Dear loving Heavenly Parent! **When we came to Peace Embassy, we did not expect any special event. We thought it would be a casual meeting. Instead, it turned out to be a magnificent event.** The presentations, the singing, the prayers were of high spirited. **The Holy Spirit was present with us.** The CheonBo Team created wonderful environment to feel the present of Heavenly Parent and his love. **During the Chanyang Yeoksa Session I really felt the evil spirits leaving my body, especially when President Inpyo Moon touched my head, I felt the spirit leaving me through my mouth.** The liberation of spirits and leaving our bodies is just like in Cheong Pyeong. CheonBo Team is bringing Cheong Pyeong to everywhere they go. I would like to encourage all EUME members to attend if they can. Thank you, Heavenly Parent and True Parents, for this great Team.

## 800th CSW Vigil prayer – reflection of Mrs. Zuzana Krebsz, Hungary, online participant

Today we have got opportunity to join online to 800th Resonation Vigil Prayer from Cheonshim Won. And being home after event, still I feel inside "Glory to Heavenly Parent and True Parents, embodiment of God!" **It has been very impressive to see how since March 2018, when 8 members started to offer special devotion, in few years it spread to a collective devotion.** And nowadays main leadership of our movement in Korea, Japan and Amerika are offering regularly Special devotion. And to more and more people worldwide, it brings inspiration, gives hope and results in determination to unite with True Mother absolutely to complete God's will. **After inheritance of Cheonshim Won and establishment of Cheonshim Won Prayer Hall in our Community, praying there I had after many years the same experience of True Father's presence and closeness as I had as a young member. ...During the CheonBo VOD events and especially now through the opportunities to join to Resonation prayers I feel same closeness of True Father, when we pray. And today specially I felt closeness of elder brother Hyo Jin Nim.** Listening his beautiful song and watching pictures, moments from his life, as he was child and teenager as any other child, **I was deeply moved and strong thought was in me that Hyo Jin Nim can help young second generations to become victorious on their way to become filial sons and daughters of Heavenly Parent and True Parents, he had walked very difficult path, but he became victorious. And same is for all other True children in spirit world, Dae Mo Nim, and most of all our True Parents, each walked own difficult path victoriously. ...glory and gratitude to our Heavenly Parent, True Father, members of True Family, elder brother Jesus and other absolutely good spirits in the spirit world and True Mother for creating environment that such miracles can happened, that we are awoken to our original true self.** With gratitude.

„The Cheongpyeong Training Center is the base that will set you free from evil spirits. **This training center exists even in the spirit world.** Through it, you must solve the sins you committed on earth that are not yet indemnified. **If you become one with True Parents and indemnify your sins, you will not go to the training center when you go to spirit world but will directly enter the kingdom of heaven.**“

# 7. a TESTIMONIES

**Miguel Calvis Calpe, Male, Barcelona, CheonBo WS 2023 July 2 - *online participant***

I am very grateful to have been able to participate in this CheonBo sessions on July 2, 2023 in connecting to the Barcelona HyoJeong CheonBo workshop. **During the program I could feel the love of God and True Parents, and I felt a lot of hope. Since people are not truly happy, and Satan entertains them but does not make them happy. So, I felt the desire to bring God and True Parents to the people of this nation. Without God and True Parents, they will never be completely happy.** If they were already happy without connecting to God, our task would be harder. But since they are not so happy, we need to win and bring them to God, and to our True Parents.

I attended the CheonBo WS with my husband. We liked Mr.Tibor Krebsz's testimony and the explanation about how the bad spirits are in our body showing with pictures. Even though we knew all this before, but looks like everything was kind of new things. Also, the songs you shared on the screen helped us a lot. **I did not see the spirits, but I could feel the high atmosphere and God's joyful heart. Because of this I could repent my past and make a new determination for the future mission centring on True Mother. As the Cheonshim Won 800<sup>th</sup> vigil prayer condition just passed, I could feel the new time arrived for God's Providence and for us to get results.** Thank you very much for your effort to bring True Mother's spirit to Spain.

## Monika Meszaros, Female, Barcelona, CheonBo WS 2023 July 2

I am so grateful to participate in this CheonBo 1-day event in Barcelona. During the Chanyang Yeoksa sessions I could feel very much the love of Heavenly Parent, because the CheonBo Staff were giving me extra ansu. I received a lot of love. The resonation prayer was incredible. We were singing so beautiful songs, and I could resonate and unite with the different representative prayers. My eyes were full of tears constantly, and I felt, that after long time I start to find again my faith, and I felt by praying I can have a lot of power! I could imagine that we organize Sunday service just like that - resonation prayer, that brothers and sisters can experience this high spiritual atmosphere, it was incredible! We can, we should, we must repeat this workshop! Please come back soon! Thank you so much! Kamsahamnida!

