① Finland witnessing prospects welcome party ② Scotland witnessing activities ③ Sweden Divine Principle Workshop

New members continue to increase in Northern Europe. In many countries including Denmark, Northern England, Scotland, Finland, and Sweden, people are learning True Parents' words and practicing Heaven's will by participating in Blessing preparation workshops. This trend has steadily continued in February, with young people emerging who are preparing for the Blessing this year and next.

In Sweden, the fervor of faith continues through activities such as hosting Divine Principle seminars on the Principle of Creation and Heavenly Parent.
