LET US REMEMBER.....

Mary Fleming

Rec'd 11/10/64

Time is growing short. Satan is very active here, and will become ~~more so~~ as the days go by. He is looking for the slightest chink in the armor, both of individual members of the Family and in the Family as a whole. He will use any base given him. He will be sly, cunning and cruel. And we must be wise as serpents in order to counteract him.

We must be firm and strong in our wholehearted love and dedication to our Father. Nothing and no one who seeks to shake that love must be allowed entry., Satan will use the fence-sitters, the indecisive, the indifferent, the complacent, the lazy, the proud and the rebellious to invade the very inner circle of God's beloved ones. **YOU MUST NOT TOLERATE THIS INTRUSION!** Be very cautious about your own actions, that you do not unwittingly make a base for Satan's invasion. You know your weaknesses, Watch them particularly, They will present temptations to you in these days. Be strong, be firm, be dedicated, be intolerant of all that is against the Principle and not of God. **NOW IS THE JUDGMENT!**

Rec'd 10/12/64

Do you really believe you can convince the Master that you truly love our Father, when you have not exhibited love and concern for His children? How do you propose to persuade him that you know the Divine Principles when you do not apply them in the only life over which you have any real control -- your own?

The time is growing short. What do you have to display? A pure heart? A polished conscience? A supreme effort to do that which needed doing? A proper expenditure of yourself for God's work and children? A life lived to the utmost in accordance with God's Principles?. If you are not using, and are not of use, then you are still a child and not ready for marriage.. . . . Let nothing deter you from your goal.

Rec'd 6/12/64

The judgment of personality is a most severe test, God's Kingdom is based on love and harmony, and nothing is allowed to dwell within save those elements. No one is excluded from the Kingdom except those who will not enter, those who refuse to dwell in love and harmony. This is why we have emphasized unity and understanding. One who continually points at others in a critical or contemptuous way cannot be part of the whole by his own actions, There is vast room for individuality, but not for disruptive individuality. Those who are disruptive are not yet ready for the sacrifices required, the relinquishment of their old nature in order to put on the new robe of God. They are still called by their old names, still wearing the soiled cloak of the satanic world. They dwell in self-righteousness instead of the righteousness of God, for the righteousness of God is love, service, beauty, and harmony,. . . guilt, dishonesty, deceit cannot be brought with you. You must be cleansed, renewed, remade in the image of God.

Rec'd 2/2/64

How can you understand God's pain and grief if you do not experience some of what He has endured? Did you hope to enter the New Jerusalem with the shouts of 'Hosannah' ringing in your ears? How can you understand suffering if you never suffer for His sake? How can you appreciate the rejection of God if you do not experience rejection yourself?

Rec'd 7/22/64

Why is it so easy to be overcome by satanic forces? Because you allow it!

Rec'd 6/9/64

So you have problems. Yes, you certainly do! Problems of pride, of jealousy, of self-righteousness, of indecision, and of - of all things - fear! You forget the basic laws, you

mouth humility and act pompous. You forget - or ignore - all our teachings, and proceed on your own way, full of importance and judgment. Very well. You are children. But children of whom? You profess to be children of God. Then act like it! You claim to be His representatives, mature, wise, capable. Then act like it! You say you are working for one Family of Man united under a loving Father. Then act like it!

Prayer Rec'd 8/15/64

You have given us one great mission, Father -- to subjugate evil. To separate ourselves from the darkness forever. Until we do this, we cannot be with You, for You cannot look upon evil. And, Father, We Have Failed! It is we who keep ourselves out of your Kingdom. And it is we who bar the gate so that others may not enter. For we tolerate evil and ignorance in and around ourselves. We allow ourselves to be invaded and used by evil and ignorant forces. We let them into our lives and our homes, let them dominate our thinking, our moods, our actions.

As long as we feel and act so, Father, we can never be with You. We are barred forever from the Tree of Life.

Help us, Father. Help us to be tolerant and patient and understanding with those who are not yet aware of Your new dispensation. But teach us to be intolerant, angry, dynamically opposed to evil and ignorance within our own midst, Father. Let us love what You love with every fiber of our being -- but let us also hate what you hate with all the vigor at our command. Help us not to be weak and vascillating, Father.

Teach us Your anger, Father, Your wrath. Let us not allow darkness as you do not allow darkness. Teach us to follow the path so well-worn and well-marked by those who led the way to You. They did not tolerate the presence of evil. They did not allow Satan the slightest foothold. They were not charitable and kind toward ignorance and unbelief. They did not use lack of knowledge as an excuse for lack of discrimination. They fought, Father, with all their strength!

Rec'd 7/20/64

It is the sun which makes the harvest. As we enter the full light of morning, take care you do not stand in the shade.

News from Tampa, Florida

A report from Rebecca Boyd: We have been terribly busy with witnessing, finding many prospects, especially students. Tom has also been finding mediums everywhere (or they're finding him), who are all upset over what they receive about us. We feel like the whole state of Florida is one big volcano. We both are sure we'll have some good news soon. I often feel that this whole country is about to burst into flames for God -- and so soon! With love in His name, Becky.

News from Germany

Dear Family!

