## **FFWPU USA Statement on Hyung Jin Nim's Recent Sermons**

Ki Hoon Kim, Michael Balcomb and Michael Jenkins  
February 11, 2015

Dear Brothers and Sisters,

We write today about a serious matter related to Hyung Jin Nim's recent sermons delivered at the Sanctuary Church in Pennsylvania, which unfortunately convey many points that directly challenge True Mother's leadership.

For example, in his sermon of February 8th, delivered to a few but then made available to all on the internet, Hyung Jin Nim announced the dismissal and removal of all current leaders of the Unification Movement, and asked that members elect replacements. He went on to declare that the publication of the Heavenly Scriptures, and many other points of guidance given by True Mother since True Father's Seonghwa were "heretical," and he claimed that he alone has the authority on these and other matters.

We are confident in True Father's proclamation that first and foremost True Parents are one, and are the eternal subject and central figure of God's providence on earth. We choose to unite with True Mother and to work with whomever she appoints. All appointments by True Parents, including Hyung Jin Nim's, are conditional in that they require the fulfillment of a portion of human responsibility in unity with True Parents. If that responsibility is not fulfilled, then inheritance and blessing cannot come. We humbly confess that we frequently fall short of True Parents' expectations.

True Mother is decisive, firm and entirely vertical. While she confers and consults with a variety of leaders, she guides and leads our movement centered entirely on our Heavenly Parent, True Parents and the Principle. She is consistently urging us to focus only on those ministries and activities which promise growth and development of our movement, especially through evangelism and tribal messiahship. She is raising a new generation of leaders who can lead our movement into the future, and investing greatly in the education of all our youth.

We, as Blessed Central Families, have faced many challenges since the ascension of True Father. Members of True Parents' own family face the most challenging course. At the same time, we each have our own portion of responsibility. We sincerely urge Blessed Central Families to remain steadfast in our attendance to True Parents. True Mother is right here with us on earth. Uniting with her is the key to receiving God's grace and blessing on our families, our movement, America and the world.

As we move towards the 2nd Anniversary of Foundation Day, let us all renew our commitment to the love, guidance and authority of our True Parents.

Sincerely,

Dr. Ki Hoon Kim
