## " THE CALL "

The Present you have got you should keep in mind,  
is a treasure well known as Big and Fine.

This Restaurant is your world and you must know why,  
for you to have that, many had to die.

Your forefathers, as waiters, went this way,  
"Loving and Serving" was the joy of their day.

Here, people are hungry and thirsty to drink  
the water of life, that you have to bring.

Many they came and many they tried  
this way of life couldn't apply.

You are My hope, as waiter you know,  
this very truth the people to show,

"Loving and Serving" still remains for Me,  
the key for this World, for you, to make it free.

# 7. a TESTIMONIES

**Anonymous, 22, 2. Generation Member, Female; Stuttgart, CheonBo WS, Germany, 15<sup>th</sup> July 2023**

Dear Heavenly Parents! In these two days of accompany the CheonBo Team and workshop in Stuttgart I could feel the immensity of True Parents' love and forgiveness for giving us the opportunity to renew ourselves and our spiritual life. I am truly grateful that I get the chance to be here on this day and receive the grace of having evil spirits removed from my physical and spiritual body. Thank you for investing so much for us!

# 7. b TESTIMONIES

**Rosie Tijsterman, 68, Female; Stuttgart, CheonBo WS, Germany, 15<sup>th</sup> July 2023**

Today something amazing happened: during the resonation prayer, especially during the song “I will pray”. **Coming from a Christian background I always was convinced in the unconditional love of God and Jesus. This conviction I started to lose,** I couldn't believe in the unconditional love of TRUE Parents. I always felt that I never do enough, If I fulfilled something, next was coming: “If you don't do this how can you look in God's eyes? If you don't fulfil that how will you feel in spirit world facing you ancestors? And so on... (speeches of True Parents)”. **Today I felt during the Chanyang Yeoksa session the evil spirits leaving me who maybe caused that feeling in me because during the song “I will pray” I could deeply feel the unconditional love of True Parents despite of my shortcomings.** Thank you very much for all the team.

**Keiko Wandl, Female, Munich, (Hurlach) CheonBo WS, Germany, 16<sup>th</sup> July 2023**

Thanks for visiting the local community. It is such a special consideration that I could experience in person "Cheong Pyeong". **Through the Chanyang Yeoksa Session, I had such an experience, that my spiritual body was cutting into half when Rev. In Pyo Moon was hitting my head. His hand  was like very sharp knife and spiritual power was vibrating from the middle of my head to the top of my toe.** It was really, really good, thank you Rev. Moon. Expressing my deep thanks for "the love of True Mother".

**Josef Wandl, Male, 69, 6000 couples, Munich, (Hurlach) CheonBo WS, Germany, 16<sup>th</sup> July 2023**

The CheonBo Event on July 16th 2023 in Hurlach, Germany, was a very special one. It took place in the house of the Schmid family, pastors of our Munich Community. With about 25 people participating, it was quite a personal meeting. Everything was well prepared and the food cooked by Mrs. Schmid was delicious. Reverend Tibor Krebsz, the MC of the event and a longtime member of the European CheonBo team lectured us of **the importance and value of Ancestor Liberation and the liberation of Central Evil Spirits which are connected to each one of us. For many years I have been aware of this, wondering why sometimes it is so hard to do what you feel from your heart would be the right thing to do. We are definitely carrying the sins and wrongdoings of our ancestors on our shoulders. But I don't want to be stopped by the resentments of spirits giving us a hard time. So, I have come to really value the Chanyang Yeoksa sessions and the Resonation prayers and through them to liberate our hearts and spirits from everything that holds us back and hinders us from growing. Doing this together is such a wonderful experience and I felt the presence of good spirits like a warm shower.** We also could hear three very moving testimonies how spirit world helped by offering wish papers and sincere prayers, and some special experiences being together with True Parents. Rev. Moon In Pyo reminded us through True Mother's speech of what is our role and responsibility now as Blessed Couples. We need spirit and truth. **The Cheonshim Won prayer vigil is the starting point of liberation where we can really connect to Heavenly Parent and True Parents.** We are very grateful that we have this CheonBo Branch team here in EUME region and we hope they can soon come again to our community. Thank you very much to all of you and may Heavenly Parent bless the great work you are doing.

