

The New Definition of God Created by Hak Ja Han

My dear brothers and sisters,

In German we have a proverb which says that nothing can be concoct (hidden) to such an extent that you could avoid that the light of the sun shines on it. The English equivalent is "Everything comes to light in the end." That has surely become a reality in respect to the new theology which Han Chongjae Nim and her advisors have created and successfully "sold" to FFWPU members who eagerly welcomed it.

At Famicon 2018, which was held at the International Peace Education Center in Las Vegas, Nevada, Hak Ja Han revealed her totally unprincipled understanding of God. She pointed out that humankind was created as man and woman, and then she explained: "Looking back at the creation of Heaven and Earth, if Heavenly Parent had the Holy Father, there was also the Holy Mother [within Heavenly Parent]. Therefore, the current definition of the trinity is wrong. Within Heavenly Parent is the Holy Father and the Holy Mother, the True Parents. This is how Heavenly Parent should be explained. Isn't that so?"

The correct answer is: "No, Mother, that is wrong." But none of the top American leaders who had gathered dared to tell their Mother the truth. That is how weak they have become! They are unable to answer a simple question honestly although they know what was said is not in line with the Divine Principle.

Long-time lecturers in the audience suddenly forgot all their knowledge of the Divine Principle and agreed that the definition of God and the trinity offered in the black book is wrong! They continued to listen to and applauded to the unprincipled content which Han Chongjae Nim was teaching them despite her denying the very core of the highest teaching which the Lord of the Second Advent has revealed by offering a deeper understanding of God than anybody in the whole history of humankind. Compare this with how they would treat any other member who says that the definition of God presented in the Divine Principle is incorrect. Would they applaud to such a person? Never in their lifetime! But because it is True Mother who is talking nonsense it must be true, no matter how unprincipled it is!

Listen to this statement again: "Within Heavenly Parent is the Holy Father and the Holy Mother, the True Parents. This is how Heavenly Parent should be explained." That means that the Divine Principle book has to be re-written. By now it should be obvious for the last Unificationist why Hak Ja Han refused to accept this teaching as the basis for her CIG constitution - because she thinks it is wrong at the very core of how the Creator of the Universe is defined!

In other words, the new dogma of the FFWPU says: True Parents are God. They exist within God. The dual characteristics of God are to be defined as Father and Mother, Sun Myung Moon and Hak Ja Han! The core theology of the new religion which Han Chongjae Nim created has been finally revealed: God is

to be defined as the True Parents who are worshipped by members around the world. From this viewpoint it is clear why Mother asked everybody soon after Father's ascension that they have to approach God as Heavenly Parent(s) and address Him/Her/Them along with True Parents at the opening of their prayer.

In the official translation of True Mother's speech on March 16, 2018 you can read: "In order to earn your qualifications as citizen of Cheon Il Guk, you must fulfill the mission of Heavenly Tribal Messiah. That is the position where you need to stand. Tribal Messiahship does not end with blessing 430 families. It is when all blessed 430 families also each complete the blessing of 430 families that a national level foundation capable of expanding to the world can be established."

Let us do the math: 430 times 430 is 184,900. If those families have an average of 2 children it means that about 660,000 people need to have received the Blessing as parents or as the sons and daughters of such families. There are 66 countries in the world with less than that amount of population. Accordingly, not even one couple can become a Heavenly Tribal Messiah in one third of the existing nations because there are not enough inhabitants! At the same time it means that these countries cannot have a national foundation to be considered as restored, and it is impossible for them to build a foundation capable of expanding to the world in line with the new definition of Heavenly Tribal Messiahship!

Additionally, there are around 3 million people in our Movement as it is officially stated. When you divide the world population into the amount of people needed in order to become a Heavenly Tribal Messiah, it is clear that theoretically merely 100,000 couples can earn the qualification to be a citizen of Cheon Il Guk. If you do the math then you will see that only 1 out of 15 couples has the possibility to become a citizen of the One Heavenly Nation, which is in total around 400,000 people when we count one couple with having on average two children. Add to this the fact that according to our worldwide membership 15 couples are competing with each other to earn the qualifications for citizenship in the One Heavenly Nation for every 660,000 people with only a limited number of the world population available. Considering these simple facts, it is clear that it is next to impossible to become a citizen of Cheon Il Guk because in no case will the 430 recently blessed couples of one tribe manage to bless themselves 430 couples with such a limited amount of people available!!!

