True Parents' Words

“

Due to the fall of the first human ancestors, people could neither have true ancestors nor be true descendants. Even God could not stand in the position of True God. Nothing was centered on God, so there was no basis to build a true family, a true society or a true nation. For this reason, we must seek the true root, and when we find it we will also find the nation in which everyone can live together as one true family. That is why, through the providence of salvation, God has sought to build the one world, the world of hope, true peace, love and oneness. To realize this purpose, God sends the Savior. The True Parents must come to earth and teach humanity to make God their central focus as individuals, and to put God at the center of the family, the nation and the world; by doing so, they are trying to return all humankind to the original world. Such is the course of the providence. [*CBG 1.1.1:8*]

History of God's Providence through Central Figures

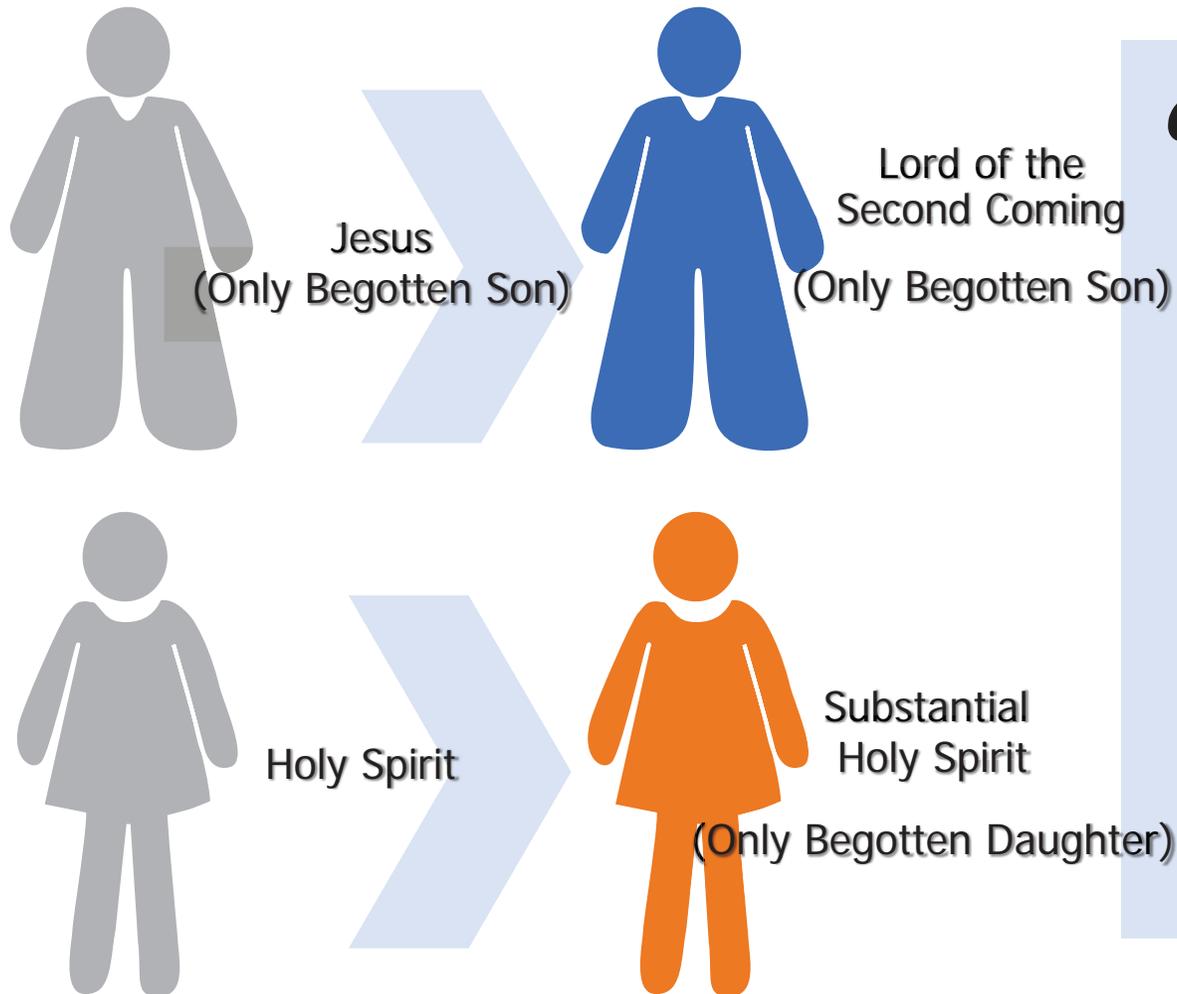

“ True Parents are God's goal and long-cherished hope, which He aspired to attain from the beginning of creation, through the process of creation and the course of the history of restoration through indemnity. If the manifestation of True Parents does not take place, there is no way to right this world. [CBG 1.1.3:14] ”

