Michael Balcomb
December 30, 2019

The 'Hyojeong CheonBo 2-day Special Workshop' takes place every week in the HJ Heaven and Earth CheonBo Training Center according to the words of True Parents, with the ancestor liberation ceremony taking place every week, and the ancestor blessing ceremony taking place every month.

In addition, in accordance to True Parents' words, from December 2018 to February 2020, the grace of being able to complete ancestor liberation and blessing of 430 generations was bestowed. Hence, [detailed guidelines](#) about True Mother's direction stating "after Foundation Day 2020, ancestor liberation and blessing will return to 7 generations at a time" are explained below. We hope this can be of help to many members who will be doing liberation and blessing after Foundation Day.

Time Period of 2-day Workshop:

Saturday 15th February ~ Sunday 16th February 2020

Ancestor Liberation Application:

A. On the 4 lineages (Father's/Mother's/Grand-mother on Father's side/Grand-mother on Mother's side), as long as the full donation has been offered, any number of generations between 1–210 can be liberated.

B. On the respective lineages, after 211 generations, the next set of 7 generations will automatically be liberated on the week that the ancestors are blessed.

* When 204–210 generations are blessed, 211–217 generations will be liberated.

* When 344–350 generations are blessed, 351–357 generations will be liberated.

1) No liberation donation is required (*blessing donation is required)

2) On the week there is no ancestor blessing, (week when there is only ancestor liberation) it is not possible to do this liberation.

3) 1–210 generations' liberation must be completed (there must be no liberation back payments or problems on the ancestor liberation/blessing records)

C. For those that are liberating after 211 generations, it will only be possible to apply for the liberation of ancestors until the specified generation for that month.

- 1) From March to July 2020, it will only be possible to liberate until 357 generations, 1 set of 7 generations at a time.
- 2) From August to December 2020, it will only be possible to liberate until 364 generations, 1 set of 7 generations at a time.
- 3) Example: those that have liberated until 378 generations, when you bless 372–378 generations in November 2021, 379–385 generations will be liberated (additional liberation will not be possible until October 2021)

Ancestor Blessing Application:

- A. After ancestor liberation (complete donation), 100 days must pass for blessing to be possible.
- B. You are only able to apply for the blessing of ancestors that have already been liberated.
- C. If you have liberated until 430 generations by February 2020, and 100 days have passed, it will be possible to register the blessing of ancestors until 430 generations.
 - 1) The calculation for the blessing donation of ancestors until 210 generations is the blessing donation for each set of 7 generations, plus the registration fee (x1)

– 5 sets of 7 generations: (blessing fee (group 1 standard \$70) × 5 sets) + registration fee (\$25) = \$375
 - 2) The calculation for the blessing donation of ancestors after 211 generations is the blessing donation + registration fee for each set of 7 generations

– 5 sets of 7 generations: (blessing fee (group 1 standard \$70) + registration fee (\$25)) × 5 sets = \$475
- D. Those that have liberated until 378 generations, (if 100 days have passed on March 2020)
 - 1) Blessing of ancestors until 378 generations is possible on March 2020
 - 2) 379–385 generations will be liberated
 - 3) However, the blessing of 379–385 generations will only be possible from April 2022 (please refer to the table below)