Christel Werner

It's almost impossible to believe, that we left Sacramento seven months ago. How time flies, and yet so much has happened in those last months. What a change it was to get used to living over here again, People have changed so much since we went abroad, they are just so narrow-minded and selfish and are always trying to get ahead of their neighbor, even if it means cutting their neighbor short. You very seldom find the warm, friendly atmosphere Germany was known for. What a job to bring all of these people into the Kingdom!

How wonderful it was to see all those pictures in the last Newsletter of our growing Family. We all wished that we could have been there with you, as we did last year for Children's Day. We miss you all very much and some day we'll meet again. We had our celebration at the Center in Frankfurt and what a joyous occasion it was, since it wasn't only Children's Day but our Miss Kim's wedding day as well. It was quite a crowd there, I believe 16 altogether, compared to just two last year (Ursulla and Peter). Everybody was just so happy.

Here in Wiesbaden things are moving rather slowly. Paul is concentrating much time and energy on one fine young man. We hope and pray that he will pull through. Wiesbaden is a city somewhat like Sacramento. There are quite a few churches but with small congregations, so if one person is contacted, pretty soon everybody knows about it, including the min-

ister. So consequently Paul was thrown out of at least three churches. What a great responsibility those ministers have.

My thoughts and prayers are with you. With all my love in our Father's name, Christel.

Dear Family,

Philip Burley

Going strong and feel anxiety of the "times". The two new additions - Marty and Johnnie are doing fine and ask constantly about all of you. Marty is originally from Fresno, and Johnnie from Louisiana. The Correspondence Course is tremendous. I have been using the amplification section for increased teaching. Truly it is a wonderful piece of Father's work.

We think about you daily in your work for God and do so much long to see all of you soon. (P. S. - Principles on radio - Wow! Thank you, Father!) Much love in His Name, Philip.

News from Cleveland, Ohio

Dear Family,

Pauline Phillips

We have really been busy. Last night a young man was led here to us by the spirit world. I had met him a few months ago and told him about the Principle. Last night, he said something told him to come here. He came and we told him about our Leader being Christ. When he left, his head was in a spin, but I feel he will come back to hear more. Leonard has been a God-send here in Cleveland and is growing very fast.

When we received the last Newsletter, I started to cry and just could not stop. I felt so much love for all our Family and wanted to be with you. We now have a new address: 1286 West 115th Street, Cleveland, Ohio, 44102. May our Father pour out His love on all of you. In the love of our Master, Pauline & Leonard.

A Testimony from Los Angeles

Norma de Aryan

My parents grew up in the Apostolic Church in Holland. When they came to the United States, they began to study from the many and various metaphysical teachings here in Los Angeles. I grew up in this background, going to some of the meetings they went to and reading some of the books they read. My parents were proud of my interest and understanding in these teachings. They thought I was very good, too. I was made to feel very saintlike. However, I was less than truly saintly - when I met a man who was to become my husband, the still small voice of God within me told me I should not become involved with him, but that there was a better way for me. The power of my interest in him, overpowered the effect of this and I chose to go with him, much to my great regret later and tremendous detriment. An astrologer also told me that the marriage could not be a happy one and not beneficial spiritually. Also, the religion I was in at the time taught that people should marry after age 28. I went against all these good warnings, so my suffering was proportionate. When warnings are given and unheeded, the punishment is great.

So, after ten years, the marriage ended disastrously and almost cost my life. I began reading the Bible again, taking up where I left off some years ago - in the middle. My brother-in-law took me to his Pentecostal church and I started going to metaphysical meetings again* I was developing spiritually, but weakening more and more physically -- until last October I thought I might soon die unless something definite took place, I went on a twelve day grape cure and a two day fast. At this time, Teddy Verheyen was presenting me with the Divine Principles. Then one evening, after thinking about it for over two weeks, I went to a meeting with Teddy. In a clairvoyant reading, I was told I should accept the teaching that was presented to me two and a half weeks before that time and partake of the feast spread out before me, and that this deadly ailment would leave me.

I did accept it and have been truly happy since, though some of the trials have been tremendous -- As you all know, the path does not become easier, but harder. There is much more to this story, but I will save it for the future. Praise and glory to God, Norma.

A Testimony from Cleveland

Dear Family,

Bea Joines

Words seem so inadequate at this time. It is 1:00 am and my husband and three and one half month old daughter are sound asleep. I'm sitting at this moment trying not to let Satan stop me from finally writing this letter. He has succeeded so many times with me. I have only recently become aware of Satan's presence everywhere.

I met Pauline Phillips and Leonard Edwards in a strange way. Leonard accepted a job at the employment agency where I worked. One day I asked him why he had come to Cleveland from Los Angeles. He said that he was some sort of missionary. This intrigued me right away, because I had always been interested in "way-out things". In college, I was always interested in new groups - people who had something different to say. I was an agnostic for some time. I guess, believing in a God, but always against the hypocrisy of organized religion. I used to be Roman Catholic until I was old enough to see how absurd some of their teachings were.

Leonard told me right off that Christ was here on earth. I wasn't shocked, but asked him to explain what he meant by such a fantastic statement. My girlfriend Gloria from the other office, came to lunch with Leonard and me that day. Since then, Leonard and I have been fired, but two other people in the office became seriously interested in Principle. In my heart, I know this is right and true. I haven't come to a full realization yet. I hope God gives me the strength to see it. I will try to fight Satan with everything I have.
