Dear Brothers and Sisters,

Following is an important announcement about the International Blessed Children's School in Korea (GOP Program). Please study it with your families.

Sincerely,

Dr. Michael Balcomb
President

The International Blessed Children's School in Korea (GOP Program)

This is from the Institute of Korean Studies for Foreign Students, the International Blessed Children's School in Korea. We, the Institute of Korean Studies for Foreign (2nd generation) Students (of which the General Orientation Program, "GOP", is the first year) and the World Student Garden (dorm), are receiving applications for the 2014-2015 GOP year. This is where your children will not only have the opportunity to learn the Korean language, but also have exposure to, and be surrounded by, an environment that strives to uphold the original standard our True Parents set for this program when it was inaugurated in 1982.

We want to be a boarding school that can:

- help the 2nd generation take ownership over their faith;
- help the 2nd generation inherit God's Culture;
- broaden and deepen their understanding of God's Will and Heart at this time;
- help 2nd generation aspire to become people who can guide and care for others;
- help the 2nd generation learn the Korean language as early in life as possible.

We wish you a successful year and offer thanks for your support of the second generation education program. We are writing to inform you that the new GOP students' entrance program is expected to commence on the first week of September, 2014. Please review the following information and provide us with feedback.
