Let's Go Meet Father!

Park Young-bae, co-President of Heavenly Korea

I sincerely want to thank God for allowing the Busan Church to hold the Heavenly Korea Leaders' Special Gathering for the Victory of Vision 2027 on July 3, 2022.

This event marked the beginning of the 40-day Special Jeongseong for the victory of the 10th Anniversary of the Holy Ascension of Sun Myung Moon, the True Parent of Heaven, Earth, and Humankind. True Parents proclaimed Foundation Day based on one heart, one body, one mind, and one idea opening the gates to the establishment of Cheon Il Guk, the ideal world of One Human Family Under God. After True Father's Cosmic Ascension, True

Mother determined to realize the establishment of Cheon Il Guk on Earth before the end of her life. Since then, she victoriously completed the settlement of Cheon Il Guk by restoring seven nations and seven religious orders through the 7-year Cosmic Course for the Substantial Settlement of Cheon Il Guk.

On the foundation of this substantial victory, True Mother started the second 7-year Cosmic Course for the Settlement of the Heavenly Unified World, which led to the tremendous success of the 2022 Summit for Peace on the Korean Peninsula, one of the most remarkable events ever in which 157 countries participated. This success was thanks to the absolute faith, love, and obedience of CIG leaders and blessed families worldwide and the unquestioning support towards the True Parents from global political leaders. All over the world, people acknowledged True Mother's stature as the Mother of Unity, the Mother of Peace, and the Mother of all humankind. I want to express my gratitude to Heavenly Parent for making me realize that the dedication of Cheon Won Gung, which will be held on May 5, 2023, is the authority of the True Parents of Heaven, Earth, and Humankind. True Mother's worldwide providence became the driving force for the African Union and Asian Union (ASEAN, ASEM, etc.) and the world.

From July 3 to August 11, we will hold a 40-day Special Jeongseong Period. During this period, we will reflect on the meaning of the 10th Anniversary of True Father's Comic Ascension under the theme, "Let's Go Meet Father!." Family Federation members and leaders of providential organizations will visit and counsel members who have left the church and bring them back to True Parents on behalf of True Father, who longs to hold his long-lost children in his arms. I am genuinely grateful to have this service attending True Mother to start the 40-day Special Jeongseong and Special Activity Period commemorating the 10th Anniversary of the Holy Ascension.

True Mother gave us a special message at the Special Banquet leaders from Heavenly Korea for the Victory of Vision 2027. She said we must educate all citizens in Subregion 5. She said we must go into all areas of Korea, all villages and all towns, and always keep in mind a heart of gratitude to educate all citizens and create an environment where we can meet the Heavenly Parent.

A new morning has dawned, and we have entered an era in which everything can now be seen and understood. We have received a divine mission that requires us to accomplish a great victory over a long run of 60 months. As we enter the era of True Parents' direct dominion, I believe Heavenly Parent will want all the leaders and blessed families of the Cheon Il Guk to receive the grace of this era. Let us all move forward together.

The Structure and Settlement of Cheon Il Guk

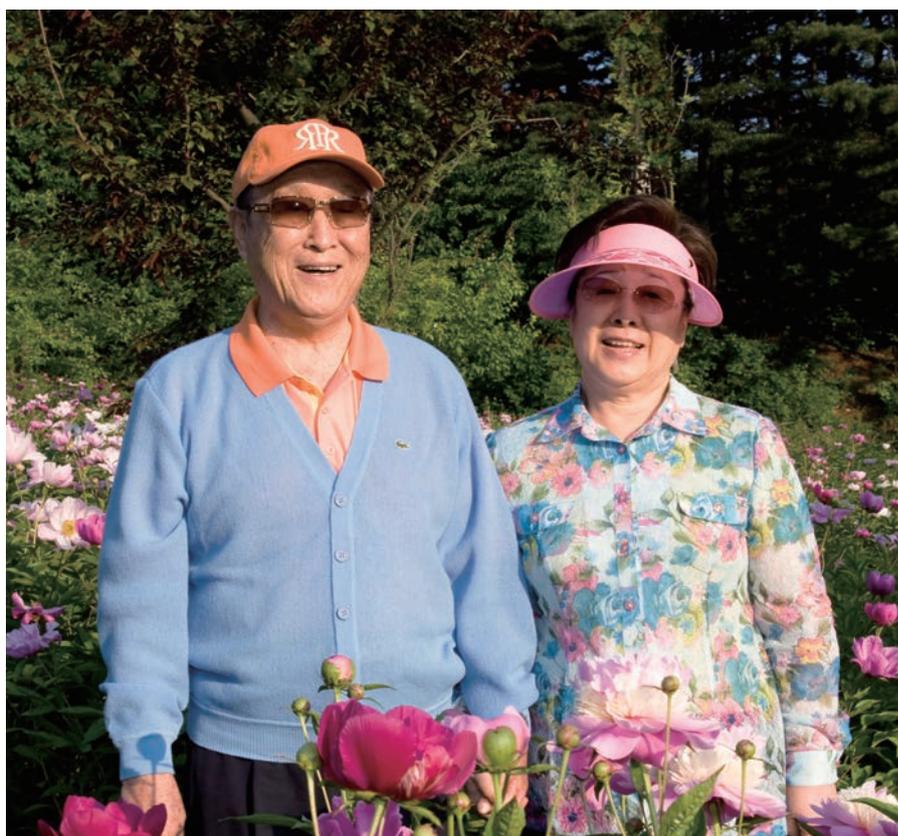

Cheon Il Guk is God's kingdom. God's kingdom is unchanging and absolute. God is absolute, unique, unchanging and eternal. God has these four attributes. No one can ever change that. Once these elements are secured on earth, they will remain for eternity. Today, the fallen world is moving in various directions, but God's ideal of creation is that human history will have one tradition. That is God's original ideal.

The Parents of Heaven and Earth flourishing in unity! In this proclamation, flourishing means that after you settle you establish your livelihood. After this comes the realm of Sabbath, in which everything can rest, enraptured in the ideals of the heavenly kingdom. It is a realm without conflict or unrequited desires. Everyone is attuned to the harmonious environment of the heavenly world and enjoys eternal life. This will be the realm of Sabbath. Please understand where you stand. You are in the era of liberation, the victorious realm, the subject partner nation, Cheon Il Guk.

The heavenly kingdom does not yet exist. Nonetheless, I was able to conduct the inauguration of God's kingship and the Rally for the Settlement of God's Homeland. Then I proclaimed Cheon Il Guk, the Nation of Cosmic Peace and Unity. We are now entering the era of settlement, and not just the era of settlement but of flourishing. "Settlement" means that we have been on the way and are arriving at our destination, fulfilling the purpose of our venture; "flourishing" means that we already have safely arrived at our destination and now we can rest. In order to bring such prosperity to God's kingship, God's homeland and God's Cheon Il Guk, body and mind must not fight. They have to be one.

Your body and mind are like two people. If these two people cannot become one, you cannot become a citizen of Cheon Il Guk. The kingdom of heaven has been something vague until now, because the individual's body and mind were in conflict, and so no individual could serve as a foundation for the nation of Cheon Il Guk. Cheon Il Guk refers to the settlement of a family on the basis of unity—unity of an individual's body and mind, unity of husband and wife,

True Parents are smiling amid flowers

unity of parents and children, and unity among brothers and sisters. If there is no unity, there will be no settlement.

Happiness, peace and freedom in Cheon Il Guk does not imply only settlement; it implies flourishing. By settlement I mean moving towards a destination and arriving and staying there. However, flourishing implies that upon completing settlement we establish our livelihood. Settlement requires unity between the individual's mind and body, unity within the couple, unity between parents and children, and unity among siblings. Neither father nor mother, neither son nor daughter, can exempt themselves. They need to establish a parent-child relationship such that their children receive the Blessing, begin married life, have children, and settle. It requires three generations for a family to settle.

As Cheon Il Guk unfolds, in time it will be an independent nation. We can also call it Ju-che Guk, the subject partner nation. We are in the era of the liberation that is based upon the foundation of the self-governing nation's victory. Therefore, I am pro-

claiming that this is the era of the kingdom of heaven and the time to build the subject partner nation. While Cheon Il Guk is the era for the liberation of the subject partner nation, the era following it will be the era of unity and spherical oneness. The era of unity and spherical oneness signifies a return to the origin. Again, we are the ones who should put all this together ourselves. We should bring about unity; God is not going to deliver it to us. We are now in the Last Days.

We are in the era of Cheon Il Guk, the victorious realm in which we will form a self-governing nation called the subject partner nation. The victorious realm of the subject partner nation is the victorious realm of a self-governing nation with God at its center; it is also the victorious realm of a self-governing nation that centers around the returning Lord. God is the original center of the era of liberation and the center of the victorious realm of the subject partner nation. Now that this era of liberation has come, we are to return to spherical oneness, which is the original world of unity. This is the omega. 

Let's Fulfill our Responsibilities to Ensure that This Nation becomes Heavenly Parent's Homeland

*True Mother's Message to Leaders of Heavenly Korea for the Victory of Vision 2027
July 2, 2022, Paradise Hotel*

Striving to fulfill Heaven's providence, as the homeland of our Heavenly Parent, this nation must fulfill its responsibilities. We will be dedicating to Heaven the Cheon Won Gung Cheon Il Sanctum, where Heavenly Parent can be attended on earth. In order to create an environment that allows Heavenly Parent to perform His work in reality, it is essential that this nation knows and fulfills its responsibility. So they

can attend Heavenly Parent and True Parents. And with a heart of gratitude to God for protecting the Korean people until now, please fulfill your responsibilities to ensure that this nation becomes Heavenly Parent's homeland fully and completely. I hope all of you in subregion 5 can make such a beginning this time. Remember to be grateful. Always be grateful. This must be taught to the people of subregion 5. Do you understand? [Yes.]

