Goal Setting Facilitation Notes from Naokimi's Guidance

** times can be flexible based on each sub-region schedule.

Personal Victory Claiming (Friday Evening)

- Take 3-5 min to write down your top 1-3 victories from the 2019 year

Reflection Point: "*Claim your top 1-3 victories from the 2019 year*"

- Pair share for 5 min
- Share for 10 min by table (Not everyone needs to share at the table, maybe 3-4 people.)
- Purpose is a personal coming to terms and helping people to claim victories.

Offering Table Goal Setting- Saturday (20 minutes)

After two Offering Table Categories have been explained and covered, we will start with the 1st personal goal-setting and goal-sharing session.

Then the final two Offering Table Categories have been explained and covered, we will start 2nd Saturday personal goal-setting and goal-sharing session.

- Ask every participant to choose **one area** of the subcategories (Out of the 2 Offering Table Categories that were just presented) that they are interested in
- Then start the goal-setting process: (Have the participants *write these goals down!*)

PART 1: Goal Setting in one subcategory (20 min)

- WHO:
 - a. Choose 1 sub category that you're most interested in. (1-2min)
- INSPIRATION:
 - a. What would you be *excited* to achieve, create or offer in this area by Foundation Day 2021? (This could be a personal goal or for their ministry/community. Either one is okay.) (2min)

(This goal should be measurable, and the key is that they are excited to accomplish this goal.)
- STRATEGY:
 - a. What are some things that will help you to achieve your goal by Foundation Day 2021? (2min)

OPTIONAL based on time available:

 - b. What is one challenge that you foresee while pursuing this goal? (1min)
 - c. "How can you address this challenge? (1-2min)
- EXECUTION:
 - a. Set a daily habit that will help you to achieve this goal. (** This habit/condition should be able to be done in 10 min or less) (3min)
- REVIEW/REPORTING:

- a. Who are you going to be reporting to? (Who is your central figure and when do you plan to report to them?) (1-2min)

3-5min Pair Share

PART 2: Group Sharing of each subcategory (25 min)

Go through the Offering Table Sub-Categories one by one. Ask for one volunteer who would like to share about their goal in less than 2 minutes. (***Be careful with time and make sure that participants keep to the 1-2 minutes. 11 categories in 25 min total, so the time is very tight!*)

- Suggestion to repeat what each participant is aiming to do.

Repeat for the 2nd two Offering Table Categories after the break.

How to Conduct a Local Meeting Based on the Offering Table (20 minutes total)

Have the OT categories on the screen.

Start by asking to these questions for each sub-category (You can spend about 3 min per category):

1. What is our current base-line for this area? (Make sure you have examples from your local area.)
2. What is the goal by 2021 Foundation day?
3. If you have a little extra time, ask the team for ideas of how they can accomplish these new goals.

This is helping show the audience how to run a meeting around these goals. They will also want to spend time strategizing this goal.

Facilitation a Planning and Vision Setting for one Category:

- Teams should check in weekly on how much progress is made and then make new goals/plans for the next week to work towards the overall year goal before Foundation Day 2021

Each category should have an owner already and they can be taking notes as this session is facilitated on stage. Make sure every owner knows how to get their baseline information! The goal is for each community to come with this baseline information to the session. At the end of this session, state by state fills out the baseline and goal information digitally so that by the end of the 1 hour session, we can see the overall Sub-Regional Baselines and Goals.)

Conclusion of this meeting is that the District leaders can report their plans for 2020 to the whole Sub-Region.

Facilitating Team Discussion -

Session Format: (Change based on session needs)

- Presentation (45 minutes Max)
- Reflection (5 minutes)
- Pair share (10 minutes)
- Table Discussion and Q and A (30 minutes)

What is the importance of being an effective facilitator?

- gives everyone a chance to contribute
- helping everyone feel value through listening
- keeps the group on target (the purpose of the session)<-- ensure that questions are relevant to the session)

Common challenges that come up in team discussion & write it on white board:

1. people talk too long
2. people don't talk
3. lack focus
4. questions that are off topic
5. drama between members

How to address each of these issues, and comment on it as well:

1. Remind people of timeframes at the beginning, and throughout. Intervene if necessary, summarize the main point to acknowledge the speaker, thank them and ask the next person to comment.
2. Ask those who haven't shared yet to speak. Give other roles for people to contribute, like praying.
3. In your opening prayer or opening statement, remind people of the purpose of the meeting/gathering.
4. Redirect the conversation: " That is a great question, I would love to dialogue about this, can you write the question down and we can talk about it at the break"
5. Acknowledge the underlying feeling. If necessary request to discuss privately later to honor/protect energy and purpose of the group.