# 7. d TESTIMONIES

**Dulce Balil, Female, 74, Barcelona, CheonBo WS 2023 July 2**

It has been a very motivating and clarifying experience in many aspects. We have better understood the meaning of the separation of evil spirits that are connected to us for various reasons. Sometimes just because of the collective sin we have inherited. Not just from our personal ancestors, but from our country, or race, or culture. For this we have a lot to indemnify and we would have no idea of this, except for the explanations of the True Father and Dae Mo Nim. As the program has developed, we have felt more and more connected to all the members, feeling as one, and with more sense of what we were doing together with the Spirit World. We have prayed very intensely, with many tears, of repentance for our slowness in producing good fruits for Heaven. The prayers of the young people that they offered at the end are very expressive of the elevated and inspired state that the experience of this activity had produced for them and for all. Also, the words of Mrs. Maryvonne Calvis, our national leader. The collaboration of our friend Fausi with his wife and his children was also very beautiful, cooking and serving lunch and dinner, which were given to us by the Church. I feel immense gratitude for all the effort and dedication of Prs. In Pyo Moon and Tibor Krebsz and the entire team of young people who accompany them. With not a doubt we want to repeat. Thank you very much with all my heart!

**Manuel Campillo Male, 74, Barcelona, CheonBo WS 2023 July 2 - online participant**

I have attended several times the HJ Cheonbo Special Workshops, and just a few days before this event in Barcelona I wasn't clear if I wanted to attend, or even see the needs to do it. But together with my wife we decided to register and invest ourselves. For some reason, from the very beginning of the program I try to put my whole being into it, and this time I was more focusing, more soul touched, and felt the deep longing of our Heavenly Parent for me. The education program was clearer than ever, and helped me to wanted to invest my whole heart into the program, specially to give my utmost devotion to do Chanyang Yeoksa sessions, as ever before, and I felt I was being washed and cleaned myself with the help of good angels and my absolute good spirits. I felt as if different layers of evil spirits were been taken out of my body and of my different organs. So, I felt cleaner and renew in my heart and body. For sure this is due to the heart and investment of the CheonBo staff, to convey to us God's divine grace and love.

# 7. f TESTIMONIES

During the Liberation Ceremony and when we shouted ABOJI & OMONI and our personal prayers afterwards, I felt as if God was telling me, “Come back home, now let us embrace one another, and let us dance in joy, for this is my eternal home”. I felt Heavenly Parent’s love very close as wanting to embrace me in a new realm of freedom as never before. I think Heavenly Parent wanted to show me that now we are in a new time where we can live in God’s presence in a new way, and receive Heavenly Fortune through the path that True Mother has opened for us all, as the embodiment of the Only Begotten Daughter on earth.

I want to thank all the CheonBo staff for teaching us the Resonation Prayer at the Cheonshim Won. I felt Heaven is closer than ever, and that if we open totally our hearts and shout to heaven with all our power, we receive so much grace, because Heavenly Parent is here and reaching us out. I believe that if we focus more, and make more devotion, we can live in the grace of the Cheonshim Won during the day. Thank you, Heavenly Parent, thank you True Parents, and thank you to all the CheonBo staff, please come back to Spain soon.

**Anonymous, Female, Barcelona, CheonBo WS 2023 July 2 - *online participant***

On Sunday, July 2, my husband and I participated in the Cheonbo Event in Barcelona through online. The testimonies we heard from Prs Inpyo Moon impacted us; our desire was to absorb as much as we could of this Cheonshim Won experience. **I personally had doubts that I could feel the presence of our True Parent, because I could never feel this before. The truth is that I did feel that our True Father was with us in a very real and natural way.**

**Another experience I had was during prayer. I have been suffering from pain in my left hip for some time now. When I was shouting Aboji! Amoni! I felt some energy come out of my hip and my pain disappeared.** The intervention of the second-generation members was extraordinary. The prayers of Mr. Rodrigo Lopez and Mr. Daniel Temprado were very inspiring and full of strength, the testimony of Ms. Esi Beshaj was very beautiful. **We see a lot of hope for the second generations. Thank you, very much Heavenly Father & Mother and True Parents, for this extraordinary experience.** Many thanks to Prs. Inpyo Moon and all the EUME Cheonbo staff for their devotion and sacrifice. Please come to Spain at least two or three times a year!

# 7. h TESTIMONIES

**Anonymous, Male, 23, Barcelona, CheonBo WS 2023 July 2**

It had been almost 2 years since I went to a community event. I went to the CheonBo workshop to translate and agreed to go without thinking about the type of event I was going to. I went with the mentality of doing my job well rather than what would be done, so I went almost as an obligation. It was very good to meet the community again and I felt a lot of support from the brothers for the translation work even though they had not required it. The truth is that the atmosphere and reception was much better than I expected. The event itself was very inspiring and I was able to do some deep reflection during the Chanyang Yeoksa sessions. The resonation prayer with the songs made me realize that you can be in prayer with more people and feel the hearts of others apart from yours. In the end, I felt that there was no better way to take advantage of the day, especially by being able to share prayer with God with brothers and sisters (which was something new).

# Thank you beloved True Parents!