However, she did not express it, and showed a sweet smile, and the attending leaders could feel the love and showed their happiness. Upon entering the hall, Subregion 5 Chairman Park Gyeong Bae presented her with a basket of flowers, followed by gifts. The toast was proposed by Professor Moon Yeon-ah, president of UPF Korea. Beloved blessed families and members of our Unification movement across the world!

We are living in an era in which Heavenly Parent's dream is being realized. Due to True Parents' endeavors, Cheon Won Gung's Cheon Il Sanctum, where we can directly commune with and attend Heavenly Parent, will be dedicated in May next year. We cannot imagine how much good people around the world have longed until now to greet this day within God's protection and love—this one day when the providence of the Cheon Il Sanctum will begin. And more so because of that, Heavenly

Parent will continue to build up Cheon Il Guk in order to fulfil His dream on earth with His children, especially while True Parents are still on earth.

We need to organize the end well so we can welcome a new day

Heavenly Parent created the natural world of all things in heaven and earth for His beloved children and blessed it to exist eternally. However, throughout our history following the Fall, amid ignorance and pain, it has seen great destruction at the hands of human-kind. As a result, climate change is causing harm in all sorts of ways.

If we continue in this manner, humanity will not have a future. That is, if our planet Earth doesn't have a future, then humanity won't either. We are now at the point where the blessed families of the worldwide Unification movement, together with the True Parents on earth, must solve all these difficult problems directly, before it is too late.

I have said that it is certain that the last days are upon us, that human history has reached its destination, and that providential history has reached its final chapter. We cannot welcome a new day until these Last Days have been settled.

Geoje Island and Peace Road's Vision

I decided to visit Gyeongsang. A large-scale Peace Road event was held on Geoje Island last year. After the Korea-Japan tunnel is built, Geoje Island can be used as a gateway. Unknown to others, I came down to observe the natural environment in person. I didn't tell anyone about my visit due to my concern that it might interfere with your plans and work in relation to the providential schedule, and to not add to your burdens. I visited Oedo botanical garden and the Haegeumgang islands with gratitude, in the presence of Heavenly Parent.

I would like to make a request of all of you, therefore. Some time ago, when subregion 5 achieved a genuine victory, I asked you to expand that nationwide. One example of that would be to influence each local government to rename the roads connecting Geoje Island and North Korea as "Peace Road" or "Peace Highway," as the Peace Road cyclists will start their journey in Geoje City. This road will pass through Jeolla, Chungcheong, Gyeongwon, Subregion 1 [the Seoul Metropolitan area], the Cheonwon Complex, and will be connected directly to the DMZ. I sincerely hope you will take the initiative to rename these roads leading to North Korea as "Peace Highway."

During a tour of churches in the United States, I had the opportunity to visit and speak at the church where Pastor Barrett was serving. His church then became the first to hoist the FFWPU flag. Pastor Barrett is so respected in his community that a street was named in his honor, "Barrett Street." On the path to realizing a heavenly unified Korea, how wonderful it would be if we could connect the South and the North with a "Heavenly Peace Highway"! [Aju!]

The final destination of religion is True Parents

You must also have big dreams. It is up to you to educate this nation so that its people can fulfill and see the completion of their responsibility. There are many different religions, but the final destination for all of them is to meet True Parents on earth. In so doing, they can fulfil their

purpose and their dream. In order to stand before the Creator, our Heavenly Parent, as His children, fallen people must receive True Parents' Blessing that gives rebirth. Is that clear to you? [Yes.]

You have such a great "weapon" so why can't you use it? What prevents you from tearing down the doors to Christianity? The path humankind and religion must take is to meet Heavenly Parent. Most notably, the Korean people gave birth to the True Parents and protected them. It has been 72 years since the start of the Korean War, which some of you may have experienced. How was it that a global UN-backed military force could help when the Korean people were divided into two factions fighting each other?

This wasn't by human power. It was Heavenly Parent providing protection. Heavenly Parent's dream is to dwell substantially in the kingdom of heaven on earth with True Parents and His children. To realize this in reality is God's dream. And it is for this reason that He could not abandon fallen humanity but carried out His providence of salvation. Two-thousand years ago, through the people of Israel, He sent Jesus Christ, His only begotten son of whom He could say, "This is my son." But people were living in ignorance; even those around him didn't understand the mission of the only begotten son. They were unaware of God's circumstances, and they did not know Heaven's providence.

There is significant indemnity when a chosen nation is unable to fulfill its responsibility.

Heavenly Parents and True Parents must be at the center

Therefore, you cannot hold back any longer. In the midst of protecting this nation, Heaven gave birth to the True Parents. In that light, this nation's leaders should follow True Parents and accept the providence of Heaven. Do you know about this or not? [We know.]

Our work should have begun from attending Heavenly Parent and True Parents at the center. We can clearly see how this nation could end up paying a great deal of indemnity. Can you just sit quietly? For that reason I

have asked you to educate everyone in this nation's villages and towns. Jeolla and Gyeongsang provinces are particularly at odds. Why is this the case? They can make unity if they attend Heavenly Parent and True Parent, yet because of human-centered thinking, both the individual and the nation will perish.

We must fulfill our responsibilities as Heavenly Parent's homeland

This people must attend Heavenly Parent and this nation must fulfill its responsibility as Heavenly Parent's homeland. We have to show this to the world.

Heaven has been waiting for this day for 6,000 years. You need to be aware of this. This nation must attend Heavenly Parent and fulfill its responsibility while True Parents are on earth. The responsibility of this nation is to realize a heavenly unified Korea. A heavenly unified Korea!

To achieve the rank of a normal developed nation, a country must have a population of at least 100 million people. With only the population of South Korean or North Korean, it would be impossible to reach this number. They must combine and then expand beyond 100 million. Do you understand? If that is achieved, Japan, Korea's closest neighbor, will no longer ignore Korea. China too will be unable to ignore Korea.

I shared one of story with the leaders yesterday. I spoke about how, when a boy played the flute, animals would come out and dance. This will naturally happen as we move forward, attending True Parents substantially, for Heavenly Parent will dwell with us. As Heaven dwells with you as you live in attendance of True Parents, groups of good people will gather around you. Do you understand?

If you who are in this position, blessed by Heaven, are unable to fulfill your responsibilities, you will become ancestors who cannot hold their heads up. That should not happen of course, right? My sincere hope is that one day you will all stand tall as proud Cheon Il Guk leaders, Cheonbo families, and Cheon Il Guk citizens in front of the Korean people and diverse nation of this world. [Aju!] 7

Launch of the 40-day Special Preparation Period for the Success of the Seonghwa Festival Marking the 10th Anniversary of True Father's Holy Ascension and Special Heavenly Korea Leaders Meeting for the Victory of Vision 2027

The launching service of the 40-day special devotional condition for the success of the Seonghwa Festival marking the 10th Anniversary of the Holy Ascension of True Father and the special meeting of the leaders of Korea for the victory of Vision 2027 were held on July 3 at the Busan Church, located at the headquarters of Korea Subregion 5. The purpose of this devotional condition is to pray for True Mother's health and welfare, the success of True Father's 10th Anniversary Seonghwa Festival, and to have members, blessed families and 2nd and 3rd generations who have drifted away from the church, as well as peace ambassadors and VIP members of providential organizations go to meet True Father.

These events were held in a joyful atmosphere with True Mother's effective presence and were attended by more than 500 people, including the director-general of the International Headquarters, Chief of Staff, True Mother's Secretariat, leaders of providential organizations, regional co-presidents of Korea, staff of the international headquarters, church leaders and central members from the sub-region.

The events marking the 10th anniversary of True Father's Holy Ascension will be held under the theme: "Sun Myung Moon, Pioneer of Peace and Unification". It started on July 3 and will end on August 11, and will aim to bring together all the people related to the Family Federation, UPF, WFWP, and IAYSP. This special 40-day condition will be an opportunity for all to deeply reflect on the significance of this 10th anniversary under the theme: "Let us meet True Father."

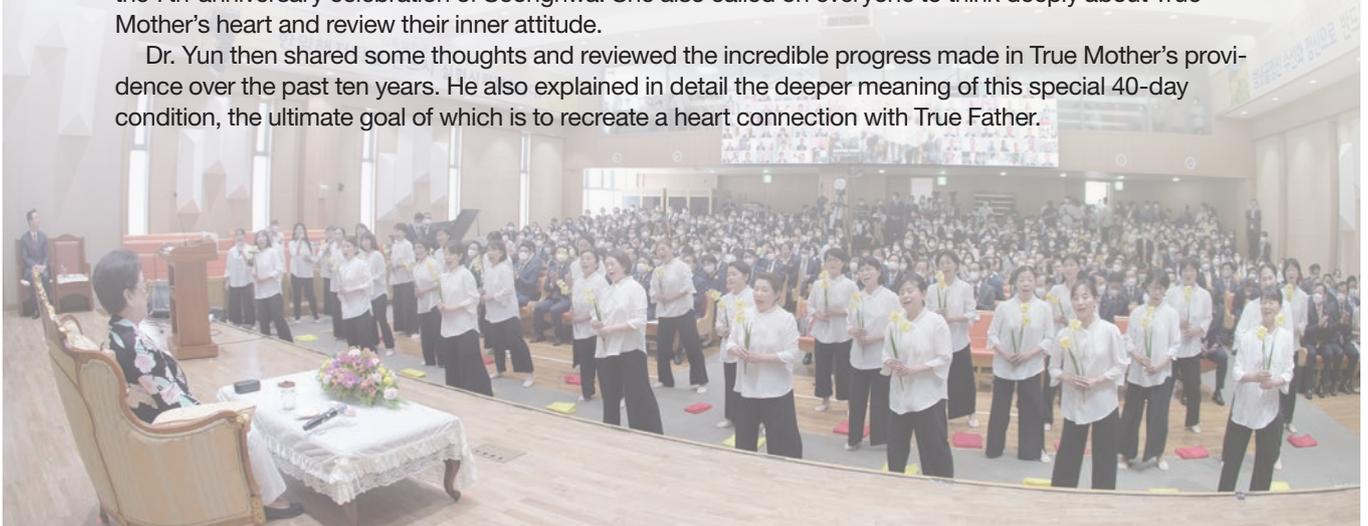

Before the presentation of the special report and the launching ceremony of the special condition, artist Nah Hyun-jae, a blessed elder member of Busan Church, graced the audience with a beautiful musical performance.

