**"I am very grateful that this experience was given to me by God and I had a few minutes to share it to you. Today I got such an experience at the two-day seminar: During the Ancestor liberation ceremony, when Mr. Moon and Mr. Burashov gave their speech, I saw the glowing silhouette of True Father behind them. At the same time, I saw two boys kneeling near the altar (True Parents' picture and table), praying and crying. And True Father came up to them, sat down, put his hand on their shoulders, and they stood up together. I saw three people who turned out to be Adam, Jesus, and True Father. And True Father also told them, "Don't cry, my brothers." I also felt that the whole room was packed with spirits, there was not a single empty seat in the hall. When we were praying, I heard that they were all crying, I asked them: "Why are you crying after all, we are releasing you," but no one answered me."**

**Throughout the Human history, there have been many wars, betrayals, murders and many different sins... These countless hordes of evil, offended spirits are hovering around. Our seminar with our precious brothers and sisters is like a white army that help God and True Parents to bring the Kingdom of Heaven at least little bit closer. This gives me a lot of motivation not just thinking about my liberation from evil spirits. That's why I felt how valuable are those who came back to God, and that everyone contributes to the common cause on their own level.**

**When the Chanyang Yeoksa session was taking place, at some point I felt that there were some hostile spirits behind of me who wanted to harm me. There were 5 such spirits. And in the moment when one of the CheonBo staff came up to me and began to give ansu, suddenly I felt that those 5 spirits who were behind of me changed their attitude towards me. They hugged me and I felt good with them.**

*(Continues on next slide)*

The state of my mind after the first day and before the second was full of joy and happiness. And silence in my head. In the morning I just smile without a reason, I want to love without a reason. Finally, my head is not a “Council House”, where there are always a lot of thoughts, and a lot of so called "important things", they are just gone. And I felt peace and quiet. I began to feel the voice of my original soul, God. This only could happen after the CheonBo event! I love this state of mind. I want to keep it as long as possible. But there are so many spirits and they stuck. Only the CheonBo providence can help. That's why I'm always attending it. It helps to feel good, cleans the desires and thoughts. I want to read the Words (HDH) and pray more than before. Sing holy songs. Constantly create conditions in order to be in interaction with the Heavenly Parent.

*(Second part)*

**On the second day of the CheonBo seminar, when I went to the Cheonshim won prayer room and immediately I felt the atmosphere, the environment, where you can start to pray and immediately comes the feeling of the presence of Heavenly Parent, and He is near. That He listens attentively.**

**Thank you so much to the entire CheonBo Branch team for their efforts!!! That they gave us the opportunity to revitalize and cheer up our spiritual life. To be born again.**

**Anonymous, Male, Yekaterinburg, Russia, CheonBo 2-day Event, 2023. Dec. 2-3.**

**I am very grateful to the CheonBo team for visiting our city and holding such a wonderful seminar. I felt great love from all those gathered, it was very comfortable and pleasant to be around, together we created an atmosphere where God could come down freely. Most of all, I was inspired by the Cheonshim won vigil prayer. I was able to repent, get closer to God and have a sincere conversation with Him. I thank to Mr. Moon, he invested sincerely in each of us, he was an example and gave us his parting words for the future. Every time when Mr. Moon touched an important topic, tears came to my eyes. Thanks again to the CheonBo EUME team! I will be waiting for the next seminar and will try to serve our guests and be part of the preparation of the next seminar!**

# Thank you beloved True Parents!
