(Left to right) Sanctuary Church Hierarchy: The Queen of Cheon Il Guk, Yeon Ah (Lee) Moon, The King of Cheon Il Guk, Hyung Jin Moon, and The True Mother, Hyun Shil Kang

Dear families,

If you haven't known this yet I would like to inform you, that when Sanctuary Church group says *True Mother*, they are referring to Ms. Hyun Shil Kang and not our True Mother.

For me this scenario is completely an INSULT to the entire providence that True Parents had established with all their blood sweat and tears WHEN THEY SAY, they have found the ROLE MODEL of a true woman, an ideal mother and ever faithful to Father. It's so absurd for me to read that line...

This is also unacceptable in the viewpoint of the principle.

What would be True Father's VIEW about having Ms. Kang to be his spouse while True Father himself was the one who blessed Ms. Kang to St Augustine in a public ceremony in 1998 along with other elder women blessed to Jesus Buddha Confucius and Socrates and together with 36 historical evil figures whom True Parents had forgiven? If ever True Father was still alive and Sanctuary Church issue against True Mother is true, DO YOU THINK TRUE FATHER would break St Augustine blessing and take Ms. Kang for him? What a hell kind of tradition this would be!

What KIND OF LOW-LEVEL ATTENDANCE HAVE WE GIVEN TO TRUE FATHER in that manner? Have you all thought about the idea of giving the King of Kings a SECOND Hand spouse? Please reflect seriously on this matter.

Ms. Kang joined the church as the first Christian female missionary and theologian. She joined at a young age and still single. If she is destined to be the wife, WHY IN THOSE DAYS she was not chosen by True Father?

I read a part of Chambumo Gyeong just last month regarding the pioneering days of Daegu. True Father sent Ms. Kang without a penny:

"Listen to Hyun Shil Kang's testimony. She went to Daegu to do pioneer missionary work without knowing anyone there. Did anyone welcome her? How hard it must have been for her when she was wandering around on the streets. She was lamenting about her hard luck and praying, "O Lord, where should I go?" And God said, "Are you complaining after just one day? You are far from reaching the heart of your Father who has suffered for thousands and thousands of years!" He meant that she had to go through more hardships. It is not easy to meet God or to find the Will of God. (235-176, 1992/08/29) "

From that short quoted words of Father.... It's but a clear indication that Ms. Kang doesn't have pure

absolute faith to God. If you have time to read more about this story from CBG, you will learn more that she doesn't have absolute denial in the original sense. UNLIKE TRUE MOTHER... why can I say SO? YOU CAN READ A LOT OF TRUE FATHER's testimonies about Mother.

Reading a lot about True Parents course and life of both True Father True Mother about their childhood years, IT IS REALLY AN INSULT TO TRUE MOTHER TO BE REPLACED BY THEM WITH SUCH.

How painful this is for both Father Mother? How disgusting this is to the providence and to our tradition and principle?

Look at the beautiful celebration of Seonghwa ceremonies held for True Father. How about the different events and programs and providential activities True Mother is doing in order to preserve True Parents legacy for the sake of future generations.

TRUE PARENTS are the Messiah. They are the OBS OBD. They are the original Adam Eve, the masculine and feminine aspect of God.

THE 40 pages script of accusations read by Sanctuary Church member against True Mother is unforgivable in heaven.

Dear families, lets pray that True Mother can still find the strength and have the longest patience she can have to embrace all these heartbreaking and excruciating pains....
