “Do not worship me; stand up!” You'll see this even in Revelation: the angels prevent people from worshiping them because they're made by God to worship

God - unless you're Satan- so angels usually rebuke people that fall down and worship them. But you notice this guy the commander of the host, it says right there *“Joshua fell on his face to the earth, and did worship”*; Joshua knelt and worshiped him. What did he do? He received the worship, and not only did he receive the worship, but he said, *“Take off your sandals, boy; you're dirty!”* Whew! Only God does that! Are you with me, folks? Angels don't behave that way unless they're Satan.

This is one example of Christophany where JESUS appears to this person. Notice he didn't appear as an empty-handed California blond-haired blue-eyed Jesus saying, *“Peace, love, dude! You want some DMT? Let's take some mushrooms, dude! We'll go surfing and get high on a trip, dude! Love your neighbor! Love, love!”* These crazy hippies, man! There are so many hippies burning in hell!

So, you understand you see this figure who's unlike angels. He receives the worship of Joshua AND not only does he receive the worship, but he says, *“Take your sandals off! Standing before me is holy and you are defiled and dirty.”* Whew! Only God can do that! When New Testament Christians look at this, they exclaim, *“Wow! Jesus was there on the field before Jericho, talking to Joshua before he blew the trumpets and before the six circumambulations around the town and before the walls came tumbling down! Wow! That was Jesus!”* You see? That's amazing! It's beautiful, it's wonderful!

Now that is also beautiful for us Completed Testament Christian. That's beautiful! Why? Because that IS Jesus there and it is what? It is the same Jesus who returned; it's Father. True Father is right there in the Scripture; he's talking to Joshua. Praise God Almighty! He's telling them with the sword in his hand, *“I am here with you and I am the commander of the army!”* Wow! That's why just as Christians say that Jesus wrote the Bible, we affirm: *“Well, if that's true and Jesus is True Father, same Spirit, same being; then Father also wrote the Bible!”* which is beautiful. When you look at that then you can see, *“Wow! Father is everywhere in the Scripture! As Christ he's everywhere in the Scripture!”* He's making those appearances even in the Old Testament; he's there. Exodus 33:20 says, *“And he said, Thou canst not see my face: for there shall no man see me, and live.”* If you look at the Father God's face you die, but Christ came so that we may live. Amen!

When Jesus came, he was thrown away by his own people and had to walk the way of the cross. God used that for Spirit salvation; his Kingdom was based on the disciples, the adoptive sons. That's why he prophesied he had to return because when he returns, he's going to establish his Kingdom with his actual self and his actual descendants; that Kingdom will represent him and that Kingdom will be based on the loyalty between the father and the son, the kingship line and the loyalty to the King of Kings.

That is what holds everything including the Cheon Il Guk Constitution which is a constitution of freedom and responsibility; NOT of authoritarianism and totalitarianism. It is held together by the relationship of the King of Kings as the Father, to his son, and his kingship line who has the JOB and the DUTY to protect THAT Constitution of the Kingdom of God and to represent his Father; **not only as his blood heir but as HIS Messiah and HIS Lord of lords, King of Kings and the one whom he lives for and will die for.** Amen! Praise the Lord Almighty, folks! (*Applause*)

Don't be a burden! Be responsible & prepared!

It's such a crazy time, but it is what it is. There are terrible storm clouds in the Horizon; we have to be aware of that. We are recommending, and we told them in Korea and Japan, that people have to get into a habit just in daily life to be responsible and prepared. That means every time you go to the supermarket, you're taking a couple of extra cans; it's creating a storehouse. Why? Your storehouse is not for yourself only. The worst thing you can do in a bad situation is be a BURDEN. Think about it: if all these young people and their couples they're just thinking, *"Oh well, Kook Jin Nim has a lot of money; he has a lot of storable food, etc. So, you know if things go bad, I'm just going to eat off of him."* No, you're not! No, you're not!

You understand? DO not be a parasite like that! You all understand? You have to be doing your responsibility; that means: everybody, do not be a burden to one another! That means: every time you go to the supermarket you are developing your own system. It's only in the last, last, last, last resort when responsible people have clearly showed they've been responsible and a terrible situation, the worst, worst situation comes, that's when those people will be protected. But if you're not being responsible and you're just banking on milking other people? No, you're not going to be allowed; you're not going to be allowed! Heck no! Do you understand, folks?

This is very important. That's why it's freedom and RESPONSIBILITY. Freedom and responsibility! In a bad situation you must not be a burden to others. You must be what? An ASSET! Asset! That means you must bring stuff to the table, not try to steal it. Otherwise, you're wicked and those wicked will not inherit the Kingdom; they'll be chased out, cast out and be weeping and gnashing their teeth with the dogs on the outer boundaries of the Kingdom, as the Scripture says. It's very important. As those things are coming all our people worldwide have to have this consciousness. We have freedom and responsibility and we have to act on it; not only know about it, *"Oh, it's wonderful, we have freedom!"* No! But that means you're responsible. Why?

