Rev. Ahondjo briefed the guests on our movement and the World Summit 2017. He emphasized on the need for a reformation of Celestial Church of Christ through family values and the marriage blessing which can lead to the unification of Celestial Church of Christ worldwide.

Responding to that address, Rev. Oshoffa said that he appreciates the work of Rev. Moon a lot. And he said, he is open with the idea of receiving lectures in his churches (3000 churches with more than 300000 memberships in all around Côte d'Ivoire).

After Lunch, the Director of witnessing and education gave a presentation on Unification Principles focusing on Five Principal of Peace, including a brief introduction about True Parents.
