Take the reins in not only leading games, but also planning fun-filled activities that will be the highlight of the children's summer. Try new games or stick with the classics, you'll have the pick of the platter. Also, don't forget about water sports! You'll have the joy of leading liquid ludicrousness in games and a water fight, but sometimes you just can't coordinate chaos! The sports coordinator will lead the games and organise them beforehand. The sports assistant will mainly help the games during the camp, although this is always flexible if they want to be more involved in the organising.
The whole process of planning and leading the games will be outlined by the core staff and you'll always have our older brother Achan if any assistance is required.
