1. Universal Seonghwa of Sun Myung Moon, the True Parent of Heaven, Earth and Humankind

True Father ascended on the 17th day of the 7th month in the third year of Cheon-gi (the Heavenly Foundation) (Sep. 3, 2012) after victoriously concluding his 93-year life-long providence. During True Father's Ip-jeon ceremony, held the day before the Seonghwa Ceremony, True Mother made the determination, "I will strive to establish Cheon Il Guk on earth until my last breath." It is with this determination that she presided over the Seonghwa Ceremony held on the 29th day of the 7th month by the heavenly calendar (Sep. 15, 2012) at Cheongshim Peace World Center.

The Seonghwa Ceremony, on the cosmic level of heaven and earth, of the True Father of Heaven, Earth, and Humankind—the Lord of Truth, Holiness and Virtue in Cheon Il Guk, King of Myriad Victories for the Sake of the Whole—was conducted over a total of thirteen days. During this period, leaders from 31 different religious groups from home and abroad, heads of state leaders as well as blessed families from around the world paid tribute to True Father. It became a time of a new beginning, with everyone reminiscing over True Father's teachings, love, and work. Members made the determination to follow Father's life and teachings and to establish Cheon Il Guk.

The significance of True Father's Holy Ascension can be summarized in three great parts. As everyone will agree, True Father's Holy Ascension was an expression of his complete investment and work at the risk of his life for the sake of true love. True Father was both the incarnation of God and a human being with a physical body. Hence, he also had to experience his birth, old age, and even sickness and death. He practiced an overwhelming life of true love for humanity throughout his

life, not taking care of himself in the process. He demonstrated a model life course of a pioneer who exhausts his body for the sake of God's liberation and the salvation of humanity. Having wholeheartedly dedicated his entire life to practicing true love and living for the sake of others, True Father was not able to take care of his own physical body. He had designated the specific date of Foundation Day ahead of time, but was also aware that he might go to the spirit world before that day. Hence, he always lived as if he did not have enough time, focusing every single minute and second preparing for that day.

"Despite his advanced age, he would never rest day and night wherever he went, pushing beyond his physical limits as well as overcoming time differences—in order to offer deep devotion and speak even a little more to the people. It was quite common to see True Father preside over a big gathering or rally immediately after returning to Korea from overseas. For True Father, taking a much needed break was something unthinkable." (8.8 in the 3rd year of Cheon-gi, Sep. 23, 2012, summary of True Mother's message)

Members as well as former and current heads of state, religious leaders participating at the Universal Seonghwa Ceremony of Sun Myung Moon, the True Parent of Heaven, Earth, and Humankind

In addition, True Father's Holy Ascension encloses the preparations made for the much anticipated Foundation Day. True Father said, "I have accomplished everything!" Foundation Day stands upon the foundation of the completion, conclusion and perfection of True Father's portion of responsibility. Beginning from the Enthronement of God's Kingship, True Parents prepared for Foundation Day over the course of 12 years. They conducted numerous providential activities such as rallies, proclamations, ceremonies, meetings, establishment of organizations, campaigns, workshops, activities etc., and gained victorious results from these activities by perfecting, completing, and concluding their portion of responsibility. When True Father said, 'I have accomplished everything!', it meant that True Father had completed, concluded and perfected the final preparations upon which the substantial Cheon Il Guk would begin.

Finally, True Father's Holy Ascension also encompasses the cosmic Foundation Day event. By conducting the Cosmic Marriage Ceremony of God and the Cosmic Holy Marriage of True Parents from a position of oneness in heart, oneness in body, oneness in harmony, and oneness in core, True Father and True Mother ensured that Foundation Day became the beginning and origin of the substantial Cheon Il Guk on the cosmic level. Accordingly, Foundation Day was proclaimed at the

same time by True Father in heaven and True Mother on earth, marking the start of the era of the substantial Cheon Il Guk on the cosmic level, a time that brought together both the spirit world and physical world. At long last, just as Family Pledge #5 states, the time has come for us to advance the unification of the spirit world and physical world as subject and object partners, and to further accelerate it at a rapid pace.

Universal Seonghwa Ceremony of Sun Myung Moon, the True Parent of Heaven, Earth, and Humankind

True Father: "Do I have to go to the spirit world or not? Should I go quickly to the spirit world or after some time? The era of the completion of the ideal God had envisioned has not started yet. The spirit world is not educated either. I have to educate them. I am the only person who can arrange this. The physical world here is just a station to pass through. (Jun. 4, 2007)

True Father: We must finish everything by Jan. 13, 2013. Even if I don't live until that time, this Will must remain intact and be realized. I will go to the spirit world and mobilize all the spiritual people to raise a revolution." (Jan. 21, 2007)

2. True Mother's Devotions in Remembrance of True Father

Three days following True Father's Universal Seonghwa Ceremony, True Mother held the Three-Day Memorial Service together with the Special Unification Church World Leaders Assembly at Cheongshim Peace World Center on 8.2 in the 3rd year of Cheon-gi (Sep. 17, 2012). She particularly presented the work of inheriting True Parents' tradition, the completion of the blessed family ideal, the completion of our mission and responsibility as tribal messiahs, building communities based on the culture of heart, etc. as the future direction to be taken by the Unification Movement, calling all participants to keep advancing without stop. Beginning on the day of True Father's Universal Seonghwa Ceremony until the 40-Day Memorial Service, for a period of 40 days, True Mother served three meals to True Father, and offered devotions for the realization of Cheon Il Guk in complete unity with True Father in heaven.

Right after the 40-Day Memorial Service, True Mother went on a holy ground pilgrimage, to follow

the footsteps True Father took in the 1970s, travelling a total distance of 5,600 km from Las Vegas to New York. Once she returned to Korea, True Mother immediately began the work of passing on their tradition by preparing for Foundation Day, compiling the Cheon Il Guk scriptural volumes, promulgating the Cheon Il Guk Constitution, as well as raising capable people from around the world.

True Mother: "True Father and I will finish God's providential history through oneness in heart, body, mindset and harmony. At this time when True Father begins his new journey in the spirit world, we who are in the physical world, must keep pace with Father in rendering glory to Heaven, and completely putting ourselves on the line, investing everything for the establishment of Cheon Il Guk."

II. Proclamation of the Cheon Il Guk Foundation Day and the Establishment of the Foundation for the Cheon Il Guk Era

1. Cheon Il Guk Foundation Day

True Father: "The year 2001 marks the beginning point toward the year 3,000. If you divide human history by men and women, it will be 3,000 years each or 6,000 years in total. The responsibility that man and woman were supposed to realize within 6,000 years must be concluded within these 13 years encompassing True Parents' lives. In other words, what Adam failed to fulfill, True Parents must resolve within these 13 years. Since Satan took away the lineage, God has sought to find and restore that lineage. Jan. 13, 2013 is our D-day." (Feb. 1, 2010, *Cheon Jeong Gung*)

The Enthronement Ceremony of the True Parents of Heaven, Earth and Humankind in Cheon Il Guk and the Cheon Il Guk Foundation Day Registration Blessing Ceremony were held on 1.13 by the heavenly calendar in the 1st year of Cheon Il Guk (Feb. 22, 2013) at 10 a.m. The event was held in grand style at the Cheongshim Peace World Center in the presence of 30,000 participants including present and former heads of state, leaders in various walks of life and blessed families from home and abroad.

The holy robe and holy crown belonging to True Father in Heaven, who perfected, completed, and concluded the providence of restoration and achieved oneness with God, were offered and placed on True Father's seat. Soon after, True Mother entered the venue wearing a purple robe and a crown, accompanied by four true grandchildren carrying beautiful roses and lilies. She was welcomed amid the rejoicings of both heaven and earth. The Heavenly Royal Seal symbolizing the power and authority of God and the True Parents of Heaven, Earth, and Humankind, volumes of the Holy Scripture of Cheon Il Guk—Cheon Seong Gyeong and Pyeong Hwa Gyeong, which represent governance based on the Word, and the Heavenly Royal Scepter were presented to True Mother. The culmination of the ceremony was True Mother's proclamation of the symbols of Cheon Il Guk and the first (founding) year of Cheon Il Guk. The meaning of this day was furthermore heightened by having the first year of Cheon Il Guk commence with the Foundation Day of Cheon Il Guk, the beginning of the substantial Cheon Il Guk.

