On March 8, 2004, at 8AM, True Parents bound the earth and the spiritual world newly and declared the begging of heaven and earth the universe, the earth, the true parents of heaven, earth and human being can settle down.

This was Historical day which turned the era of before heaven of the fall and the restoration into the era of after heaven of sovereignty of God is the start of the nation of God and the era of peace kingdom.

The new morning of March 7 was to invite such the era of after heaven, True Father started writing calligraphy for True Mother after finishing Hoon Dok Hae. True Father wrote Cheonmojimo Jigyeongjimo (The mother heaven longing for, the mother earth admiring) and emphasized the meaning repeatedly with great joy.

True Father explained that (the character 'admiring Gyeong') meant to respect and attend True Mother just as True Father by using character 'father bu (父) after 'Gyeong (敬)'. This sentence means that we long for True Mother as True Mother longs for God and True Father and admire True Mother as we admire True Father.

The expression 'for Mom' was written with the heart of True Father who wanted to love and admire True Mother.

"Who is 'for Mom'? Even for me, I love True Mother like my mother who gave birth to me. Then heaven come into existence. Because I couldn't devote to my mother, I asked True Mother to answer and to act like my mom when I call True Mother 'mom' even at night."
