## **Johannes Champman, Male, Netherlands, Amsterdam 1-Day CheonBo Workshop**

The workshop was truly a liberating experience. Through the CheonBo Branch Team and its special program Heavenly Parent conveys a new dimension of His love for us. The guidance lectures by Pres. Moon and Rev Krebsz are going deeper and deeper; every time I could gain a more profound understanding of God's love for me. **Through the guidance Heavenly Parent tells me to shape up urgently, at the same time gives me the confidence that I can overcome my limitations, including the really deep-rooted, life-long ones.** What impressed me a lot this time is the love and respect, which I felt from the CheonBo Branch Team members. I felt God's love very substantially from their investment and sacrifice, and their spirit of kindness and service for all of us. Like True Parents they brought to us the living God. They gave respect and value to each testimony from our brothers and sisters. **They carefully record each testimony, taking our experiences highly seriously, showing how Our Heavenly Parent takes each one of us seriously. This teaches me to have the same heart of respect towards my brothers and sisters, and to learn from their testimonies. Several members told me they felt the same. The workshop makes us respect and love each other as members more, bringing us together while removing the barriers between us, and strengthening our community. This gives us great hope!**

## **Fumiyo Vanalderwelt , Female, Belgium, Brussel 1-Day CheonBo Workshop**

First of all, I sincerely thank to True Mother for sending the CheonBo team to the Europe Middle East Region this time, that we need real healing. We are geographically far away from Korea and from the Cheonshim Won Prayer Room in Paris, and although we yearn for HJ Cheonshim Won from the bottom of our hearts, it is as if we are begging for something we do not have. Under these circumstances, True Mother sent a CheonBo Team to our place of residence and set up a place for the Cheonsim Won prayer meeting. The week before the CheonBo Team arrived, I was really busy to the point of becoming niggardly, and the situation reminded me of the story from the book of Jonah in the Bible. **Every time a problem came along that I found difficult, I would say, 'God, I'm fine. I will not be niggardly no matter what. Even if nothing happens, I will not lose my faith in you. I will not falter', I kept appealing to God for a period of time. I sang loudly and clapped during the time of Chanyang Yeoksa session. I clapped when Rev. Tibor Krebsz was giving me ansu on the head. At that time, I started coughing. I had a mild, but pinched feeling in my lungs since the spring, so I thought that was the reason for the cough, but it wasn't, it was more like something came out of my mouth. During the Resonation prayer meeting that followed, I could not stop crying.** Thank you, God, thank you True Parents, thank you CheonBo team, thank you so much.

## Anonymous, Netherlands, Amsterdam 1-Day CheonBo Workshop

It is very different to participate online or when the whole CheonBo team is there in reality. It was powerful and very much needed in the Netherlands. **Although I had no spiritual experiences, what I realized is that we have to get rid of resentful spirits as soon as possible in order to be effective for True Parents as it is the Last Days of the Last Days.** Before I met the church, I felt I need to unite my mind and body to become totally free but at that time I didn't know the Divine Principle yet nor True Parents. **What I heard about the liberation of Central Evil Spirits before Rev. Inpyo Moon started talking about it more was that it is only done when someone is confused or with clear spiritual problems. Or I heard that if you remove one, another one comes in maybe even stronger.** So, there was no clarity. **So, it was so important the explanation of Rev. Inpyo Moon and Mr. Krebsz to the members, because it might not be so clear for everyone. My plan is now to get rid of many Central Evil Spirits so that the smaller ones can be removed by Chanyang Yeoksa.** I am very grateful for the CheonBo team to sacrifice their family life in order to help all EUME members to come into the 90-degree angle with our Heavenly Parent so that our Heavenly Parent can give us directions where to find the prepared people and quickly clean up this world and liberate our True Parents and our Heavenly Parent from their sorrow. Thank you so much!!!

**Lars de Neergaard, Male, Belgium, Brussel 1-Day CheonBo Workshop /online participants/**

Tonight, was the third time in 2 weeks that I could attend the vigil prayer online. Thank you so much for your ongoing Branch Tour 2023 that surely could revive and brush away the dark clouds over the European continent once and for all, so we can welcome the new cosmic spring. By attending three times I felt that I could inherit at least a little bit of the grace of the 800th Cheonshim won prayer vigil, despite not being able to arrange and attend it live from Denmark. **Tonight, during the resonation prayer True Father visited me in spirit. I saw him clearly standing in front of me with a big warm smile, putting his hands on my shoulders, saying: "you are always my son and always welcome in my home". Then he went away singing along to the song. In that moment I could finally realize that Cheonshim Won resonation prayer is the starting point and root to solve all our problems and to fulfill all our goals and promises in front of True Parents & Heavenly Parent, on the individual, family, community and national level.** No more no less. Also, I realized more fully that just as HJ Cheon Won in Cheongpyeong is the "homeland of heart" then the Cheonshim won Prayer Room in our Copenhagen Peace Embassy, Denmark is an extension of that and the dwelling place of True Parents, Dae Mo Nim, Hyo Jin Nim and Heung Jim Nim, where we can always meet them and become one with them in heart eternally. It brings us infinite healing and hope to revive and expand our small community and accomplish national restoration in Denmark, while True Mother is still with us on earth.

## Tomoko Franzen, Female, Luxembourg 1-Day CheonBo Workshop

When the holy candles were prepared to lit and set up the temporary Cheonshim Won, during the prayer I felt like the living room was transforming into Cheonshim Won. Usually only the first generation members gather here, but I felt that the young and powerful spirit of Branch Staff attracted the second generation members as well. So, the place was revived, and I felt that the first generation members also received a lot of strength. And after the CheonBo workshop, I wanted to learn the Cheonshim won songs. But I wondered how I could find it, so I opened YouTube and it was there. I was very surprised to find it. (Even with Japanese phonetic characters for the pronunciation of the Korean), I received help from the spirit world again. Isn't it amazing? From now on, I will try my best to understand True Mother's heart through the Cheonshim Won prayer, and I will also do my best to contribute to heaven's providence with the Luxembourg members.

## Anna Martija, Female, Luxembourg 1-Day CheonBo Workshop

The CheonBo Workshop was very impressive. When I entered the lecture room, there was music playing, and I didn't see the sister who was there preparing, but I saw the altar. I had the impression that the True Parents were present. I had already this experience in the Cheonshim Won prayer room in Korea seeing and feeling the love, the concern and desire of the True Parents what they have for all of us and for humanity. It didn't last long, but it was very special. At that moment, I felt as if I was alone, even though few members were in the room; it was very special.

Later on, during the Chanyang Yeoksa session, I sensed in the lecture room, an energy, a very powerful one. And when I looked at the photo of True Parents, I felt so much love and it was really very moving. There were times when I felt tired, but afterwards, because I felt the love of God and of True Parents, I regained my strength, because sometimes I find it a little difficult to remain standing during the prayers and make such a physical effort. But it was good; I really felt a beautiful energy.

**Anonymous, 2. Generation member, Female, Luxembourg 1-Day CheonBo Workshop**

The CheonBo event was good. I was actually praying because I was questioning my spiritual life until this workshop. I felt like this workshop is God's answer for me. This event was really wonderful and I am very grateful to the True Parents and Heavenly Parent for making this happen.

# Thank you beloved True Parents!
