Discussion

Christian-based program

anyone to participate

Discussion is ONLY within the couple

**When/Where does
it take place?**

In a church or community centre.

In a home setting.

Annually or bi-annually

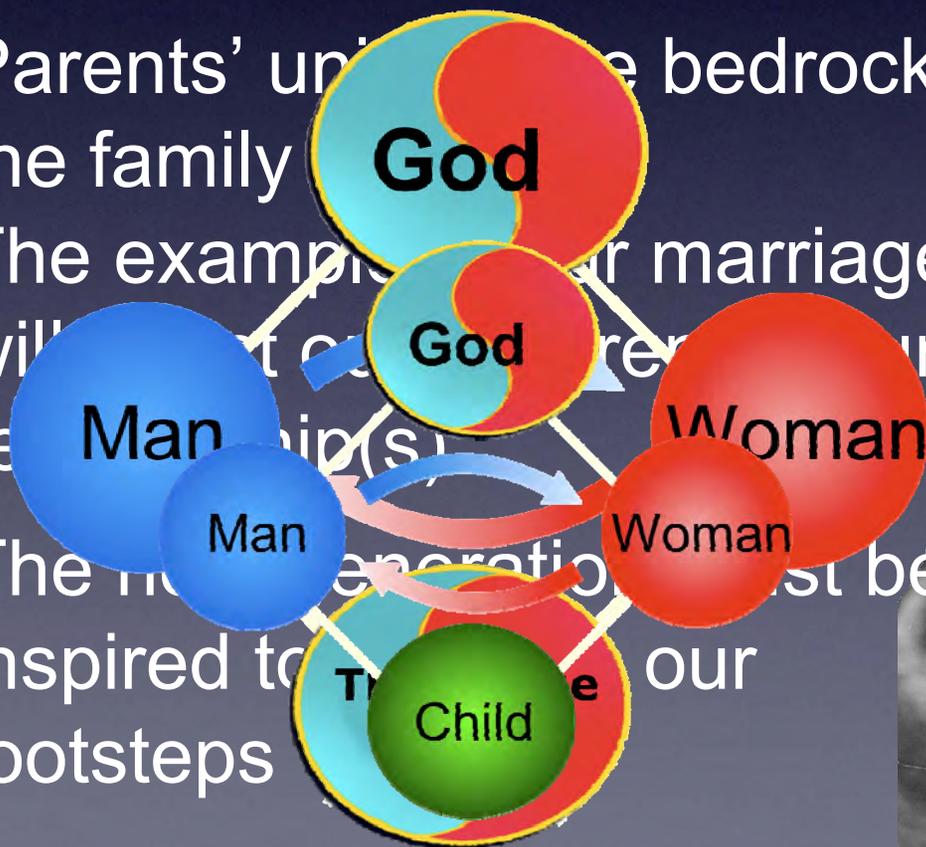

Whenever it's convenient for you.

No training needed!

Why should we do it?

- Growing closer as a couple is the physical manifestation of God
- Parents' union is the bedrock of the family
- The examples of our marriages will be the most powerful influence on our children
- The next generation must be inspired to follow our footsteps

Why should we do it?

- “Natural” witnessing
- Providing a service to the greater community
- Generate funds to support the community

We'd love to but...

- We don't need to 'fix' our marriage
- Need to convince my other half
- Working late or odd hours
- We have young children
- My spouse's English isn't great
- It's a bit expensive
- We've been married for so long already