Yes, take a minute and calculate realistically what the new definition of Heavenly Tribal Messiahship means, and then you will realize that it is very unlikely that even a single Blessed couple will manage to become a citizen of Cheon Il Guk. The result is that the CIG constitution was made for a nation without people except Sun Myung Moon and Hak Ja Han who will be the only couple who have the right of citizenship as soon as 430 Blessed couples whom they blessed have accomplished blessing themselves 430 couples. There is no Cheon Il Guk with sovereignty and people and it will never appear because it is impossibly difficult to earn the right to be a citizen of that Heavenly nation!

Has Hak Ja Han fulfilled the condition that 430 couples to whom she gave the Blessing have in turn blessed 430 couples so that she is able to stand in the position of being a Heavenly Tribal Messiah? No, she has not. Therefore she does not have the qualification to be a citizen of Cheon Il Guk! That is the objective fact about the spiritual level of Han Chongjae Nim according to the standard which she has set up! Even when the number of brothers and sisters blessed by her who have given the Blessing to 430 couples will have risen to be 430, it represents merely the starting point where she will become qualified to be a citizen of Cheon Il Guk.

Now, let me ask you: Can a person who him/herself does not have the qualification to be a citizen of Cheon Il Guk open the new era of the One Heavenly Nation? Certainly not. In this way it is clear that Han Chongjae Nim has completely ruined her own foundation which she claims to have established. Through her own words she has confirmed that she is not a legitimate citizen of Cheon Il Guk because she has not earned the qualification to stand in such a position!

That is the end of the story. Hak Ja Han has affirmed that she is a fraud in respect to all her claims about her having established the starting point of Cheon Il Guk on Foundation Day. How can a person who has not even earned the qualification to be a Tribal Messiah be the Messiah for the whole world? Such a claim is truly ridiculous. After her son, also his mother has made herself a laughing stock in front of the world by making claims which bear no relevance or basis in actual reality.

How can a person who has not even become a Heavenly Tribal Messiah claim to be the True Mother of the Universe, as Hak Ja Han is doing? Doing so represents indeed a new level of being an imposter. But the arrogance does not even end there. She claims to be in God along with her husband, as she explained to the leaders of our Movement in America by revealing to them her new definition of our Heavenly Parent.

Han Chongjae Nim told her audience: "Moreover, the fact that the Only Begotten Daughter, True Mother, is here right now and is leading the current providence is something all of humanity should know." How can Hak Ja Han claim that she is the True Mother of humankind when she has not managed to have

blessed 430 couples who have in turn done the same? She has not even moved on from Family Messiahship to the level of the tribe!

Next she made another anti-Divine Principle statement: "With regards to Heaven's providence, when looking at the 2,000 year history of Christianity, what is more important than the Second Advent of the Messiah, is the advent of the Only Begotten Daughter who comes from Heaven's lineage with no relations to Satan." What did Father say about this point? He repeatedly clarified that Mother comes from the lineage of Satan, as I have quoted for you in previous reflections. Who are we to believe?

Is it really true that the advent of the Only Begotten Daughter is more important than the Second Advent of the Messiah? Of course not, because it is Adam who has to restore one woman into the position of a true Eve. Hak Ja Han continues to contradict the core teaching of the Divine Principle, reversing essential points into the opposite of what Father has been teaching for many decades, and the American core leaders applaud to it!

Mother said to the leaders: "Unless the Only Begotten Daughter is born, the returning Messiah cannot advance to the position of True Parent." That is just as well not true at all from the viewpoint of Father having clarified that there are many candidates prepared to be his wife. This is also obvious from the standpoint of the Divine Principle because there is no absolute predestination. God has also prepared a number of people for this time of the Second Advent to fulfil that role. In the end, only Father succeeded to build a victorious foundation on the worldwide level.

I am speechless to read the following statement: "Regarding Heaven's providence, what is clear is that True Parents are True Parents of Heaven, Earth and Humankind. There is no previous or future True Parents of Heaven, Earth and Humankind. This means, there can be no concept of inheritor or successor. Do you understand?" No, I do not understand at all how little Mother has learned even after having lived with Father for more than half a century. God is the Parent of Heaven, Earth and Humankind and every person who is one with our Creator is equally a true parent of Heaven and earth and humankind. It is impossible that a perfect man and woman who are completely united with our Ultimate Origin do not have an unconditional heart of True Love for all of heaven and earth, including all people just as our Loving Creator! To claim that nobody can be a True Parent on all these levels means that nobody other than Sun Myung Moon and Hak Ja Han can reach perfection!

