April 19, 2025

Our Incredible EUME Volunteer Staff Team who made Korea This Spring Possible!

Thank You to Our Incredible Volunteer Staff in Korea!

As the week of events in Korea comes to a close, we want to take a moment to express our sincere thanks to the amazing volunteer staff who made it all possible - especially those from our UK congregation and across the EUME region.

From the moment members began arriving at Oak Valley, it was clear how much preparation had gone in behind the scenes. Volunteers supported everything from registration to room assignments, from media and translation to logistics and transport. Thanks to their efforts, over 500 members from EUME, along

with participants from many other regions, were warmly welcomed and able to fully take part in the Hyojeong Cosmic Blessing and the wider schedule of events.

The long days and quick turnarounds didn't go unnoticed. Volunteers worked through changing weather conditions, shifting timetables, and the practical challenges that come with supporting a large international gathering. Yet throughout, they remained consistent - doing their best to make sure everyone felt informed, cared for, and part of the wider experience.

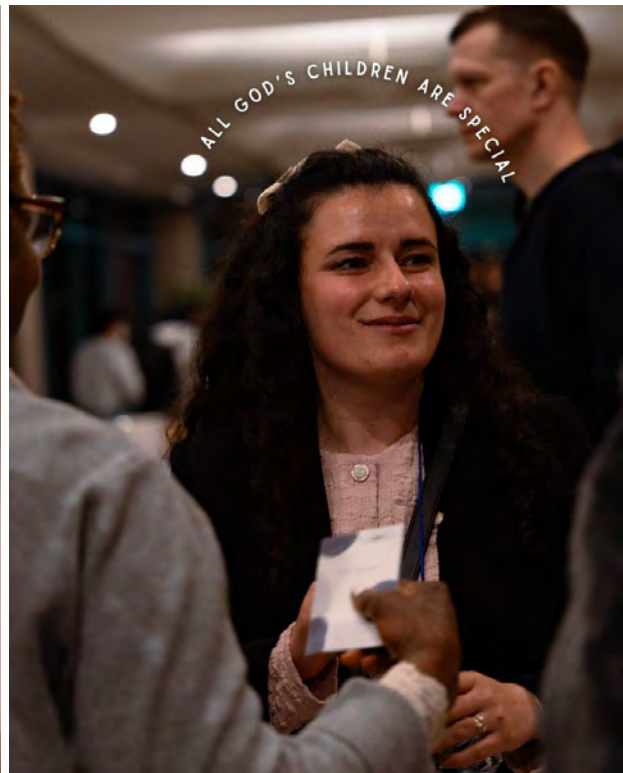

Whether it was helping with livestreams, supporting the venues, or simply showing up where help was needed, their presence helped create an environment where members could focus on reconnecting with the global community and experiencing the events meaningfully.

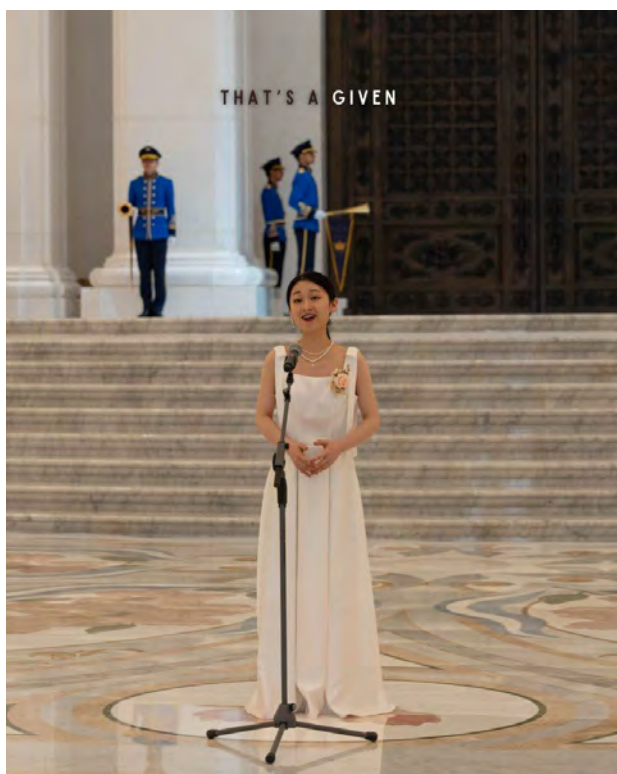

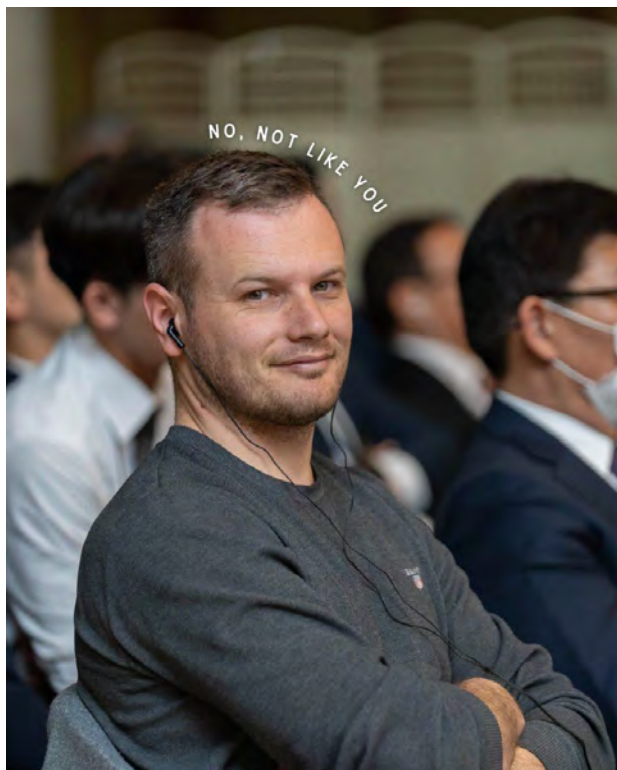

To our UK team and all volunteers who supported in Korea - thank you. Your investment made a real difference, and many people have shared how much they appreciated your kindness, patience, and dedication throughout the week.

As we return home and reflect on the many moments shared, we carry with us not only the memories of the ceremonies and celebrations, but also the quiet acts of service that helped make them possible.

Thank you for your heart, your time, and your teamwork. We are truly grateful.

👉 Let's take a moment to thank all the incredible staff who made the recent events in South Korea possible!

📖 From organization to accommodation, from artistic performances to transportation, from media to translation—so much hard work happens behind the scenes to ensure that participants, guests, and Blessing candidates have the best experience possible.

🌍 While not all staff members are pictured here, we are deeply grateful to each and every one of them.