Proclamation of Cheon Il Guk by the True Parents of Heaven, Earth, and Humankind

After the Enthronement Ceremony of the True Parents of Heaven, Earth and Humankind in Cheon Il Guk, the True Parents of Heaven, Earth, and Humankind bestowed on all participants the grace of the Blessing that registered good men and women in both the spiritual and physical worlds as citizens of Cheon Il Guk. True Mother's earnest prayer and affirmation of the Blessing vows were her firm determination to bring about the completion of Cheon Il Guk and an ardent prayer asking for God's grace. The registration Blessing Ceremony opened a new era in which both the spirit world and physical world co-exist in unity, something all participants could truly feel. The ceremony was successfully concluded with tremendous cheers of Eok-mansei. The Foundation Day Celebratory Luncheon was an occasion to congratulate the True Parents of Heaven, Earth, and Humankind on their victory as well as a precious occasion to inherit heavenly fortune and blessings. True Mother presented a special award to some 1,200 representative blessed families [over 3 years beginning on Foundation Day]. The award was a cloth embroidered with the design of True Father and True Mother's heavenly seal. Through these awards, True Parents' desire and will was to share heavenly fortune and blessings with everyone.

Around the time of Foundation Day in the first year of Cheon Il Guk, a series of events including the establishment of the Wonmo Pyeongae Foundation, the World Summit, etc. were held within the Cheongpyeong area. A range of people participated in the events including heads of state from home and abroad, leaders of the Unification Movement, and representative members from around the world. At the 40-day Memorial Service following True Father's Seonghwa Ceremony, True Mother presented, to all regional presidents, holy wine containing special grace that would enable members to cleanse themselves from past sins and thereby prepare for Foundation Day.

2. Proclamation of the Three Great Scriptures of Cheon Il Guk

The compilation of the three volumes of the Holy Scripture of Cheon Il Guk was the first work True Mother pushed ahead with in order to pass on True Parents' tradition and effort following True Father's Holy Ascension. The three Cheon Il Guk scriptural volumes were compiled based on True Mother's devotion and detail guidance. The entire process also included extensive search of True Parents' teachings, a strict compilation process, and thorough verification.

The Holy Scripture of Cheon Il Guk was compiled to firstly pass on the eternal and historic legacy of the teachings, life courses and work of our True Parents who followed the providential course of restoration through indemnity. Secondly, it was compiled with the great meaning of establishing the vision of Cheon Il Guk and guidelines for the lives of Cheon Il Guk citizens. Thirdly, the volumes were compiled in order to inspire good character in the readers of the scripture, and to ultimately have it spread to the world and throughout all of heaven and earth. Amongst the three scriptural volumes, Cheon Seong Gyeong and Pyeong Hwa Gyeong were the first to be dedicated, on the 1st anniversary of Foundation Day (2014). ChamBumo Gyeong was dedicated on the 3rd anniversary of True Father's Holy Ascension (2015).

FFWPU Regional Presidents taking a commemorative photo with True Parents at the Publication of the English and Japanese versions of Cham Bumo Gyeong

True Mother: "Realizing that confusion may occur if True Father's teachings are not well organized, I saw that the work of organizing True Father's teachings was urgent and began doing it in earnest. Father's teachings must remain as eternal teachings that future generations cannot judge, teachings that are principled, with one root, one branch and one fruit." (Sep. 17, 2012, Cheon Jeong Gung).

True Mother: "True Father's teachings and achievements are like unprocessed, rough gemstones. They are precious stones. I will make them into precious stones of the highest quality. They will be precious stones that I will want to always keep close to me and take to all the places I love." (Jan. 10, 2013, Cheon Jeong Gung)

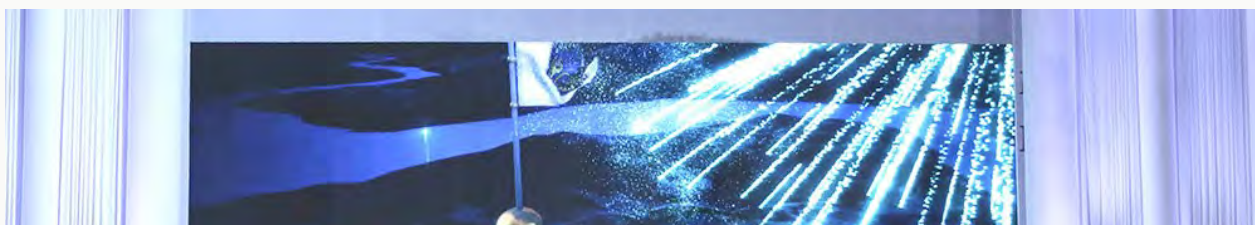

Promulgation of the Cheon Il Guk Constitution (2014. 2.12, Cheongshim Peace World Center)

3. The Cheon Il Guk Constitution and the Cheon Il Guk Supreme Council

The final completed draft of the Cheon Il Guk Constitution was dedicated on the 1st anniversary of True Father's Holy Ascension, held on 7.17 by the heavenly calendar in the first year of Cheon Il Guk (Aug. 23, 2013). This was followed by the enactment of by-laws and a preparation process to officially promulgate the Constitution. The Cheon Il Guk Constitution was finally dedicated to True Mother and promulgated on the 1st anniversary of Foundation Day.

True Parents spoke quite early on about the need for a constitution for the heavenly nation, and on several occasions had given directives for a Cheon Il Guk constitution to be enacted. In 1972, True Father said, "The heavenly nation must also have a constitution. That constitution should be able to completely sustain an individual's life, and must establish the framework that will ensure families, societies, and nations are never infringed upon as they proceed with their lives." In 1997, with the progress of the providence, True Parents gave instructions that a constitution be enacted. Later, in 2005, they formed a committee for the enactment of the constitution, which created the first basic draft.

Cheon Il Guk Supreme Council members and regional presidents taking a commemorative photo with True Parents after the promulgation of the Cheon Il Guk Constitution

True Father, however, was not able to see the completion of this constitution during his lifetime. For this reason, True Mother made the enactment of the Cheon Il Guk Constitution one of our most important projects, investing much effort toward its completion so as to establish the foundation and framework of Cheon Il Guk. True Mother gave the direction to begin the work of enacting the Cheon Il Guk Constitution after the proclamation of Foundation Day. The Cheon Il Guk Legislation Committee was established and work began in earnest. Research on constitutions and public debates were conducted with True Mother guiding the entire process. The constitution went through a course of verification and confirmation, with numerous professors and leaders from around the world being invited to give their comments, before being finally dedicated on the 1st anniversary of True Father's Holy Ascension in 2013.

True Mother continued to proceed with the work of enacting bylaws, such as the by-laws of the Cheon Il Guk Supreme Council, the highest decision-making organization of Cheon Il Guk. Finally, on 1.13 by the heavenly calendar in the 2nd year of Cheon Il Guk (Feb. 12, 2014) on the 1st anniversary of Foundation Day, True Parents proclaimed the Cheon Il Guk Constitution and the management laws of the Supreme Council in front of the cosmos. On this day, members of the Supreme Council were also appointed.

The 13 regional presidents taking a commemorative photo with True Parents after receiving the four Cheon Il Guk Holy Items (2016. 4.22, Cheon Jeong Gung)

4. Bequeathal of the Cheon Il Guk Holy Items

True Mother bequeathed to all members of the Unification Movement with the four Holy Items of Cheon Il Guk (Cheon Il Guk holy wine, holy candle, holy salt, and holy earth), which contain grace enabling members to be reborn as Cheon Il Guk citizens, on the 56th anniversary of their Holy Wedding, on 3.16 by the heavenly calendar in the 4th year of Cheon Il Guk. Upon ushering in the era of Heavenly Parent and True Parents’ direct governance, the Cheon Il Guk Holy Items were bequeathed as grace and blessings that liquidate all past mistakes and enable all those who have them to be reborn anew within the original Garden of Eden.

