True Parents would like to convey everything, but the first thing that we would like to convey is The Word.

First year of Cheon-gi: The Year of Inheriting the Substance and Word based on the Establishment of the True Parents of Heaven, Earth and Humankind

This is a time of proclaiming the heavenly calendar. It is an era of unifying the new and old calendars. It is a time for uniting the lunar and Gregorian calendars.

Uniting their families, tribes, peoples, nations and cosmos-  
who have come from the kingdom of heaven-

Uniting their families, tribes, peoples, nations and cosmos- who have come from the Kingdom of Heaven

You have, together with True Parents, gone through the Coronation of Liberation and complete Freedom and celebrated the golden wedding anniversary. Now three years are left to us until we reach our final destination of perfection, after passing through the eleventh, twelfth, and thirteenth years centering on the final, tenth, stage.

Today, in the new tenth stage, we are truly grateful for the  
grace of God and True Parents who have allowed us to

Today, in the new tenth stage, we are truly grateful for the grace of Heaven Parent (God and True Parents who have allowed us to usher in this era wherein we can reach our goals directly by covering the shortest distance possible to heaven and earth's one goal and to the foundation of the victorious supremacy and of the Kingship of the Victory of all nations, crossing over the valley of the sorrow of the new Parent in Heaven and the Parents on earth, with the privileged authority of liberation and freedom. (Father)

(Hyung Jin Nim prays)

Father, I pray that You may allow our Unification Family to move with one body and one heart and be proud Unificationists who can courageously and proudly proclaim You in this year for the sake of Your glory ad of True Parents.

...

(Father) Therefore, True Parents would like to convey everything, but the first thing that we would like to convey is The Word -- The Historical Word, the Word that True Parents have loved, The Word that Heaven Parent (God) has desired, which is given through True Parents.

These are not simply Words for their own sake; they are derived from the Core of The Word, from its Substance, and reach the Realm of Its Counterpart that has External Form. I will pass on The Word- The Word expressive of Heaven Parent's (God's) Hope and The Word that True Parents have put into practice centering on the standard of that Hope- that you become the Representative of that Word.

(Sikhism and other religions are represented in a ceremony)

(Father) True Parents have already prepared the Last Words I will give to humankind. These have been prepared based on my triumphs over six or seven life-or-death situations, including six period of unjust imprisonment.

I am leaving behind Eight Textbooks and Teaching Materials for humankind to use for all eternity. These are Textbooks you will have to read and study even after you go to the spirit world. They are not just Teachings that come from the Mind of One Person.

All people will become one family through cross-cultural marriage and the World Peace Marriage Blessing, and we will enjoy tranquility and happiness in the Sacred Reign of Peace. Let me say that this day is drawing near.

Beloved Heaven Parent (Heavenly Father!) Today on February 21, 2010, at 10:09 am we wish to dedicate to You Cheon Bok Gung of the Unificationist faith, which will serve as the Unification Church Headquarters. It was prepared recently, through our devotion here in Yongsan Borough, for the purpose of building Cheon Il Guk. Furthermore, for the Unification church, it has been ten years since the creation of Cheon Il Guk began with the purpose of building a new heavenly nation We have seven days left before welcoming the new month of March as we dedicate to You the Cheon Bok Gung Unificationist Religious Order in Yongsan, as the Headquarters.

I pray that Your Heart may be filled with Joy at this hour of dedication, though this Headquarters is humble compared to a Headquarters that is centered on the Altar of Heaven Parent's (God's Providential Will). It is a Place for people to gather that is by no means inferior to the blueprint that Heaven had in mind and gazed upon more intensely than did the hearts of people who gaze and look upon it or the hearts of those who worship in other faiths.

Let the Father's Heart be planted throughout this place as we reflect upon ourselves each day and deeply think about this Emblematic Temple as a Place of offering devotions that does not fall short in any way in continuing on the Vision of creating a new future nation for You ---with the support of The Twenty-Four Elders, the Four Great Saints, and all the saints and sages who have come and gone throughout the historical ages, and whom You govern in The Heavenly World, going beyond nations and centering on the global UN.

I sincerely pray that it can be a Lighthouse standing at the Center, completely in control of all twenty-four hours and an Emblematic Headquarters that can observe, protect and guide everyone and not be forgotten by Heaven.

The Word 'Death' is Sacred. It is not a synonym for "sadness and suffering." Therefore, The True Parents have created the Term 'Seunghwa (ascension) ' to explain the true significance of "death." The moment we enter the spirit world is the time that we enter a world of joy and victory with the fruits born of our lives on earth. It is a time for those of us remaining on earth to send off the departed with joy. It should be a time for great celebration. We should be shedding tears of joy instead of tears of sadness. That is the significance of the sacred and noble Seunghwa Ceremony.

How can you live in ignorance of this Ceremony and Path? It is a path that should be followed by Sacred Human Beings whom Heaven Parent (God), the universe, the ancestors in history, the relatives living today and your descendants of ages to come desire to see. It is the first step toward enjoying eternal life in Heaven Parent's (God's) Embrace.