Part 1: Presentation of the Special Report

The first part of the program was a special report presented by Dr. Yun Young-ho, director-general of the International Headquarters.

Before that, Mrs. McDevitt Wonju, Chief of Staff, True Mother's Secretariat, greeted everyone and then guided the hoondokhae session, during which she read the letter that True Mother wrote to True Father at the 7th-anniversary celebration of Seonghwa. She also called on everyone to think deeply about True Mother's heart and review their inner attitude.

Dr. Yun then shared some thoughts and reviewed the incredible progress made in True Mother's providence over the past ten years. He also explained in detail the deeper meaning of this special 40-day condition, the ultimate goal of which is to recreate a heart connection with True Father.

Part 2: Launching Ceremony of the 40-Day Special Condition

The second part of the program also had Dr. Yun as the master of ceremonies, and it was at this point that True Mother entered the room.

After receiving greetings from everyone, True Mother was presented with baskets of flowers from the 5 regional co-chairs of Korea, leaders of providential organizations, counselors of the region and representatives of the 2nd and 3rd generations. Church leaders also presented her with precious gifts on behalf of all.

True Mother was then congratulated on the anniversary of her last visit to Busan, and then there was the cutting of the cake to mark the launch of the special 40-day devotional condition for the success of the festival celebrating the 10th anniversary of True Father's Seonghwa.

Rev. Park Young-bae, chairman of sub-region 5, then performed the representative prayer, in which he expressed his belief that all participants of the event will be reborn by the grace of the substantial Holy Spirit. He also promised that all will invest body and soul during this special 40-day condition in order to enable the brothers and sisters who have gone astray along the way to reconnect with True Father's heart and return to True Parents' bosom.

True Mother then spoke, urging subregion 5 to work in every locality and village to make True Parents known and thus enable Korea to fulfill its responsibility as a chosen people. She expressed her wish that PEACE ROAD, which runs from subregion 5 to the demilitarized zone (DMZ) on the border with North Korea, be renamed the "Heavenly Road of Peace."

In response to his words, the five regional co-chairs of Korea read out the adopted resolutions on behalf of all. During the entertainment, the Daffodil Choir of Busan and Ulsan cities, 2nd generation youths, IAYSP of sub-region 5, and singer Oh Seung-geun graced the audience with beautiful singing and dancing performances. All participants then sang the song, "Saranghae Dangsineul" ("I love you"), and expressed their determination to emerge victorious from the 40-day devotional condition. The event concluded with three shouts of "Okmansé" led by the IAYSP chairs of the five sub-regions, expressing the firm determination of all.

Launch of the 40-day special condition around the world

Like daffodils blooming from the frozen ground to herald the imminent arrival of spring, the launch of the 40-day special devotional condition took place in Busan, in sub-region 5, whose symbol flower is the daffodil. The event was widely echoed around the world and allowed all members to gather their devotions. During this special 40-day period, information about the Seonghwa Festival marking the 10th anniversary of True Father's holy ascension will be widely disseminated. It will be a time to reconnect with True Father and to console True Mother, who is devoting all her strength to the realization of True Father's cherished dream. These efforts require us to become children of filial piety completely united with True Parents, in order to realize a heavenly unified Korea and world by 2027.

Resolution for the Special 40-Day Period of Activities for the 10th Anniversary of the Holy Ascension of Sun Myung Moon, the True Parent of Heaven, Earth, and Humankind

From then until now our hearts have been filled with longing..... We have already arrived at the 10th anniversary of True Father's Holy Ascension. He was happy when we were together, and he showed that happiness with the warmest smile in the world. He sang with the clearest words in the world. So dedicated was he to Heavenly Parent's liberation, humanity's salvation and the establishment of a world of peace, that even until his last moment he prayed with head bowed: "May our homeland shine brightly! Invest completely with a life or death resolution and continuous practice."

Because our Mother, the only begotten daughter, was here, it was possible to endure these agonizing 10 years. Resolving to fulfill Father's legacy and will without fail, she has continuously moved forward with the desperate heart to find that one needle in a wild desert sandstorm. Saying, "I am the only one remaining," Mother has endured the painful providential course alone, and managed the cosmic Canaan course. We would like to take this time to offer infinite comfort and gratitude to our great Mother.

Now, all of us will truly become one in heart and mind, and go hand in hand together. In order to fulfill your legacy and will without fail, we will move forward in vigor, without interruption. To this end, we engrave in our hearts the meaning of the 10th anniversary of Father's Holy Ascension. We will guide those connected to True Parents' providence, including blessed families and members, members of UPF, WFWP, and other providential organizations, leaders from all walks of life, to attend the Ascension anniversary with a heart of longing to meet Father, and we will work to ensure that True Parents' noble lives and achievements are honored and remembered for all times. Thus we begin a 40-day period of special activities and devotion with our firm resolution, as follows:

- 1 We resolve to become one with True Mother through absolute faith, absolute love, and absolute obedience, and to fulfill True Father's legacy and will.
- 2 So that the 10th anniversary of True Father's Holy Ascension can be an occasion of the restoration of heart and love through which people can meet True Father, we firmly resolve to find all the blessed families and members, members of providential organizations, and leaders from all walks of life who are connected to us under God's love and guide them into True Parents' embrace.
- 3 We are proud citizens of Cheon Il Guk who will realize the ideal of one human family under Heavenly Parent, and, taking pride in being children of filial devotion (hyojeong), we resolve to successfully fulfill Vision 2027 without fail and to lay the foundation for the firm settlement of a heavenly unified Korea and a heavenly unified world.

On Starting the 40-day Special Dedication Period for the Victory of the 10th Anniversary of True Father's Seonghwa

Yun Young-ho
Director-General, International Headquarters

Most noble and precious Heavenly Parent!
Until this day came, You had looked for and waited for your lost sons and daughters in tremendous sadness and pain over a long period of 6,000 years. Your ideal for the Creation begins centered on a man and woman who fulfill their responsibilities. Hence, You could not abandon fallen humankind. You conducted the providence of salvation and sent many prophets and righteous people to educate humankind. Two-thousand years ago, You were finally able to send Jesus Christ, the Messiah who could realize Your dream. And yet, the people's ignorance resulted in them not accepting Your Will.

As a result, Jesus ultimately went the way of the cross. He promised to return and conduct the marriage supper of the Lamb. This is because Your providence can come to completion only through the emergence of the True Parents, as the first human ancestors, to complete Your ideal of creation.

Since You are all-knowing and almighty, You created human beings to be eternal. Fallen people have longed for Your only begotten Son and only begotten Daughter, whom You can call Your son and daughter, to be born, and have offered devotions, while enduring war, conflict, suppression, and indescribable pain, to see the day they can meet You, Heavenly Parent.

Africa, in particular, has seen been a continent of much pain to You, with its history of tremendous oppression, violation of human rights, and extreme suffering, and as "the last" continent in the Atlantic Civilization Realm.

Hence, to complete Your providence, You established the True Parents in 1960, and ever since, You have raised Your children through the Blessing that enables fallen people to become Your children. In Africa in particular, the hope of many prophets, kings and chiefs of many nations

has been to usher in the day peace reigns with everyone attending You, Heavenly Parent. Representatives from the 54 nations of Africa have gathered here today to register as Your children, and will be reborn as blessed couples.

Heavenly Parent, how long have You endured and waited? How much have you wanted to love and bless such a day? Your long-cherished desire can now be realized through the blessed families here today. Please enable them to remember that when they fulfill their responsibilities as blessed families and as tribal messiahs, Africa will no longer be a miserable continent, but will have become a continent that attends You and receives Your blessings.

Heavenly Parent, today You are here with us at this Blessing! Just as today's weather expresses the tears You shed and the pain You endured throughout history, today also marks the birth of Your children, whom You can joyfully accept. I pray that You may accept every child in joy.

This is an occasion upon which all blessed families pledge to become Your devoted sons and daughters who will never make You lonely. Please joyfully accept them. I pray and proclaim all these in True Parents' name. Aju."

★ Remarks from Joo Jin-tae, Co-president of Heavenly Korea

The True Parents of Heaven, Earth, and Humankind hope the Peace Road events will bring good results. I read the words True Mother spoke with deep repentance as she quietly looked around Geoje Island, Oedo Island, and Haegeumgang River. True Mother said: “The Heavenly Peace Road must start from Geoje Island, pass through Heavenly Nation of Gyeongsang, Heavenly Nation of Jeolla, Heavenly Nation of Chungcheong, Heavenly Nation of Gyeongwon, and Heavenly Nation of Gyeongin, then go through Cheon Won Gung and connect to the DMZ.”

The Seoul region will also liaise with the head of the local government to change the name of the road, and we will do our best to ensure that the sign “Heavenly Peace Road” is hoisted.

During these 40 days of special activities which will start today, we will strive to bring back all inactive members and ambassadors of peace. We will steer them to a new beginning by having them pay regard to Bonhyangwon and revealing the changing environment of HJ Cheonwon through heartfelt activities such as “Let’s Go Meet Father” and “Let’s Comfort Mother.”

The healing of the Substantial Holy Spirit will initiate a whirlwind in each church, recreating the miracle of the upper room on the day of Pentecost.

It is said the distance from the mind to the heart is the longest in the world. Under Heavenly Parent’s Holy Community, the heartfelt story of True Father in heaven and True Mother, the Substantial Holy Spirit, and Only Begotten Daughter, waiting for their sons and daughters with both arms wide open begins now.

True Mother! Please take care of your health at this time of year when heat and humidity are raging day and night! We, the leaders and members of the Heavenly Nation of Gyeongin, offer our congratulations.

Thank you very much; we love you.

