Dear Families

Greetings from Korea; where we will observe the second Seonghwa anniversary of our beloved True Father in just 11 hours' time.

Our American dance team, including GPA have worked so hard to be ready for the big day. I just heard they will be performing right near the beginning, so please tune in early tomorrow... they might be on even before the official 9 am Korean time start!

Please also send a few encouraging words to True Mother after her speech, if you feel so moved. Please send to Khoonkim@hotmail.com and president@unification.org

Stay posted!