Heart and Value of Bringing Our Offering

OFFERING

Noun

- Anything offered as a gift
- the act of one who offers
- the condition of being offered

Verb

- to present for acceptance or rejection
- to propose or put forward for consideration

1

Heart

The Widow's Offering

“Jesus sat down opposite the place where the offerings were put and watched the crowd putting their money into the temple treasury.

Many rich people threw in large amounts. But a poor widow came and put in two very small copper coins, worth only a few cents.

Calling his disciples to him, Jesus said, ‘Truly I tell you, this poor widow has put more into the treasury than all the others. They all gave out of their wealth; but she, out of her poverty, put in everything—all she had to live on.’

Mark 12:41-44

2

Faith

“Bring the whole tithe into the storehouse, that there may be food in my house. Test me in this,” says the Lord Almighty, “and see if I will not throw open the floodgates of heaven and pour out so much blessing that there will not be room enough to store it.”

Malachi 3:10

3

Discipline

“Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver.”

Corinthians 9:7

4

Commitment

“You have many gifts that you would like to offer to God. Even though you have no possession and have empty hands, there is a gift that you can still offer to God. That gift is not something that people enjoy in this world. That gift is prepared through your attitude to stand before Heavenly Father shedding blood, sweat, and tears. That is the best gift you can offer to God.”

Take Up God's Worst Problem

Sun Myung Moon

April 25, 1976

We all know that the world is looking for unity. When will that originate? It doesn't just happen automatically; we must create unity. Although we know that we are destined to become united someday, our world is divided. It is historical destiny that nations come together to make one world. But the internal situation in America doesn't look promising for that to occur. The United Nations is more divided than united. The Communists have a great ideology for workers and poor people, but they have many problems internally.

Let's look at ourselves. Are we one within ourselves? When my mind and my body are not united, my environment is strange. It is difficult for us to become one in ourselves and to become one with our environment. Either I must make myself become one, or an outside power makes me become one. There must be a central point for unity. When two parties cannot become one, that means that they have no common ground to unite. Therefore we must have a common subject. We can go back to the originating point or advance towards one ultimate goal in which both can find a common ground. Confrontation usually brings destructive results. If my mind and body confront each other, I come to ruin. United, we are prosperous, divided, we fall. Our goal is unification. But we cannot attain it unless we go through the route of victory.

For unity, we are looking for a subject which is good, truthful, and great. What is the truth? The world does not have a clear definition of the truth. It is important for the truth to be eternal, unchanging and everlasting. But the most important quality of truth is that it can maintain the subject role from the beginning to the end, from eternity to eternity. Truth is always the center, at the very core.

Why is the central point so essential? The central point always takes responsibility. The true nation, for example, becomes the central point to take responsibility for the rest of the world. For a nation to become a central point, it must have an idealistic goal.

Do you want to become truthful people? Everyone wants to be the subject but no one wants to take the responsibility. If you are dwelling in the truth, then you take responsibility not only for yourself but also for others.

By this definition, we can judge whether or not the Unification Church is a true religion or not. Are we responsible? We must take responsibility for others. From this criterion you can measure all religious philosophies and all events of history. You can measure your own leader. Am I a truthful leader?

Why do young people seek me? It is most logical that young people seek the truth. We have an ideology that takes responsibility for the entire world past, present, and future. It is not my ideology to take the comfortable way. If that were the case, no one would follow. Unification is not an easy goal. Shall we become united? Your answer must be everlasting, even at the price of your life. Let's have the confidence that I am the subject, I will take the responsibility for the world. Are you going to save the world? The important thing is whether or not you can deliver. Are you responsible? The answer is easy, but the action is difficult.

The person of truth has the subject role and takes up the responsibility for all. The man standing on the truth is not bothered by the environment. I came to save America and the world. It is as simple as that. There is no way for me to be discouraged. I know God, pursue His principles, and take up the world's problems with enthusiasm. Our ideology is so big. If we think even bigger than God, He would not condemn us but rather be joyful. Our ideology is that we must liberate God. Is there any bigger thinking than that?