True Mother: “May all the children of the Unification Movement all over the world realize that these Holy Items bestow on them blessed grace that can enable them to become true children. May they joyfully appreciate You and become proud children of Yours who do their best and who are remembered in history. I pray that You once more bestow Your compassion on them so that they can become children who fulfill their responsibility of bringing all 7.3 billion people into True Parents’ bosom. I pray all this in the name of True Parents. Aju!” (3.16 by the heavenly calendar in the 4th year of Cheon Il Guk– Apr. 22, 2016, Cheon Jeong Gung)

III. The Three Key Strategies for the Firm Settlement of Cheon Il Guk

1. Witnessing

1) Heavenly Tribal Messiahs

The heavenly tribal messiah mission emphasized by True Parents gradually changed with the development of the providence. From tribal messiahs to new tribal messiahs and finally to heavenly tribal messiahs, the concept and goal of the portion of responsibility blessed families had to achieve, also changed. Fundamentally, however, True Parents' instruction that we become tribal messiahs, given on Oct. 1, 1963, remains unchanging. True Parents gave this instruction after completing the formation of a worldwide tribe as tribal messiahs on the foundation of the 36-Couple Blessing, 72-Couple Blessing and 124-Couple Blessing ceremonies.

In the early 1960s True Father emphasized the following: "Blessed families must all raise a tribe beginning from three spiritual children, then 36 ancestor-type couples of the tribe, 72 Cain and Abel-type couples, 124 couples representing the nation, and finally more than 430 couples who are connected with all tribes. They must raise them into true children, true siblings, true couple and true parents who attend God both in the physical and spirit worlds."

On Sep. 1, 1991, True Parents instructed all blessed families and members to return to their hometowns. Just as True Parents had shed their blood and tears for the restoration of the world until then, they asked all blessed families to go back to their hometowns and do the same to save their clans by offering devotions. Prior to this, beginning from Chil Il Jeol (Declaration Day of God's Eternal Blessing), True Parents instructed all blessed families to focus, as tribal messiahs, on restoring their tribes.

"The three major missions of tribal messiahs are to firstly restore their ancestors, secondly restore their tribes, and thirdly to live together with God, as God was also expelled following the Fall of Adam and Eve, the first human ancestors." (*True Father – Oct. 14, 1993*)

True Parents emphasizing about the mission of Heavenly Tribal Messiahs (2012. 4.25, Cheon Jeong Gung)

True Parents made the Proclamation of True Parents' Ultimate Oneness and Perfection and of the Conclusion and Consummation of their Mission on 5.8 by the heavenly calendar in the 1st year of Cheongi (Jun. 19, 2010, Las Vegas). Later, on 5.27 in the 1st year of Cheon-gi (Jul. 8, 2010, Cheon Jeong Gung), through the Cosmic Assembly for the Settlement of the True Parents of Heaven, Earth and Humankind, Who, as God's Embodiment, Proclaim the Word, they declared, "True Parents have achieved everything they came to do on earth." On this day, True Parents said: "The True Parents of Heaven, Earth and Humankind have attained ultimate oneness with God. They are God's substantial selves, the king of kings and queen of queens. It is with this status and authority that Korea becomes God's home country and homeland." They went on to make the special command: "All blessed families must, therefore, register in Korea."

Later, True Parents officiated the Marriage Blessing to Welcome the Age of Liberation Opened by

the Victory of the True Parents of Heaven, Earth and Humankind on 3.3 in the 3rd year of Cheon-gi (Mar. 24, 2012, Cheongshim Peace World Center). From 3.27 to 4.26 by the heavenly calendar in the 3rd year of Cheon-gi (May 17 – Jun. 15, 2012), True Parents presided over the Special 30-Day Educational Program on the Original Substance of the Divine Principle for 3,600 new tribal messiahs.

"True Parents have completed everything. What I am talking about now is not the establishment of the True Parents but the age of the firm settlement of the True Parents. The path taken by the True Parents.... Can you go to True Parents' hometown and ask, 'Will True Parents firmly settle?'" Unity cannot be achieved with only the father and mother. The children born from the mother and father must also follow after their mother and father. Once a family is established, you must be able to firmly settle centered on the True Parents of Heaven, Earth, and Humankind. Why? Is it because they are your kin? It is because you are tribal messiahs! You must be able to completely achieve this mission by D-day. You cannot avoid this." (*True Father – 3.5 in the 3rd year of Cheongi [leap month]* Apr. 25, 2012, Cheon Jeong Gung)

'True Parents speaking at the kick-off ceremony for heavenly tribal messiahs (2012. 5.18, Cheongshim Peace World Center)

True Father, who had completed such a course, offered his final prayer on 6.26 in the 3rd year of Cheon-gi (Aug. 13, 2012, Cheon Jeong Gung) through which he declared, "The conclusion of the final perfection.... I have completed everything." Finally, on 7.17 in the 3rd year of Cheon-gi (Sep. 3, 2012), the True Father of Heaven, Earth, and Humankind took his last breath on this earth.

"Today, as I have returned the conclusion of the final perfection to You, Father, I know that up to this moment, I have offered my whole life to you. I am spending this time now to bring my life to a conclusion, to bring it to a close with utmost devotion, in accordance to Your Will. I declare that everything will be brought to a conclusion when the tribal messiahs restore the 387 nations. I have accomplished everything for this. I have accomplished everything! –Aju!" (*True Father – 6.26 in the 3rd year of Cheong-gi, Aug. 13, 2012, Cheon Jeong Gung*)

True Mother called on everyone to march forward without ceasing and emphasized that the tribal messiah mission that True Father mentioned in his final prayer should be realized at all costs, even after Foundation Day.

"Father in his last days asked you to accomplish the responsibility of tribal messiahs. That was what he earnestly asked you to do at the moment of his Holy Ascension. What do you feel? How many family names do you think we have here today? I would say we almost all have Korean family names here, don't you think? Since that is the case, if you all mobilize and work hard, there wouldn't be any problem restoring this nation to Heaven. It is possible. We have to do it. We have to do it without fail." (*True Mother – 2.23 by the heavenly calendar in the first year of Cheon Il Guk – Apr. 3, 2013*)

"I am saying that we are the only hope." (*True Mother – 11.28 in the 4th year of Cheon Il Guk – Nov. 26, 2016*)

"The tribal messiah mission is a responsibility we must practice. When my family, my tribe and my nation become one with the True Parents, and are able to form a big wave upon which to spread to the five oceans and six continents, can one world under God, the kingdom of heaven on earth that our Heavenly Parent and humanity longed for, come true. Therefore, it is my hope that all blessed families, all members of the Unification Church, become one with Parents in heart, body, and thought and continue to move forward." (*True Mother – 9.3 [leap month] in the 2nd year of Cheon Il Guk – Oct. 26, 2014*)"

After the Holy Ascension of the True Father of Heaven, Earth, and Humankind, True Mother opened the doors to Cheon Il Guk and set off on the grand 7-year mission of firmly establishing Cheon Il Guk through the accomplishment of Vision 2020. For the next three years, she successfully offered and concluded devotions in remembrance of True Father in heaven. She has repeatedly called upon blessed families to become noble families who fulfill their tribal messiah mission, and spoke also about establishing Cheon Bo Won.

True Parents speaking at the launching of Vision 2020 (2013. 4. 3, Cheon Jeong Gung)

"I will construct Cheon Bo Won here at the Cheongpyeong Training Center. I hope that you can become proud people who can be recorded there." (*True Mother – 3.2 in the 5th year of Cheon Il Guk – Mar. 29, 2017, Cheon Seong Wang Rim Palace*)

"Cheon Bo Won is a place of blessings, a place where a family becomes a noble family. A family does not become a noble family at any time. As citizens of Cheon Il Guk within this Cheon Il Guk era, the first-generation, second-generation, and third-generation members of the family must all fulfill their duties of loyalty and filial piety in front of Heavenly Parent and True Parents." (*True Mother – 7.9 in the 4th year of Cheon Il Guk – Aug. 11, 2016, Cheon Jeong Gung*)

"You must stand at the center of the providence and realize the hope of Heavenly Parent and True Parents – the dream of one big human family under God. Now, as heavenly tribal messiahs – the term "shin" here does not mean "new" but "heavenly" – you must become tribal messiahs who attend God. Hence, I am saying I will erect Cheon Bo Won here within the Cheongpyeong Training Center to have your devotion and hard work conveyed to Heaven. I sincerely hope that all of you here today become honorable devoted and loyal children who can be registered there." (*True Mother – 11.19 in the 5th year of Cheon Il Guk – Jan. 5, 2017, Cheon Jeong Gung*)

2) Special Strategic Nations

A special conference hosted by True Parents to select the key strategic nations for Vision 2020 was held on 6.14 in the 4th year of Cheon Il Guk (Jul. 17, 2016, Cheon Jeong Gung). The conference was hosted to select 7 special strategic nations with the possibility to achieve national restoration by 2020. A total of 70 participants attended the conference. This included presenters from 21 nations with the exception of Korea, Japan and the United States, and 21 judges. Each candidate nation presented a detailed strategy on how to actualize God's Will.

