Kingdom Culture

Why do the nations rage and the peoples plot in vain? The kings of the earth set themselves, and the rulers take counsel together, against the Lord and against his Anointed, saying, "Let us burst their bonds apart and cast away their cords from us." He who sits in the heavens laughs; the Lord holds them in derision. Then he will speak to them in his wrath, and terrify them in his fury, saying,

"As for me, I have set my King on Zion, my holy hill." Psalm 2:1-6

I want you to live happily. I want you husbands and wives to be truly happy couples. But I also want you to live without any shame in the sight of God or the nation. You must be able to stand with your chin held high, with true pride. What is the secret of living like this? Can you say to the nation, "Give me more. Take care of me"? That brings shame. You must give to the nation. Ask, "What do you need? Let me provide whatever service you need." Even if the whole country came against you, you would have no shame and you could stand with dignity. I am simply saying that you must practice true love.

You must be willing and ready to dedicate your family for the well-being of the nation.

Don't ever think that the homeland is someplace far away. This is the homeland, right here. It is wherever you practice your true love... The person who pays attention to each individual, tries to meet their needs, passionately loving his brothers and sisters and his society, can never go wrong or be neglected. Nothing in your life is more precious than love. SMM, We Shall Live In The Original Homeland, July 1, 1987

Hello,

Hyung Jin Nim started the service by explaining that the Greek word for sin, "hamartia," means to "miss the mark." He used this as the metaphor for the latest *King Bullethead* music video, performed by Victor Moon. He appreciates those who speak about real biblical values and resist fallen culture. Several mega-churches have gone along with the LGBTQ agenda. Men have to learn to be strong in order to resist the growth of the totalitarian state.

We have entered a dangerous time in the world, with the possibility of a world war. Despite these trends, we have the victory of Father's lineage and most recently the blessing of the 3rd King!

As explained in 1 Cor 12:13, faith, not race, is the main marker. Trans lunacy has even infected several church dominations, though condemned in the Bible. Chapter 18 in Leviticus bans men lying with men and women lying with women. Thank God for brave women like Riley Gaines who are standing up for women-only sports. In some sports like Mixed Martial Arts, women are literally risking their lives to fight biological men like Fallon Fox who claim to be transgender women. The difference in power is

overwhelming.

This is the cultural Marxist agenda to destroy God's creation of man and woman. The Satanic world emphasizes financial success and careers. He praised young couples for focusing on building their young families and being committed to just, patient parenting. Too many parents are emotional and even abusive. It's important to train to end bad habits, leading to more mind-body unity. Otherwise, you will pass those on to the next generation. Your children will learn that Dad is fun and adventurous, but also has greater power that should be respected.

Blessing Highlights

Even though family is important, don't make it an idol. Father denounced the super-individualized western culture. When tribulation comes, you'll wish you were part of a strong community.

We need to oppose the creation of racial tribes which is dangerous for a society. Our faith and the Constitution are the main things holding us together. That's why it's important to witness and educate others in the community, giving them the chance to engraft into Christ's lineage.

Those who have the gift of faith are blessed, but those who don't and struggle to know God can reach others who were like themselves. We should not just depend on our own strength. Have hope for those who are lost.

Each should be able to confess that "I have sinned." You need strong alpha males playing the father role in political office to protect the community. He praised Gov. DeSantis for standing against sexualization education in the Florida public schools. Parents, your kids don't need more computers, more money, etc. they need you!

May God bless you and your families!

Sincerely,

Richard