I felt that True Mother also started this 60-day course with a sincere heart, and we blessed families must become one more than ever. I became determined to be victorious. (Kim Yeol-gu, a member of Yangcheon Church in the South Seoul Region)

We will become one with True Mother through absolute faith, love, and obedience and convey True Father's legacy and Will. True Father, we truly miss you. Dear God, until 2027, please take care of True Mother's health. (Takahashi Satsuki, a member of Seongbuk Church in the North Seoul Region)

★ **Outline of the 40-days of Special Activities in Heavenly Gyeongin Nation**

1. Jeongseong

1) Early morning jeongseong at Cheonpadong Original Headquarters Church of the Heavenly Nation of Gyeongin: Day 1435 as of July 14 (All members of the Heavenly Gyeongin Nation gather at each church at 6 in the morning every day and attend through YouTube live)

2) Heavenly Nation of Cheonshin Hyojeon Bongheon revival gathering: Vigil prayer will be offered at the Cheonshimwon of the Heavenly Nation of Gyeongin every Friday from 10 pm to 1 am.

2. Main Activities:

1) Hyojeong Gathering: President Ju Jin-tae visited each church in the Heavenly Nation of Gyeongin

from June 8 to July 10 and held Hyojeong gatherings for the victory of the 60-day course and True Father's Seonghwa Celebration.

2) Official Launch Sunday Service at each church in the Heavenly Nation of Gyeongin on July 3

3) He also conveyed the grace and benefit of the "Official Launch Sunday Service in Busan" held on July 3 by having a Zoom meeting for leaders of the Heavenly Nation of Gyeongin at 8 pm on July 4.

4) Visiting inactive members and prayer supporters to witness new members and create citizens of Cheon Il Guk and be victorious in Vision 2027, Heavenly Gyeongin Nation has made a policy to train "prayer supporters," believing that it is necessary to change the existing evangelism methods and the current way of thinking. In order to train "these prayer supporters," we make a schedule and offer jeongseong that resonates with Cheonshim (heavenly heart/ original heart) through "Cheonshim Special Jeongseong. The members in the Heavenly Nation of Gyeongin have been appointed as "prayer supporters" under the supervision of each church leader. The main target of prayer supporters are families and inactive members. In this format, the 40-day special activities are actively being carried out.

5) Healing Chanyang: The Heavenly Nation of Gyeongin does "healing chanyang" at gatherings and workshops such as Divine Principle workshops. During the "healing chanyang sessions," we sing a variation of the "Song of the Garden." In the future, we will try to incorporate it in one-day seminars to create an icebreaker prior to lectures, and boost our overall health rather than just focussing on it as a song for liberating spirits.

6) Heavenly Village Activities: In order to fulfill its providential mission, the Heavenly Nation of Gyeongin started the year 2022 with the motto, "Let's achieve the settlement of Heavenly Unified Korea by substantializing 43 Cheonbo families!" We are working together with the residents, steadily developing the activities of each church's Hyojeong service group to create a Heavenly Village community with the local government. The acquaintances formed through these activities are guided to the Peace Blessing Ceremony and connected to the churches. During the Seonghwa Anniversary period, we are doing our best to involve inactive members in the village community activities as local volunteers and working with the heart of True Parents. ㄸ

★ Remarks from Hwang Bo-guk, Co-president of Heavenly Korea

When I reflect on the launching ceremony, it was a time when we could deeply in our hearts feel that True Mother is making tremendous efforts for the dedication of the Cheon Won Gung Cheonil Temple to open the era of Heavenly Parents' sovereignty. Once Cheon Won Gung is offered before Heaven, and the era of Heavenly Parents' sovereignty is opened, good people will automatically appear before True Mother. She told us the story of <The Pied Piper>, and I am sure this will become a reality in the future.

True Mother instructed us to name the road from south to north "Pyeonghwaro (Peace Road)." As the DMZ is part of the Heavenly Nation of Gyeongwon, we will do our best to take the lead in substantializing True Mother's directions. Through this launching ceremony, True Mother, the Only Begotten Daughter, and Substantial Holy Spirit presented us with an excellent vision for the 60-month course. As our community moves towards this vision, any shadow that comes in our way will be pushed away.

This 40-day period of special activities theme is "Let's Go Meet Father." Through the pilgrimage to the HJ Cheonwon Complex, we will create an opportunity where we can feel True Mother's shimjeong, love, and sincerity to substantialize True Father's dream. It is a beautiful theme.

During these 40 days, we will bring back all the second and third generations who have been distant from the church and ignite evangelism so that all of our brothers and sisters in the Cain realm can return to True Parents. We are determined to give glory through our achievements. Thank you.

★ **Main Remarks**

After the official launch ceremony, a meeting was held with the core members of the church for the victory of this special 40-day jeongseong. We are determined to be victorious by visiting all the inactive families and VIPs who were connected to the church in the past. (Cho Junwang, church leader of Yanggoo in the Kangwon Region)

Just as if it had been guided by Heaven, after the official launch ceremony, we had a miracle, an amazing grace where a rich man interested in the Marriage Blessing came to visit us. He met with the district leader, filled out a membership application, and is determined to participate in education in the future. It was also a momentous day in which the engagement ceremony of a blessed second generation took place. Heaven sent a blessing candidate on the first day of this

special 40-day period, and we could hold a second-generation engagement ceremony, making it a precious day for everyone to receive grace. (Jeon Yoo-sang, district leader of Gangneung District in Gangwon Region)

★ **Visiting Inactive Members of the Heavenly Nation of Gyeongwon**

Following International Headquarters' "Special Guideline for the Special 40-Day Period of Activities of Heavenly Korea" for the 10th Anniversary of the Holy Ascension, once a week, every Friday, the Heavenly Nation of Gyeongwon will visit inactive members and make reports regarding this special visiting activity period. In the field, efforts are being made to meet inactive members. We want to create a relationship connected to Heavenly Parent by meeting with the inactive members. *PH*

Heavenly Korea: Subregion 3, Heavenly Nation of Chungcheong

1. Date: Sunday, 6.5 of the 10th year of CIG (July 3, 2022) at 10:30 am
2. Number of Churches: 36
3. Main Participants: Blessed families, pyeonghwa Aewon members, inactive families, etc.
4. Number of Participants: over 3000 (over 2400 offline and over 600 online)

★ Remarks from Yoo Gyung-deok, Co-president of Heavenly Korea

Thank you so much, True Mother. With the great blessing you have given us during these 40 days of special activities for the 10th anniversary of True Father's Seonghwa, we, the Heavenly Nation of Chungcheong, are determined to offer victory and glory with the spirit of the mugunghwa.

First, as we celebrate the 10th anniversary of True Father's Universal Seonghwa, we will try to contact those who were connected to True Parents in the past providential history, clearly convey who True Parents are, and reconnect them to the church by making full use of the meaning of "Let's Go Meet Father". We will make it an opportunity so that Ambassadors of Peace and pyeonghwa aewon

who respect True Parents can be reborn as True Parents' children. Second, we will find the second and third generation of the Heavenly Nation of Chungcheong and care for and educate them. True Mother mentioned at Busan Church that in the fable, the village's future also disappeared when the children followed the boy with the flute and disappeared. The second and third generations represent our future. We will bring back these children who have been away from the church, and if there are children who do not know the will of Heavenly Parent's will, we will educate them well so that they can become children of True Parents. Therefore, at the 2023 Cheon Won Gung Cheonil Temple Dedication Ceremony, internally, we will create a foundation where first and second-generation parents and children can participate together. Externally, with True Mother's fortune, we will create a foundation in which the local government of the Heavenly Nation of Chungcheong cooperates with us in developing policies and understanding the will of Heaven.

★ **Main Remarks**

More than half of the members had not been able to pay respects at Bonhyangwon. I am strongly determined that for this Seonghwa Festival commemorating the 10th Anniversary of True Father’s Cosmic Ascension, all members will work on bringing inactive members, pyeonghwa aewon, and even members to offer as a gift to True Father. Our slogan will be, “Let’s go meet Father.” (Pastor Ok Kyung-yoon of Hongseong Church, Chungnam Region)

I want to create a miracle by becoming one and investing entirely during this period. I will hold on firmly to the central axis of the heart and honor True Parents and their words. Providence is like lightning coming like a typhoon. I want to see this with my own eyes and also experience it. During these 60 months and this special 40-day activity period, I will become one with the central figure and work following our purpose. I truly thank our Heavenly Parent and the True Parents of Heaven, Earth, and Humankind who have believed in us, loved us and guided us until now. (Ahn Yeon-hee, deacon of Asan Church, Chungnam Region)

★ **Content of the 40-days of Special Activities in Heavenly Chungcheong Nation**

From July 3 to August 11, the Heavenly Nation of Chungcheong will carry out the following activities with the spirit of the mugunghwa and an unchanging heart to bring victory and glory during the 40-day special devotion period to commemorate the 10th anniversary of True Father’s Seonghwa.

First, centered on each church’s Cheonsimwon special prayer room, all blessed families will offer jeongseong such as Cheonshimwon special hoondokhae, special vigil prayer, and Hyojeong chanyang will be available every day. This will help establish a foundation of jeongseong for the absolute good ancestors of blessed families to cooperate on earth.

Second, just as mothers conceive new lives, give birth, and raise them well, since this past May, we have been working on ‘Increasing new membership’ so that all blessed families can create a list of people from the Cain realm who they want to evangelize, and we are working to connect them to the church bless them so they can be reborn. In particular, during the 40-day special activity period, we will introduce the contents of the 10th anniversary of True Father’s Cosmic Seonghwa to the people who we want to evangelize, connect them to the church through the Peace Festival and Pyeonghwa Nuri, and take them to Bonhyangwon, where True Father is.

Third, by visiting inactive families and inactive 2nd and 3rd generations of the Abel realm, we will awaken husbands, wives, and children who have been distant to meet True Father and comfort True Mother by restoring them. To lay the stepping stone for love, we are investing in the field, touring each church, and holding Hyojeong gatherings so members can communicate, become one, overcome difficulties, and help everyone become victorious.