(The selected 13 special strategic nations: Philippines, Nepal, Thailand, Cambodia, Côte d'Ivoire, DR Congo, Zambia, Kenya, Dominican Republic, Brazil, Paraguay, Taiwan, Albania, plus 3 additional candidate nations – Malaysia, Benin and Nigeria.)

'A panorama of True Parents' Special Conference to Select the Key Strategic Nations for Vision 2020 (2016. 7.17, Cheon Jeong Gung)

"We must restore the entire environment Heavenly Parent had originally created in the beginning. Those nations selected as strategic nations should be able to lay a victorious national foundation upon which they are to maintain the earth healthy and create a natural environment that can offer nutrients to humanity. You must enlighten all people who only think of their own interests and lead the world in a direction that focuses on maintaining the good health of all people of the world." (*True Mother – 6.14 in the 4th year of Cheon Il Guk – Jul. 17, 2016*)

Later, a Special Strategic Nations Conference was held at the Sunhak UP Graduate University international conference room from 7.21 to 7.23 by the heavenly calendar in the 5th year of Cheon Il Guk (Sep. 11- 13, 2017). There were some 60 participants including representatives and staff from the International Headquarters and True Mother's Secretariat, regional group chairs of the four regional groups (with the exception of Korea, Japan, and the US) and the leaders of the 13 special strategic nations, as well as representatives of the additional three candidate nations (Nigeria, Benin, and Malaysia). The conference provided the regional groups and major Cheon Il Guk leaders of the 13 special strategic countries and the 3 candidate nations selected for the completion of national restoration through Vision 2020 and for the firm settlement of Cheon Il Guk, with the opportunity to discuss the current status of mission work and strategies of their respective nations.

"In this age of instant communication, the providence cannot miss even one minute or one second. Heavenly Parent's dream, True Parents' dream is one family, the kingdom of heaven on earth. Since the central owners of that kingdom of heaven on earth are the True Parents, you must fulfill your responsibilities in fulfilling Heavenly Parent's dream and humanity's hope while True Parents are still here. The greatest glory in your lives is receiving the Blessing from True Parents. Heavenly Parent's dream and humanity's hope must be fulfilled while True Parents are on earth. As blessed families who have received the Blessing, and as leaders in charge, you must work with the resolve to even put your life on the line to realize this dream while True Parents are on earth." (*True Mother – 7.22 by*

The Heavenly Africa Blessing (Liberation Ceremony of Africa by the True Parents of Heaven, Earth and Humankind)

'Africa Summit 2018', sponsored by and in collaboration with the Senegalese government, was hosted by the Universal Peace Federation (UPF) at the Abdou Diouf International Conference Center (CICAD) on 12.2 by the heavenly calendar in the 6th year of Cheon Il Guk (Jan. 18, 2018). True Mother spoke on the theme, 'Heavenly Africa: Interdependence, Mutual Prosperity and Universal Values', and declared the African continent as the 'Heavenly African Continent'.

True Mother: "As a Heavenly Africa that attends God, I sincerely hope that Africa becomes a light and the pride of the world. In resolving its painful past, the continent of Africa should begin a new history standing at the center of Heaven's Providence."

True Mother visited Gorée Island, the infamous slave-trading center, on 12.3 by the heavenly calendar (Jan. 19, 2018). She visited the tragic island from which millions were transported into slavery in pain and misery, away from their hometowns in Africa. Here, she liberated the resentment and pain of Africa. Africa was therefore able to usher in the providential spring time and take its first step toward a Heavenly Africa that attends God and overcomes territorial conflicts, religious conflicts, racial strife, poverty and hunger, violent extremism and other social problems.

True Mother sanctifying Gorée Island (2018. 1.19)

On 12.8 by the heavenly calendar (Jan. 24, 2018), True Mother emphasized that the fields have been plowed and the time has come to sow the seeds and grow roots, giving the divine instructions that FFWPU-Africa be restructured, and encouraging Heavenly Africa to make a new start under the newly structured organization.

Rally of Hope for the Advancement of the Providence in Heavenly Europe (Peace Starts With Me – Vienna 2018)

The 'Peace Starts with Me – Vienna 2018' Rally was held in the Wiener (Vienna) Stadthalle citizens' hall on 3.14 by the heavenly calendar in the 6th year of Cheon Il Guk (Apr. 29, 2018), with 12,000 participants from around 60 countries as well as important leaders such as Archbishop Dr. Johannes N. Ndanga of the Apostolic Christian Council of Zimbabwe and former Austria Defense Minister Dr. Werner Fasslabend, among others, in attendance. On this day, True Parents spoke on the theme, "The Way for Humanity Live in Peace."

True Mother: "The European region is a region that Heaven has prepared. Europe laid the scientific developments of modern civilization. Today, however, the future of human life and even the planet we live on cannot be guaranteed because of the many problems we face. We have reached the limit of what human strength alone can do. People must know what kind of being the owner of the universe, God, our creator, is. Only through knowing that can all problems be solved. The long period of 6,000 years was a tearful and painful time for Heavenly Parent. I sincerely hope that Europe will become a proud region that saves the world, attends Heavenly Parent, and spreads out the hyojeong revolution of the culture of heart, which shares true love centered on True Parents, to the entire world."

Rev. Lee Gi-seong, Chairman of FFWPU for a Heavenly Korea, conducting a special liberation ceremony at the Mauthausen concentration camp in Austria in accordance to True Parents' directives (2018. 4.30)

The Victory Celebration for the 'Peace Starts with Me – Vienna 2018' was held in the presence of the True Parents on 3.15 by the heavenly calendar (Apr. 30, 2018) in Vienna Center. More than 1,000 people including key leaders from Korea, Japan, USA, Europe, and the rest of the world as well as core members participated. On this day, True Parents blessed the European continent as 'Heavenly Europe' and acknowledged the first generation of European members, who have led mission work in Europe until now.

On the same day, at 2 p.m., a liberation ceremony was held at the Mauthausen concentration camp in Austria, one of the most notorious among the Nazi concentration camps, in accordance with True Parents' special instructions. Lee Gi-seong, Chairman of FFWPU for a Heavenly Korea, offered a report to Heaven that directly connected the Mauthausen concentration camp and the Jeongshim Won prayer hall at the Cheongpyeong training center, and liberated the spirits of victims of World War II.

2018 Rally of Hope for the Advancement of the Providence in Latin America (2018 Latin America Summit)

The 'Rally of Hope for the Advancement of the Providence in Latin America' was co-sponsored by the Family Federation for World Peace and Unification (FFWPU) and Universal Peace Federation (UPF), and held in Allianz Park Arena in São Paulo, Brazil, on 6.3 by the heavenly calendar in the 6th year of Cheon Il Guk (Aug. 4, 2018). Some 30,000 people gathered from over 40 nations. They included top leaders including current and former heads of state, speakers and vice-speakers, parliamentarians, religious leaders and peace ambassadors as well as the central members of Latin America. On this day, True Parents gave a speech under the theme, "Become a Heavenly Latin America that protects this beautiful earth," and offered an invocation for the Latin American continent to become 'Heavenly Latin America.'

True Mother: "More than twenty years ago, True Parents initiated providential projects centered on the Amazon basin and the Paraguay River basin with the hope to bring Latin America, and, in particular, North America, into unity. We sought to resolve the food shortage crisis and preserve basic natural resources, such as clean water and air, which are essential to human existence. These most precious resources, however, are disappearing today due to human ignorance and the problem cannot be solved unless we return to our original state at the time of God's creation. Having foreseen this phenomenon, we began providential work to safeguard the Amazon basin and the Paraguay River basin. People today are desperately feeling this and desiring a solution. Believing that collective effort is essential, more so than singular effort, I have come here today with the hope that the thirty-three Latin American nations together with the fifty US states can become one and take on a central role in protecting and preserving our God-created Mother Earth. I sincerely hope that Latin America, which has been blessed by Heaven, becomes Heavenly Latin America that attends God and fulfills all its responsibilities in front of Heaven."

The interreligious holy water ceremony conducted during the rally

Prior to the main rally, an interreligious holy water ceremony was conducted by religious leaders representing different faiths (the Roman Catholic Church, Protestantism, Islam, FFWPU, Judaism, Hinduism, Bahaim, the Umbanda native religion of Latin America, Candomblé). Each representative poured a glass of water into one large bowl and prayed for religious harmony.

