**In special tribute to Mother Han, South African spiritual leader describes how he was directly guided to her spiritually**

*One of the South African centers of the Revelation Spiritual Home (TRSH)*

A message delivered at a prayer vigil in [Gapyeong](#), South Korea 1st May 2026 by Imboni Prophet Samuel Radebe, the founder of The Revelation Spiritual Home (TRSH), a faith organization with more than 4 million members across southern Africa. Slightly edited version.

That was a very short tribute [a tributorial video shown before the speech] that I prepared in these trying

times to remind her [[Mother Han](#)] and remind the world and remind you of the seeds that she has planted across the world.

We are in an era of awakening, and the rest of the world is still sleeping. That is why there is no alignment between the physical world, and the spiritual world.

The era of ignorance is over. It died with the era of Pisces. Now we are in the era of awakening, era of spirituality, era of knowledge.

And those who do not seek spirituality, those who do not seek true knowledge, they are going to be left behind. Only those who are spiritually awake will be able to follow those who are spiritually called.

Those who are sleeping will persecute those who are spiritually awake. They will imprison them; they will kill them. Because they are asleep. They do not see what those who are awakened can see. Those who are spiritually awake will be called "cults", "demon-possessed", "Satanic leaders", and "followers of Satan" by those who are asleep because those who are asleep cannot see what those who are awakened can see.

*[Mother Han](#) and Samuel Radebe at a large Family Festival, which included a [marriage blessing](#) ceremony, at Orlando Stadium in Johannesburg, South Africa June 9, 2019*

Holy [Mother Han](#) went to Africa and she had a goal. She was in search for those who are spiritually awake. She was not looking for any "Tom, Dick, and Harry". She was looking for those who are spiritually awake. And indeed she found them. And here we are today.

Because those who are spiritually awake can identify others who are spiritually awake. Those who are sleeping can identify those who are sleeping.

There is a saying in my language, but when you translate into English, it's not so strong. It says, "Those of spirit know each other." They can see each other.

I was not introduced to Holy [Mother Han](#). I saw her in a vision years ago.

On a Sunday, eight o'clock in the morning, in front of millions of my followers, who can testify of it up to today, she appeared in a vision in the direction of Asia. And I was told,

"There's an Asian woman who's coming. Accept her!"

I do not just go anywhere. As short as I am, and alone, I move in the direction that I'm guided. But I was told in the vision, "Accept her!"

Some few years after, I met the delegation of Reverend Bakary Camara [African [Family Federation](#) leader].

And so goes the story, and I'm here today. That is why I love Holy [Mother Han](#). And I support her, not because I was convinced, but because I could see her spiritually.

My brothers and sisters, your time has come. Let us be awakened spiritually to see spiritual things. We cannot sleep anymore.

To be religious does not mean you are spiritually awake. You can go to church every day, but it does not mean you are spiritually awake.

Who persecute those who are awake today? Our fellow religious people. Those who persecute those who are awake today are our fellow religious people.

*From large banner displays at a Family Festival, which included a [marriage blessing](#) ceremony, at Orlando Stadium in Johannesburg, South Africa June 9, 2019*

To be religious is not enough. How can I be spiritually awake? Only through those who are revealed to me because they receive revelations that are able to awake you spiritually.

It's not the Internet. It's going to confuse you. There are confused people here who are confusing others. Only those who are revealed to us can assist us to spiritually wake up.

May our Creator be with us. May we be strong with those we fight and stand with those who are spiritually revealed to us, including Holy [Mother Han](#). Let's be on fire.

Thank you very much.

with many other news outlets, reported that [Hak Ja Han](#) (한학자) – by many called [Mother Han](#) – the head of the [Family Federation for World Peace and Unification](#), has been granted a further one-month suspension of detention as she continues to recover from surgery and related health complications. The [article](#) by reporter Ko Seong-pyo (고성표) points out that the decision, issued by the *Seoul Central District Court* – with Woo In-seong (우인성) as presiding judge – underscores how medical considerations are increasingly shaping the procedural timeline of a case that already carries significant political and legal weight.

