September 7, 2022

Dear all,

This Saturday Clifton Family Church will be hosting a Membership Care Training (which we're calling 'Dare to Care' haha). As per Dr. Yong and President Naokimi's recommendation, this has been opened to every leader within the Subregion although we only have enough space for 120 people. You're all invited to attend, but please do register if you're planning on being there. You can register through [this link](#).

This workshop is a training to help guide members in caring for other members. Mother's vision for 2027 is for 1/3 of the world to come to know about our True Parents. To expand Heavenly Parents' sovereignty it's important for us to know how to care for one another. So this training is there to support each of our community members as we individually work towards witnessing to our friends, family, or reaching out to members who haven't been so engaged with our community in recent times.,

The components of this workshop are listed below

- Vision and direction of our movement by President Naokimi Ushiroda
- Heart of caring for Members by Dr. Chung Sik Yong
- Breakthroughs in member care testimonies
- Reflection and Discussion
- Detailed membership track for Family Federation by President Naokimi Ushiroda
- Q and A with Dr. Yong and President Naokimi
- Practical Presentations on Effective Communication, Creating a schedule you can live with, and Maintaining your life as a spiritual leader.