Fourth, we want to raise future leaders during this period; we will hold various workshops and programs such as Divine Principle lectures, True Parents’ life course, and dream camp, to establish their identity as blessed children and be reborn as true children who fulfill the way of filial piety to Heavenly Parent and True Parents. 

Heavenly Korea: Subregion 4, Heavenly Nation of Jeolla

The Jeongseong for the 10th anniversary of True Father’s Holy Ascension by FFWPU Heavenly Korea Subregion 4 started with a 13-day online Divine Principle workshop for Pyeonghwa Aewons. On the substantial foundation of over 7,000 participants, 1000 selected couples were offered to Heaven as blessed families through the Peace Blessing Ceremonies held in all 42 churches. These people could connect thanks to activities from the seven different pillars of UPF.

For substantial settlement, a 2-night and 3-day workshop was held from July 1 to 3 at the Cheonghae Training Center, where we can feel true Parents’ embrace. There were over 100 participants, and they went through the process of being reborn as true families.

The special 40-day period of activities started on this foundation of substantial jeongseong for the 10th anniversary of the Holy Ascension.

During this period, the 42 churches in Subregion 4 will visit inactive members to bring them back. Together with all who have connected with True Parents, we will meet our beloved Father on the 10th anniversary of the Holy Ascension.

We will make this a 40-day time to think again about the True Parents of Heaven, Earth, and Humankind, taking part in the golden age of providence with True Mother, the Only Begotten Daughter, and giving her hope for the establishment of Cheon Il Guk.

True Parents of Heaven, Earth, and Humankind! Thank you. We love you!

★ Remarks by Lee Sang-jae, co-president of Heavenly Korea

In commemoration of the 10th anniversary of True Father’s Holy Ascension, all the churches in the Heavenly Nation of Jeolla started the 40-day jeongseong under the theme “Let’s Meet Father” and held a launch worship service to resolve to fulfill their responsibility. True Parents gave us the precious words, “Always take good care of others.” and “Before you desire to have dominion over the universe, you must first gain dominion over yourself.” When we follow True Parents’ words and become examples to the world, our neighbors, tribes, community, and nation will support, trust and follow us. Through this, the mind and body can become one, husband and wife can become one, and we wish to establish a ‘church where families are happy and Heavenly Nation of Jeolla where families are happy.’

Through this special 40-day period of activities commemorating the 10th anniversary of True Father’s Holy Ascension, I hope we will be victorious in love as we reflect on the first motivation, the first heart, and the first love, which guided us on the path of God’s will. I pray that all leaders and members will become one and

sincerely devote themselves to the special “visiting activities” and awaken members who have been distant from the church and inactive second generations so they can return to True Parents. Let us go to the Cheonwon complex together, holding hands, saying ‘Let’s meet our Father,’ let’s meet True Father at the Bonhyangwon, and become filial sons and daughters who can comfort True mother who has gone through many hardships.

★ Remarks from Park Young-bae, Co-president of Heavenly Korea

The Korea-Japan Undersea Tunnel and Peace Road have become the vision of all humanity. To realize True Mother's words given at Busan Church on May 23, 2021, "Park Young-bae! You must educate the top leaders of Korea and Japan, becoming one with Park Jong-pil of Japan Subregion 5. You must know that is the only way for this nation to become one as a Heavenly Unified Korea," we have repeatedly held Korea-Japan leader meetings every week on Friday from 9 pm and strived to educate the nations' top leaders.

I am experiencing daily that that vision becomes a reality if we act with absolute faith in the words of True Mother, the Only Begotten Daughter, and Substantial Holy Spirit. The Family Federation, UPF, YSP, Women's Federation, and Elders group will become one centered on True Mother and, without fail, realize the dream of the True Parents of Heaven, Earth, and Humankind.

The Substantial Holy Spirit has arrived at Busan Port. Heavenly Parent has heard our prayers. Thank you, living Heavenly Parent. We will educate inactive first and second-generation and inactive Peace Ambassadors and Pyeonghwa Aewon first, conveying the true love of True Parents so that the good residents can follow us and attend True Parents.

We thank you for visiting Busan and for your grace in giving us providential words and true motherly love. We earnestly pray for True Mother's health and long life.

★ Heavenly Nation of Gyeongsang 40-day Special Activities

All organizations have made detailed action plans, setting the goals to collaborate in organic relationships. Heavenly Japan

★ **Continental Leader: Sang-il Bang's Speech
On Launching the 40-day Special Preparation Period
(This speech was delivered at the Launching Ceremony of the Leaders of Heavenly Japan's
Sub-region 4 held on July 7, 2022, at the Okayama Family Church)**

We have launched the 40-day course (from July 3 to August 11) for the victory of the 10th Anniversary of True Father's Seonghwa. Our slogan is "Let's go meet True Father!" From True Mother's perspective, she may say, 'go meet True Father,' but for us, I think we could paraphrase it as "Let's go meet True Parents!"

True Mother worries about the 'resting members' who have become distant from the church. Due to Covid-19, it has become common for members to participate in church services online. Even if one manages to join in person, we cannot wipe away the loneliness due to social distance since only twenty members can enter a chapel that can hold a hundred members. Such a situation where ministers could not feel a good response in their church management has lasted for almost two and a half years.

On the other hand, True Mother has held more than two hundred conferences and summits during this period. When we think that True Mother held about 170 speaking tours in Japan throughout her life, her efforts during this Corona period are amazing. While various events have been canceled from fear of the COVID-19 virus, True Mother has held numerous events by thoroughly implementing basic infection prevention measures and making full use of various media, such as the internet, with the mindset to keep moving despite all.

True Mother is praying fervently for all blessed families, church members, and second and third generations to come together under True Father on the 10th anniversary of his Seonghwa.

In Japan, we have carried out a project to visit the members of the second-generation realm. As such, we visit the blessed families and members who have become distant from the church. We can only maintain our spiritual life when we are connected to True Parents. How can we understand True Parents' realm of heart

without attending the church? Please tell them that we are in a historical era where Heavenly Parent and True Parents' dreams will come true, and now we are in a golden age when we can walk this providential path with True Mother.

Leaders are responsible for conveying True Parents' heart, circumstances, and wish to all members. As we go through this 40-day course, we should reflect on our wrongdoings and how we could bring Heavenly Parent's beloved brothers and sisters back to True Parents' arms.

Ten years ago, on July 7, True Parents were in Las Vegas. About a week after they came to the United States at the beginning of July, True Father caught a cold. As his symptom worsened, he stayed longer in the hospital, and True Mother was feeling concerned about True Father's health; True Mother begged him to return to Korea, and they returned to Korea on July 15. True Father must have known that his days were numbered. As soon as they returned to Korea on July 15, they held the Abel Women's UN Inauguration Assembly the next day. True Father nearly collapsed during his speech. He was not like what he used to be. The Abel Women UN was inaugurated with True Father's heart, and soul has an essential role in Heavenly providence.

The Women's Federation for World Peace (WFWP) was inaugurated on April 10, 1992. True Father proclaimed the coming of the women's era, and True Mother took office as the founder of WFWP. On March 27, 1990, two years before this event, True Father proclaimed the complete liberation of all women worldwide and declared True Mother as the second founder; this was on True Parents Day pledge service in New York.

This year marks the 30th anniversary of WFWP. The Abel Women UN was inaugurated on the 21st year of WFWP's inauguration. True Father must have laid the foundations to carry on the providence centering on True Mother through providential numbers.

True Father ascended on September 3, 2012 (July 17 by the heavenly calendar). Approximately 40 days before True Father's seonghwa must have been the most challenging time in True Mother's life. True Mother, who knew True Father better than anyone else, could not do anything but stay by his side. How frustrating must it have been? I believe True Mother organized this 40-day course as she looked back on this period. I cannot help feeling that True Mother is asking us to walk this 40-day course by inheriting True Mother's heart and her desperate wish to do anything for True Father.

True Father went to the spirit world to push the heavenly providence forward and protect us. So please visit many blessed families and members

that True Father loved and listen closely to their hearts, dissatisfaction, and complaints. There is no doubt that True Father is waiting for them to come back to the church.

Every once or twice a week, I send a letter to True Mother about the things I saw and heard. It would be wonderful if I could give reports that could please True Mother, but there are times when I must report the difficulties we face.

As such, all continental leaders of eight regions worldwide make reports to True Mother, and so do national leaders when there are issues under consideration. It is not hard to imagine how busy True Mother must be to read through those reports from around the world and take necessary measures.

True Mother has pinned her hopes on the second and third generations. She wants to educate them at Sun Moon University and UPA and send them out to the world as missionaries. Through this 40-day course, please pray for the second-generation realm and visit those who have not been attending the church.

I look forward to reporting to True Mother on how many second and third-generation members have come to gather at the church due to this preparation period.

One person can change human history.

Human history has become a history of grief because of the Fall of Adam and Eve. God saw a light of hope when a new world began due to Noah, but Ham's wrongdoing brought suffering back into history. Even so, God did not give up. He has guided human history through the victory of central figures in the providence, such as Abraham and Jesus.

Whether our sub-regions, parishes, and churches can achieve victory is up to each of you. The members' way of life will change depending on a single thought of a sub-regional leader, parish leader, church leader, or women's representative. A central figure is a terrifying position.

"History will collapse if the central figure collapses." True Mother is working day and night with such a mindset. According to Wonju Jeong McDevitt, Chief of Staff, True Mother's Secretariat, True Mother does not retire for the evening. Even if she lies down, she cannot get a deep sleep because various thoughts roaming around her mind keep her restless.

Today, we are trying to conclude the history of the providence of restoration that has lasted for 6000 years. Let's meet our True Parents by being successful during this 40-day preparation period and produce the best accomplishment of our lifetime in July; this month opens the second half of this year! We must become completely united with True Parents. 

★ **Sub-region 2, Sister**

The 40-day course has begun with all members and we are working under the slogan “Let’s go meet True Father.”

