

Sunwon Construction Awarded Citation by the S. Korean Minister of Environment

Yun Ki Choi
December 30, 2016

Representing Chairman of Board of the company, Ho-Bok Seong was presented a citation by the Minister of Environment on the 30th of December, 2016.

Coming to the end of 2016, Sunwon Construction satisfied the basics of a national environment policy called low carbon green development, maintaining its sewage control facility with various experiences and know-how. And regarding its many construction projects, Sunwon was highly lauded for its achievements in producing eco-friendly site controlling and efficient environment pollutant controlling systems, thus receiving a Minister Award from the Minister of Environment.

With this award by the Minister of Environment, Sunwon Construction's foreign credit ratings and company image are expected to improve greatly.
