2012년 천력 5월 27일 [양/7.16]

On July 16, 2012, the Abel Women's UN was inaugurated at the Cheongshim Peace World Center. There were the leaders of Women Peace Movement and Women's Federation from 130 nation.

T rue Parents mentioned that the current UN just focus on own nation's profit. Because of this situation, many countries stay at the Cain position, so they insist that the UN need renewal for the eternal settlement of the peace world of the original creation.

Until now, men-centered
government organization
has presided over the society,
but from now on,
the world should be
controlled by
women-centered NGO
and set up
the new society system
for the world peace.

Thus, True Parents founded the Women's Federation for creating the World Peace. The Women's Federation tried to get rid off the barriers of race, religion, language, and border. After doing this, they begin the various movements for forming true love, true family, and the ideal of peaceful world.

However, the peace movements can not be possible by individuals and NGO. Only the global organization can make it possible. Therefore, True Parents founded the global governmental organization (the Abel women's UN) for all individuals and other NGO groups.

T rue Parents mentioned that the Abel Women's Federation inspires the citizens to take actions for true love and true family movement with the motto "One Family under God". This motto is based on 'living for the sake of others'.

In the twenty-first century, women need to play a major role in world history by serving, together with men, as the wheels of the vehicle advancing the construction of a peaceful world.

Transitioning beyond a century of power and technology, women will be the central axis in building a new century characterized by its loving, peaceful culture, and their role will be more important than ever before.

I sincerely ask you to choose the path of a true mother, the path of a true wife, of a true daughter and of a true woman leader who will build a united world where freedom, peace and happiness overflow in its truest form.

Ladies and gentlemen, thank you for having listened closely right to the end of my speech. I pray that God's blessing will be with you, your families and your work.

Thank you.