(Hyung Jin Nim) We must once more go back to a life of devotion and prayer. These things do not just occur spontaneously; they occur because of an extraordinary life of devotion and prayer. That is why, we are going around Korea. This week I met with the members at Suwon Church and Daegu Parish. There I learned about the power of prayer. We must return to the basics. We must return to the fundamentals.

We should not just gather all the world religions; if we truly wish to guide these religions, we must have a stronger faith and a more devout life of faith. When we manifest that level of self-discipleship (discipline) and devotion, the followers of large religions shall come to follow us. That is why, we must return to a life of prayer, back to the time of the early years in our movement. We had studied for many months on how Unificationists prayed before beginning to offer devotion and prayer eight times a day. We are not a religious group that only offers individual prayer. Whenever we pray, we Unificationists first pray for Heaven Parent (God). After praying for Heaven Parent (God), (ADDED NOTE then we pray for CHAM SARANG OMMO NIM/TRUE PARENTS and TRUE FAMILY) Then, we offer a prayer for the spirit world and cosmos. We then pray for the four great saints, for our elder brothers who passed before us and for our ancestors. Then we offer a prayer for the world, for the nation, for the people, for the tribe and for the family. then when we offer a prayer for His nation and His will.

In particular, I realized that Father was sending me out to the world so that I meet the spirit world. I enjoyed meeting the members during my world tour, but more importantly I was also able to show them how the Korean church grew during the past three years and during my world tour, but more importantly I was also able to show them how the Korean Church grew during the past three years and how it is now financially independent with no need for support. That was truly a global victory.

When we went to Europe, Nepal and Thailand, we were able to proudly introduce the Korean Church to the members there.

Because of what we did in Korea, we were able to offer guidance on how to grow the churches in these nations.

The reason for this world tour was not limited to this. I feel that it served as an opportunity for me to meet the members, (as well as) four great saints of the spirit world.

First of all, Father proclaimed during the proclamation rally of God's (Heaven Parent's) Substance and Word, that Korea is now God's (Heaven Parent's) Hometown and Homeland. These Words are groundbreaking Words. We have heard this many times and do not think twice about it. Yet, when this was proclaimed in Jerusalem, it created quite a shock. During our world tour, we visited the holy grounds of the four great saints. At the same time we are bringing these holy grounds back to Korea.

I realized that True Parents were the only One who brought the heavenly fortune and blessings of the entire world back to this nation and homeland. Oh Lord, Heaven Parent (God) thank you. The blessings of the entire world shall come to Heaven Parent's (God's) nation.

(Hyung Jin Nim) It is not simply intellectual. Brothers and sisters, witnessing is a challenge, but Love, Love must be its Source. You must not forget this. Witnessing must begin from challenging society, and challenging other people. But its Source is Love. It is because you want to save that person: you are not doing it because you are smarter than the other person or to show something to them.

If you do witnessing with the purpose rooted in love in order to guide them to True Parents and so that they receive True Parents' salvation, you can bring the Principle to your guests when they open their hearts and allow them to go through the process of being reborn.

This woman was abducted and forced into confinement for eight months. She explained how difficult it was. It was a very painful experience. She was attacked every day, had to listen to her captors slander Father and the Unification Church every day.

The Japanese government made a law in order to persecute us, and arrested our members. What can we show as evidence to support our claims? Look at this. There were over 4,400 cases of our members being abducted. This is religious persecution and oppression of human rights.

We must not remain still from now. Our entire movement must fight for the Japanese members who were victimized in this way.

...

(Hyung Jin Nim) Heaven Parent's (God's) Purpose of Creation is very clear. Heaven Parent was looking for His True Object Partner of True Love. From that relationship, give and take can arise, and in that relationship The Four-Position-Foundation can be gradually built.

Only when humankind is connected with True Parents can true peace and true families be created. Only then can a tribe, people, nation and world come about. Aju.

Cham bu mo nim oeg monsei... Cham bu mo nim oeg monsei... Cham bu mo nim oeg monsei...Cham bu mo nim oeg monsei... Cham bu mo nim oeg monsei...Cham bu mo nim oeg monsei... (Cham Sarang Ommo Nim Cha bu mo nim oeg monsei...Cham Sarang Ommo Nim Cha bu mo nim oeg monsei...Cham Sarang Ommo Nim Cha bu mo nim oeg monsei. Cham Sarang Ommo Nim Cha bu mo nim oeg monsei...)

In Christianity they say that God's (Heaven Parent's) Love is for God's (Heaven Parent's) glory; the purpose of saving humankind is for God's (Heaven Parent's) Glory; the purpose of creation is for God's (Heaven Parent's) creation, right? Yet, True Parents have clarified this. True Love is practiced for Heaven Parent's (God's) glory rather than for one's own glory. True Parents' Heart is about discarding glory, discarding eternity, and abandoning everything to give, give, give, give give, give, give and give again for their wayward child. Aju!
