Moldovan President Praises the Work of FFWPU

President Maia Sandu

PRESIDENT OF THE REPUBLIC OF MOLDOVA

To Family Federation for World Peace and Unification

Dear members of the federation,

Thank you for the important work you have been doing in recent months to provide support to refugees from Ukraine after leaving their war-torn country. I appreciate the dedication with which you have given your resources, time and energy to help these people—most of whom are women, children and the elderly—who have moved away from home against their will.

Through generosity, care and openness, you have offered refugees a welcoming and warm stop in Moldova, a safe shelter in our country. We thus have shown that we are a small country, but one with a big heart. The generosity of Moldovan volunteers has become well known and appreciated all over the world.

The exemplary mobilization and the organizational capacity that you showed during this period, together with other fellow citizens of ours, give me hope. I strongly believe that together we can change our country for the better; we can build a free, peaceful and prosperous society here, a warm and welcoming place, a corner of heaven, where you want to live and build your future.

Thank you from the bottom of my heart!

With appreciation, Maia Sandu

Russian Supermarathon Concludes after Two Weeks, 1,350 Km

Thirty-two runners completed a Peace Road event after travelling 1,350 kilometres through eight regions of Russia. Starting on 12 June in Kazan, the capital of the Russian Republic of Tatarstan, the mostly young participants finished in Moscow on 26 June. Under the banner "I Choose Sport," the event encouraged young people to choose sport over drugs, alcohol and other vices. The team passed through numerous towns and were welcomed by local authorities and given police escorts. Along the way they were also joined by many youthful supporters for a portion of the run. Dmitry Samko, the leader of UPF-Moscow, not only ran about 200 km but also posted updates and photos on the Internet every day. Tens of thousands of people watched and read Dmitry's reports, which were reposted by the media, the official pages of local administrations, and the Russian Ministry of Internal Affairs. At the conclusion of the supermarathon in Moscow's Victory Park, UPF Eastern Europe Secretary General Konstantin Krylov awarded five Ambassador for Peace certificates to coaches and five Youth Ambassador for Peace certificates to the most distinguished young runners. – *UPF Russia*