True Mother: "Because of Your love for Zimbabwe, You have sent Your only daughter, the True Mother, to Zimbabwe to bless the 120,000 couples of good men and women here today. Beginning from this Blessing by the True Parents in Zimbabwe, please enable the entire continent of Africa to become Heavenly Africa centered on God, and Zimbabwe a Heavenly Zimbabwe, that render joy and glory to You. I sincerely pray and declare that they will take the lead in establishing the Kingdom of Heaven on earth that overflows with freedom, equality, and happiness. Aju!"

True Parents, who had begun the Heavenly Africa providence, headed to South Africa after blessing Zimbabwe as Heavenly Zimbabwe. Three days later, on 10.17 by the heavenly calendar in the 6th year of Cheon Il Guk (Nov. 24, 2018), the 2018 Interfaith and Peace Blessing Ceremony officiated by the True Parents was held, as part of the 100th anniversary celebrations of Nelson Mandela's Birth,

True Mother: "The world today is suffering from many unpredictable problems rooted in racial, religious, and ideological issues, as well as due to cultural and national barriers. God, however, desires to establish the peaceful Kingdom of Heaven on earth by realizing one big family under God on earth. I offer my gratitude and praise to Heaven as a new history begins through the good men and women who are receiving the Blessing here today as part of the 430,000 couples. I sincerely pray that each couple can form a family that lives for the sake of others, takes responsibility over future generations, creates a culture and an environment that can bring about a world of happiness, and fulfill their responsibility as parents."

It is now time for the 700 mayors across Nepal and the 1,500 couples who have gathered here today to become blessed children of Yours through the True Parents. O God, please accept them in joy! Through this time, You are blessing all couples here as blessed couples that all people can look upon, and Nepal as a model nation in front of the world. O Heavenly Parent, please raise this nation to become a beacon of light for Asia in the future."

4) Hyo Jeong Cosmic Blessing Ceremony Officiated by the True Parents of Heaven, Earth and Humankind

The FFWPU Marriage Blessing Ceremony is a holy ceremony through which couples pledge to

maintain true purity and form true families. The Marriage Blessing ceremony is the central mission of the True Parents and a sacred ceremony of FFWPU. Brides and grooms participating in this Marriage Blessing pledge to remain married for eternity, perfect ideal families, and protect the ideals of true love, true life, and true lineage.

True Parents gradually developed the providence of the marriage Blessing beginning with the Blessing of three couples on Apr. 16, 1960, and then to 36 couples, 72 couples, 124 couples, 430 couples, 777 couples, 1800 couples, 2075 couples, 6000 couples, 6500 couples (plus 1275 couples), 30,000 couples, 360,000 couples, 40 million couples, and so forth.

True Mother conducting the Holy Water Ceremony

The Marriage Blessing Ceremony came to be officially named the 'Hyo Jeong Cosmic Blessing Ceremony' from 7.17 by the heavenly calendar in the 5th year of Cheon Il Guk (Sep. 7, 2017). This development came about after True Mother instructed that the commemorative events of the 4th anniversary of True Father's holy ascension be elevated and conducted as a "seonghwa festival" based on the three year foundation of devotions that True Mother successfully offered in remembrance of True Father. Through the Hyojeong Cosmic Blessing Ceremony, True Parents gave all blessed families around the world the opportunity to inherit their standard of filial love for Heaven and to move forward as lights of the world.

The Marriage Blessing ceremony has since then been conducted as an occasion to receive the Blessing as well as a Hyojeong Peace Festival, through which everyone comes together under the vision of one great family under Heavenly Parent and based on the culture of heart.

2. Creating the Environment

1) World Summit

True Father: "There is a limit to peace initiatives centered on the government. Hence, I created various NGOs, such as UPF, to do the work of the United Nations in its place. The 'Abel UN' is the corporate body of all NGOs that are active in the peace movement."

True Mother: "As much as we love and respect the UN, we know that the UN needs to be made anew. It must become a UN that works for the benefit of all humankind rather than a UN that is centered on the benefits sought by individual countries."

The World Summit hosted by the Universal Peace Federation re-illuminates the peace vision and work of the True Parents of Heaven, Earth and Humankind, and actively conducts peace initiatives in diverse fields to encourage nations to respect each other, communicate, seek ways to peace, and form coalitions in order to bring about that peace across the globe.

'View of the Opening Ceremony of the Asia Pacific Summit 2018 (2018.12. 2, Hyatt Regency Hotel, Kathmandu, Nepal)

To further accelerate the providence following the anniversary of True Father's Holy Ascension, True Mother has been calling heads of state, top leaders and experts from all walks of life to come together, providing them with the meaningful opportunity to discuss ways to achieve permanent

peace in the future, and how to solve major pending problems.

Diverse events were held as part of the 'World Summit 2019', including the launching of the International Summit Council for Peace, the 3rd SunHak Peace Prize Award Ceremony, the Assembly of the International Association of Parliamentarians for Peace (IAPP), the Assembly of the Interreligious Association for Peace and Development (IAPD), and the 2019 International Conference on Peace on the Korean Peninsula.

2) Inauguration of the International Summit Council for Peace (ISCP)

True Parents gave directives to establish an international organization that will bring together former and current heads of states from around the world to discuss global agendas and mobilize good will, saying that the governing philosophy and administration of former and current heads of state, and that of other eminent figures, can play a major role in leading the consciousness of people in a righteous direction, in resolving the diverse difficult problems of our international society, in bringing about joy to people and in realizing permanent peace in the world.

The International Summit Council for Peace was inaugurated in Jamsil Lotte Hotel, on 1.4 by the heavenly calendar in the 7th year of Cheon Il Guk (Feb. 8, 2019) in the presence of about 600 former and current heads of state and leaders from all walks of life.

Former and current heads of state receiving each a peace medal from True Mother

At the inauguration of the International Summit Council for Peace, True Parents called nations to turn away from economy-centered policies that only pursue the interests of individual nations, proposing a meeting of heads of states that can advance mutual understanding and trust on a whole new level. Following this, the World Summit conducted discussions on the issue of realizing world peace based on topics transcending the interests of individual nations. The 50 current and former heads of state from around the world who were attending the inauguration all expressed their resolve to work together in support of True Parents' objectives by declaring and signing the inaugural resolution.

True Mother gave a medal to each assembled dignitary on the platform, recognizing their support and agreement. Thereafter, True Mother struck the gong to celebrate the historic beginning of the International Summit Council for Peace.

The International Association of Parliamentarians for Peace has been contributing to the realization of world peace by actively working centering on True Parents' vision of peace to deal with critical issues happening around the world, such as territorial conflicts and terror, religious and racial disputes, climate change, and poverty.

On 1.6 in 5th year of Cheon Il Guk by the heavenly calendar (Feb. 2, 2017), 450 parliamentarians from 120 nations participated in the inauguration of IAPP-Korea held at the main conference room of the National Assembly of Korea in Seoul. On this day, participants called for action under the theme: "Overcoming the Crisis of Northeast Asia and the Vision and Role of IAPP toward Peace and Reunification of the Korean Peninsula," and adopted the Seoul Declaration.

On Feb. 19, 2018, some 450 parliamentarians from 70 nations gathered for the International Leadership Conference and adopted the 'Declaration of Peace in Northeast Asia,' a call to resolve the North Korean nuclear threat to establish peace on the Korean Peninsula and for the active involvement of international society.

The Assembly of the International Association of Parliamentarians for Peace 2019 was held on such a foundation in the 7th year of Cheon Il Guk, attracting 600 participants from 80 nations including current and former heads of state, parliamentarians, and other delegates. Discussions were conducted on how to establish a substantial and yet stable peace structure on the Korean Peninsula

on the basis of the recent past three inter-Korean summits and the North Korea-US summits. The assembly provided a means to garner interest and active support from international society regarding peace on the Korean Peninsula. Peace Road 2019 was launched, and the IAPP Resolution to usher in the era of a Heavenly Unified Korea was adopted.

5) Interreligious Association for Peace and Development (IAPD)

True Parents have committed themselves devotedly to laying a foundation that can unify nations and the world by first laying an internal foundation of unity centered on religions. They conducted an interreligious movement and interfaith activities through religious councils of diverse religious groups. Finally, they connected this internal foundation to the external foundation of unity laid through the Victory over Communism movement. On Nov. 13, 2017, in the presence of leaders of major religious groups in the world, True Parents specially founded the Interreligious Association for Peace and Development as a global interreligious peace movement organization that will provide people of faith with the opportunity to participate in creating religious peace and harmony and take the lead in the realization of world peace.