From the Viewpoint of the Restoration of Adam and Eve

From the Viewpoint of God's Only Begotten Son and Daughter

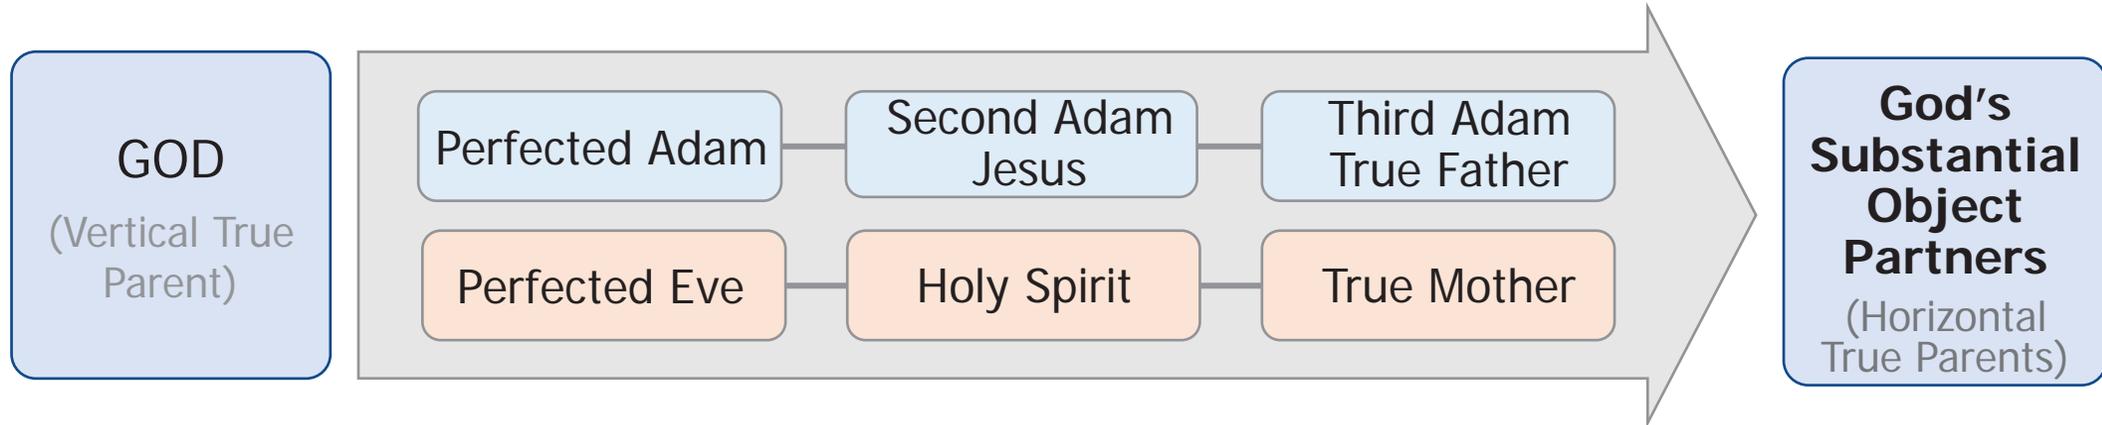

“Jesus said, “I am the only begotten son of God”. What the only begotten son needs is the only begotten daughter. Jesus must make a new beginning on this earth to save the world, and he cannot do it alone. He cannot do it unless he lays down the foundation of family. ”

[*CBG* 1.1.2:3] (159-192, 1968.05.10)

From the Viewpoint of God's Substantial Object Partner

True Parents are the Horizontal True Parents

“ God the incorporeal Parent takes the external form of Adam and Eve and becomes the Parent who exists eternally in the corporeal world. At this time, Adam and Eve become the True Parents and true ancestors. When God becomes a Father with a physical body, the invisible and incorporeal become one with the corporeal. ” [CBG 1.1.4:19] (341-104, 2000.12.31)

Adam's Family and the Restoration of the Original Created World

The Purpose of Restoration is the Perfection of Adam's Family

- 1.** True Parents come as the ones who have perfected Adam's Family
- 2.** They must complete the restoration of the right of the elder son, the right of parents and the Kingship
- 3.** They have to realize the original world, a unified world of peace with one language, one culture and one sovereignty under God.