In her speech on July 3, True Mother repeated the phrase “while True Parents are still on earth.” She also emphasized, “The goal for all religions is to meet True Parents on earth. That is how they can fulfill God’s purpose and dream. Humanity must receive the blessing that gives rebirth. We have such a great weapon.”

“It is embarrassing for blessed families to fail in achieving their responsibilities. I hope you will all stand tall as proud Cheonbo families and Cheon Il Guk citizens.” Receiving True Mother’s words of encouragement, I want to offer my Hyojeong and be the hope and dream of Heavenly Parent and True Parents. Thank you.

★ **Sub-region 4, Church leader**

Ten years have passed since True Father’s Seonghwa; just thinking about this makes me realize how time flies.

In the online Launch held on July 3, Yun Young-ho, Director-General, FFWPU International Headquarters, reported on True Mother’s achievements and explained Vision 2027. I was impressed by the visible achievements of True Mother and her restless effort. At the same time, I reflected on myself and felt sorry for not understanding True Parents’ heart enough.

I thought it would be wonderful to realize the “Peace Road” project and connect it to Japan. I am starting this 40-day preparation period and 60-month course with the determination to achieve victory by becoming one with True Mother’s resolution for Heavenly Will. Thank you.

★ **Sub-region 1, Church staff**

I saw True Father in my dream. Before his Seonghwa, I often saw him in my dreams, but this was the first time after his Seonghwa. He appeared in a broad lily field and told me repeatedly to offer a heavenly gift. I asked him what kind of holy gift should I offer, but I could not get the answer.

On July 3, I attended the Launch of the 40-day Special Preparation Period. I was profoundly moved by Director-general Young-ho Yun’s report on the miraculous providential victory brought by True Mother’s blood, sweat, and tears during the past ten years.

The slogan of this 40-day course is “Let’s go meet True Father.” I strongly felt True Mother’s concern about the great indemnity that the people who failed to fulfill their responsibilities must pay. We need to restore the resting members during this period.

I want to commemorate the 10th anniversary of True Father’s Seonghwa by taking a firm decision to become a purified holy gift and uniting with True Mother to obtain victory over this 40-day course. I hope this nation of Japan can achieve the restoration of 100 million people so that we can attend True Parents and fulfill our responsibilities as True Parents’ children. Thank you. *TP*

★ **Rev. Yong Chung-sik, Regional Group President of Heavenly North America**

Dear Brothers and Sisters, Happy Sunday!
Last night we heard our beloved True Mother's message at the special service to kick off the 40 days of devotion for the 10th Anniversary of True Father's Ascension.

It is hard to believe that it has already been ten years since our beloved True Father ascended to the spirit world. How much do we miss him? I miss him so much. My longing heart longs for True Father all the time.

But how blessed we are that True Mother has guided us through the turmoil of grief, of deep mourning, and then through the soaring to new and great providential heights for the past ten years.

We saw incredible advancement with True Mother on earth and True Father in Heaven, united in mind and heart. True Mother has guided us to further Heavenly Parent's providence with firm conviction, immense love, and boundless grace.

Through True Mother, our Blessed families could be registered into the Cheon Bo Won and finally fulfill their Heavenly Tribal Messiahship mission as True Father had asked of us so many times. We were able to bring top leaders from the political and religious fields and from all walks of life, to pledge their support of the work of the Mother of Peace, our True Mother.

We can see True Mother's determination to bring the Heavenly Unified World to fruition, the firm establish-

ment of Cheon Il Guk, and offer it to Heavenly Parent and True Father. And we cannot help but want to be by True Mother's side and part of this monumental and historical work.

Since Father's Ascension, we have commemorated his Seonghwa Anniversary with Festivals, Blessings, great conferences, and various activities. We know this time of the year is a precious opportunity to celebrate True Father's legacy, honor His life and recommit ourselves to supporting True Mother.

But over the years, the reality is that many of our brothers and sisters have grown distant and apart. Sometimes they just lost connection, not necessarily their heart for True Parents. But some may have more profound pain and need more healing and love to come back.

Listening to True Mother last night, I could feel her desperation. She was strong, healthy, and as radiant as ever. Mother looked beautiful, of course. Her smile and demeanor conveyed how much she trusts and loves us, but she also needs us to deliver substantial results at this time. She is asking us, Blessed families, to fulfill our responsibility.

As you know, we want to bring those results. We launched the New Life Campaign a few months ago, and we've been witnessing new members regularly, with the intention that each member raises three new spiritual children. Naturally, we will continue to do this. We pledge to Heavenly Parent and True Parents that we will bring new members and substantially grow our church.

But during the next 40 days leading to True Father's Seonghwa Anniversary, True Mother asked us to also reach out to all those distant members, those who are inactive. We know that True Parents can never forget any of their children.

Heavenly Parent will never abandon any of His children. We know that our mission is total salvation. It means no one is left behind. With this heart resonating with the heart of our Heavenly parent, let us expand our activities and re-witness to our brothers and sisters, whom we haven't seen for a

while.

We should not only witness new members but resolve to bring back our brothers and sisters. How much will Father be happy to see his beloved children coming back? How painful is True Parents and Heavenly Parent's heart when they see those who have been so faithful and sacrificed so much are lost and wondering this world on their own?

My dear brothers and sisters, we are a large community. Sometimes we may not notice when some of our members stop coming or stop tithing. But during this devotional period, let's focus on actively reaching out to these or even former members. Let us remember all of God's children, all True Parents' lost children, and show them that we care and love them. I am sure that when we see our family members return, we will not want to stop after 40 days but will continue until we achieve total salvation.

As we pray daily, join Morning Devotion daily, and read our Hoon Dok Hae materials daily, we should also make a list of members we know in our area that have not been participating and reach out to them. Invite them for coffee, to dinner, listen to them and love them. And then remind them that God and True Father are waiting for them and that True Mother is eagerly waiting to welcome them back.

Let us do our best to bring joy and delight to our Heavenly Parent and True Parents through absolute unity with True Mother, get back our lost brothers and sisters and then continue to fill our community with new life, new spirit, and many new members. Let's make the 10th Anniversary of True Father's Seonghwa a truly victorious event. With UPF successfully creating a robust environment for witnessing, let us at the Family Federation focus on witnessing to new members as we bring back distant members so that on the day of the Anniversary, we have can have an entire family attending our Heavenly Parent and True Parents.

Let's resolve to do it!

Thank you very much.

★ **Message by: Dr. Michael Balcomb, Regional Group President of Heavenly Europe**

Good evening, everyone! Some of you may be surprised that True Mother hosted a special Sunday service in Busan and that you were not invited to be there. Usually, our whole European region has the opportunity to watch the live broadcast on PeaceLink TV. But this time, only a few key leaders from Europe were invited. However, the good news is that we recorded the entire program, and I encourage you to watch it as soon as possible.

The theme of the service, True Mother's message, and of the coming 40-day period of devotion is "Let's go meet True Father!" As we all know, in Busan, True Father began his ministry again after surviving the Heungnam prison and escaping to the South as a refugee. With nothing but his absolute determination and faith in God, he wrote the first edition of the Principle, the Wollli Wonbon, and began to witness. Early disciples recall that True Father sat on the Rock of Tears and prayed for the day when the world would come to Korea to learn the ways of peace. A few years later, he moved to Seoul, and in 1960 the Marriage Supper of the Lamb took place, and the long-awaited True Parents appeared on earth.

Busan holds a very special memory for me too. It is a beautiful new facility built on the site of the former church. Five years ago, while leading the American church and just before being assigned to Europe, I was

invited, along with other leaders, to join True Mother in reopening the Busan Church. At that time, True Mother spoke passionately of her determination to fulfill Father's global vision when he began his ministry and to see the world coming to Korea to meet True Parents and Heavenly Parent.

She hasn't forgotten that pledge. During her speech last Sunday, she said how excited she was that the Cheon Won Gung, the holy temple of God, will open next May and be a place where everyone can meet Heavenly Parent and learn about the life of True Parents.

We are thrilled to see that all of the leaders that True Mother has invested in over the past few years are still moving forward with the providence. If you watch the full 3½-hour video of Sunday's event, you will also hear Dr. Yun Young-ho report about some recent developments in Africa. One interesting point noted by Dr. Yun is that one of the Sunhak Peace Prize winners is now the president of the African Union, and another Sunhak Peace Prize winner is the president of ASEAN [Association of Southeast Asian Nations]. So, blessings are coming to people who follow True Parents! That is something we always want to keep in mind.

I want to give us some homework for this week. We have prepared a 21-minute video so that you can study True Mother's speech for yourself. We

also will watch it together at the end of this service since today is exactly 40 days before the 10th Anniversary of True Father's Holy Ascension. There's also a transcript available to read and study in more depth.

During the coming 40 days, we will be looking at some of the most important speeches by True Parents about the coming of Cheon Il Guk, God's Kingdom on Earth. This week, it is True Mother's kick-off speech. Next week, it will be True Father's last words and guidance to us from 2012. Let's take time together, over these 40 days, to look deeper into True Parents' words.

As well as study and prayer, we need action. I want to remind you that every region, nation, community, and family should make a clear plan of how you will celebrate Father's Seonghwa anniversary. It should be a public celebration to which friends, family, members of other faiths, city mayors, and others can come. Over the next 40 days, we have to use our creativity to think about how we will mark this important anniversary. Of course, internally, we will do it with our devotion and prayer. But every family and community needs to think about it. Keep that in your mind.

So let's all start these 40 days by watching True Mother's special message together.

God bless you all!

★ **Message by: Rev. Demian Dunkley, Regional Group President of Heavenly Asia-Pacific 1**

Hello dear members, today is a remarkable day, and I want to share a special message with you. True Mother has said many times that we are living in the golden era. If we unite with True Mother, miracles will happen. I believe many of you have witnessed such miracles.

