Joy of Having Heavenly Fortune in Spring 2008

Dae Mo Nim's words on February 28, 2008

On February 28, 2008 at the 148th- 154th Ancestor Liberation Ceremony (the 873rd Special Workshop in Cheongpyeong, Dae Mo Nim said, "Heavenly fortune will rush us from March 1. Blessed families need to make efforts with joyful mind to receive the heavenly fortune." She also sang a song to express the joyful heart in the middle of her speech. When I spiritually look, from March 1, 2008, as the gates of heaven opens, it is the time for the gates of heavenly fortune to open. When the heart unites centering on the providence, the year 2008 is a year where difficult problems will become better one by one.

Method for Having Heavenly Fortune

Today, the Ancestor Liberation Ceremony is holding the liberation until the 154th generation. From now on, we are able to physically see the change of those members' lifestyle that has completed the Ancestor Liberation Ceremony.

Now, the spirits in hell are anxious because their powers seem to have deteriorated. Also, looking at those spirits that were once by their side doing evil works, transformed into beautiful bright spirits, they are confused and are wondering around not knowing exactly what to do. I am worried, 'Will they someday do devastating evil works out of confusion'. Because I can see this possibility, I am always worried and in a hurry to prevent it.

I spread this message so that many people are able to visit here in 2008 to offer much sincere devotion and remove evil spirits. Now, heavenly

fortune rushes us, however, at the same time, the evil fortune is gathering as well. Therefore, it is necessary for you to receive the protection of the Absolute Good Ancestors to receive the heavenly fortune. Therefore, you mustn't neglect doing Ancestor Liberation Ceremony.

If you happen to have the thought, 'I am tired. I can't move anymore' then you must understand that that is the thought that Satan really loves. From 2008 more works will happen so it will be a much easier year for you to be active. Individual problems will be solved, and without you being aware of it, you will be linked to good.

From now on it is important to have the heart and lifestyle of gratitude. Please have the grateful thought of 'What if it was more difficult than now?', 'It only came to this extent thanks for the protection I got from God, True Parents and the absolute good spirit world' in your daily lives. With that attitude in your life all your problems shall be solved and you are able to be with heavenly fortune.

Effort is the key to inherit Heavenly Fortune

This spring, it is a time for you to forget all hardship and go out and be active. Heaven has already linked

all people's relationship. Heaven has linked everyone so that if we try to do something, it can be achieved.

We must put in effort to receive heavenly fortune. When you try to witness it is a year where we are already linked. In doing Cheongpyeong Works I confirm that God's words are accurate. Please know that the content I spoke today is accurate and please do your best so you can make it yours.

Entering the Era of Heavenly Fortune

When I first started the Cheongpyeong Works, it was a dark world of blackness. There weren't any Absolute Good Spirits and no Angel that would help me. Now, waves of heavenly fortune are flowing around so I am really happy to the extent where I hum during my sleep. In my dreams and when I am eating my food, I am filled with the thought of gratitude.

Before I came here before you, I had the thought of 'Speaking to the members on such a great

day is good but what if I sang to the members?' It is my first time to sing a song but I would like to sing the song, 'What is happiness?'

You don't know what happiness is
Happiness without you cannot be possible
I will devote my soul to love you
I will devote my life to love you
Please do not go away from me
Please be at my side
Happiness without you cannot be possible

I love you. I wish that all of you will become precious members who will inherit heavenly fortune from March 1 and accomplish the responsibility of a filial sons and daughters before True Parents with joy and happiness. *Kamsahamnida*.
