

## 7 The proclamation of the Vision of HyoJeong Cheonwon

*2016.8.1. True Parents speaking at the '2016 Global Top Gun Youth Workshop'*

True Mother said the following on the construction of True Parents' life museum: "I will make a museum about True Parents' life courses. It should not just have the contents of True Parents' achievements and life course, but it should have future-oriented contents." (Nov. 11.2014. Cheon Jeong Gung Museum). She named the new place Cheonji Sunhak Won museum, hoping that those who visit the museum resemble True Parents and join in their work.

True Mother has a great sense of duty for the Cheonji Sunhak Won museum. In 2015, she talked many times about the detailed conceptions of HJ Cheon Won Chung Pyung Providence for the restoration of heaven and earth which is True Parents' will. She explained True Parents' perspective on Chung Pyung. "In the future Chung Pyung will become a sanctuary that misses nothing and has everything." (Oct. 30.2015. Cheon Jeong Gung Museum)

Two months following the previous speech she told us when the Cheonji Sunhak Won museum is going to be completed. "What did I say I would build for the eternal Holy Land before the world by 2020? It is the Cheonji Sunhak Won museum. I want to make an environment to show future generations a record that you were here and worked together with True Parents. With such thoughts, I am grateful and happy every day. So will you work with me? I would like to ask that all of you work hard to hasten the day." (Dec. 12.2015. IPEC)

2016.8.2. Special Address by International President Sun Jin Moon at True Parents' Hyojeong Cheonwon Special Workshop

True Mother values the Cheonji Sunhak Won museum as her life. By building such a base amidst the Chung Pyung Holy Ground, it wishes to reveal True Parents and save humanity. True Mother said, "My dream is your dream. You have to realize this will with True Mother before you die." (Oct. 6.2016. Yongpyong Resort) True Mother always walks the path of cosmic restoration alongside True Father. Therefore, in line with the providence, HJ Cheon Won is the base for cosmic restoration. Not only can we achieve spiritual restoration but we can also prepare the base that can restore humanity through the Cheonji Sunhak Won museum.