God is the central point of all and has taken on the worst responsibilities in the world. He is eternally our God. Jesus led a miserable life from an external viewpoint. When he was defeated on the cross, he asked God to forgive the people. From this we can also learn the definition of truth. Jesus took responsibility for all. He asked God to forgive the Roman Empire, the sinners and the world because he took responsibility for them. Jesus Christ lived as the subject of the world. Therefore his ideology is super-giant. No one can compete with it.

We are the movement to take responsibility for America. We take up the hard road. While being opposed, we continue to prosper. Our goal is unification, and we are looking for victory. How can we achieve that victory? This morning I am teaching you the secret of becoming God's man. Take up the worst problem as your responsibility. Once we become the champions to solve the worst problems of God, we will become united with God and with the world. What is the worst problem of God and of mankind? It centers around love.

Where can we find true love? This world, without true love, is running into immorality. Corrupted mortality is the sign of ruin. This is God's headache. Are you capable of wiping out the corruption in the world? We can truly regenerate the entire youth of the world through our own hands. You are responsible for the future of the world. God knows that already. I know your position so well. I am giving up my life for this cause. I know that there is no choice but to go this road. There is not one day that is easy for me. But I know that there must be no deviation

because the goal is something greater than our lives. Any religious leader with the power to liberate young people from corruption can become truly united with this world.

The second greatest problem is the death of religion. America is declining because religion is dying. We have a philosophy to solve that problem. The third problem is Communism. If we have a solution to just one of these problems, we already have the power to unite the world. Can you do it? We see many proofs that we can. For example, who is opposing us? Morally degraded people, the declining Christian churches, and the Communists. Even though they may want to exterminate us, our goal is not to exterminate but to liberate them. We are going to save the Communists. We are going to liberate the prostitutes to a healthy way of life. And we want to save the decline of the churches. If we are motivated solely by an unselfish goal, we will never perish. I want you to be generous and work hard.

Work harder than our enemies and forgive them. They are anxious to see our destruction, and we want to liberate them. The life of opposition is short; the life of construction is long.

Victory is ours. There is no way that we can be ruined. We cause unification. We have truth, which is subject and takes the responsibility for the world. That truth is also very unique, unchanging and beautiful. No one else is happier than we are because we are on the track of truth and because we have a guarantee of victory. You are going to win that victory on the front line. When we have unified the front line, everything will come automatically. Our path will get easier because we are picking up momentum.

Have confidence. You need only yourselves. The originating point of victory is the truth. Those who take responsibility for the worst problem will be victorious. In history, we will be sons and daughters of God. We will inherit the love of God. Our ultimate victory is to become sons and daughters of God.

Discussion questions:

1. For you personally, what are some key takeaways from today's reading?
2. What actions does the reading inspire you to take in your mission area?

FAMICON 2020

GAMES

Welcome! To the 2020 Famicon Games!

My Name is Yun-A Johnson. I will be your host for tonight.

Let's welcome up our game helpers.

Jonathan Gullery, our referee.

Our Subregional Coordinators, who, for tonight, will be unbaised game helpers.

Let's give them a round of applause!

Are you ready to have some fun!
We will be playing 4 games tonight:
Hoola hands
Picasso Rat - for the year of the Rat
Quiz-Noise and
Treasure Hunt.

Are you ready!

Please stand inside your subregion's lane and line up at the front of the carpet for the first game. At the end of each game, if you need to rest before the next game starts, there are chairs at the back of your lane.

We will start each game with an explanation of the rules.

Our first game is Hoola-Hands!

HOW TO PLAY

Standing in a line, holding hands, each subregional team will move a hoola-hoop from one end of the line to the other without using your hands and without letting go of each other's hands.

HOW TO PLAY

Game helpers will watch to see if you separate hands. If you do, our helpers will move your hoola hoop 2 persons back.

Points are given by how quickly your team completes the game, indicated by your whole team sitting down with your hands up. Our game helpers will tally up points for your subregion.

As Subregional 2 has only 17 members, your team will double back and complete this game when your hoola-hoop makes it way back to the front of your line.

For this game, the first team to sit down will win 5 points. The 2nd team to sit will win 4 points. The 3rd team, 3 points. The 4th team 2 points and the last team will win 1 point.

When you hear this buzzer - Oji makes
buzzer noise - the game begins! Are
there any questions at this time?

* * *

OK, let's get ready to play! Get Ready
and.... - nod to Oji to push buzzer

HOOLA-HANDS

Game ends

Game Helpers, which team completed their task first?

So-and-so is in the lead!

Who's ready to play the next game?

If you need to rest there are chairs in the back.