# 7. e TESTIMONIES

**Wolf Osterheld, Male, Munich, (Hurlach) CheonBo WS, Germany, 16<sup>th</sup> July 2023**

I like to specially mention the practice of Resonation Prayer. Praying loudly or even shouting is not my usual way of praying and I have had difficulties with it. However, I experienced Resonation Prayer as something very different, as the ancestor liberation had created a very different and beautiful spiritual atmosphere. I could pray with much more ease and freedom. The prayer came naturally, I even shed tears, something that does not happen usually. From President Inpyo Moon's explanation I understood why we shout out loudly to Heavenly Parent at the resonation prayer. The keyword for me was: Desperation. Even though True Parents have spoken many times about being desperate, this had been more a concept for me. I asked myself: how often have I been desperate in my prayers? During my usual prayers I am not so desperate. So, shouting "Aboji" and "Omoni" in this high spiritual atmosphere helped me to connect on a deeper level emotionally. The shouting is not just externally shouting. It comes out of a heart of desperation. For me it was very important to understand and to be able to connect a little bit more to this desperate heart. I better understand the urge, this desperate longing of Heavenly Parent, of True Parents for their children. I would really ask each one of you, if you have any opportunity at all to participate in this Cheonshim Won Resonation Prayer. If you are there with the team a spirit is created that really makes it easy to connect to Heavenly Parent and True Parents. This is something I hope each one of us can feel, because your heart can really open and experience Heavenly Parent more deeply and this is what is so beautiful and wonderful about it. I want to thank True Mother for expanding this providence of rebirth to all members. Also, I thank President Inpyo Moon and his team for their sincere and heartfelt dedication as well as Stefan and Jae Sook Schmid for their generous hospitality.

**Anonymous, Female, Nurnberg, CheonBo WS, Germany, 21<sup>st</sup> July 2023**

Today in the moment when Rev. Tibor Krebsz said I had to pray during the Resonation prayer, immediately after I felt such a strong negative energy in me, making me feel like I didn't want to pray, like I had nothing to say to God, I felt so bad, and I was worried, especially because I wished for the members to have the best experience in the Cheonshim Won vigil prayer, and I know even if that does not depend on me I wanted to do my best, and I knew that with this negative feelings I couldn't. So, I went to the side to try to focus on getting rid of these feelings, to be completely empty and let God and True Parents work, so while singing Ommaya Nunaya, I ask True Parents for support. Suddenly I had really strong goosebumps, and I felt a gentle side hug, with a little and calm smile, our True Father was hugging me from my left, on the other side I felt someone, who I did not recognize, but I was sure it was a woman, I felt so embraced and loved, but most importantly I felt the love of our True Father has for the members, I felt that for True Father was really important that the members feel his love, so he was there to pray together with me. They both (True Parents) let me know that we are doing this together, and that we are in a time when we do not have to do this alone, with our True Father in Heaven and our True Mother on earth. When I started to walk towards the podium, I felt really strongly that they walked with me, everything negative melted away, and I was reminded once again that our True Parents are supporting us in this mission, there is nothing to fear. Thank you, Heavenly Parent and True Parents, for constantly showing us your patient, gentle and calm love, and for supporting us when we most need it!

**Iris Continanza, 30, Female, Nurnberg, CheonBo WS, Germany, 21<sup>st</sup> July 2023**

For me it was such a special gift from True Mother to have this CheonBo workshop in Nürnberg. I deeply felt that this is such a big grace and a new start for this community. During the Resonation prayer I could feel my whole body becoming warm, touched by love and receiving so much energy to be able to give more to others. I strongly felt, I really want to overcome so much and love the people of this world. Several years ago, I never thought this was possible and now the CheonBo Branch team came all the way to our community and is very carrying and investing all their heart. Thank you so much to True Mother and Branch team.

# 7. h TESTIMONIES

**Sabine Mühlke de Fernandez, 62, Female, Giessen, CheonBo WS,  
Germany, 23<sup>rd</sup> July 2023**

Even though my husband is kind of critical about the spirit world and the liberation of spirits, he had few dreams **after we did collateral liberation (aunts, cousins). My husband had a dream with those relatives, they were very happy and together dancing in their realm. Also, my father in-law came and gave kiss to my husband (his son), which he never did in his physical life time! My husband was healed, his panic attacks almost completely disappeared.** Thank you, True Parents!

