DONE acts as a platform for our youth to have exposure of down-to-earth tuition in aspects of building their relationship to God and furthering their understanding of the Unification faith. It gives them a chance to make their spiritual knowledge more profound as well as to learn mediating skills in many areas of life.

DONE aims to provide participants the opportunity to strengthen their confidence so that they can not only believe in making a positive difference in this world but they can literally develop new positive environments wherever they go and whatever they do.