So unity with True Mother is our first concern. On that note, she has just given us a mission starting today, July 3rd. True Mother has initiated a 40-day special condition, a devotional condition, both of prayer and substance, with practical applications. The theme of this special 40-day period is “Let’s Meet True Father.” And we will endeavor to do our best in this 40- day leading up to the special 10th anniversary of True Father’s Holy Ascension, which will be celebrated in Korea, with the entire world invited to participate.

At our regional Relaunch leadership workshop in Thailand, where 120 leaders participated both in person and online, we worked to simplify our strategies for the next six months. We stated that the central focus of this six-month approach is internal church growth. Church growth is not only about witnessing to new members but also about witnessing to each other first.

I’ve asked every national and center leader across the region to focus on just one or two key areas beginning with church growth: Finding out how they are doing and how are our blessed families doing. How are our second-generation blessed children doing? How are our new and old members, the members we see weekly, and the members that we haven’t seen, perhaps in several months? How are they all doing? I believe this is the core of what True Mother is asking us to do for the next 40-days.

I know that every family, community, and national problem is different. So I’ve asked all leaders to pay

attention to the unique circumstances of each area. Nation by nation, and center by center, they have set specific goals for the next six months, with a concentrated acceleration over the next 40 days. Our strategies and plans will help us, but fundamentally this is about our relationship with Heavenly Parent, True Parents, and one another. That is where we will find the energy to bring great victories.

This condition includes not only prayer but action. Based on your situation, I believe God will guide you, your family, and your brothers and sisters on exactly how to realize what True Mother's asking you to do in your area. No matter the circumstances, let us all fully and efficiently participate in this special 40-day.

For example, there may be members that you haven't seen in a while. Pray about them and reach out to them. Spend time together, and invite them maybe for PeaceNet or Sunday service. Or this could be an opportunity to bring your Ambassadors for Peace or VIPs closer to our core activities. It is essential to care for our blessed children. We can spend quality time with them, reach out to them, and ask them what they need and how they would like to participate and contribute to the Heavenly Parent's Holy Community in their area. Some of us have the opportunity to reach out to HTM-blessed families, while others can be mobilized to witness young people at universities and schools. Heavenly Parent has a unique plan for each area, and I'm hoping that every member of Asia Pacific One can participate in this special 40-day period of devotion.

We're getting ready to meet True Father. This isn't just about August. It is also a culture we want to ignite for the next six months for the next 60 months leading up to 2027. I believe God will guide each of us directly.

Until now, many of us have understood the 6,000-year course of human history from the perspective of the divine principle that we were taught. But as True Father prophesied, more details would need to be revealed in the future. True Mother is teaching us a deeper essence that we perhaps weren't ready to understand before. The true significance and meaning of who True Mother is as the only begotten daughter is fundamental to understanding human history and our responsibility in it. Through that understanding, we can understand more deeply who True Father is and who True Parents are. They're not separate. They are completely one with God, and this is amazing. When you think about Mother's theme, "Let's Meet True Father," this isn't just meeting the True Father that we already knew in some sense; otherwise, the theme could be, "Let's See True Father." This theme, in some way, seems to indicate we are meeting him for the first time; that's exciting. It also means we must renew ourselves during this period of 40-days.

So today, we begin anew. And somehow, quite miraculously, the Jeongseong that True Mother is asking us to offer is exactly what we have been planning to do since the Relaunch workshop. Thanks to her great blessing and acceleration power, we are going forward!

We are going to be witnessing new members. You can invite people to PeaceNet. You can invite people to Sunday service and other events. By the conclusion of these 40 days of devotion, we should be asking all of these people, members, second generation, and guests alike, to join us and participate in these special events surrounding the 10th anniversary of True Father's Holy Ascension with True Mother in Korea online. And we will be holding two-day and five-day workshops.

True Mother is not only focusing on remembering True Father and all of the great works of our True Parents over the last 60 years but moving forward into the new era to 2027 and beyond.

So dear members, brothers, sisters, young and old, first and second generations, those of you who are single, those who are blessed, all of you equally, please participate. Ask one another, ask your parents, and ask your leader how you can contribute. And commit to the next 40 days to completely revolutionize the culture in Asia Pacific One, not only to be internally aligned and united with True Mother but externally, wholly, and substantially aligned with our True Mother. We will see miracles will occur.

Discuss with your family, your center members, and your brothers and sisters. Make a plan and follow through with that plan, and report what you see. I'm very much looking forward to hearing your testimonies, and I know that True Mother is also looking forward to hearing them.

The Heavenly Parent's Holy Community is a community of blossoming results, not just sharing big numbers but sharing genuine and sincere breakthroughs of the heart in our own families, communities, nations, and regions. Let us go forward together with that kind of spirit. Let us build this Heavenly Parent's Holy Community together and bring substantial results from the heart over the next 40 days.

Brothers and sisters, I'm excited about this significant new era, where Mother is guiding us directly. With or without me, it doesn't matter. God will guide you if you unite with True Mother. Please believe me. Let us work together as one and overcome all challenges together. It might not be easy, but it will be joyful if we do it together. I promise you it will be satisfying.

We love you - so much love from my family to you and your families and your loved ones and friends. Let us have an amazing condition and prepare to bring the most incredible, tearful, and breakthrough testimonies for our True Mother as we prepare to meet True Father this August.

Aju! God bless you. Thank you so much.

Dear brothers and sisters, you have already received an explanation about 40 days condition, but please remember that the essence of this condition is for the 10th anniversary of True Father's Seonghwa. According to the Divine Principle, the number 10 is the completion and, simultaneously, the beginning of the higher starting point. True Mother succeeded and developed everything in the providence to a higher level because she could accomplish her promise to True Father. The essence of this 40 days condition is to fulfill, confirm and secure the unity and victory of True Parents during the ten years. For True Parents, it is continuous progress and development; that is why True Mother proclaimed Foundation Day.

During the Seonghwa Ceremony of True Father, no heads of state, no President, not even a Former President attended the ceremony, but please look at the current situation; this is the victory of True Mother for True Father. That is True Mother's victory. On our end, we need to cultivate our efforts. During the covid pandemic period, we lost many members. We can bring them back during this 40 days condition. I don't believe they just left because of the Covid situation. They left because of the absence of a physical relationship. Physical relationship means meeting our members, sharing our experiences, and letting them know what is happening now, especially the recent achievements of True Mother. We all know that it isn't easy to maintain the standard. So, we need to visit them.

I want to appeal to UPF and other organizations; please visit your VIPs, Ambassador for Peace, and other members who participated in your past activities. It's an excellent opportunity to bring them back. Church Leaders and Cheonbo Families, please visit your church members and HTM members. I hope that you can

explain to them the current providence. In many cases, even active members don't know much about the current providence. So, there is a need for you to understand what is happening now. Please try to learn about the current providence.

It's not only in the Philippines but also in many places - many church members just sit during public meetings and spiritual gatherings. They just want to receive some spiritual energy. They eventually receive and feel happy. However, after just one week in everyday life, they feel drained and exhausted. They run out of fuel and want to recharge energy by receiving Heavenly Love, so they return. It is like a cycle. We cannot make a significant change or a big difference in such a state. We need to survive and be victorious at something.

In the context of witnessing, what is a victory? When we create some good relationships with others and send Heavenly messages - that's victory. When someone is sharing during these meetings or events, you should take notes, even if it's short. Then, when you meet somebody, you can tell them your impression and invite them. Through this, you can receive energy. Please bring a new member or ex-member to our physical meetings - that's very important. After the covid, no need to worry. But if you do, please wear a mask and wash your hand - that's enough.

Now is a new era. This time is truly a wonderful time because Presidents, Prime Ministers, and Congressmen are now testifying. They admire True Mother, and they officially express that in public. Please visit 2nd gen, 1st gen, call your friends or ex-members and invite them not to the Unification Movement or Unification Church but to the Family Federation and Heavenly Parent's Holy Community. We need to help each other, especially in making a strategy to invite more people.

I know many ex-members who are very wounded spiritually, also 2nd gens that were hurt by some of our traditions. It's very ironic, but the church leader is treated almost like an enemy. The church is like hell for them. Also, many 2nd gens have resentment because they didn't get any love from their parents. So, we need to solve their issues. Their feeling of not wanting to return to the Unification Movement is familiar. But our proposal is centering on True Mother.

This is where we enter a new level, and we try to build a new church and a new culture. We should now try to care for and cure more people because national restoration means we should care for millions of people in the Philippines and 432 million in Asia Pacific 2. In this 40 days condition, we need to offer some special donations, which is a minimum requirement. More than that, please invite many ex-members and those not so active 2nd gens and VIPs and bring them back to the Unification Movement and the Family Federation and Heavenly Parent's Holy Community. And then let us prepare for the 10th anniversary of True Father's Seonghwa Anniversary. It will make the 10th year of Seonghwa real, unlike any other. We should report to True Father more success by bringing a lot of members. This is our dedication - our gift to True Parents. It will be a great hope for the future.

During this 40 days condition, we need to rebuild our power of connection. It is a time of rebuilding our physical and spiritual relationship with Heaven. 2nd gens are already physically and spiritually connected to Heavenly Parent. Still, their path is like a road destroyed by some avalanche and accident; now, we need to fix that road again. Some VIPs and ex-member experienced the same situation. We need to rebuild the road and the bridge; if there are no spaces, we will dig a tunnel. That is the heart of True Mother. As the people on the Abel side, we should invest first to build and fix the road again. So please reach out to many members and bring them back and prepare for the 10th anniversary of True Father's Seonghwa. Let this be our Hyojeong offering, okay? Thank you very much!

On July 5, 2022, FFWPU Heavenly Central America members launched the 40-day Special Preparation Period for the Success of the Seonghwa Festival, Marking the 10th Anniversary of True Father's Holy Ascension through the online dawn worship.

It has already been ten years since True Father's Holy Ascension. On July 3, the 40-day Special Preparation Period for the 10th Anniversary of True Father's Holy Ascension was launched in the Busan region in Korea with the determination to achieve the victory of Vision 2027. It was held as a worldwide launching ceremony through a bi-directional internet broadcast with more than 300 leaders worldwide. Due to the time difference, we have this ceremony a day later in Heavenly Central America.

