The six phase 400 million couples international Blessing was held on August 1st, 2005 at the main cities.

In this blessing ceremony, thirty thousand couples and the thousand guests from home and abroad gathered.

True Parents carried on the ceremony as the officiators.

Furthermore, this ceremony was transmitted via satellite so many people watched it.

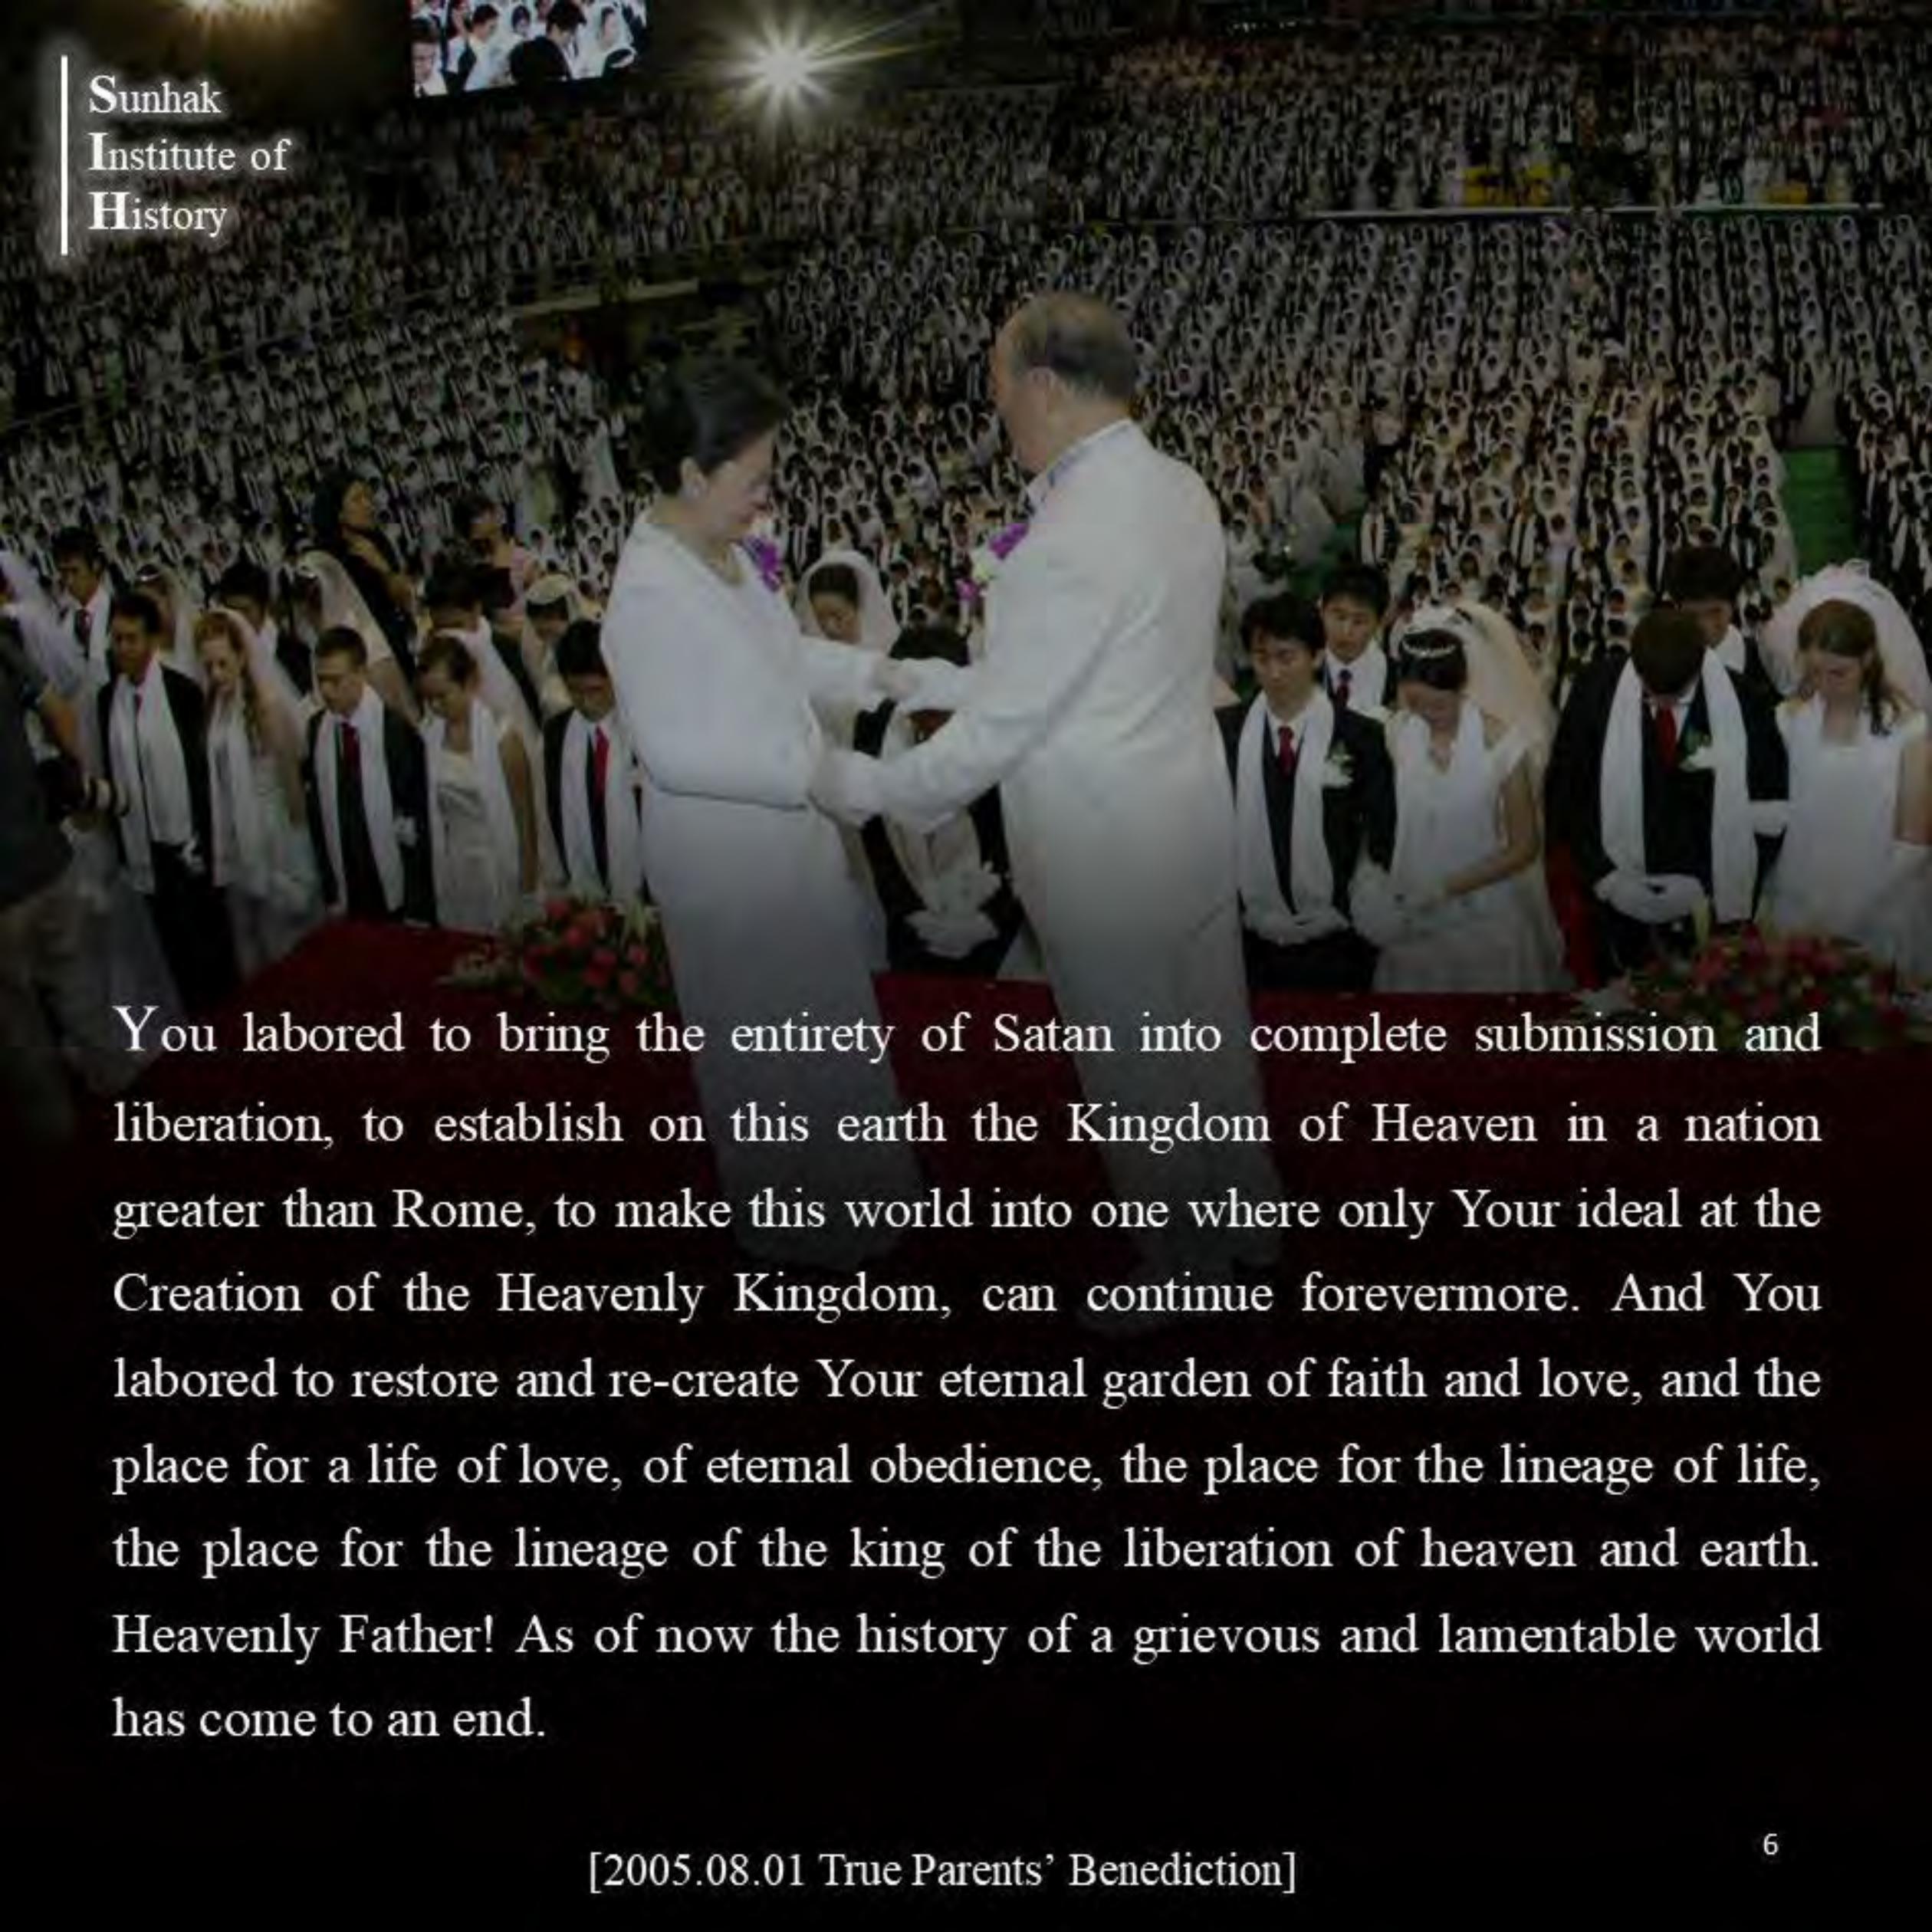

Especially, the representatives of the five religion;
Buddhism, Christianity, Islam, Hinduism, and Judaism
prayed for the brides and grooms to begin their new life
under God.

On this day, it was raining with clouds.
However, the weather was getting better and finally
sun came up.
It seems like the weather blesses the brides and grooms.

The brides and grooms from 180 nations attended the ceremony with their future supposes. They swore that being the model of the true family to create the world peace beyond the race, nationality, and religion.

A large crowd of people, mostly women in white dresses and men in suits, are gathered in a large hall. In the foreground, a man and a woman in white are standing on a red carpet, facing each other. The man is holding the woman's hand. The background is filled with many more people, some of whom are also in white dresses and suits. The scene appears to be a large-scale event, possibly a wedding or a religious ceremony.

You labored to bring the entirety of Satan into complete submission and liberation, to establish on this earth the Kingdom of Heaven in a nation greater than Rome, to make this world into one where only Your ideal at the Creation of the Heavenly Kingdom, can continue forevermore. And You labored to restore and re-create Your eternal garden of faith and love, and the place for a life of love, of eternal obedience, the place for the lineage of life, the place for the lineage of the king of the liberation of heaven and earth. Heavenly Father! As of now the history of a grievous and lamentable world has come to an end.