In 2018, IAPD launched national chapters in 70 nations around the world to further expand the peace movement across the world. IAPD sessions were part of regional World Summits held in Korea, the US, Brazil, Senegal, South Africa and Nepal, presenting the direction and role religious leaders should take to bring about peace across the world.

It was on this foundation that the IAPD Assembly 2019 invited people of faith across the world to support the realization of the Heavenly Unified Korea in commemoration of the 100th anniversary of the March 1st Independence Movement and establishment of the provisional government of Korea (in exile in Shanghai). This became a special time of resolution for all people of faith as they discussed ways to bring about peace and unification and how to connect peace in the Korean Peninsula to the realization of world peace.

6) Women's Federation for World Peace (WFWP)

The Women's Federation for World Peace (WFWP) was founded in April 1992 in Seoul. On this day, the True Parents proclaimed the advent of the women's era.

True Father: "Women stand in the center of a changing society, and women need to act as the leading role of the world peace movement. Please establish families of true love and build a healthy society and a world of peace based on motherly love."

WFWP has sought to practice True Parents' founding spirit in details by actively conducting activities in underdeveloped nations and conflict areas around the world, with a major focus on women and children, particularly with enhancing their rights and conducting peace initiatives centered on them.

In acknowledgement of these efforts, WFWP received 'general consultative status with the United Nations' Economic and Social Council (ECOSOC)' in 1997. This status has been granted to only 140 NGOs out of the 3,600 NGOs under the United Nations. In Korea, only two NGOs, Good Neighbors and WFWP, have received general consultative status.

Through its international network, WFWP has dispatched volunteer members to 160 nations around the world. WFWP is not only focusing on raising woman leaders but is also providing supplies as well as providing the necessary aid and education to help people become independent from poverty and illiteracy. Since 1998, WFWP has also been providing aid to North Korea and educating North Korean defectors.

Aside from this, WFWP is also actively working with other NGOs, and through diverse programs and exchange activities between nations, it has been building many friendships that can assist Korea to become one nation again.

The International Conference on the Unity of the Sciences (ICUS) brings together scholars of international science circles to discuss about the unification of studies centered on absolute values and the realization of a peaceful world as advocated by the True Parents for the realization of God's Will. The 1st ICUS conference was hosted on Nov. 23, 1972 under the topic, "Moral Orientation of the Sciences." ICUS was held a total of 22 times in Korea, Japan, the United States and the UK until the year 2000.

ICUS aims to establish absolute values centered on God as well as exchange and unify knowledge for the realization of a world of peace. The conference brings together scholars worldwide in an academic discussion to solve the difficult problems humanity is facing. ICUS was discontinued for a period of time then revived in 2017 according to True Mother's directives. The conference, revived after exactly 17 years, addressed diverse topics on how to protect human life and form a better more comfortable living environment by preserving the earth and reversing the damage to the natural environment.

The role of the International Academic Symposium of the Hyojeong Academy of Arts and Sciences is to bring into cooperative relationship not only the four affiliated organizations mentioned above, but also Sun Moon University, the University of Bridgeport, their school foundations as well as affiliated research institutes, academic organizations and activities at home and abroad with the purpose of, first, academically systematizing the culture of heart of Godism, and demonstrating True Parents' love and concern, and second, to contribute to the accomplishment of national restoration by beginning to define a unifying thread among all the sciences that will enable all

sciences to be understood in relation to Unification Thought.

III. The Three Great Strategies for the Settlement of Cheon Il Guk

3. Raising Capable People for the Future

1) Hyo Jeong World Peace Foundation

True Father planned the establishment of the Hyojeong World Peace Foundation (formerly the Wonmo Pyeongae Foundation) during his lifetime in order to pass down, develop and perfect the ideals of Cheon Il Guk. True Mother originally launched the Wonmo Pyeongae Foundation on 1.11 by the heavenly calendar in the 1st year of Cheon Il Guk (Feb. 20, 2013).

On this day, during the SunHak Scholarship Presentation Ceremony, True Mother said the following: "Wonmo Pyeongae Foundation should present scholarships to talented people at home and abroad who are connected to True Parents' peace ideology and to the work to advance their vision, as well as volunteer activities, so that they receive quality education and eventually develop into international leaders."

Recipients of the SunHak scholarship up until this year total 3,848 students in Korea since the first selection in 2013, and 8,911 students overseas, adding up to more than 12,000 scholarship recipients so far.

Commemorative photo taken after the Sunhak Scholarship Presentation Ceremony (2017. 2. 5, CheonShim International Youth Center)

True Parents have directly presided over every SunHak Scholarship Presentation Ceremony so far and taught about the vision of raising capable people for the sake of the future. The most recent SunHak Scholarship Presentation Ceremony was held in the presence of the True Parents under the theme, "Shining rays of hope around the world with a filial heart for Heaven." The ceremony was an occasion of festivity and hope for all recipients, who were able to experience rebirth on the path to become people of ability and talent.

True Mother: "I will further develop the Wonmo Pyeongae Foundation. I will give even benefits to all humanity and let everyone know what the original Will of God and True

Parents are. I will actively provide support to every one of you so that you can become great people by uniting your dream with Heavenly Parent's dream." (2.11 by the heavenly calendar in the 1st year of Cheon Il Guk – Feb. 20, 2013, Cheon Jeong Gung)

2) SunHak Global Education Foundation

True Parents have invested much energy into education throughout their lives. As the true parents, true teachers and true owners, they have worked hard, day and night, to awaken people from ignorance.

They have emphasized education centered on true love and personally practiced this. True Parents established several educational organizations and stepped into the sphere of education, believing that education is the key to raising leaders who live for the sake of the nation and the world rather than the individual, and in establishing a world of the culture of heart, which is the ideal of creation that God envisions.

True Parents have championed the same founding ideal of 'Love God, Love Humanity, Love Your Nation' in every educational organization they have established and have not spared their support in helping young people cultivate good character and ability.

True Father: "From quite early on, ever since I knew the living God, I have never forgotten about God's desire. I have dedicated my life for the realization of a world of peace, the ideal of God's true love, and have regarded raising capable people with vision who can lead the future, as essential work that I have wanted to carry out for so long. These talented people who are to lead the coming era of a global village, the society of one big family

under God, must be people who first love God, humanity, the nation, the world and all created things.”

3) SunHak Universal Peace Graduate University – Universal Peace Academy (UPA)

After True Father’s Holy Ascension, True Mother saw that the shortcut to one world centered on God, in other words a world of peace, lies in raising future leaders. True Mother therefore founded the Universal Peace Academy (UPA) upon seeing how urgent the work of raising key Cheon Il Guk leaders and pastors was, particularly in passing on True Parents’ tradition to the second generation of the Unification Movement and to all humanity, and in firmly establishing the Cheon Il Guk culture. She chose the Cheongshim Graduate School of Theology as the base for UPA education and emphasized that UPA must conduct concrete training of leaders.

At the Victory Celebration to commemorate True Parents' Birthday Celebration and the 3rd Anniversary of Foundation Day (1.14 by the heavenly calendar, Feb. 21, 2016), True Mother changed the name of Cheongshim Graduate School of Theology to 'SunHak UP Graduate University.' She said the following on this day: "All people who attend this graduate school as of now will be raised into heavenly leaders who are well-prepared in all aspects of their capacity and expertise."

True Mother: "As UPA cadets, you will have to invest much effort in order to engrave your names in providential history. I sincerely hope you study hard, knowing how much God and humanity have longed for this day. Your youth and strong spirit will become the foundation and pillars for the establishment of Cheon Il Guk. Our goals have become clear. We must absolutely go forward towards the completion of this providence until we take our last breath. So you are the first fruits of this new era and history for the completion of Cheon Il Guk. True Parents will always be with you. You will become the light that shines in a dark world." (1.23 by the heavenly calendar in the 1st year of Cheon Il Guk – Mar. 4, 2013, Cheongshim Graduate School of Theology)

4) Youth and Students for Peace (YSP)

Youth and Students for Peace (YSP) is a global network of young people dedicated to building world peace through education and volunteer activities. In accordance with True Father's message that the young people play a leading role in opening a new era of true families, true nations and a true world, True Mother held a YSP Assembly and Inaugural Ceremony on 1.27 by the heavenly calendar

in the 5th year of Cheon Il Guk (Feb. 23, 2017), at Cheongshim International Youth Center.

