

Tongli Group donates laptops to support world missionaries

Yun Ki Choi
October 7, 2015

Every year since 2013, the Tongil Group has been carrying out laptop donation drives in order to support world missionaries. In 2014, with the aim of helping the world missionaries, they collected 50 laptops given by organizations and enterprises, including the Tongil Foundation, and gave them to the Mission Department. On October 7, 2015, five sets of new laptops (the laptop, bag and mouse included) were presented to Asian Regional President Chong-Shik Yong at the Cheong Pyeong Training Center to donate towards supporting the Asian mission countries.

From 2012, the Tongil Group has practiced “*Huimang* (Hope) Dream Donation of Monthly Salary Round-Off” by gathering a small amount not exceeding 10,000 won from executives and staff members’ monthly pay to support various organizations in need. The Tongil Group is also making various social contributions by donating secondhand laptops and other items.