Relationship of God & Eve

Truth

Divine Principle
The Word

"First is the Explanation of the Divine Principle, then the Exposition of the Divine Principle that you can use to teach. Then it is the Original Substance of the the Divine Principle (OSDP). You should know that a life centered on the True Parents is clearly portrayed in the OSDP." [596-244, 2008.08.31]

Embodiment
of the Word

Path of
Restoration
Path of the
Principle

"The path of the Principle is to walk, while the path of restoration is to seek and find. This is the formula course. Hence everyone from your ancestors to your descendants must go this way."

Testimonies to True Parents' Victory

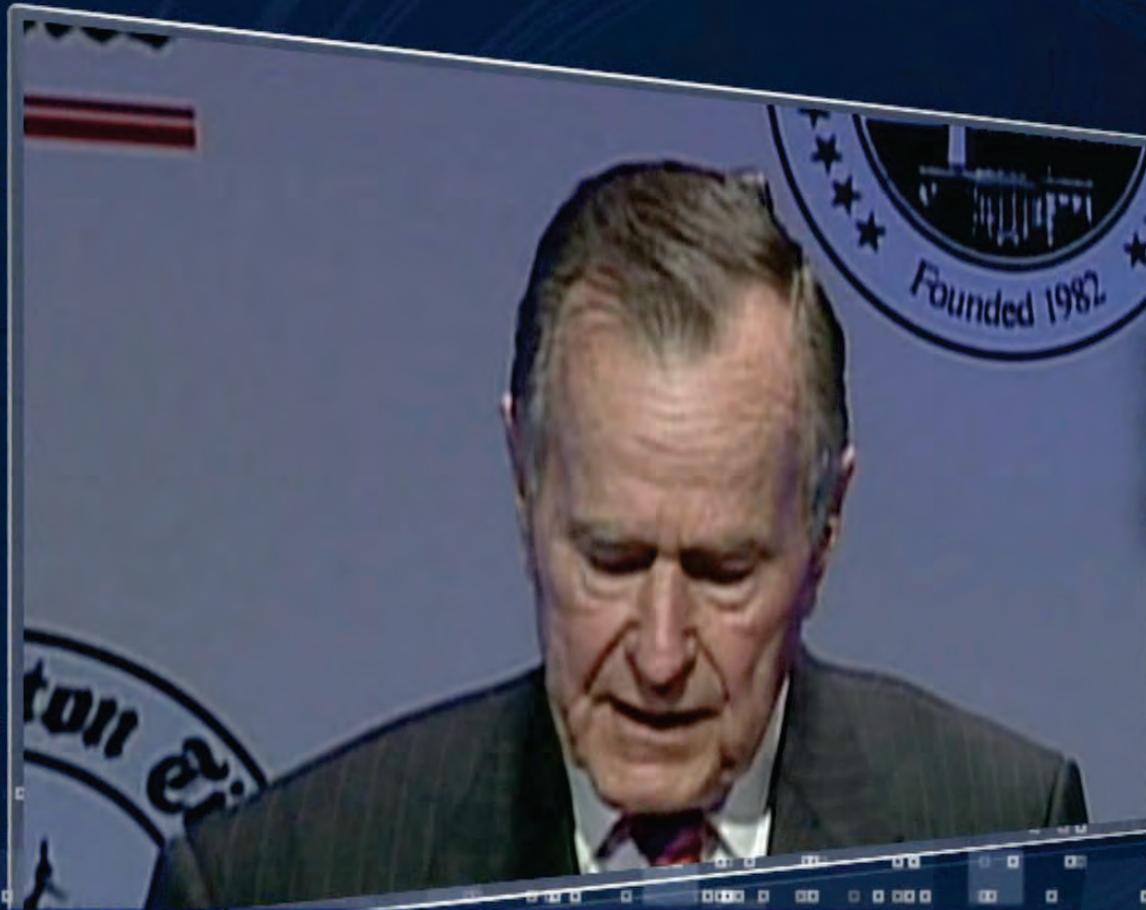

H.W. Richardson

Professor of Theology at Harvard University (1963–68)

“I will dare to say this, that the theological theories expounded in the *Exposition of the Divine Principle* of the Unification Church is a greater and grander theological system than any theological work that has appeared in the 20th century. This is because the *Exposition of the Divine Principle* not only tells us that God is with us, but it also contains evidence of His actual existence. Moreover, it also clearly elucidates how God’s Will is to be realized on earth.”