Additionally, Hak Ja Han has forgotten that God's ideal is only realized when three generations are one in heart. Father has spoken about it so many times, that God is longing for 3 kingships to be established by grandparents, parents and children being united in True Love as kings and queens as well as princes and princesses. Where are the 3 generations in the True Family who are one in heart? Han Chongjae Nim thinks they are not necessary, that children are not needed who inherit the heart of their mum and dad as their successor! In this way Han Chongjae Nim confirms how little she knows of the core of the Divine Principle!

Because she is convinced that her husband has been teaching the wrong things she told the American leaders: "In the future, the Divine Principle will need many updates." In this way she claims nothing less than that many things are wrong in the most important book of the Unification Movement. Father did not grasp God's Will and providence properly and therefore it is necessary to correct his mistaken concepts!

In reality it is Hak Ja Han who has in many respects a totally wrong understanding, including her mentioning: "In the gospel of Matthew, it is written that people can be forgiven for slandering the Messiah. However, whoever blasphemes against the Holy Spirit cannot be forgiven. Do you remember this passage? This means that with regard to the history of the providence of restoration through indemnity, we are in the Last Days. Whoever blasphemes against the Only Begotten Daughter, True Mother shall find no salvation. You must understand this. We are in the Last Days. Do you understand?" (familyfed.org/true-mothers-words-on-march-16-2018-at...)

As a matter of fact, we are in the last days of the reign of Han Chongjae Nim. She may be at the top of a worldwide Movement today, but there is no future for her as Father told her already long ago - if she acts outside of the Principle. She is now openly denying the core of her husband's teaching, confirming that she is the one who is slandering the Messiah. Our Heavenly Parent will never ever support a person who defines the position of God Almighty as the True Parents, meaning Sun Myung Moon and Hak Ja Han.

Just like all the others who insisted that they are a god, the son or daughter of gods, etc. have come and gone with little traces left except some report about them in the annals of history, Han Chongjae Nim will be remembered a miserable failure, as a person born to be a true daughter, sister, wife and mother, whereas in reality having gone down the road of self-centredness, ending in misery along with her followers who turned out to be betrayers of the worst kind, denying what they themselves have been preaching throughout their life, the Divine Principle and the core of the Returning Christ's teaching.

Explanations offered by theologians like the article by Theodore Shimmyo at (appliedunificationism.com/.../why-true-mother-uses-o.../) about why True Mother uses only one chair are irrelevant because they try to justify what is totally against the essence of Father's speeches. The main point is that each and every human being is destined to become a true parent who is one with God, which makes the new dogma of FFWPU irrelevant because it denies this basic fact of God's creation. At the end Theodore Shimmyo says about the substantial trinity: "This perfect unity gives us rebirth both spiritually and physically and also constitutes a precious standard for us all to follow."

Accordingly, we all should become true parents of Heaven, earth and humankind who are one with God and so our children will define our Creator as "In God there are my parents, Mr and Mrs XY", just as FFWPU members teach now that in God are True Parents, True Parents are in God. Han Chongjae Nim thinks that only she and her husband are in God and does therefore not agree with Theodore Shimmyo's conclusion. She is bringing more and more confusion into our midst while at the same time confirming in manifold ways that she is not united with her husband, which in turn proves that her theories are all wrong, because it is impossible that True Parents who are disunited are in God who is a unified Being of oneness.

How is it possible that Mother understood God's will and the providence even before she married Father and never told him about all the wrong concepts he has?! The many updates needed to the Divine Principle should have been made long ago because both Father and Mother knew that the Principle is wrong as they are one with God! Hak Ja Han's new theology does not add up at all and so it is clear now for anybody who uses his/her logical understanding that she is an imposter who makes claims which are contradictory and to not have any foundation in sound reasoning but in wanting to stand above all others in the position of being God. If you have any doubts concerning this fact then please study her words more thoroughly and compare them with the Divine Principle.

Sincerely yours,

Nikolaus