Sharing Christ's love

I was telling them in Japan and Korea: in your neighborhood you literally have to become the king and queen of love there. What does that mean? You have to love those neighbors the most. The reason why you prepare and try to wake people up and go talk to them and try to create networks and give them radios and communicate and do practice over that and have barbecue together and meet your neighbors and love your neighbors and things like that; the reason why you do that is not only because in a bad situation of wartime you need them - you do; 100% you need your neighbors - but also if you're being responsible you are ahead of them so then you can help educate them.

In that process of education, they will realize, *"Wow! These people are not stupid! They knew in advance because of the glory of God leading them; because they know more than me, I want to learn from them. I don't just want to learn how to prep and do survival and things like that. No! I want to know what you believe and how God has led you."* See, they want to hear your TESTIMONY now folks, and then what happens?

That becomes a moment of evangelism, a moment of spreading the Gospel, a moment of sharing Christ's LOVE.

But it's because you were not the grasshopper that was playing and doing hippie music and playing his guitar while the hard-working ants were PREPARING for the winter. The grasshopper can't just come, *"Oh, I'm sorry I killed a couple of your buddies, and I'm sorry I was just playing and having sex with girls and engaging in LGBT crap and playing my guitar and being hippie. I'm sorry! Take care of me NOW!"* That's not how it works folks; it's not how it works. That's not how God's Kingdom works!

Freedom and responsibility! People have charity, people have compassion but if you have shown that you are irresponsible and by your actions you have exposed that you want to milk other people, then those people will DEFINITELY not include you; you WILL be ostracized. So don't be that person!

Amen! Don't be that person!

Be somebody who is responsible!

Be somebody who has done preparation in advance!

Be somebody who is a BLESSING to others!

Be somebody who can HELP people in need at a critical time! Amen!

Be an asset

But you can't help everybody. You have limited resources; if you have unlimited resources, you know God will tell you what to do with them. But if you have limited resources, which is everybody in this room and everybody out there watching on internet land, you cannot take care of everybody.

I was telling the Koreans and Japanese that when things go real south and World War III starts happening, all the people, your family members, the children that have left you and cursed you the last 10 years who've been serving Satan and having orgies with gay LGBT stuff, they will all be coming back to beg you for forgiveness and for your resources. At that time, guess what? I am not the judge; you will be the judge. Just as the Bible says in Revelation 20, Christ's coheirs and heirs of his Kingdom will also what? Judge the angels and will judge what? The twelve tribes of Israel.

You will be the judge and if you don't judge wisely, all that preparation will be depleted by irresponsible people; sorry it will be destroyed. All your investment, all your effort will be destroyed by irresponsible selfish wicked people. Uh-huh! You see how a judge's job is difficult and tough? Because as a judge you cannot base it on just family or something like that; you have to base it on people's actions. Ah! See? Being a king and a queen is not always simple; it requires responsibility.

I know most people in our community are responsible, but again don't be lackadaisical; you don't want to be a liability to people when things go bad, bad, bad. You want to be somebody who's been investing for the future and investing in proper preparations, so that when things DO get bad you can be a blessing to others. Amen! Very, very important, very important.

This is important for Japan, Korea and everywhere else, because they have a very communist mindset there too that, *"Oh, the government's going to take care of me; the church will take care of me."* No! We don't have unlimited resources, we don't have unlimited funds and money, so it's incumbent upon every person. It can be small stuff like every time you go to a grocery store, you buy three, four, five cans of extra food and you store them away. It's something that other people who are responsible can see, like, *"Oh, you're actually doing that. I trust you; I want you to be on my team."* That's what happens. If you don't do that, people are going to watch and they're going to realize, *"Oh, don't work with that person; don't include that person in your community. That person is going to kill your community."* You see what I'm saying? That's going to happen.

So don't be that person, do not be that person. Be responsible! Don't only think about taking care of your family but think about the other people. You may be able to take care of one or two or three; seven, maybe ten people. Who knows? But even if it's just one or two extra people you can help because of your preparations and your responsibility, think about how a blessing that would be to those one or two people; that would be a huge blessing. And then think about the testimony that you can give at that time; think about that. Very, very important! Don't be a liability; be an asset! Be an asset!

Prepare out of love, not fear!