Until his last moment, True Father fought for the liberation of Heavenly Parent, restoration of humanity, and establishment of a peaceful world by praying, "May the homeland dawn! We pray with a life-or-death resolution and determination to move ahead without interruption."

The Beomnaegol Church in Busan, the first Unification Church, was just a two-squared-size church made of mud. When he built the Beomnaegol mud house, True Father did not use tools such as a shovel or hoe but only his hands. It was because Korea was at war, and the early Unification Church was very poor. The mud house collapsed two times while building, and on the third trial, it was finally completed.

This mud house was where True Father wrote the Original Divine Principle on May 10, 1951. The Original Divine Principle was the first text of the Divine Principle before the publication of the Exposition of the Divine Principle we know today. On May 10, 1952, True Father completed the Original Divine Principle. It took only several months for more than 12 people to be evangelized, and the teachings of the Divine Principle became a flame that spread across the land of Korea. Today, the teachings of Heavenly Parent have spread to more than 190 nations worldwide.

True Parents' sweat and tears are bearing fruits. Several years have passed since True Mother told the blessed families to achieve God's Will through spirit and truth by claiming back our pioneer spirit of the early day church.

As we mark the 10th Anniversary of True Father's Holy Ascension, True Mother, determined to fulfill True Father's Will, has carried out God's providence with a desperate heart of having to find a needle in a vast desert amid a sandstorm. We must offer our endless heart of gratitude and consolation to our True Mother for achieving victory through the 7-year Cosmic Canaan Course. She was lonely and in pain yet, knowing she was the only one who could do it, she strove.

True Mother emphasizes that we must realize a Heavenly Unified World through a Heavenly Unified Korea. This is her message to establish a Heavenly Unified Korea through the reunification of North and South Korea by attending Heavenly Parent while True Parents are still on earth. Internally, she wants all blessed families to become children of Hyojeong (filial piety) who will establish a heavenly tradition by becoming Cheonbo families through their mission of the heavenly tribal messiah. Moreover, she named the Peace Road connecting South and North Korea, starting from Busan Geoje Island, passing through the Cheonwon Complex, and connecting directly to the DMZ, the "Heavenly Peace Highway."

In the era of the settlement of Cheon Il Guk, blessed families must become Heavenly Parent's true children who can lead a life of eternal Kingdom of God on earth and in heaven. Furthermore, it is blessed families' inevitable course and responsibility to become Cheonbo families, the perfected citizens of Cheon Il Guk.

True Parents have walked the path of true love to liberate God, save humankind, and establish Cheon Il Guk. Since we are the Temple of God where the Spirit of God lives (1 Cor 3:16), our family should be a substantialized heaven where God dwells. Our neighbors and society are a community that God should operate; we must become qualified Cheonbo families by becoming individuals and establishing a family, neighbors, and society that attends Heavenly Parent.

I believe all blessed families hope to take part in the Cheon Bo Entry Blessing by being registered in the Cheon Bo Won as heavenly tribal messiahs. This goal, however, cannot be achieved on its own. We can become successful Cheon Bo families through our mission as heavenly tribal messiahs only when we resolve with True Parents' hearts to save humanity

through true love.

The teachings of the Divine Principle started in Beomnaegol and are spreading worldwide; our mission is to teach the Divine Principle and inform every citizen of the Heavenly Continent of Central America and the Caribbean about our True Parents.

Through this 40-day Special Preparation Period, we must all move with sincere devotion by inheriting True Parents' heart of true love, longing to save humanity, and the pioneer spirit of the early-day church. I hope you will become victorious blessed families who will fulfill your mission of the heavenly tribal messiah and Cheon Bo families by becoming completely united with True Mother.

Beloved members of FFWPU Heavenly South America, the 10th Anniversary of True Father's Holy Ascension is approaching. How do you think True Mother feels about this day? How do you feel?

When we stand before True Mother, who has worked day and night to complete True Father's unfinished works, we cannot raise our heads out of guilt for not being able to prepare a foundation to attend True Parents in a more glorious environment.

Since she knows our circumstances, True Mother gave us these 40 days of amnesty to sort out ourselves and our surroundings.

This way, we can start anew with a fresh and clear mind and body on August 14 as we mark the 10th Anniversary of True Father's Holy Ascension.

As the true children of True Parents, we must stand in front of True Father and True Mother with a crystal-clear heart without any shadows.

Just because a member has become distanced from the church or a VIP has become alienated from the providential organization does not mean they have forgotten True Parents. Their love for True Parents has been covered with the shadows in their hearts.

Let us clean up their shadows and become a bridge so they can return to True Parents with a heart of liberation and freedom.

Furthermore, if any of you here are holding on to shadows in your hearts, please offer sincere devotion to eliminating them during this special preparation period.

I hope everyone who has ever been connected to True Parents could participate in the Seonghwa Festival with a longing heart to meet True Father.

If we can do that, Heavenly South America can acquire the driving force for rapid progress thanks to the great grace of the 10th Anniversary of True Father's Holy Ascension.

I pray for the victory of all members of FFWPU Heavenly South America. May your family be filled with True Parents' blessing and love. Thank you.

Dear CIG leaders, blessed families, and Heavenly Parent Holy Community members, good evening! Welcome and thank you for your participation in this significant event through which we come to launch the 40 days activity for the preparation to meet True Father. Thank you to Heavenly Parent and True Parents for this opportunity given to us.

As we will all be very soon commemorating the 10th anniversary of the Holy Ascension of True Father together with our True Mother, we need to prepare ourselves internally for this event. That's where these 40 days of devotion come into place.

As you know, we recently had a leaders' assembly in Senegal through which we received the instruction of our True Mother, thanks to Dr. Yun during his tour in Africa. And the message of True Mother was very clear. True Mother wishes to see Shin Africa stand as the model by now, leading the world to the vision of 2027. For this, Dr. Yun gave clear orientations on how we should work during the 60 months towards 2027, and I would like to seize the opportunity to share with you the strategy based on the orientations given.

The 60 months have been split into three stages of 20 months. During the first 20 months, we will focus on

data collection. As emphasized by Dr. Yun, we need a transparent database to observe the church's growth and development. How many members do we have? How many among them are regular members or not? And for the peace associate, we need to have them registered in our database. Then we will see how much is progressing in reaching 1/3 of Shin Africa's population, especially the central Sub-region.

The second 20 months will focus on witnessing and educating our contact to become Cheonbo couples. Here for a massive witnessing strategy, we will plan to focus on religious leaders and their different associations. Once we witness them, the goal is to have them become at first advocators of the truth to their members and gradually become Cheonbo couples.

For the 3rd set of 20 months remaining, we plan to work with all the religious leaders that we have groomed so far to create a spiritual counsel on the regional level that can be accepted as part of the African Union (AU). This will be the channel through which we wish to influence the decision of AU and come up with even a holy day commemorating the Blessing in Africa each year.

Here is the plan that we have. Therefore, I would like to emphasize again on the database collection. All the present leaders should understand that's the very first important step for us to grow correctly and present a transparent and honest result of the development of reaching 1/3 of the population. Then come witnessing! We all need to witness. Now that we are launching this period of 40 days of devotion, let's not stay sitting without acting. This is when we need to be active and witness people. We know even blessed members who are today not active. We need to bring all those people back, and together we will commemorate True Father's holy ascension anniversary. This will bring awareness about True Parents.

To conclude, I would like to share some pictures of True Father Seonghwa to the BonhyangWon. The BonhyangWon is what we call the place where True Father's body has been buried. True Mother gave constant devotion after the Holy Ascension and went through the same course she went with True Father in the Swiss Alps and climbed all the 12 mountains she climbed together with True Father at the time. All this was the devotion offered to prepare all the victories at the beginning of 2020 up to this date. Therefore, we can see that True Father is working together with True Mother and that they are united. Let's remember the foundation led by the leadership of True Father and True Mother and ensure we can bring a good offering at the end of these 40 days.

Thank you! 🙏

Seonghwa Ceremony is the solemn occasion throughout Heaven and earth by which our True Father, who has led and guided God's providence of salvation throughout his life, will transition into the spirit world after concluding his life on earth at 1:54 AM on 7.17 in the 3rd year of the heavenly calendar (September 3, 2012).

Sun Myung Moon, the True Parent of Heaven, Earth, and humankind, received God's heavenly call when he was sixteen. From then on, he trained himself to sacrifice his safety and health and even faced death to complete the great work necessary to release God from His bitter sorrow, liberate humanity and create a world of everlasting peace. True Father dedicated his life of ninety-three years to this. Toward the end of his time on earth, True Father declared that he had "accomplished everything" in relation to Heaven's will. This meant that he had successfully concluded, completed, and perfected the work God had given him to do. At 10 AM on 7.29 in the 3rd year of the Heavenly calendar (September 15, 2012), the "Cosmic Seonghwa Ceremony of Sun Myung Moon, the

Until the third anniversary of True Father’s Universal Seonghwa, True Mother offered three years of mourning devotions, creating a trinity with True Father in Heaven, centering on Heavenly Parent. True Mother later stated “The three years of mourning devotions was not my work alone. It was True Mother on the earth and True Father in the spirit world, centering on the Heavenly Parent, creating a trinity.” Through this, the eternal tradition of Hyojeong (the heart of filial piety) was set.

Gapyeong, a place where there are sixteen Korean War monuments and memorials, is the shrine of world peace."

He also declared, "I believe that 'Pyeonghwa-ro' will become the catalyst for the city of Gapyeong to become an international city of peace tourism as a key pillar to the reunification of Korea and world peace."

The newly established Honorary Road 'Pyeonghwa-ro' is a section of 12km from 2546 Hoban-ro, Gapyeong-eup to 168 Hwaaksan-ro, Buk-myeon, which includes eight Korean War monuments and memorials.
