Eastern Europe President Jack Corley gave the main message, explaining the role of True Mother in the current providence. Throughout the program, members gave moving testimonies concerning various accomplishments – becoming CheonBo victors, doing Ancestor Liberation and Blessing, witnessing, and distributing True Parents' autobiographies. In addition, there were testimonies from a new member and from a Second Generation graduate of leadership training. Musical performances were given by the Moscow Sunday service choir and by youth in Belarus and Ukraine. The closing prayer was offered by a blessed wife and mother from the Far Eastern Russian city of Vladivostok.

Meeting with the National Presidents

Vasmatics family, Albania

Barseghyan family, Armenia

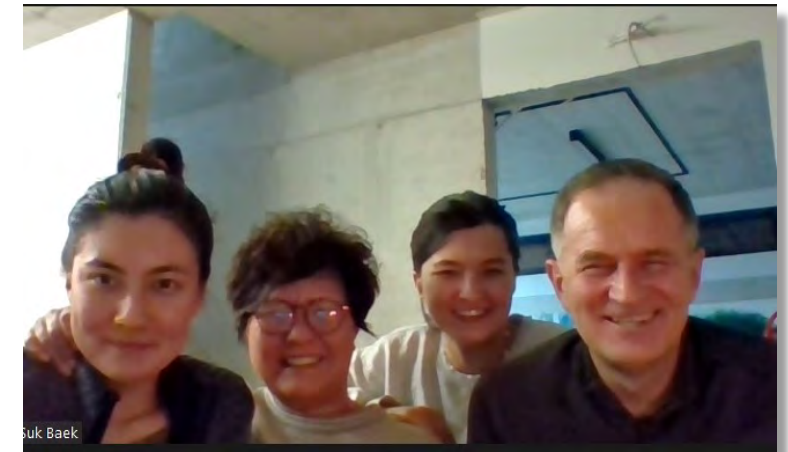

Mursalov family, Azerbaijan

Maximov and Plotnikov couples, Belarus

Dmitrov family, Bulgaria

Tomas family, Croatia

In the second half of December we scheduled conversations with the national presidents of Eastern Europe, because we wanted to speak personally with each couple before the end of the year. In our conversations, we learned many things about these brothers and sisters that made us appreciate and love them more. We shared moments of laughter and also of tears. At the end of each conversation, we took a photo of the couple, often with their children.

AfP Becomes Ukraine's Ambassador to the Vatican

Dr Andriy and Mrs. Yurash

A close Ambassador for Peace who has known the Unification Movement for many years has been appointed as Ukraine's ambassador to the Vatican. Dr. Andriy Yurash, a religious scholar who previously was the head of the Department for Religions and Nationalities of Ukraine's Ministry of Culture, has long supported the work of the Unification Movement. He originally met the Unification Movement in the early 1990s, attending one of the many Divine Principle workshops held simultaneously in the Crimea. Dr. and Mrs. Yurash are the parents of Sviatoslav Yurash, the youngest member of Ukraine's Parliament.

Four Couples in Lithuania Become CheonBo

A CheonBo Holy Wine and Cheonbo Registration Blessing Ceremony took place in Vilnius on December 30 for four newly inducted CheonBo couples – Raimondas and Maryana Tarvainis, Andrius and Giedre Jurkunas, Vladimir and Jurate Khokholsky, and Aleksey and Anna Senchurov. There was a beautiful atmosphere of serenity, unity and joy, as we listened to True Mother's prayer, experiencing deep gratitude for the amazing grace. In 2021 the number of Cheonbo families in Lithuania grew from one to five, and it was so moving to offer this to Heavenly Parent, knowing that this truly brings us closer to His ideal. It felt like a wonderful conclusion of 2021 and hopeful preparation for 2022, when we can expand the CheonBo providence even more. – *Aram Karagezian*
