Wednesday, July 18, began the seven-day Hyojeong Divine Principle True Parents' Life Course Conference at the International Peace Education Center (IPEC) in Las Vegas. Over 300 participants gathered making this the largest Divine Principle workshop ever to be held at IPEC. Participants included subregional directors, pastors, Generation Peace Academy Students, and Unificationists from all around the country.

This Divine Principle conference was the first of its kind as a collaboration between the National Education team at headquarters, National Kodan, and the IPEC Education team. The goal of this workshop is to create a culture of Hyojeong and build one family under God by inheriting the heart of attendance to True Parents exemplified through our Japanese Unificationists.

Director of Kodan USA Rev. Hiroshi Inose said, "I feel hopeful this workshop will go well. Workshops in the past have been a little more difficult." Rev. Inose has noticed the participants of these workshops are particularly inspired by the way the content is being delivered through the Japanese lecturers. Because of his long history as a Buddhist, Rev. Shoichiro Nakamura can deliver spiritual healing and heartistic understanding through a better appreciation of Jesus' mission as the Messiah which allows for a greater sense of salvation through True Parents.
