God morning, Good morning, My dear brothers and sisters, clergy and AFP! Maybe from now on you won't be hearing this kind of shouting greeting, right?

Today is my last Morning Devotion. Today's Morning Devotion concludes with episode 941. 941 in Korean means a narrow escape from death. Because of the Covid 19 situation I think we really put our jeongseong together and finally got out from that dark tunnel. I think the American movement from now on will have a great future centered on new leadership. I sincerely thank Heavenly Parent and True Parents for protecting and guiding me for 941 days. Also, I would like to express my sincere gratitude to the interpreters who helped me a lot, to those who translated the sermons, and to all the staff at headquarters. Special thanks to my beloved person, Dr. Michael Kiely. I really love him. He is in the hospital now, please pray for him. Above all, I would like to thank the Morning Devotion attendees for their support and encouragement from all over the world, centered on the United States.

Today I'd like to briefly talk about "The Cornerstone of the Culture for an Ideal World of Peace, from True Mother's Anthology, Vol. 2. Let us study Mother's word.

<This speech was given by Dr. Hak Ja Han Moon at the

Inaugural Convention of the Youth Federation for World Peace, held on July 26, 1994 at the Omni Shoreham Hotel in Washington, D.C.>

The Cornerstone of the Culture for an Ideal World of Peace

Originally, God wanted to see the fulfillment of the ideal of creation in the parenthood of Adam and Eve. Adam and Eve as loving children, and eventually as loving parents to their own children, would have been the model of a loving family centered on God. Such a family would have been the building block for an ideal world of love and peace. But the Bible tells us that God's ideal of the family was lost due to the Fall of Adam and Eve. Tragically, with the loss of this first family, the potential for the realization of an ideal nation and world was also lost.

So then, how can we work to reclaim the ideal of the family? My husband and I believe that women must take the leading role. We founded the Women's Federation for World Peace in 1992 to inspire women all around the world to take responsibility for their families, communities and nations. Working in concert with the Federation for World Peace, the Women's Federation for World Peace has been working to educate men and women in the areas of politics, religion, arts and science to become role models as loving husbands and wives, fathers and mothers, and community leaders.

Thank you Heavenly Honey. What a tremendous investment to Morning Devotion, for 941 episodes. I think you are the one who really contributed so much. Everybody will remember your beautiful voice. I don't know how I can express my gratitude for Heavenly Honey and also to her husband for his support.

Today we will listen to the testimonies of the 5 Sub-regional leaders. I asked Resfred to be the MC. Thank you very much. First we will hear the Living Testimony from Rev. Carol Pobanz.

(Sub-Region Leaders testimonies: Kevin & Masako Thompson SR5, John & Fusae Jackson, SR4, Kazuo Takami couple, SR3, Dr. Achille Acolatse SR2, Naokimi Ushiro SR1.)

(A graduation ceremony of sorts was held by MC Resfred Arthur, who presented Dr. Yong with a cake.)

Dr. Yong blesses all of us with Doctorate Degrees in True Love.

Thank you so much all my brothers and sisters, I Love You!

Ensuring 'unity' is written in stone

Staff Writer

Nutley Partners for Peace gathered again in Yanticaw Park to work on the next phase of its public art project, cleaning and decorating the rocks that will be used to build a sculpture that spells the word "unity." The art piece will be displayed on the lawn not far from where the tables were set up in the park on May 7 to decorate the rocks, honoring Nutley's status as the 223rd International City of Peace.

At the event, which was held on May 7, participants were encouraged to draw a picture or write a few words or even just sign their name. Inspiration for the piece came from a similar project that Nutley High School students worked on in 2015, when international students from Honduras spent
