February 12, 2017

On the midnight of 8th February 2017, members of the FFWPU Ghana gathered at the church premises to join the live broadcast of the foundation day celebrations in Korea.

The occasion was led by the national leader of Ghana, Rev. Anthony Arthur. Members present at the occasion were twenty one in number. They all follow the life event with the enthusiasm that compelled most to think they were at the occasion in Korea.

On Sunday 12th February 2017, the national leader briefly talked about the foundation day celebration to members who could not attend the midnight program. Members present during the Sunday service program had the opportunity to watch a summary of the event through the weekly update. A group picture was then taken with all members present.