Since the CheonBo Team came to Germany, I have regularly participated in prayer gatherings via Zoom as soon as the link was sent. I am deeply impressed by this experience overall. **During the three hours of the Cheonshim Won vigil prayer so much is offered: inspiring songs and testimonies, profound prayers, and enriching lectures. During this time, I could feel the love of God, which touched me deeply. Especially in the third hour, when we all pray loudly and intensely to motivate the spirit world to help us on Earth, I was deeply moved. I sincerely apologize for initially having a negative attitude towards these gatherings. But now, I am infinitely grateful that True Mother, our True Mother,** has sent us the CheonBo Team. They have helped me realize how valuable and blessed these prayer gatherings are. I want to sincerely thank the CheonBo Team from the bottom of my heart. They dedicate themselves with so much love and inspiration to accompany us in these prayers. The fact that they spend this valuable time with us from 10:00 pm to 1:00 am shows their sincere devotion and deep desire to support us spiritually. Their service has enriched my life, and I am grateful for their valuable presence during our prayer times. The team visited us in Düsseldorf, and during the prayers, I could feel our Heavenly Parent. I felt embraced and had tears in my eyes. It was a wonderful event in Düsseldorf, and also the gathering with the team the next morning during breakfast, the conversations, and the joint prayer, were enriching. We are very grateful to our True Parents.

**Iva Dvorski, Female, CSW Vigil Prayer, 2023 July 25<sup>th</sup> online participant**

During the events and prayers on which I participated I felt for the first time a big desperation and strength even I was participating online at my home. **During a few online events I substantially felt the spirits are leaving me. It was a grandiose experience like a cold air going out of my head. My body was warmer after that. The vigil prayer was a very strong experience for me. It shook my blood and I felt a lot of strength and peace.** A few times I participated during the week and I had to work on the next day. I was not too tired and felt the support of the good spirits. It was very nice to listen to the testimonies, the comments, the lectures and the explanations. **It is clear to me that we are leaving in a new time with a lot of spiritual revival.** Thank you that I could be a part of it. Thank you very much for that opportunity and your hard work.

# 7. k TESTIMONIES

**Ulrich Ganz, 68, Male, Hamburg, CheonBo WS, July 29th 2023**

Recently I had chance to visit my relatives near Munich, in the South of Germany. After attending the Peace Road event in the Bavarian Forest, which included Czech, Austrian, German and even South-Korean members, I went to my village near Munich. For my intended visit, there was no notice on my part. When I arrived in the evening, my younger brother who lives alone in an old house was still up. His light in the living room was on when I knocked on the window. Surprised he opened the door. He is now 62 years old, but we never had talked together in his home for our whole life. The next day I visited my younger sister, she was 6 years old when I left home and we had never talked for our whole life. Surprisingly I could share my testimony how I came to experience Jesus at the age of 17 and met the Unification Church when I was 20 years old. **A strong witnessing spirit came over me,** and she received everything well. Another similar experience happened with my 50 years old niece. **When we talked, a strong Heavenly atmosphere was there and we talked about God, the Spirit World, etc., which had never happened before. The spirit I had felt was there and when we prayed, I realized that all the miracles with my physical family members came from the spirit of the CheonBo seminars and vigil prayers. When I was asked during the event to offer a representative prayer, my head was empty and I didn't know what I should pray. Just before it was my turn, a soft voice inside of me said: "Don't worry. I will speak through you!" And I was surprised what came out from my mouth during the prayer! Truly it was about the Holy Spirit and the witnessing spirit of Heavenly Parent and True Parents' love for our relatives, friends and all the people who are desperately searching for the truth and their true home. Now I have confidence, that I will find prepared people and receive the guidance of the spiritual world. Thank you!**

**Margaret Baron, Female, Hamburg, CheonBo WS, July 29th 2023**

The mobile CheonBo team has been a wonderful source of inspiration and a great blessing for Europe. The team was very kind and professional at all times. It was an honour to have them visit. We could ask questions and gain a deeper understanding of spiritual matters, which was helpful. The Cheonshim Won songs were powerful and the atmosphere was just amazing. I felt the same holy atmosphere as in Cheong Pyeong. I am sorry for all those who couldn't attend this time and hope we can welcome the team again soon. **The Holy Spirit is often symbolized by the flame. The mobile CheonBo team has ignited a spiritual fire. Thank you Omonim, True Mother for this precious gift.**

# 7. m TESTIMONIES

**Brigitte Behr, 78, Female, Hamburg, CheonBo WS, July 29th 2023**

If I would have missed the CheonBo Seminar, it would be bad. On the other hand it was also quite intensive. The resonation prayers impressed me deeply. Also I was touched by the fact, that the CheonBo team members stayed away from their families for so long in order to do this mission. **This times I felt like being in a spiritual washing machine getting cleansed. I still have to digest it, but I'm glad I was there.**

# Thank you beloved True Parents!