YSP not only presents to young people a vision that can resolve the various problems of modern society and open a new era of peace, but also works hard to raise young people of talent into leaders who can lead the peace movement.

Commemorative photo of all participants at the launching of the Korea-Japan YSP Peace Project (2019. 2.25, Cheon Bok Gung)

True Mother: "Hwarang [an elite youth warrior group] was created to revive the Shilla Kingdom and the group successfully protected their nation. Likewise, campus activities and CARP must be invigorated for national restoration to be possible. As central nations of the providence, Korea, Japan and the United States in particular must develop CARP and raise many special task forces for national restoration and world restoration. If the 6,000-year providential history of restoration through indemnity was the dark winter season, today we have entered the spring time of the providence for the commencement and settlement of Cheon Il Guk and for restoration of nations and the world. I sincerely hope that you will work hard this spring to plant many healthy seeds and will be able to harvest the required talents as Heaven needs them."

5) Global Top Gun Youth (GTGY)

GTGY is an HJ Cheonwon special workshop hosted by the True Parents of Heaven, Earth, and Humankind. It is a major international workshop held each year and attended by seonghwa students (from middle school and up) and the young people of the Family Federation from across the world.

Through the following words, True Parents awakened second generation members' hearts to their value and mission: "You are my beloved sons and daughters. You must change the world as pure water." The 2016 Global Top Gun Youth Special Hyojeong Cheonwon Workshop Hosted by the True Parents of Heaven, Earth, and Humankind was conducted from 6.29 to 7.19 by the heavenly calendar in the 4th year of Cheon Il Guk (Aug. 21, 2016) for 21 days under the theme, 'Become the light of the world through a filial heart for Heaven.' Some 1,200 people from 60 nations participated.

GTGY in the 5th year of Cheon Il Guk was a 21-day workshop conducted from 6.12 to 6.30 by the heavenly calendar (Aug. 1 – 21, 2017). A total of about 1,300 high school students, university students and young adults from 79 nations participated. It was conducted throughout the Cheongpyeong complex and also within the HJ Heaven and Earth Cheonbo Training Center. GTGY in the 6th year of Cheon Il Guk was divided into two consecutive workshops, both held at Cheongshim International Youth Training Center. The first workshop was held for seonghwa students for 14 days from 6.14 – 27 by the heavenly calendar (Jul. 26 – Aug. 8, 2018) with 500 seonghwa students as well

as 150 staff members in attendance. The second workshop was held for 21 days from 6.28 to 7.19 by the heavenly calendar (Aug. 9-29, 2018) with some 550 CARP members in attendance.

GTGY participants are trained in the ideal of one great family under Heavenly Parent and in its realization through diverse programs such as True Parents' Life Courses, Divine Principle, national group workshop, leadership education, career counseling, Blessing education, pilgrimage tour, expert lectures, and activities based on the Cheon Il Guk hyojeong culture. Throughout the workshop, participants are also trained to maintain a vertical alignment with Heavenly Parent and True Parents, and to grow into capable people who are well prepared for the future.

6) HyoJeong Peace Academy (HJPA)

The 'HyoJeong Peace Academy Specialized Education' was held in Sun Moon University, Asan Campus, from 1.12-14 by the heavenly calendar in the 6th year of Cheon Il Guk (Feb. 27- Mar. 1, 2018). Just as True Parents blessed Korea, Japan, the United States and Africa to begin anew as 'Heavenly FFWPU' in 2018, True Parents also blessed the group of Wonmo Pyeongae global scholarship recipients from 49 nations with the name 'HJ Peace Academy.' HJPA has more than 550 scholarship recipients from freshmen to seniors enrolled in universities and among them, some 430 students called to participate in the program were in attendance.

Diverse programs such as True Parents' Life Courses, Divine Principle, Providential Understanding on the World Summit, the new structure of FFWPU for a Heavenly Korea based on the five sub-regions, choosing careers and aptitude test, advice from leaders in the field, and one-on-one Shimjung Café were conducted during this period for HJPAs, a student group initiated by True Parents that are being trained to become model people with expertise, and who embody hyojeong—a filial heart toward Heaven. It was a time of harmony for all participants.

Group photo of all participants at the kick-off workshop for all 2019-1 Hyojeong Peace Academy scholarship recipients (2019. 3. 2~ 3. 3, Sun Moon University)

During the Africa Summit Victory Celebration, True Mother emphasized, "I am giving out scholarships to about 500 young people from the second generation from around the world to study Korean at Sun Moon University." Just as True Mother stated, HJPA students are making the effort to advance alongside the new changes in FFWPU for a Heavenly Korea by setting up detailed goals to

mature their abilities and to support the work in various regions. They are developing into the foundation stones for a heavenly world.

7) Cranes Club

True Parents founded the Cranes Club on 10.29 in the 2nd year of Cheon Il Guk (Dec. 20, 2014) with the hope of connecting professionals from among our generation who are socially recognized in Korea, Japan, USA, Canada, Europe and other regions. The inauguration was held in Las Vegas in the presence of 162 second generation members.

2nd generation leaders taking a commemorative photo with True Parents at the Cranes Club Inaugural Meeting (2014.12.21, Las Vegas South Point Hotel)

Cranes Club Korea was inaugurated the following year on 1.25 by the heavenly calendar (Mar. 15, 2015), with 120 second generation members participating. The event was conducted on the 1st floor of the FFWPU building. On 3.22 by the heavenly calendar in the 3rd year of Cheon Il Guk (May 10, 2016), after the successful hosting of the 50th anniversary of mission work in Europe, some 400 second generation members across Europe gathered in the Hilton Hotel, Vienna to inaugurate Cranes Club Europe. On this day, True Mother reminded all second generation members about their value, saying, "Second generation members are pure water born after 6,000 years."

Following their founding, Cranes Club Korea, Japan, USA, and Europe formed communities based on True Mother's message to Forgive, Love and Unite. They have been working hard to answer to True Parents' expectations by developing community-based cultural activities such as building international friendships, conducting exchange activities, joint service projects, and charity events, and conducting seminars and programs as well as periodical meetings that encourage exchange and development.

2017 International Hyojeong Cultural Conference (2017. 2. 8, CheonShim International Youth Center)

IV. Revolution of the Culture of Heart in the Arts

1. Hyojeong Culture Center

True Parents emphasized that the Cosmic Nation of Peace and Unity (Cheon Il Guk), the peaceful ideal world of freedom, peace, unity, and happiness centered on Heavenly Parent, is a world of the arts based on the culture of heart. Since early on, True Parents have conducted and directed the culture and arts providence. During True Mother's speaking tour in Europe in 2015 for the 50th anniversary of mission work in Europe, True Mother particularly emphasized the revolution of the culture of heart in the arts, underlining the culture of heart as being central in the firm establishment of Cheon Il Guk, and therefore equally essential to the sovereignty of Cheon Il Guk which is True Parents' sovereignty, to the people of Cheon Il Guk who are True Parents' children, and to the territory of Cheon Il Guk which is True Parents' nation. She thus established the Hyojeong Cultural Center as an advance base for the revolution of the culture of heart in the arts.

True Mother spoke about the direction of the hyojeong culture, which forms the basis for the firm establishment of Cheon Il Guk, and that of the Hyojeong Cultural Center, which carries the mission of spreading this culture. She described it as the heart demonstrated by Hyo-jin nim who sought to fulfill all his duty and filial heart as a devoted son to Heavenly Parent and True Parents until the moment of his ascension. True Mother said, "... the heart demonstrated by Hyojin nim, who lived an intense, war-like life, investing so much effort to prevail in his course, which saw many twists and turns, in order to inherit True Parents' filial heart for Heavenly Parent." This was the first time True Mother had spoken about this heart through the concept of hyojeong. She stressed that the Hyojeong Cultural Center must expand the revolution of the culture of heart in the arts based on true love through a filial heart for Heaven.

