

National Ministry Team Monthly Meeting for May 2016

Michael Balcomb
May 11, 2016

On May 11, the National Ministry Team met for their most recent monthly meeting. A mixed air of excitement and determination filled the room in light of the upcoming God Bless America Family Festival. The sense that we are approaching a significant turning point in God's Providence in America grew with each presentation given by representatives from Family Federation for World Peace and Unification (FFWPU) affiliates and by the many Unificationists who are pursuing creative, independent initiatives around the country.

Miilhan Stephens, FFWPU USA Vice President, emceed the event, and following a prayer by Rev. Zagery Oliver, Crescentia DeGoede, Director of the Blessing and Family Ministry, read an excerpt from, "America is God's Hope," the original speech delivered by True Father at the Yankee Stadium Rally on June 1, 1976.

Crescentia DeGoede reads an excerpt from True Father's speech, "America is God's Hope"

The American forefathers fled from religious persecution in Europe, came to the new world, and in the spirit of building “One Nation Under God” they brought about a new nation here in America which is now at the threshold of her third century. In a similar way today, people are fleeing from the communist world of slavery to the free world. Many were persecuted for their religious beliefs and ideological differences. The time has come to unite them to build a new world centered upon God. United, the free world must liberate the enslaved communist world. This time our task is to build “One World Under God.”

Dr. Ki Hoon Kim, FFWPU North America Continental Chairman, began his remarks by wishing a very Happy Mothers’ Day to all and especially to True Mother. “We are so blessed to celebrate Mothers’ Day when we have our True Mother with us—the mother of humankind and the only begotten Daughter of God.” Dr. Kim explained that the date for the upcoming God Bless America Family Festival was shifted in order to coincide with the 54th Day of All True Things, the 62nd anniversary of the founding of HSA-UWC (according to the Heavenly Calendar), and True Mother’s visit to the United States. Remembering the rainy and stormy weather of the original God’s Hope for America rally at Yankee Stadium, Dr. Kim promised, “Whether it’s raining, stormy, or windy—it doesn’t matter. Rain or sun, we will come together and sing “You are My Sunshine” together. Let’s make this a new, major turning point in America for God and True Parents. America is God’s hope—America must *be* the greatest hope for God.”

Dr. Kim also made an appeal to help Unificationists families who have been affected the recent earthquake in Kumamoto, Japan. You can donate to earthquake relief efforts today.

Dr. Michael Balcomb shares about the upcoming God Bless America Family Festival

Dr. Michael Balcomb, President of FFWPU USA, spoke on the significance this moment in history. He explained that in holding the God Bless America Family Festival, we are not only looking back to one of the great highlights of True Parents’ ministry in America, but looking forward to the turning point of 2020. Dr. Balcomb reflected that 2020 marks the 400th year since the arrival of the pilgrim fathers in America and exhorted us to consider the significance of 400 year periods in God’s Providence in history.

“In one case, 400 years after the preparation of Malachi, Jesus came. 400 years after Jesus, Rome became a Christian empire. But also, after the 400 years of the Judges, the Biblical account records that the word of God was rare and that every person did what was right in their own eyes. When I think about America today, I see some aspect of that: a confusion in values, a confusion in direction. In looking forward to 2020, True Mother is thinking about where we are going, and what will it be like when we get there—400 years of American history is consummated in 2020. I think what happens then really depends on us.”