All right folks, it is such a crazy time but it requires strong heads, strong wills and of course *"Love God, Love your neighbor."* We can't help people that are not helpable because they have to choose, and of course once hard times come, it's very, very important to manage your preparations well. If you mismanage them, they will disappear very quickly and we don't want that to happen to anybody. We want all our families to be successful and to be strong even through the tribulation period.

We should not live with a spirit of fear; none of this should be done with fear. When you do preparations for the future none of it should be done with fear and trembling. No! Why? Because fear and trembling are what? Taking Christ out of your heart and putting FEAR, the god of fear in your heart, and then you're committing what? You're committing adultery with a satanic deity which is a fear deity. So don't do that; don't commit adultery! When you do your preparations, when you fulfill your responsibility for your future you don't do it out of fear; you do it out of LOVE, because you love people and you want to help a few people when things get bad. Amen!

You see the difference here? GIANT, giant difference! You do it out of love, not out of fear! **You do it out of LOVE, not fear!** If you have children that were cursing you for ten years and all of a sudden when things go really bad, now they are going to come back begging to you and wanting to be your best friend, well because you're compassionate, you're prepared for them too. That's okay too; they're your children and people can repent and change. Amen! But it's not going to be that way unless you prepare; I guarantee you. Any of our preparations that we have as a community we are not using them until it's absolutely critical. That will be the last, last, last, last, last resort. Very important thing!

And remember: when you do preparation NEVER do it out of fear; always do it because of love. The purpose of the heart is to help people even in that crazy time of chaos, and that when it comes -and it's coming- you can be a blessing to other people. And think about it: a community of people like that who are prepared and are already prepared from love to be blessings to other people, that community will be positioned to be strong and steadfast through very, very, hard times which are coming.

So, we pray for the world, we pray for everybody, but also, we must do our 5% and be RESPONSIBLE citizens of the Kingdom of God. Amen!

Let's all pray!

Pastor Sean's Prayer

Father God, we thank You for this wonderful day that You bless us with Your Word in Matthew 21, and of course the study of Joshua and Christophany and how You've been present all the way along.

Dear God, we know that You're standing with us too. We know that You are standing with us at this critical time, this very DANGEROUS time in human history and a time where the Han mother's curse is now falling over the entire world and now it cannot be denied as their organizations collapse. We never wanted to celebrate those kinds of things, we never wanted to see that happening, but it is Your will and in the end You win. Your enemies cannot win. They shall not prevail; the gates of Hades cannot prevail.

Dear God, Your judgments are true and righteous, so we praise You and sing "Hallelujah!" We thank You for all the things that You are doing. And even though fallen people are creating a terrible situation and of course there is a curse of the world and even World War III is now coming closer and closer both to the East and the West and for the world, we pray that we would not prepare in the spirit of fear.

Let us CHASE that demon of fear OUT of the throne of our heart and put YOU back in, and Let YOU reign in the heart so that we always have POWER, we have LOVE and we have HOPE in the future and everlasting life and in the Kingdom that You have PROMISED for us, Your faithful people!

At the same time,

Let us be an ASSET to one another,

Let us be BLESSINGS to one another.

Let us do our preparations in LOVE so we can HELP people when times get ROUGHER; and they will.

Let us be those WISE people that can BUILD through the time of tribulation, a time where everything usually is falling apart;

Let us be the people, Your people, that can build in that period.

Let us be people that can SPREAD the Gospel and EVANGELIZE during that period; ALL those souls will be crying out to You in repentance and ALL those hearts will start to be turned as they see the inevitable reality of the world unfolding before their eyes.

Let those hearts be TOUCHED by the Gospel of Jesus Christ!

Let them be TOUCHED by the POWER of the Holy Spirit!

Let them be TOUCHED by salvation and through repentance!

Let them be TRANSFORMED and be made new creatures in Christ, and

Let them STAND at the helm with the Principle ARMED with a Rod of Iron and sword of truth and

STAND with the King of Kings, the Lord of Lords, Returning Jesus, our TRUE FATHER leading us

along the way THROUGH the armies of Satan and THROUGH the evil hordes, with the

COMMANDER of the army at the helm FIGHTING and PIERCING through the darkness as we press forward towards Your glorious Kingdom of freedom and RESPONSIBILITY that is coming!

Let us mobilize, and

Let us ACTUALIZE those things in our daily lives even at this most critical, critical time!

We thank You for all that You're doing dear Lord, and thank You for all the families that have gathered here. Let them receive this Word and take ACTION TODAY! And not be lackadaisical in anything but always stay vigilant in preserving Your Will and Your Word in love AND with honor.

We give You the praise, glory and honor with all the kingship lines gathered here with the Three Generation Kingships, and we pray in Your PRECIOUS name! Amen! Amen! And Aju!

Let's all rise folks, and give it up unto the Lord! Hallelujah!
