

## STF Europe – Korea Trip

February 2014

Dear Parents and friends,

After experiencing a month of witnessing, STF Europe was very fortunate to go to Korea from the 10th to 21st February. The main purpose during this trip was to help the members to understand and feel True Parents' heart in a deeper sense.

We could attend the first anniversary of the Cheon Il Guk Foundation Day and also the Cosmic Blessing ceremony. Just after the World CARP assembly was waiting for us and we could meet youth from all around world and we also managed to offer a song called 'Man in the Mirror'.

STF Europe also organised a Homestay with Korean blessed families for 2 days so that the members could feel that we are one family under our Heavenly Parent and True Parents. The second half of the trip was focused on visiting holy grounds such as Pusan, Yusoo and Seoul (Seo Dae Moon prison, ex-headquarters church). On the last day, we could invite Pres. Yonghee Kim and he gave about 1 hour 30 min talk to STF and we had a chance to ask some questions and he even gave a Unification symbol necklace to each member.

I truly thank Heavenly Parent and True Parents for this trip. Also I have to mention that Hyanghee Kim put so much effort into this amazing trip. I just hope that all the members could feel something out of this trip especially regarding True Parents heart towards our Heavenly Parent and their children.

S. Choi

STF Europe Director
