**BCLC (British Clergy Leadership Conference) held a session at Lancaster Gate this past weekend to study the Divine Principle together...**

When True Mother came to Europe to celebrate Pentecost last year at the Bloom Festival in Munich, she placed special emphasis on the importance of making better relationships and partnerships with pastors and ministers from all the different Christian denominations. She said that despite the many challenges that Christianity has faced - and indeed its shortcomings - God still expects and longs for Europe to fulfill the promise of its Christian Heritage.

Here in the UK, the BCLC led by our Elder Rev. June Darby has been taking this call very seriously. Every month the BCLC holds Divine Principle seminars in London and the most recent one was this past Saturday March 15. We were especially pleased to welcome Senior Evangelist Rev. Arthur Nzekwu from the Celestial Church, visiting from Vienna, who invited a number of other Celestial church pastors to join us.

Dr. David Hanna gave an introduction to the Principle, with a special focus on "God's original dream" as taught by True Mother. Rev. Isaac Ayani presented a biblical exposition on "Predestination." Is everything that happens in life always and only the Will of God? What role does human responsibility

play?

More than 20 Christian pastors from the UK and Europe are headed to Korea next month to celebrate the Entrance Ceremony for the Cheonwongung Temple. Our River South assistant pastor Rev. Eun Joo Y. and her husband Jonathan H. are helping coordinate this activity. We hope to develop more formal relations with Liberty Church (affiliated with Bishop Noel Jones of Los Angeles) and with two Nigerian Churches who have a strong presence in the UK (The Celestial Church and the Brotherhood of Cross and Star).
