Introducing "Heavenly Love in My Heart" - A Heartwarming Activity Book for Children!

The "Heavenly Love in My Heart" Children's Ministry Activity Book is a delightful resource for children aged 7 and up, designed to inspire kindness, joy, and love in their daily lives. With puzzles, coloring activities, and a fun Love Language quiz, it encourages children to explore how they express and experience love, deepening their connections with family, friends, and Heavenly Parent.

This beautifully crafted book is a team effort: illustrated by the talented young artist Tanya Cudryashov, written by Ala Zubovskis, with inspiration and input from Dawn Pollitt, and designed, laid out, and printed by David Rennie. Together, the team has created an engaging and meaningful tool for families to nurture love and gratitude.

Whether solving puzzles or coloring, children will discover how love is a superpower they can share every day. Join the adventure and let this book brighten your family's life!

The cost per book is £5.
