We finished a 5-day summer camp/workshop for 2nd generation kids aged 7-14.

The summer camp itself was organized by HARP leaders and elder second Gen-s. 13 - 14-year-old children were mostly team leaders.

Of the total number of participants, there were 30 children from Lithuania, Latvia, Estonia, and Ukraine.

Thus, our summer camp from the Baltic level moves to the international level.

Since our camp was dedicated to the 10th anniversary of True Father's Seonghwa, the opening of the camp, with all parents and participants, took place with a Pledge service, a speech by True Mother, and a festive table.
