### Summer European CARP Workshop Being Held In Poland!

Dear brothers and sisters!

The time has come. We're excited to announce the summer European CARP Workshop in Głanów, Poland. Dates: August 9-15, 2025

Age group: 18-30

Who is this for? EVERYBODY! Members and guests, so bring your friends from university, work or from anywhere who have already received some kind of education or message about True Parents. This workshop aims to inspire our members to RISE UP in faith and take responsibility in their personal life, community and country. Towards guests we would like to convey the heart of True Parents and share about the current providence centered on the Only Begotten Daughter.

Please share this in your communities and let us know if you have any questions!

Can't wait to experience the magic of Głanów with you all!

## 20 CARP Workshop 25

It's easier to prove the existence of love than the existence of God.

Love is more than just a chemical reaction programmed for survival. Who would want to believe that the love they receive from and feel for their parents, spouse, children, and friends is nothing more than a biological impulse?

We continue to love those who have passed away, which suggests the eternity of love which goes beyond the physical world.

It points us to an eternal spiritual realm.

If believing in God feels difficult, start by believing in love.

**Once you find true love, you will discover God.**

We invite everyone aged 18-30 for a journey of personal growth. The workshop is a perfect opportunity to get out of your comfort zone and make lasting friendships with people from all around Europe, learn life lessons and understand the masculine/feminine aspects of God. We are extremely excited to have this project come to life and hope to meet you very soon!

Sincerely,

Robert Karagezian and Marko J. Skrodzki