This next game is called Picasso-Rat, in celebration of the year of the rat. This is how it is played. Our helpers will demonstrate the game

HOW TO PLAY

Your subregion will choose 15 players and 1 helper to play this game.

The Players and the Helper will line up behind the start line, which is the double lines of blue tape. The Helper will stand at the start line.

HOW TO PLAY

Each Player will receive a blindfold. Wait until it is your turn to put it on.

HOW TO PLAY

When you hear the buzzer - **Oji makes buzzer sound** - the first player puts on the blindfold. The Helper spins the player 3 times and faces them in the direction of the drawing board. The Player runs to the drawing board.

HOW TO PLAY

At the drawing board, the Player will receive a capped sharpie from our Game Helpers. Player will uncap the sharpie, draw 1 line of the rat, recap the sharpie and hand it back to the Game helper, then run back to the start line. Repeat this until each person has drawn a line of the rat.

HOW TO PLAY

All 15 players must draw 1 line of the rat. Your team has 1 minute before the game begins to strategize who draws which part of the rat.

HOW TO PLAY

Players also have a chance to look at the drawing while they wait for their turn and can use that time to re-strategize and figure out where to put their line.

HOW TO PLAY

If a player accidentally runs into the wrong lane and draws on the wrong board, the game helpers will not stop them. This is just part of the game! :)

HOW TO PLAY

Even if you are not 1 of the 15, please join in and root for your team!

HOW TO PLAY

Points are tallied by how quickly your team completes the game, indicated by all 15 players sitting down behind the start line with hands up.

Are there any questions at this time?

Game Helpers, which team completed their task first?

So-and-so is in the lead!

Who's ready to play the next game?

This next game is called Quiz-Noise,
For this game, you must choose different
players from the last game to compete in
the quiz. Players will be on the stage.
Each subregion chooses 2 players.

HOW TO PLAY

The Quiz has 30 questions, a mix of Divine Principle, church history and random pop-culture based questions.

HOW TO PLAY

Each player is given a noise maker. The game will be played by subregion with 2 players representing each subregion.

HOW TO PLAY

I will read out one question at a time. The first team to make noise will get to answer the question. Our referee, Jonathan, will indicate by pointing who made noise first.

HOW TO PLAY

If the team answers **incorrectly**, they are out for this round. When I say “that is incorrect” the next team to make some noise gets the chance to provide the correct answer.

HOW TO PLAY

If 3 teams fail to provide the correct answer the entire subregion, whose team first made noise, gets the chance to provide the correct answer.

HOW TO PLAY

If all attempts fail to provide the correct answer, the game host will read out the answer and no one gets the point.

HOW TO PLAY

Each question equals 1 point. The subregion with the most correctly answered questions wins this game. Are there any questions?

HOW TO PLAY

Please choose your players to come up on stage. Please test your noise makers.

Only 1 team can win the last game but your team has 5 chances to win. Are you ready to play Treasure Hunt?

Here's how the game works. Game helpers will demonstrate.

HOW TO PLAY

Each subregion will choose 5 players on your team to play. These players must be different from the last 2 games. The room will be laid out with 25 chairs in the center - like so. (slide)

HOW TO PLAY - leave slide on screen

As you can see, this game is like musical chairs, but with a twist. Each round involves a treasure hunt. There are 24 rounds.

HOW TO PLAY

Each round begins with players standing in front of a chair.

Like Musical Chairs, a chair will be removed each round.

HOW TO PLAY

I will call out an object with instructions, for example: “find a sock, put it on.”

HOW TO PLAY

Players must hunt for this treasure **ONLY** among their fellow team members - the item cannot belong to the players. Players must follow the instructions completely before sitting down. In this case, they must put on the sock before sitting down.

HOW TO PLAY

Once treasure is obtained and instructions followed, player must then race to get a seat in the now dwindling number of chairs.

HOW TO PLAY

Our game helpers will check to see you have retrieved the correct treasure and followed the instructions before sitting down. If your treasure is incorrect or you have not followed the instructions, you are eliminated and the player left standing in that round, takes your place.

HOW TO PLAY

When the round is completed, treasures are returned to their original owners before the next round begins. Each round begins with each player standing in front of a chair. Last person standing wins the entire game for their team.

HOW TO PLAY

This game is worth 20 points.

Are you ready to play? Can we please have 25 chairs in the center of the room. Please choose your 5 players.

HOW TO PLAY

Please stand in front of a chair.
Subregions please gather by your
players.

Are you ready? Let's play!