[Mother Han](#) (83) has been under detention since 22<sup>nd</sup> September 2025. Korean legal procedure allows authorities to detain a person under investigation for as long as 20 days prior to indictment. [Hak Ja Han](#) was indicted on 10<sup>th</sup> October last year, and the court approved further extensions, so that she has already been kept well over six months in a tiny detention cell in spite of her advanced age and frail health.

The latest ruling by the court's 27th Criminal Division extends [Mother Han](#)'s temporary release – originally set to expire at 2 p.m. on 30<sup>th</sup> April – until 2 p.m. on 30<sup>th</sup> May. This follows a request submitted by her legal team, which argued that her current medical condition necessitates continued hospitalization and rehabilitation.

Earlier this year, [Hak Ja Han](#) reportedly suffered a fall while in detention, resulting in a shoulder fracture and a torn rotator cuff, a group of four muscles and their tendons that stabilize the shoulder joint and enable arm movement. She subsequently underwent artificial joint replacement surgery, after which her recovery has required sustained medical supervision and physical therapy.

Although [Mother Han](#)'s legal team initially sought a two-month extension to allow for a fuller recovery period, the court approved only one month at this stage. She is required to remain at the hospital where she is receiving treatment and is strictly prohibited from contacting or communicating with any individuals connected to the case.

The [JoongAng Ilbo article](#) points out that this latest extension of time in hospital for surgery and recovery marks the fourth time the court has granted [Mother Han](#) a suspension of detention on health grounds. Such suspensions, while not uncommon in cases involving serious medical issues, can, however, become contentious when applied repeatedly in high-profile prosecutions. Critics sometimes view them as delaying tactics, while courts emphasize their obligation to ensure that defendants are physically capable of participating in legal proceedings.

**Mother Han** faces a range of allegations, including having been involved in unlawful political lobbying, violations of political campaign finance law, and bribery-related offenses. Her legal situation has drawn sustained public attention not only because of her leadership role within a globally known **religious movement**, but also due to the high-profile political figures implicated in the case.

**He was given life sentence, she 4 years** in what some perceive as revenge on political opponents: Former South Korean President Yoon Suk-yeol and First Lady Kim Keon-hee, here in Tokyo 16th March 2023. Photo: 首相官邸ホームページ / Wikimedia Commons. License: [CC Attr 4.0 Int](#). Cropped

The investigation itself is tied to a broader probe involving First Lady Kim Keon-hee (김건희) and former president Yoon Suk-yeol (윤석열), further amplifying its national significance. The harsh sentencing of the president – life imprisonment – and his wife – four years behind bars – is seen by many as the current left-leaning administration of Lee Jae-myung (이재명) taking revenge on its political enemies and their supporters. President Lee did not trust the regular South Korean prosecutorial system and appointed “special prosecutors” with extensive powers to investigate possible unlawful actions of the previous administration and leading persons perceived to have supported it, including a wide range of conservative religious leaders.

According to the indictment, **Mother Han** is accused of having been involved in delivering 100 million won (roughly \$73,000) in cash to *People Power Party* lawmaker Kweon Seong-dong (권성동) in January 2022. She also allegedly orchestrated the distribution of 144 million won (ca. \$97,000) in **Family Federation** funds to multiple lawmakers through so-called “split donations”, a method that can obscure the origin and intent of political contributions. “Split donations” is a tactic where rather large sums are divided into smaller

amounts and distributed under multiple names in order to circumvent legal limits and disclosure requirements

Prosecutors further claim that in July 2022, **Mother Han** played a role in arranging for the delivery of luxury items – including a Chanel handbag and a high-value diamond necklace – to Kim Keon-hee (김건희) via Jeon Seong-bae (전성배), a figure described as a shamanic intermediary. These actions are alleged to violate both the *Political Funds Act* and the *Improper Solicitation and Graft Act*, with additional accusations of embezzlement of organizational funds.

It is believed that **Mother Han**’s extended time in hospital will allow her to better prepare for the final phase of her

trial where the final hearing is due to be held on 12<sup>th</sup> June.