True Mother: "Culture is the very foundation for the firm settlement of Cheon Il Guk. That is why I am trying to revolutionize culture from the existing satanic culture to a culture that contains the dreams and heart of Heavenly Parent and True Parents – a revolution of the culture of heart in the arts. That is why I am planning to construct the Hyojeong Cultural

2. The Universal Ballet Company

Universal Ballet Company was established by True Parents on May 12, 1984 with the vision of Ye Cheon Mi Ji, meaning ‘making the world beautiful with heavenly art.’ It was the first Korean private ballet company. Beginning with its first performance of Cinderella, Universal Ballet has gone on to perform more than 1,800 times in Korea as well as in 17 other nations and has grown into a representative ballet company of Korea.

Today, Universal Ballet, founded by True Parents with the purpose of realizing the ideal world of peace through culture and the arts, is growing into a global ballet company.

Universal Ballet began its history of overseas tours in 1998. Their first overseas performance was the first to be made by a Korean ballet troupe. In 2001, they performed in the three major opera houses of the United States including the New York Lincoln Center, the Washington Kennedy Center and the L.A. Music Center. Their performances were appraised as monumental by the New York Times and the L.A. Times.

Beginning in 2011, the Universal Ballet started doing more global tours in order to live up to its founding vision. Since then, they have performed in 11 cities in 9 nations. Their performance of Swan Lake in South Africa in 2012 was the first performance by a Korean ballet in Africa. This was also the year South Korea and South Africa celebrated 20 years of diplomatic relations and local media highly praised the event as a successful example of cultural diplomacy. Universal Ballet were also invited to Moscow and Paris, the birthplaces of ballet, to perform Shimcheong. This resulted in the exportation of Korean creative ballet to the great nations of classical ballet. Universal Ballet was also invited to perform Shimcheong at the opening festival of the Royal Opera House in Oman, the first performance by a Korean ballet in the Middle East.

Universal Ballet is completely committed to uphold True Parents' vision of awakening the world through the beauty of art.

3. Korean Cultural Foundation – The Little Angels Children's Folk Ballet of Korea

True Parents founded the Korean Cultural Foundation in 1963, initially under the name of the Korean Beauty, Freedom and Cultural Foundation, in order to enhance Korean art worldwide through Korean classic dance and music. The establishment of the Korean Cultural Foundation was finally authorized in December 1969, and began to earnestly support the Little Angels Children's Folk Ballet of Korea, a folk group founded in 1962.

The Little Angels shaking hands with President Moon Jae-in and first lady Kim Jung-sook after the 70th Armed Forces Day performances (2018.10. 1, Yongsan Independence Hall Peace Plaza)

When the Little Angels was founded, Korea was associated with war, poverty and orphans. To wash away this misleading image of Korea, the Little Angels began performing overseas, beginning with a special performance for former US President Dwight Eisenhower in Gettysburgh in September 1965. Since then, they have performed on some 68 overseas tours, travelling across the five oceans and six continents and visiting more than 70 nations. They have performed more than 6,000 times on stage both at home and abroad, appeared on TV more than 600 times, and met heads of state of more than 50 nations as peace delegates.

For the past half century, and based on the knowledge it has accumulated until now, the Korean Cultural Foundation has maintained its commitment to fulfilling its role as a cultural brand of Korea that informs the world about Korea and the traditions this country has maintained.

V. HJ Cheonwon Project

True Parents purchased the land around Cheongpyeong Lake in the 1960s. True Father said the following: "The land in Cheongpyeong must become the world's homeland, the homeland of all people in heart. This land will become a place that is revered by both heaven and earth as the place where the ideal of creation has been successfully perfected.

Heaven and earth will be connected as a result and God's heart will be completely liberated. It must also become the world's homeland. True Parents' hope is to make this land a historic base where the historical traditions of all 185 nations are exhibited. Each tradition, which is based on the culture of their respective nation, can be renewed here.

In other words, we will provide a place of education that will teach how to establish and build a relationship with Heaven.” (Mar. 10, 1997) True Father also said, “In the future, we will build an international training center that will become a headquarters to which the young people of the world will come and attend workshops. We will make this land into a tourist attraction that is praised and proudly spoken of by all people around the world, and firmly establish everything here in Cheongpyeong.” (Oct. 14, 1978)

To this day, some 40 buildings and facilities have been constructed by the Family Federation for World Peace and Unification (FFWPU) here in Seorak, Gapyeong County, Gyeonggi Province. These include the Cheon Jeong Gung Palace (Museum), the HJ Heaven and Earth Cheon Bo Training Center, Cheongshim Village, HJ Magnolia, HJ Magnolia International Medical Center, Cheongshim Kindergarten, SunHak Korean Language Institute, Cheongshim International Middle and High School, SunHak UP Graduate University, SunHak Institute of History, Cheongshim International Youth Center, Cheongshim Peace World Center, and the HJ Sunsuwon office building.

True Mother said the following, “The Hyojeong Cheonwon complex, where Heavenly Parent’s sovereignty, people and territory has been established, is a project that True Father and I planned and discussed together during Father’s lifetime. HJ Cheonwon is the Cheon Il Guk that humanity and Heaven longed for and where the Kingdom of Heaven on earth is established. It is a project to create a space where all people can enjoy original ideal lives.” Encouraging the acceleration of efforts to achieve Vision 2020, True Mother emphasized that she “will endeavor to establish, as quickly as possible, a perfected Cheon Il Guk model through HJ Cheonwon, by completing and dedicating all HJ Cheonwon facilities to Heaven including the Cheonji SunHak Won, HJ Magnolia, HJ Hotel and Resort, the Hyojeong Arboretum, the Hyojeong Cultural Center, the HJ Lakeside Café, the Japanese Village, and so forth.” (9.28 [leap month] in the 2nd year of Cheon Il Guk – Nov. 20, 2014)

Gate Project

True Mother pushed for the completion of all the buildings and facilities, including the CheonJi SunHak Won Museum, by the year 2023, saying, "I would like to complete everything during my time on earth. I want to achieve a unified world centering on Heavenly Parent and True Parents."

She also said the following, "In order to build CheonJi SunHak Won, the Garden of Eden where research is conducted and the right environment is formed according to Heaven's Will, we must establish a preparatory committee and a final executive committee, and produce concrete results here. I sincerely hope you can all work together in realizing a peaceful Kingdom of Heaven in heaven and on earth centered on Heavenly Parent." VI. Establishment of Heavenly Nations, Heavenly Regions and a Heavenly World

In 2018, beginning from last year's Africa Summit, the True Parents of Heaven, Earth and Humankind toured all regional groups including Heavenly Africa, Heavenly Europe, Heavenly Latin America, Heavenly Asia, Heavenly America, Heavenly Japan, and Heavenly Korea, and victoriously dedicated all regional events to Heaven.

True Parents attracted miraculous victorious fortune worldwide beginning in Senegal from 11.23 to 11.26 by the heavenly calendar in the 6th year of Cheon Il Guk, and connected it all the way to Korea, the homeland of the providence. On this foundation of devotion to open the era to firmly establish the Heavenly Unified Korea, True Parents directly presided over the National Prayer to Open the Era for a Unified, Heavenly Korea, as 2019 commenced. True Mother's Prayer on New Year's Day (Summary): "As a people blessed by Heaven, I know that Korea will have a future and hope only when it becomes a unified Korea that fulfills its responsibility at all cost and a unified heavenly Korea that attends Heavenly Parent. With only one year left until the promised year of 2020, please enable this year to become a time through which the 20,000 blessed members who have gathered here today can awaken this nation to know who the true owner of this nation is, and as Cheon Il Guk citizens and a blessed people, enable this nation to fulfill its responsibility in front of Heaven. I sincerely pray that the people of this nation will be able to fulfill their responsibility as a central nation in front of the world." (11.26 by the heavenly

True Parents bequeathing the “Heavenly, Unified Korea” holy candel to all members worldwide

Through her heartfelt prayer and message at the national prayer meeting, True Mother expressed her hope that the dream of one great family under Heavenly Parent, which Korea and the world have so long desired to see, become a reality in front of the world through the people of Korea. She then rang the gong three times to mark the opening of the era of a Heavenly Unified Korea, and wrote the slogan, “Opening the Era to Firmly Establish the Heavenly Unified Korea.”

Notably, True Mother bequeathed the ‘Heavenly Unified Korea Candle’ to the blessed families and members who participated on that day. As the candles were being multiplied, all participants sang the Song of Unity and resolved to not only work for the actualization of the heavenly calling of the era of the Heavenly Unified Korea by establishing a heavenly nation through the foundation of the heavenly tribal messiah movement, but to also invest their effort toward the establishment of heavenly regions and a heavenly world.
