

FFWPU UK: Heading to Korea This April? Here's Your Final Guide

Michael Balcomb

April 3, 2025

The time has nearly come, and we know how excited many of you are for this upcoming trip to Korea! Hopefully, you've started packing and making your plans - but just in case, we've put together this final guide to make sure you're as well-prepared and stress-free as possible before departure.

Whether it's your first time or your tenth, there's always something new to experience. Here are some helpful tips and reminders for the journey

ahead:

What to Pack: Spring Weather in Korea

April in Korea is beautiful but unpredictable. You might get lovely sunshine one day and rain the next, so it's important to pack smart. Here's what to keep in mind:

Layer up: Bring comfortable clothes for warmer spring days, but also a warm, waterproof jacket for the cooler evenings or unexpected rain.

Commemorative event attire: Don't forget your official clothing for the ceremonies and special events.

Casual and activity wear: Whether it's for walks, sports, or other activities, you'll want clothes that let you move easily and stay comfortable throughout the day.

Also - please pack light. We'll be travelling in large groups and moving between locations. For everyone's comfort and efficiency, we kindly ask that each person bring no more than one suitcase and a small personal bag or backpack.

Don't Forget These Essentials

Make sure these items are in your bag before you head to the airport:

FM Radio with wired earphones: These are essential for translation during the events, so double-check that yours works!

Personal medication: Bring any daily or emergency medication you might need - especially for allergies, travel sickness, or pain relief. Many medicines may not be easily available in Korea.

Entertainment for children: There will be daily transport between the accommodation and Cheon Pyeong. Bring books, games, or quiet activities to help kids pass the time happily.

Universal adapter: Korea uses 220V outlets with type C or F plugs, so an adapter is necessary for charging your devices.

Toiletries: While you can buy basics in Korea, you might prefer to bring your own if you have sensitivities or specific preferences.

If You're Travelling With Kids

Make the most of your family time by exploring nearby child-friendly options like:

Chinhwa Park
The Aquagarden

Don't forget snacks, entertainment, and anything that will help your kids feel at home on long travel days.

Making the Most of Your Free Time

A lot of your free time will be spent around the Cheon Pyeong Complex, and luckily, there's plenty to enjoy!

Take a peaceful walk around the Complex or head up to the trees for some quiet reflection. The walking paths have become more accessible this year, so it's even easier to explore the beauty of nature.

Visit the Hyojeong Marina, a great spot for a relaxed stroll and peaceful views. Make the most of the cafes within the Complex - perfect for catching up with international friends or journaling with a warm drink.

Final Travel Reminders

Here's your last-minute checklist before you head to the airport:

- ☒ Passport and travel documents
- ☒ Travel insurance details
- ☒ FM radio + wired earphones
- ☒ Power adapter
- ☒ Medication and essentials
- ☒ Phone with roaming or a Korean SIM/Wi-Fi plan
- ☒ Comfortable walking shoes
- ☒ A positive, open heart!

If you're part of a group, be sure to stay connected via the group chat or communication channels. Updates and meeting points will be shared regularly, so keeping in the loop will make everything easier.

We can't wait to see all the memories you'll make! Let's look after one another, travel with gratitude, and enjoy this incredible experience to the fullest. Safe travels, and see you soon in Korea!
